NOTRE DAME COMES TODAY TO AVENGE HER RECENT DEFEAT

Game Promises to be One of the Most Interesting Played on Iowa Field this Year.

CONTEST TO OPEN AT 4:10 O'CLOCK

Men Get Light Workout on Grass Field on Eve of Game—"Ham" Likely Mound Choice.

If the weather man permits Iowa's baseball team will cross bats with the Notre Dame nine this afternoon on Iowa field at 4:10 o'clock in what promises to be one of the most interesting of the home games.

Though the outcome of the game will have no effect on the conference standing, it is considered one of the most important games of the season. Notre Dame has a reputation for turning out good ball teams, and, from their season's record, this team seems to be no exception.

Notre Dame Beaten.

Iowa defeated the Catholics at South Bend last week in what was said to be one of the hardest fought games ever played there. Three fast double plays executed by the Hawkeye infield were the features of the game, and they sufficed to turn the savage attack of the Notre Dame batsmen at times when they diagnosed the offerings of Belding, the Hawkeye twirler.

The practice yesterday afternoon was held on the grass diamond at the south end of the field, the varsity diamond being a sea of mud. A brief turn at bat followed by a snappy fielding workout constituted the program for the day. The team seemed much improved by virtue of their rest yesterday, and snapped the ball around with the accuracy of leaguers. The infield lineup was the same as it has been in the last two games, with Captain Frank behind the bat, Olson at first, Kramer at second, Ehred at short, and Layton at third. Brown, Belding, Parrott and Hamilton, chased down long flies in the outfield. Hall's injured knee seems to be improving rapidly, but it is not likely that he will be in shape to participate in today's game.

Hamilton to Pitch.

Hamilton will probably start the game with Belding working in center field. The rest of the lineup will doubtless be the same as it has been in the last two games.

Iowa will meet Michigan next Monday on Iowa field in the last game of the season. This game will be one of vital importance to both teams. Michigan, because of her victory over Illinois yesterday, is now at the top in the conference standing. Iowa, by a victory, can send the Wolverines into second place and at the same time assure herself of a mark of 600 in the final standing.

DRAWINGS FOR WOMEN'S TENNIS POSTED TODAY

Drawings for the women's tennis tournament will be posted at the gym today. The players are requested to arrange the time for playing with their opponents, and telephone Margaret Mulroney, I. W. A. A. representative, for an umpire. All first meets must be played by Sunday. Last night 20 girls had signed for singles and 22 for doubles. The name of the final winner will be engraved on the tennis cup.

SIX STUDENTS ENLIST IN NAVY

Will Be Allowed To Finish School Year Before Beginning Work.

Six Iowa men, Vergil Hancher, John Bleeker, George Murray, Clyde Charlton, Foster Brown, and Stanley went to Chicago last week and successfully passed the tests for enlistment in the United States Navy Reserve force. It is likely that they will be permitted to finish the University year here and begin shortly afterwards their training at the Municipal pier at Chicago.

Iowa is already represented at that place by Alan Herrick, Thomas McDonald, and one or two other former students.

MARGARET ANGLIN LIKES MIDDLE WEST

Will Take Part in Heavy Play Next Year but Doesn't Want Too Much Seriousness.

"I'm not a serious person so you see I haven't any message for you, but please tell them how I love it here in your beautiful little cities of Iowa," was the greeting which Margaret Anglin extended to the people of Iowa City Monday night after the curtain had gone down for the last time and simultaneously a host of stage boys appeared, transforming an elegantly arranged drawing room into a bedlam of ropes and boxes.

"It is much more pleasant to play in the middle west than in New York. The further west I go the better I like it. California is the best of all. I can say that, for United States is not my country. It is the same way in Canada though."

"It is a rest to come to Iowa. I have walked five miles into your beautiful country this afternoon. I have been here only once before but I liked it so much that I thought that I should have to come back again," she added with the same airy little laugh that had so charmed her audience a few moments before.

"Perhaps the next time I come to Iowa I will give a more serious play. This one really shouldn't be called a war play, it shows such a very light side. We are working on a play for next year which is much heavier. It will present the war mothers and their point of view. Whether or not it will be a success is yet to be discovered. People get so much seriousness that I hesitate to bring more of it to them."

SENIOR HOP PROGRESSING NICELY

Chairman Douglass Gives Out Report on Preparations.

