RED CROSS WILL
START CAMPAIGN
FOR MORE FUNDS

Need $2,000 a Month At Least To Meet Needs of City Organization.

LOYALTY LEAGUE TO CANVASS CITY

Enormous Output Is Necessary To Supply Demands of 5000 French Hospitals.

A big Red Cross drive for the coming month accounting for $3,000 a month will cover Iowa City Thursday and Friday of this week.

Under the auspices of the Loyalty league, effort will be made to cover the needs of the local Red Cross in the future. A thorough canvass of all the schools will be made, and every one will have an opportunity to subscribe to his or her portion to be paid monthly during the remaining period of the war.

Payments will be collected monthly by officers of the local chapter, and all the handling of the money will be in the hands of the local City division.

Iowa City Chapter Aims "We are fulfilling our promise to between 1500 and 1400 hospitals in France and all of the gifts will be devoted to the use of the Red Cross. The money is being sent from America," is the statement received from Mrs. Johnstone, superintendent of enrolled nurses for this district, a few days ago.

Since the organization of the Iowa City chapter to March 18, 1918, 174 yards of anes alone has been made. In addition 11,960 yards of muslin, 7,600 yards of cutting fabric, and 1,447 pounds of yarn have been made up into hospital supplies and articles of comfort for our soldiers abroad.

For every $10 worth of material that is taken into the room, the value of the finished products which are shipped to France is placed at $48, according to the report from the central warehouse at Washington.

Some Wounds With New Bees

In New Brunswick, New Jersey, it is reported they are dressing wounds with new bees to the place of the much needed geranium bandages. That must not happen to our soldiers abroad.

Not a single action is reported. If a sweater or another garment so to be of great opportunities that such an action cannot be accepted for any use, it goes to the Belgian relief supply.

"I may bring back to you," the letter reads, "is the impetus sent out from the central headquarters in Paris to the entire efforts of the Red Cross workers and to effect the campaign the last of this week.

LIBRARY INVENTORY

The library force will take advantage of the Easter recess and make an inventory of the entire collection of books on volumes in the library.

He also explained that the defense leagues which is now patriotic leagues, it is the league of the people who work out their own defense and our own defense. It is the patriotic word of the militiamen, the idea that will build the nation's story.
