NUMBER 31

COYOTES LOSE TO IOWA BY SCORE OF 35-0

SOUTH DAKOTANS NO MATCH FOR COACH JONES’ HAWKEYES

FOOTBALL SCORES

Iowa 25 South Dakota 0
Northwestern 33; Michigan Aggie s 18
Ohio 12; Wisconsin 5
Michigan 42; Cornell 8
Missouri 36; Nebraska 35
Pennsylvania 7; Dartmouth 16

WINNER IS ADMITTED TO BIG U. ASSOCIATION

Northwestern is admitted to the Big U. Association by acclamation.

DELEGATES PASS TWO RESOLUTIONS

At a meeting Monday evening of the Social Service League, plans were made to coordinate the activities of all the organizations in the city. There are approximately fifteen of such organizations in the city. The organization at present is to be ready when interested individuals in the practical work and in arranging the work so that there will be no duplication. One of the many movements that the Social League has been in the organizing of a city council for the purpose of the stamping machine and Red Cross seal sales and also contributions from the various societies.

Prof. N. R. Whitney, author of article

Professor of Economics writes on Individualism in The South Atlantic Quarterly.

WHAT 75 YEARS HAS BEEN DONE FOR THE SQUIRRELS

Squirrels are the popular pets of the campus, with hundreds of them seen on the ground. There are an estimated 1500 squirrels on the campus, with 250 of them at the university. The squirrels are divided into two groups, one consisting of young squirrels and the other consisting of adults.

WHY CAN’T KEEP JEWISH AWAY FROM THOSE GAMES

Meet on every side with the name and dollars of his school, Pres. A. W. Jones still finds time to attend the Big M. A. University. The game has not ended a single game this year when he has not been in the game, and only games he did not see was played on October 21 when he was out of the field. This is not his first year of attendance, however, and he has made it a point to attend the games in search of food.

Benefit Opera Held

The Opera was opened with a concert on the evening of December 13th, the proceeds of which will go to the orphanage of France or the civic council of some small French city, distributed among those who are suffering from the war.

The New Monroe Doctrine 

The Rocky Mountain News

President Roosevelt has united the world in a common crusade. Every man, woman, and child is in this fight. It is a fight for freedom and justice—a fight for the right of all nations to live in peace and security. Everywhere the Monroe Doctrine is being applied to the world. It is a clarion call to all nations to unite and stand together against any aggression or attack on their freedom.

The Monroe Doctrine states that the Americas belong to the Americas and that they should be free from foreign interference. This is a noble document, and it is one that we should all be proud of. It is a symbol of our commitment to freedom and justice, and it is a reminder that we must always stand together against any threat to our way of life.

The Monroe Doctrine is a beacon of hope in a world that is often troubled. It is a reminder that we must always stand together against any threat to our freedom. It is a symbol of our commitment to justice, and it is a reminder that we must always stand together against any aggression.

The Monroe Doctrine is a powerful document, and it is one that we should all be proud of. It is a symbol of our commitment to freedom and justice, and it is a reminder that we must always stand together against any threat to our way of life.

The Monroe Doctrine is a noble document, and it is one that we should all be proud of. It is a symbol of our commitment to freedom and justice, and it is a reminder that we must always stand together against any threat to our way of life.

The Monroe Doctrine is a beacon of hope in a world that is often troubled. It is a reminder that we must always stand together against any aggression.

The College World

Graduation... have been dropped from the list of sports at New York University. The main reason for this act is the lack of interest in the sport. With the growing attention paid to basketball there has been a steady decline in the prestige of the gymnastum team until it has been dropped.

One third of the men registered at the University of Washington last year left college to join military activities.

The girls at Greenwich have voted down the Sunday night date proposal. The same meeting was prompted by the faculty but no members of the faculty were present at the meeting. Two thirds of the women voted against the Sunday night dates.

The supervisors of music at the University of Ohio or Illinois have organized a jazz band. Members must confess to the Western Conferences' eligibility rules. It is expected that the band will take several trips in addition to a long one at Christmas.

Fire gongs have ordered for the University of Indiana and the first fire drill will be held next Friday morning. The instructions will be read by the teachers previous to the sounding of the gongs. Each member of the faculty will take charge of his class and add the students in marching out according to instructions.

As a penalty for dishonest work their classes three students of the University of Kansas will be required to complete an extra hour for graduation requirements.

Students at the University of Kansas paid $110 on the first day of the T. M. C. A. campaign. The goal is $2000.

"Fresh Dance" to be once by traditional ways in the Minnesota Daily.

The Mississippi Daily has a circulation of 2,560 of which 2,150 are on the campus.

The band organization of the University of Nebraska in order to raise money to accompany the football team in Illinois, gave an afternoon dance at forty cents a couple last Tuesday.

Ohio State University has raised $12,750 of $31,500 which was promised to the T. M. C. A. campaign fund.

Professors with satisfactory grades may be initiated into Universities after the mid-season exams at the University of Wisconsin as a result of faculty action last week. The action is the result of the conditions.

---

**STANFORD MAN TALKS**

Dear H. C. Franklin of Leland Stanford junior university lectured to the chemical students in the chemistry building at 8 o'clock Friday morning.

For fifteen years he has done special research work in the use of liquid ammonia instead of water as a solvent for compounds. Dean Franklin is here to explain the nineth section of the Association of American universities.

**TABLE PATRIOTISM WILL KEEP ENEMY FROM OUR COASTS**

Stanford President and Chief of Food Conservation Says We Must Sacrifice Daily.

**RUSSIAN RELIQUION FOOD PROBLEM**

"We Are Up Against Some Situation In This Country," Wilbur Tells Deans of Colleges.

"America must suffer and sacrifice for the Russian collapse or the present western front will be our own Atlantic coast," is the warning of May L. Wilbur, president of Leland Stanford Jr University and chief of the food conservation division of the Food Administration under Herbert Hoover, and a former Iowa boy, given to the presidents, deans and representatives of the twenty-three universities whose conferences closed yesterday.

"The Russian revolution came about originally as a result of a series of food riots in different parts of the empire. People must be fed," confided President Wilbur, "and when famine conditions occur, the existing government is bound to be held responsible. And we are against the same situation in this country."

"Must Supply Allies. Many in Europe this winter are bound to starve and others in sudden depressions. We must see that that starvation and that depression does not fall upon the British, the French, the Italian soldier on the line or his family at home. We can do it for Roumania, for Berlin, for the Americans." President Wilbur noted further that Austria held the master's share of the food and that we must put it with our Allies. The submarine, he said, is an attack upon the left flank of the British-French-American line.

---

Table Patriots

"Unless each individual is patriot at his table three times a day, he shall also in the support of the dozen of these universities whose conference closed yesterday.

The world is suffering from a horrible disease because of the nullario philosophy of Germany. The German food must be consumed. This great effort puts our foot forward that at this time victory is most important. If the German power is broken, we may know that we have won the war."

sially, we do not intend to make the campaign an emotional one but to which every man may give ac- cording to his honest convictions."

Lommis will be served at the Commercial club rooms following the investigation Tuesday morning for student teams, at which fifteen will participate, Governor Harding and Harry White will be guests and the students will give and will... underwrite. Committees in charge of that campaign will give the teams formal instructions before they enter on the services that afternoon.

Although the University's quota is $1,500 the authorities in charge do not believe it impossible to go to the top and bring in as much as $20,000.
