A CHRISTMAS GIFT TO YOU
The announcement of the capture of Jerusalem by British under General Allenby is the most welcome news for the Christmas world in many years. The news shows that after years of practically continuous possession of the holy city by the Moslems has ended, the city sacred to Christianity has been wrested from the Moslems, and the possibility of realizing that we are seeing the most significant event since the crusades. In 637 Caliph Omar first captured Jerusalem for the Moslems; and in 1099, after a series of futile attempts, the Moslems were driven from the city. Now, for the first time in history, the Moslems have been driven once more, and the city of which Mohammed was so conscious is now a British possession.

GIVE TWO DAYS
When the Christmas holidays are upon you, it will be a happy moment to find a Red Cross drive in progress in your city. Of the extreme importance of this bond of work in the great war we say, and the news for the Christian world every day will bear out this statement. The success of the Red Cross in this bond has been directly proportional to the amount of the contributions of the people. This is also true of the Red Cross drive in your city. It is not competitive but not competitive is no good. It is a question of the contribution. We want you to carry on the necessary work and that conditions at home be kept as nearly normal as possible.

Let us, then, remain calm, but un¬static, in our work here at least until we are sure that duty calls us to the service, and when we are really needed, when our country calls, for men as well as we will, we will be all the better for waiting. For widows service she may ask us to render—daily till then.

CABINET OF
Every one is aware of men who are facing to work the service. Some are called in the draft, some are going because they see an oppor¬tunity to enter the branch which appeals to their nature, while others are going because they are guided by the spirit of patriotism alone.

The service is not the only way in which men are being called upon to do their part. The work is being done in a great many other ways, and it is not economical to count the many who are going to serve their country.
