TWO NEW BULLETINS

Dean

In April, Professor Bush announced that the second bulletin would be 12 x 19 inches in size. It is a publication of the University of Iowa and is available at the University Bookstore. The bulletin contains news of the university and its activities, and is published monthly. The bulletin is available at the University Bookstore and is also available online at the University of Iowa website. BOARDS OF TRUSTEES OF THE STATE UNIVERSITY OF IOWA

DAILY IOWAN, STATE UNIVERSITY OF IOWA
Thursday, January 31, 1922

YOU CAN'T KEEP UP
with the University unless you read THE DAILY IOWAN. The Iowan reporters tell you about all that is going on. No one can get all the news.

YOU OUGHT

to have your own copy every morning. Then after you read it, send it on to your friend in the army—or still better, do the job up right and subscribe for an extra copy for him.

It's Easy and cheap to subscribe for the rest of the year.

The second semester costs only half the full year, and from now to the end of this semester free. You cannot spend money more profitably than to subscribe for the Daily Iowa.

FAMILY COLLEGE ATHLETICS
(The Boston Herald)

The powers in college athletics have revamped with unfruitful professionalism or "commercialised" sport. But college sports have been managed with too much a feeling of commercialised sport, the collegiate athletic system. In the progress of development of super-men, or star athletes, as the game were the work some person may be heard to say, "I have scarcely time to read the newspapers, and I never get to open a magazine." If you could get the University credit for reading contemporary literature?

The average student is more interested in the history that is being made today than in the history of philosophy or education or art or literature. It is in his knowledge of current topics that he is helped by persons outside the University, and students are weakest behind the drug store clerk and the express man on topics of the day. In many cases.

The average student is more interested in the history that is being made today than in the history of philosophy or education or art or literature. It is in his knowledge of current topics that he is helped by persons outside the University, and students are weakest behind the drug store clerk and the express man on topics of the day. In many cases.

What other universities have such?—as a part of their curricula or not is not material. Iowa has led in the introduction of majors and the Institutions would be but answering the demands of the students if it set a precedent in this case. The great rush to get it for the history course on the world war is a convincing evidence of this desire among the students. It would be a short step to a course in contemporary thought along all lines.

BISHOP NICHOLSON IS VESPER SPEAKER

Bishop Nicholson is a Canadian by birth and it is a rather interesting coincidence that he speaks to us today on his 56th birthday. His college training was received at Northwestern University but he received his B. D. at the University of Chicago; and his B. T. B. at Garrett Biblical Institute.

From 1903-1908 Dr. Nicholson was president of Dakota Wesleyan College at Mitchell, S. Dak. From here he became corresponding secretary of the Board of Education of the M. E. Church with offices in New York City. This position he held until 1914 when he was appointed Bishop. In 1915, upon the retirement of Pres. King, he was accorded the presidency of Cornell University, but he accepted but the board of education would not release him.

Bishop Nicholson's interest in the cause of general education has been very broad and comprehensive; he has grasped its natural significance as few men have. While at Washington his work was highly recognized for its breadth and grasp by the U. S. Commissioner of Education, Mr. Clayton.

The University orchestra and the choir will furnish special music.

ARIZONA CALLS ON IOWA

Rose McChesney received a letter from the Editor of the Yuma, Arizona, in charge of the Indian reservations, asking that Indian welfare posters and pamphlets be sent to her for use in the Indian reservations. Charts and reading material were sent out at once.

NOTICE

Will all those Junior who have not yet made up their mind for the HAWKETTES please call at the office, above the Chemistry Annex, some time this week.

WRIGHT ANNOUNCES 
THE TRAINING SCHEDULE

(Continued from page 1.)

2. The cadet field officers will 
give every assistance to the non-
weekly schedules, which will 
be submitted on Monday of each week 
by the company commanders 
and properly prepared and that the work is 
delivered according to the time al-
located. They will prepare and give 
presentations. They will be sure that the 
lectures on subjects prescribed in 
(2) of this order. The command-
ant shall be informed one week 
advance of the date and subject of the 
lecture.