At a short meeting of the senior hop committee held yesterday, chairman Dudley G. Douglas heard reports from the various sub committees and now wishes to state that matters are progressing in great shape. The senior annual event this year will be strictly a War Senior Hop, flowers and evening suits to be absolutely barred. Nevertheless the committee promises th best party of the season. The lower class men will be allowed to attend this year, and as the ticket sale will be limited the seniors are advised to get their tickets as soon as they are put on sale.

Chairman Douglass announces that there are only 150 tickets, so that only the early shoppers will be the fortunate ones.

ALL MEN ELIGIBLE FOR BIG MASS MEET

Professional Colleges Have Appointed Captains Who Will Select Teams.

Try-outs for the mass athletic meet Saturday will be held Thursday from 4 to 6. All students who have not represented the University in interior-collegiate competition are eligible for this meet.

Captains have been appointed by the class presidents of the professional colleges, and the colleges of liberal arts will be represented by other men who volunteer for the try-outs. There are eight captains in the college of dentistry, three in the college of medicine, and four in the engineering college. Each captain has picked ten men for his team.

The meet will be held Saturday at 2 o'clock. Each man will compete in all four events, the 100 yard dash, the high jump, the broad jump, and the grenade throw. As soon as fifty men have run off, results will be telegraphed to other competing schools; and results will be sent in after each succeeding fifty trials. Men who have not been picked by a captain are nevertheless eligible to compete. It is only necessary that all the contestants be on hand Thursday at 4 o'clock for the try-outs.

ANNUAL MUSIC CONCERT TONIGHT

Will Be Given in Natural Science Auditorium at 8 o'clock.

The annual concert given by the Music Study section of the Iowa City Fine Arts association to the members of the association will take place at the science auditorium on Wednesday evening May the 22d at eight o'clock.

The program includes selections by Misses Green and Seiberling, Mr. John Parsons, Mr. Ingalis Swisher, and Miss Lucille Franchere.

MAJOR STONE TO TALK ON THE MARINE CORPS

Major H. W. Stone of the Marine corps will lecture in the liberal arts assembly this afternoon at 3 o'clock. The purpose of the lecture is to interest Iowa men in the special branch of the service in which he is engaged.

Only recently the Marine corps has been granted an increase and there is a good opportunity for advancement and a commission.

LATIN EXAMINATION FOR LOWDEN PRIZE

The annual examination for the Lowden prize in Latin will be conducted by Prof. F. H. Potter on Saturday morning, May 25 in room 110 liberal arts.

This examination is open to sophomores in the Latin Department.

BELGIANS WILL NOT STOP

The Belgians soldiers will not make Iowa City one of their stops, according to definite word received by the Loyalty league yesterday. The Belgian minister objects to their undergoing the strain of stopping at so many different stations.

KAPPA PHI PICNIC

Kappa Phi will hold a picnic at the city park tomorrow afternoon at 5:30 instead of the regular meeting for members.

"LIBERTY HALL" YIELDED OVER $400

Play by the Daughters of Isabella Brings Neat Sum to Red Cross.

The play, Liberty Hall, staged May 13 at the Englert for the Benefit of the home service section of the American Red Cross and the Daughters of Isabella war fund yielded $400.73, according to a report just completed. Almost a hundred dollars of this, however, was realized in the presentation of the play at Oxford a night or two later.

Out of the total of $532.75 taken in by the sale of tickets in Iowa City $223.59 went for expenses. At Oxford the total receipts were only $108.20 but the expenses were only $16.63.

NEW MILITARY POLICY IN EVERY COLLEGE

Student Will Become Member of United States Army and Liable to Call.

A new policy of military instruction will be put into effect by the War Department in every institution of college grade, beginning with the next college year, September 1918. In this way the department wishes to emphasize to those who do not graduate this spring, the importance of continuing their education and taking advantage of this opportunity to serve the nation.

An officer of the army will be provided for every institution, which enrolls for instruction 100 or more able-bodied students over the age of eighteen. The necessary military equipment will be provided by the government. Enlistment will be entirely voluntary but all students are encouraged to enlist.

The enlistment will constitute the student a member of the army of the United States, liable to active duty at the call of the president. Provision will be made for co-ordinating the Reserve Officers Training Corps system, which exists in about one third of the collegiate institutions, with this broader plan.

WOMEN ARE CLASSIFIED FOR WORK

Registration Now Going on for Various Occupations.

The Commissioner of Education, Claxton has appealed to the Women's Committee of National Defence to assist in filling the ranks of teachers.

The letter to Dr. Anna Howard Shaw, chairman of the Women's Committee of National Defence says that "some policy must be adopted to protect the schools against a dangerous lowering of efficiency.

