WHO IS THE FOOL SPORT

In response to Sunday's article, the editor of the Daily Iowan feels that the student body has not been given full justice. In the past, the editor has been willing to allow for the occasional error that may slip through the system, but now that the issue has been brought to a head, it is necessary to take a stand. The Daily Iowan will not continue to publish articles that are not in accordance with its standards of accuracy and fairness.

"THE NEW HARDWARE...THE CHEAP"
Hutchins Have Parts in New Book

Volume Purported to Be Hailed By Mark Twain Through Medium of Spirit

Alumni of the University will be interested in a new book from the hands of Mr. and Mrs. Ed Hutchins of St. Louis. It was written entirely by the Ouija board and purports to have been dictated through this board by Mark Twain. It is in many respects a clever story and often suggests the genuine humor of the alleged author. The writing was done through a medium, Miss May, sitting with Mr. Hutchins at the board, and Mr. Hutchins acting as amanuensis. A specimen from the University recently had an opportunity to have a sitting with this group, and enjoyed a very happy hour in a delightful chat with Mark Twain. The conversation seemed entirely natural as the greatest humorist asked and answered questions and expounded in his happy reporter.

The title of the book is "Tap Hop-" and published by Mme Mott County, New York City.

TO GIVE "CRUSADESS" FOR NEXT VISITORS

The Ouija service for December 16, will be principally a musical ac- tivity. "The Crusades" will be given by joint effort of the following organizations, the Girls and Men's glee clubs, the Dramatic and the University orchestra. Both glee clubs and the Oratorio Society had their rehearsal last night when first plans were made.

Among the members active in the work are Drs. Charles P. Dawson and J. R. Parrott, and Mr. Robert Storrs of Iowa City.

**SYSTEMATIC CANVAS TO REACH GOAL SET IN Y. M. C. A. CAMPAIGN**

(Continued from page 1.)

Men Are Warned

The failure to reach the desired goal is very largely due to the lack of response on the part of the men of the University. Official figures place the amount contributed by halls students at $2715, as compared with the $6305 accepted to the women of the institutions. It is obvious that had the men responded, as was expected, more would have been spent in maintaining a good organization. However, late returns last evening placed the total amount now subscribed at $13,251, which is far below the minimum figure of $17,500, which the campaign expects to reach at the very least. It must be remembered that the actual figure which it was expected would be attained was $2,000 above this. Every effort will be made during the remaining days of the drive to achieve the desired goal.

Following are the official figures turned last evening by the committees in charge:

These may make up the usual Dutch lunch—but what will you serve to drink? For years the host and hostess have been asking themselves that samequestion—or generally whenever the occasion happens to be festive. This is the case for every little affair that we call a "between-meal" party. Now, there is a drink that everyone loves and will soon be reaching the table:

This delicious drink, now easy to prepare, will be the toast of every gathering. It is brought to you by the new Seminole, which has just been put on the market. It is a beverage that is sure to please the most skeptical palates. It is a drink for all occasions and can be had for the low price of 40 cents per bottle, at any good grocery store.