4. Chief trumpeter Jacob Maker, 
Retired, will select with the approv-
ung of the company commanders 
twelve men from each company and instruct 
them in the duties of bugler.

ATHLETIC MIXER BRINGS RESULTS

Over Fifty Men Are Already Out For 
Positions on Track Squad.

That the recent University mixer 
for men was successful is shown by the 
fact that there are now over 
fifty men trying out for positions 
on the track squad. Trainer Jack Wun-
son reports unusual interest among 
the part, and in very optimism. The Non- 
League situation will 
in general.

Shots are out for the counter-
mile: Martin and Presdon for the 
half miles; Culver and Pitners for 
the miles; Frenkel for the pole 
walks; Nugent for the broad jump; 
Yoksnan for the hurdles. All of 
these men have had previous 
experience in University athletics.

Elimination has been going on for 
the wrestling team for some time. 
Final trials will be held at the 
recreation Friday.

THE STORY OF THE HAWKEYE SCOPS, LIMITED

(The Posthumous Writings of an Anonymous Author.)

CHAPTER III

Grei Kane entertained the Hawk-
scopians Thursday afternoon with 
accounts of her checkered career 
in the village. She related many 
of the secrets of her office, secret 
method of winning a place in 
the good graces of the city all-
the-four-legged groth. Grei was 
city editor of the Iowa City 
Press for one short week at Christmas 
time, then she silently and 
successfully threw up three responsibilities 
to become "proof-reader of the 
Kansan book." In her brief period of 
service on the Press she was able to 
devote several articles on the front 
page to an account of Big Bill Field, 
alias Santa Claus, hugging from 
a pipe on the roof of the Tau Delta 
house.

Miss Thorp, now in majority, 
but not in domestic arts, entertained 
the Socopians at a delightful tea 
the preceding Friday afternoon. It 
was in P. M. That great news broke 
windling a Dandy good security 
letter. The Scops forested out all the 
details but selfishly reserved them 
for publication. Miss Thorp 
intrigued fully when a far is not 
too, and overcomes by brown bread, 
at stressing any projects that ex-
listed in some of their business 
women's heads against Atomes from 
our home. Love songs and 
Thayer added the romantic note 
which was lacking to such a profes-
sional group, barring the three 
fractured sub sisters.

The girls of the journalism class 
have much to look forward to, a 
very future to speak pretty. The 
point to us is that when the club 
will find few vacant chairs, for the 
women have a surprise to partil-
ate in; they have to their pictures 
taken in office attire on a No. 5 
Brownie, and finally as a reward 
to the faithful, they are to be given an 
entire week with nothing to do but 
read the Woman's holiday.

Letters From Our Soldiers

The Daily Iowan will welcome 
all news about Iowa's war repre-
sentatives that can be obtained. 
Of our readers who are in some 
branch of service, we ask you to 
write to me, of our officers on the 
scope, we ask you to turn over 
so be letters or parts of letters 
from soldiers to be printed.

Jan. 20, 1916

My Dear Captain Wright:

I hope you will be back 
next week, and well, and 
happy in the Battles. Willey, 
Con 
and myself are the only Iowa 
boys in the Battery, all the other fellows 
being in the Infantry. We 
found that the two branches 
are cut off. Some of the Iowa 
boys have been transferred to the Battery 
later, but their transfers were 
reversed. Yesterday we were bad 
looking paratroopers, typhoid and small-
put infections and I saw Rock 
wood and most of the rest of the 
Iowa bunch lined up ready for the 
medals.

Our work consists of having con-
ferences and outdoor drills once 
aweek, which we make a 5 mile march. Pra-
tice outdoor instruction is given by 
the students, who takes turns at 
act

ing as the officers and non-officers 
of the Battery. A roster is arranged 
in that every day each of us 
comes on as holding down some 
place.

If you will tell me the charge em-
nailed in the shipment of my uni-
form. I will be glad to reimburse you.

With best regards, and never 
repetting the choice I made in enter-
ning the camp, I am, Honorably yours,

F. K. Helmich.