Since the registration cards of the woman's committee enable the committee to know of retired teachers in each locality may I suggest that much good might be accomplished if your local registration committee were asked to give special attention to the matter?"

The local committee has made arrangements for the listing of women for various work and the registration is carried on each afternoon from 3 to 5:30 at the Commercial club rooms. Women are being registered for all classes of work including teaching, printing, banks, jewelers, photographers, home nursing and clerical work, Many teachers who have retired have registered and will return to teaching in case of necessity.

COLLEGE UNION HAS OPENED QUARTERS IN ENGLISH CAPITAL

American University Association Provides Hospitable Club for Our Fighters.

MANY UNIVERSITIES SUPPORT WORK

More Than 5,000 Soldiers Have Registered With the Paris Branch Office.

The work of the American University union in Europe, which is designed to aid and assist American college men in the service abroad, is to be broadened, according to information sent to President W. A. Jessup by George Nettleton, director of the union.

The expansion of the work and the urgent demand for an organization to serve the interests of college men in the armed forces is of great interest to the men of the University of Iowa, for the University is a full member and all Iowa men now in Europe or those who will go are entitled to the benefits of the association.

London Branch Opened.

Of more than casual interest is the opening of a branch in London. Through the courtesy of the Farmers Loan and Trust company of London, the entire first floor of its beautiful building has been turned over to the union. Prof. J. W. Cunliffe of Columbia university has been placed in charge.

Hotel headquarters have been established in the St. James Palace hotel and American college men will be cared for at reduced rates. Both Oxford and Cambridge universities have appointed representatives to act as committees of hospitality. All college men now in Great Britain are urged to register at the London branch office, 18 Pall Mall East, London.

Membership is Large.

Already more than 5,000 men have registered at the Paris bureau of the union, 8 Rue de Richelieu, which is the Royal Palace hotel, exclusive use of which has been given to the members of representatives of American universities and colleges.

At the present time more than one hundred universities and colleges in the United States, including West Point and Annapolis, have officially joined the union and are contributing to its support.

COMMENCEMENT PROGRAMS ON SALE AT BOOK STORE

The graduation programs for 1918 are now on sale at the University Book store. The programs are of two kinds, paper ones which are 25 cents apiece and leather ones at 40c.

The leather cover is of dark brown with an Iowa seal on it; below the seal is the word "Iowa" and "1918."

The program includes a picture of the campus, a list of the different senior committees, the honor roll, and graduates of the different colleges besides the events of the Senior week.

McPEAK TO DO ARMY WORK

Ival McPeak, present editor of the Alumnus, has been accepted at a Y. M. C. A. training camp at San Antonio, Texas. He will report for duty, June 6. The training school lasts three weeks and then the men are sent out for active work.

WELL-ROUNDED VERSUS STARS

The results of the track meet at Des Moines Saturday present an interesting situation. In the college section Iowa, with a well-rounded team, no stars, pulled down the grapes, while in the high school section Mason City, with a trio of stars, walked away with the honors. Drake with her mighty Howard Drew, however, aflied to approach dangerously close to the point of winning the meet.

The question arises: Is it better to have a large team composed of good, though not sensational, athletes, or, is it better to have a team which depends entirely on the work of a single man or two?

On this subject, the Des Moines Register of Monday morning carried some rather interesting observations. We copy the following:

"One conclusion to be reached is that a small group of exceptional athletics can make a relatively better showing in a high school than in a college meet, because of the far greater number of teams entered. The meet is won with fewer points, due to the scattering of places among a large number of schools.

"Drake had a team entered Saturday which in a way corresponded in the college meet to that of Mason City in the high school competition. Two Drake men won five firsts between them, one less than Iowa and Ames combined, but the two latter schools had better balanced teams, and piled up more points from second, third and fourth places than the Drake total.

"The Iowa and Ames teams were practically equal in balance, but Iowa won because it was relatively stronger in the sprints, and this lent strength to the relay teams from Iowa City.

"To revert again to Mason City, twenty-eight of that schools points were won in races in which each man ran a quarter of a mile or less. It was a case of victory in sprints, hurdles and relays.

"Thus the two championship teams, although on the surface utterly dissimilar, finally illustrate the fact that a team whose greatest relative strength is in the short distance is possessed of the better chance of winning a meet, provided its strength in these events is represented by several men.

"In the three sprints and two hurdles, places were secured by five Iowa men, four from Grinnell, three from Ames and one from Drake.

