The REAL SPORT

Just a few words on the topic of the rather prolonged discussion of the Iowa men's action last Saturday.

It seems to us that J. H. J. is argument that 'U. I. is not a local institu- tion and therefore should not support, local athletics, to the greatest fail- ure we've seen for a long time. In the first place, many of Iowa's men have no local institution, in that any reason why R. C. L. men shun the sports of the college, it is made. On the contrary, many of our Iowa men are part of the college, and in fact, we believe that it would be poor sportsmanship not to be at, let the other hand, would an Iowa team and Iowa roots feel if a "man" of high school erred came down to the Ames games and boasted Iowa?

RED CROSS PLANS TO

KURG GARDEN THEATRE

The opening of the school and city program, and the Garden Theatre, which has been closed for the past two weeks, to take place on the local chapter of the American Red Cross. The theatre will be run for the benefit of that organisation.

Eugene F. Brooks have agreed to donate the use of the building free of cost during the time and the en- tertainments will be launched tomorrow with L. E. Coldwell, of the Light and Power company as business manager. Those in charge of the enterprise give assurance that some of the best will be shown in the way of pictures at the garden, and a deal is being made today for films to be furnished for the screen.

CONCERT TICKETS ON SALE

The "Circle Fraternity" announces that the tickets are on sale for the benefit concert to be given Wednesday evening, December 12, at 8:15 in the natural science auditorium. Members of the Phi Upsilon Fraternity and Sigma Mariana Omam and several members of the women's group will be on the program.

The tickets may be secured from M. E. H. Kepple in the French library. Proceeds will be sent to the depart- ment of the Woman's Relief Corps in Paris and to be used for relief work abroad.

OUR reason for putting on this startling sale now is that Mr. Mayer is required by law to give all his time to his position as Postmaster, while Mr. Bloom has other business in the East which he will devote his time to in the future.

And to show our appreciation, for the past sixty odd years of faithful patronage given this business by the people of Johnson County and Iowa City, we will sell you for actual cost of manufacture our entire stock of men’s and young men’s clothing and furnishing goods. These goods were all bought prior to the recent advance in every line of wearing apparel. It will be our last chance to give all that we can and we guarantee you to give you the same first class and highest grade merchandise that has been given our patrons for over half a century. IOWA CITY, IOWA

TIME TABLE CHANGED
A change was inaugurated in the train service of the Rocky Mountains Limited, beginning last Sunday. This train formerly left Iowa City at 10:10 the time is now 10:41. The trains leave Des Moines, and is known as No. 6. Twenty-one students and former members of the football squad, will report December 8, at Camp Berkeley, Calif., for training for the athletic season. "Past" received his orders yesterday.

"ALL UNIVERSITY" PROMISES SUCCESS
An admission charge of twenty-five cents will be made for students and visitors to cover the expenses. Other announcements beside dancing are to be provided. If these parties are a success the committee is planning to give them a monthly evening. They wish the students to feel that these two are only the beginning of all university parties. The committee in charge believes that this is not a time for extravagant pleasures. The plan is to make these democratic and good time occasions.

WILLIAM SYLVESTER, who has been at Altonians, Pa., is home on a two weeks' furlough.

HOCKEY AND BASKET BALL ATTRACT WOMEN

Tryouts of freshman and sophomore women for hockey teams will be held Friday afternoon, and junior and senior teams will be picked Monday evening. Margot Lyons, assistant in physical education, says there is a quantity of good material this year and that many good games are expected. The number of girls who will try out for the teams is too large to be known, but a marked increase over last year is reported.

Basket ball practice begins next week. Fifty-six have registered to begin basketball, and new registration is being made every day. Tryouts of the University hospital have raised their Army V. R. C. A. fund to $147.

BOCKWOOD TO LECTURE

Prof. E. W. Bockwood of the Chemistry department, will give the science symposium lecture on "What Chemists Are Doing" Friday night in the liberal arts auditorium between 8:30 and 9:30. This lecture will not interfere with the Alumni meeting.

The library and education systems, especially in the making of new women and student who are presently involved will be discussed by Dr. Bockwood.

WHAT IS OUR PART?

Faith, far from home, trapped in a trough by painting Priscilla here. Their sons have sent them within and without

They made the biggest gift of all to country and for money;

Their sacrifice, no great, should for all men to pause;

And counseled well what we were to do worth our nation—

Can we say true what we will ever overestimate.

For mother's love, for father's pride, the price a wife must pay;

Faith thought and deep in heart and prompt on not TODAY!
