SEVENTH CLINIC TO BE INTRODUCED

Mrs. Edward S. Wexford, speci-
lized in the speech clinic, was awarded
a twenty-day contract by the University to teach a course in special courses in defensive speech during the summer session.

Mrs. Wexford is a pioneer in the
applied speech clinic in the Iowa Child
Health Research Station. This will offer
a great opportunity for these interested in children having some form of speech defect. It is an opportunity to
examine and advise as to results of the
difficulty and the instruction.

President Track Meet Held Tuesday Afternoon
The University was treated to a fresh
and field meet Tuesday afternoon by the
Hawkeye track team. The object of this
meet is to get the freshmen to
pioneer and find out what wind
means. In the freshmen team,
ought, the capture of the freshmen
record on the last attempt. All of
the freshmen meet the freshmen
won an enviable record of around
in the University. Assisting in
these meets with much enthusiasm and
the all state of college life at Iowa.

The above list of fifteen
includes twelve women and
three men. In recent years the proportion
of women has been rather top-heavy,
but it has suddenly reached the
proportion of the freshmen which exists
this year.

better organization in existence.

CAPTAIN WRIGHT DESCRIBES OFFICERS TRAVELING

Commandant says that it is the duty of every physically fit man to become a Member of the Cadet Regiment—Steps of Advantages of Military Travel—To the Student.

The Reserve Officers Training Corps was authorized by act of Con-
gress in 1891. The purpose of establishing units of the
reserves officers training corps is
quality, by systematic and standard methods of training, students at
institutions for reserve officers. It was established in this University by the War Department
principal offices on
officers and all the
interests of the student. The school must arrange time and place
the drill field. The
provision for the
corpus provides the
necessary drill officers, guns, equip-
ment, and places to furnish the
uniforms. At present the
teachers are not
very large in number. The
program to furnish the uniforms
is that the government contracts for
alum. It is worth a careful
examination of the government contract price for
uniforms is to be refunded to the
at all costs.

WE EXTEND OUR HAND

The Daily Iowan congratulates the men and women who have been honorably graduated from the Phi Beta Kappa Society, the honorary scholastic fraternity chartered in 1776, and to whom we are indebted for having presented us with the opportunity to publish a short article on the occasion.

There are many of us whom academic achievement is not one of the things for which we are treated to make our lives complete, but there is nothing more gratifying than to see students advance in a college or university by their own efforts, and to observe the manner in which they have achieved their academic success.

The society has a good standing in the middle west and is one of the leaders in the education of the nation. You may open an account in the society, and the services rendered to the students are not limited to membership, but also include the opportunity to learn about the society and its activities.

CONSIDERATION OF JUDGES

A plan for the selection of judges for University forensic events sponsored by The Daily Iowan is now open to all undergraduate students in the University of Iowa. The plan is designed to give the students an opportunity to participate in the selection of judges, select from the candidates who have been nominated, and to ensure that the selection process is fair and unbiased.

The plan is available on the website of The Daily Iowan, and students are encouraged to participate in the selection process to help ensure that the selected judges are qualified and capable of providing quality feedback and evaluations.

**THREE SOFOMOSES APPLY FOR IOWAN TRUSTEESHIP**

Three petitions have been received for Professor E. C. Walter for membership on the Board of Trustees of The University. They are Marion Over, Alice Hinkey, and Frederick Sins. The election for two members will be held May 14, to fill the vacancies made by the graduation of Mildred Whitcomb and Virgil Hauptman. Prof. Stahrhun will withdraw his petition because he will not be in school.

No one has been secured as yet for the editors position. One position is on the staff for the business manager. Both the editor and book news manager receive $100 a year and for the latter position a previous knowledge of newspaper work is essential.

Dean T. F. Brown of the Dental college has gone to Washington on official business.

**BIG ORCHESTRA HAS MID-WESTERN ORGANIZATION**

Mr. Min Plan the Organization Which ranks High in Musical Circles Today.

