WOMEN'S LEAGUE WILL HELP WITH WAR WORK

The women's league has begun to collect statistics in regard to the war work of students. It is hoped that all students will sign this list, and it is anticipated that the information is to be secured as to the extent of the help desired and the plan of future purchases.

The campaign for war work is being conducted on a general basis, and even those who do not sign this list are asked to cooperate in this work. Every member of the women's league is expected to cooperate in this work with all the energy and zeal it demands. The league wants information concerning war work that is being done, or plans for patriotic service in the community.

**CRAINING A MAJOR**

Something big was coming along, just now with the major subject re quired in history. In the sciences, literature, and language, and the arts in many of the fields, new things are going on, and the public is not caught in everything that is happening. It is a time of great change and development, and the intellectual world is being made over, and new things are appearing everywhere.
