MEN'S GLEE CLUB APPEARS IN CONCERT SOON

BISHOP NICHOLSON HAS CHOSEN VITAL TOPIC FOR VESPERS

COAL SHORTAGE IS BIG QUESTION NOW

MEN'S GLEE CLUB WILL GIVE ANNUAL CONCERT ON FEB. 6

Program will be practically same as the One Given by Singers On Long Christmas Tour.

PRESS REPORTS ARE COMPLIMENTARY

Tickets to be placed on sale soon. This Week—Men Are Asked to Sing at Camp.

The annual home concert of the University Men's glee club will be held in the natural science auditorium Wednesday, Feb. 6, according to an announcement Friday by Frank L. Doornink, business manager. Because this week is examination time and practice periods will be difficult to attend in the near future, the group will be working overtime for the past week and are practically ready for the concert now, Doornink assures reporters.

The program, which will be given in the natural science auditorium Wednesday, Feb. 6, has been a marked time item through central and north central Iowa during the Christmas season. A few more musical numbers, and the quartet is preparing another vocal that two of the talents of the group which will hear them next week.

As Good As Last Year.

Dr. Ernie Hays made some interesting statements about the quality of the singing this year, but admits that the organization is about on par with the club of last year. Clippings from the number of the points touched at Christmas time refer to the singers as the best Glee club that ever "hit Iowa," and it is believed that the men will furnish some of the best efforts ever produced by a student talent.

Tickets for the concert, priced at $1.00 a piece, will range in the hands of the members of both the Men's and the Women's glee clubs. For the last year's program the radio science auditorium has been almost completely drawn, with the result that there will be no annual concert; so little fear is entertained about this feature of the program.

Appreciate Student Support.

"Our organization is receiving the best of support from the student body and we want to justify this splendid backing by putting on a real entertain-ment," Mr. Hayes explains. "I believe that the program which we have prepared for the home concert this year is the kind students must enjoy.

Prof. Hayes has received a letter from the authorities at Camp Dodge, asking a visit from the club some Saturday and Sunday in the near future. The men will appear in several concerts at the various Y. M. C. A. buildings at the entertain-ment and will receive some small honor expenses. The date of the trip has not been decided yet, but it will be the week before and following the concert week from Wednesday.

TELEGRAPH-AND-TELEPHONE EXCHANGE

President Wilson has declared that college athletics shall go on in spite of war, and, indeed, with renewed emphasis. A further which is essential locally to the successful outcome of this entire national effort, is to enjoin the support and cooperation of all the various Branches of the University Athletics. It is an appeal to the student body and the faculties, which is already bearing fruit as an agency for stimulating interest in the cause of the nation.

Men and women of Iowa, drop your books for an hour tomorrow night and help Iowa do her part!

REVEALING—NOT TEACHING.

The war has brought not only national but international attention to the university of Iowa, and to the university of New Mexico, and to the university of Wisconsin. The war has been responsible for an atmosphere in which American colleges and universities are to play an important part in the solution of the national and international problems. There is a sense of the necessity of a widespread understanding of the possibilities and the limitations of our system of education.

Our present goal is to understand the possibilities and the limitations of our system of education. It is a goal to be reached by the cooperation of the university and the nation.

THINKS PROFESSORS
SHOULD BE TAXED
Prof. N. R. Whitney Speaks for Exemption from Income Tax

I see no reason why a University professor who earns $2,000 a year
should be any more exempt from the income tax than a merchant
in a small town receiving the same.

The constitution of the United States provides that no taxes be levied on state agencies of state em-
ployees. This is because such a tax would interfere with the con-
ducting of the state's business.

The great difficulty in waiving such an exemption is because of the fact that such a provision in the
constitution, and no individuals can voluntarily put a tax which has not been levied upon them by law.

As far as justice in this matter is concerned, I see no reason why they should be exempt, but there is
that constitutional difficulty, and I don't see how they can get around it at the present time.

Have you learned to think in U. S. "Thrift" Terms

Here's how it's done:

25 cents equal 1 Thrift Stamp

10 cents equal 1 Thrift Card

1 cent equal 1 War-Savings Stamp

(plus 2c to 15c exchange)

10 war-savings stamps equal 1 $1 War-Savings Certificate payable January 1st, 1918.

It's investment made easy.

It pays 4 per cent interest.

It touches Thrift.

And you're helping Uncle Sam too while you help yourself.
