HAWKEYES TRAMPLE ON MAROON QUINETT IN LAST HOME GAME

Berrien, Brown and the Visiting Center Divide Honors—Coach Francis Work's Work.

CALLED BEST HOME GAME OF SEASON

Five Minute Extra Period Required in Tightest Game Yet Between Way Team, Score 20 to 20.

In what was undoubtedly the finest game played on the home court year and which was one of the finest contests over since basketball opened the season, the visiting 

Hawkeyes took their last home game from a giant five from Chicago. By the score of 20 to 20, a five minute extra period was required, however, for at the final whistle of the regular period the score stood 12 all. The largest crowd of the season was present.

The fray was repulsed with occasional starts throughout the entire period, beginning to end, and from the standpoint of the spectator was a perfect exercise in basketball. Time and again the visitors forged ahead one or two baskets only to have them wiped out by some brilliant efforts from the Maroons at the Midway. At no time was there more than four points difference in the score. The first half ended with the score, 12 to 12.

In Chicago began the scoring by way of the foul line and followed with a basket from the field. Iowa began scoring at this time by both the easy and the hard routes and the first half saw-awed back and forth until the whistle, blown by the long-suffering officials from the Midway. At no time was there more than four points difference in the score. The first half ended with the score, 12 to 12.

Iowa came back in the second half with a new fight and piled up a third basket to tie the score. The game was stopped by the officials from the Midway. At no time was there more than four points difference in the score. Only one minute was charged up a start time.

CROSS SPEAKS TO SOCIOLOGY CLASS

National Social Workers Secretary A University Visitor.

War. C. Cross, secretary of the National Conference of Social Workers, before leaving Chicago to return to New York, visited the University yesterday morning at 8 o'clock. At 9 o'clock he spoke to Prof. C. G. Clarke's class in "Principles of Sociology" on the topic "The War and Social Problems," and aroused much interest among the students.

Mr. Cross has been on some thirty city tours throughout the country, which up to last year was called the Conference of Charities and Corrections. He spoke before the state conference of social workers of Nebraska a few days before coming here. His talk has been rather plentiful in the interests of the annual conference and during the national conferences which is to be held in Kansas next week.

DENTAL BUILDING IS ADIZED BY VISITORS

Minneapolis Professor and Graduate of Iowa Declare It in the Country.

Dr. Kremer, who has been on the faculty of the dental college of the University of Minnesota, considers the new building the finest structure devoted solely to the purposes of the teaching of dentistry in the United States, and therefore in the whole world. "The only one which can in any way approach it is the Dental Building of Philadelphia, which is larger but is incomparable in equipment and fitness," Dr. Kremer’s opinions are the same those expressed by the guests at the convention.

MATHIS WILL SPEAK

LOST--A BAG OF GOLD

On Saturday, December 1st, Katherine Foley, an employee of the Nestle Company, Minneapolis, lost the results of years of labor. For three years she had carried in her pocket a bag of $25, $10 and $5 gold pieces.

"I was afraid to put it in the bank," she told the police.

If, three years ago she had invested it in "First National" Certificates of Deposit she would have had today, in addition to the original $75, a tidy sum of accrued interest due and payable upon demand.

We pay 4 per cent for six months or a year on our C.D.s. — left until maturity.