Middle Westerners have reason to be interested in the Minneapolis Symphony orchestra, for its a product of their own music and the country. That one of the great American or-

Schools has its headquarters in a hotel near the city has surprised many critics. Minnesota has so long furnished the stars and even with bread and beef that little else has been exported from here. But the leaders of the community are beginning to realize that Minnesota has other resources for better remembered.

The Minneapolis Symphony Orchestra is the result of the belief of a few wealthy men in music and good fortunes that the work was worth supporting.

When he was made conductor fifteen years ago, his genius was just beginning to be recognized. With the growth of the orchestra fame came to his name, and both are ranked among the first in the United States.

The orchestra is a favorite in Iowa, City, and it is likely that the management will receive copies enough tickets to cover the expenses of the concert before Monday afternoon. The concerts will be the best symphony appearances here this year.

**IT'S ALL ON ACCOUNT OF THE BENEFIT TAPESTRY**

"Burr - Burr" and the signal was out for gyp. All heads got in the corner and then they said, "Well, you aren't our it came from me, but she got out of a car and walked right in - an unconv. servant as if she was walking into her own home."

"Why, her sister's nicks, and they say they saw her out at the Kappa file and Big Chi house too. I wonder if she was doing any dancing."

And all that excitement over a simple advertising project for the Red Cross dance Friday night. A member of the Phi Kappa sorority house has visited all fraternity houses asking for their support for the dance Friday night.

The women's Pan-Hellenic council will give a Red Cross benefit Fri-

day evening at the park pavilion. "Fincher" Dunkle's five piece orche-

ra will play.

**NEWS WHO GRADUATE MAY TAKE INTERNSHIP**

The seniors who graduate this year will be given permission to take a year's internship upon application to the Dean General. According to Prof. J. T. McShan, Director Dean of the College of Medi-

cine, the application must be signed by themselves, by the Dean of the college and by the superintendent of the hospital in which they are to serve their internships. The Dean General will grant them permission after medical certif.

Those who complete their intern-

ship this year will be permitted to go into practice on the 1st of July of the year, which will be the first of July.

**A CHIEVEMENT**

Twenty-five years ago the General Electric Company was founded. Since then electricity has made its stand through the whole structure of life. Eager to turn wheels, to lift and carry, to brush dust, to gather heat, to heal wounds and strengths across space, to give the world new work for its work — electricity has been to mankind. Throughout the period the General Electric Company has held the great responsibilities and high ideals of leadership. It has set the pace, the spirit of mankind. It has given might and form to thought, in expression of interests, of ambition, and of giant power. And it has gone forth, conquering with every industry, in common this common force and is it is to serve all people. By the achievements which this company has already recorded may be the hope that the world and its fate shall obtain, the deeper mysteries if you shall rise in rhythm and song and man of the world's work.

CAPT. WRIGHT DESCRIBES OFFICERS TRAINING CORPS
(Continued from page 1.)
Two or at least one before you are ready for active field service against an aggressive enemy. He will then become an advocate of an army large enough to at least form a nucleus in one of war; this will make him a better citizen.

I believe it is the duty of every physically fit male student in the University to take military training. This country is at war and may need the services on the firing line of every one of you and as a result you must do your utmost to prepare yourself to be a useful citizen.

The DAILY IOWAN is the official organ of the school and the registrar, and as a result, I believe that you must subscribe to it, if you are to be a resident student of the University of Iowa.

WILL GIVE PROGRAM
Senior Girls Will Present "Lady of Shallot"—Boys to Sing.

The Lady of Shallot will be given by the senior girls’ glee club of the University high school Thursday evening, May 1, at the Women’s Gymnasium. The junior girls will present "A Mother Goose Amusement" and the junior boys will sing a group of patriotic songs. The concert is under the direction of Miss Anna Peterson.

The Lady of Shallot is one of Tennyson’s most beautiful poems, tells the story of a fairy lady who lives on the island of Shallot by which the people pass down the river to Camelot. As she weaves "a magic web by night and day" she gazes into the magic mirror. Here she sees the face of Sir Lancelot and learns the mirror she looks upon is the own world. She knew the cause...