"These same events in the high school competition gave points to four Mason City men, four from North Des Moines and two from West Des Moines.

"The possession of this material was reflected in the relays, where Iowa and Grinnell won eight points each, Ames three and Drake two, Mason City and North Des Moines six points apiece and es Des Moines three.

"The state meet, therefore, illustrates the fact that apart from the question whether a well rounded team is better than a few stars, the final test of a team is its strength in team capable of winning both relays will make a formidable bid for first honors in any meet."

YOU OUGHT TO KNOW THESE

Since The Daily Iowan's recent suggestion that students should discriminate between the candies which require a large proportion of sugar and the candies which require a minimum proportion of sugar, we have been asked several times to specify some of the sugar savers. Here they are; as given out by Herbert Hoover, food administrator:

There are at least four groups of candy made from absolutely wholesome ingredients which are plentiful. The first includes chocolate and cocoa candies with centers of nuts, fruits, fruit pastes, marmalades, jams, and the like, especially the old fashioned chocolate creams with the bitter coating, and the uncoated soft candy such as nougatine, Turkish pastes, and similar varieties.

The second group includes "hard boiled candies," such as lemon drops, stick candy, fruit brittle, glace nuts and the like, containing a large portion of syrup, and molasses candies.

Marshmallows and similar candy comprises the third group being made with corn syrup corn starch and gelatin, and only a small percentage of sugar. They may be eaten plain, toasted dipped in chocolate, or rolled in cocoanuts.

In the fourth group are included gum drops, jellies, jelly beans and the like.

Learn this group of sugar-conserving candies, students. If you go on gulping down the sugar without thought of conservation, you are not playing square by the men who left our campus to fight our fight. You can effect that conservation by one of two ways: (1) by giving up all of our sweet delicacies and desserts, or (2) by exercising your heads in selecting patriotic substitutes. The two have the same effect in the end, but the second is by far the easier to do.

CONTEMPORARY OPINION

BASEBALL'S CLIMAX.
(Michigan Daily)

Ruzicka's return to the club and his victory over Iowa were the first stages of the climax through which the 1918 baseball team is now passing. Two more home games this week will determine largely the place Michigan is to take in conference baseball.

The Iowa test was severe enough for both Wolverine team and rooters. But Illinois defeated Iowa twice. Its captain and pitcher, Klein, has the name of being the best in the Big Ten. The Illini may be Michigan's most dangerous contender.

In the years when Michigan was not a part of the conference, Illinois amassed baseball championships with startling regularity. Her standing at the present time is sufficient to cause the team from Coach Lundgren down to worry. Tomorrow's contest is expected to determine in great part what the newcomer, Michigan, will accomplish in this year's race. After the Monday game another almost as difficult will be played with Ohio State Wednesday.

In passing let Michigan also pay tribute to Iowa sportsmanship. Twice Pitcher Hamilton and Captain Frank allowed a substitute to run for Ruzicka, in order that the Michigan pitcher might not further weaken his injured knee.

———I———

WAR

For the remainder of the year The The Daily Iowan will carry as a daily feature a set of questions and answers prepared by various departments of the University and designed to give information on past wars and the present war. Emphasis will be placed on the roles played by the University and the state, but the material will not be limited to these fields.

Where does the United States Government pay the $5 on January 1, 1923, for each War-Savings Stamp attached to a War-Savings Certificate?

At either the Treasury Department in Washington or at any money-order post office after ten (10) days' notice.

Where is payment made if the certificate is registered?

At the Post office where the certificate is registered.

If it is necessary before January 1, 1923, to have money for my War Savings Certificate, how can I get it?

If it is not registered, take it to any money-order post office and it will be redeemed, after 10 days' written demand, as prescribed by the rules of the Post Office Department. If registered, take it to the post office where registered.

What do I get in cash for each War-Savings Stamp attached to my War-Savings Certificate if I surrender it?

The amount is indicated on the table, which is printed on the back of each War-Savings Certificate.

Can I surrender my Thrift Card for cash?

No.

If I must have money on my Thrift Card and Thrift Stamps, how can I obtain it?

By filling the Thrift Card and exchanging it for a War-Savings Stamp, which has a redeemable value.

"It Pays to Advertise"

Presented by

THE CLASS OF 1919

Benefit Junior Red Cross and Dr. Love's Hospital Unit

13 Admission 50c-75c Englert, May 23, 1918 13

AMERICAN MOTOR CORPS OFFICIALLY RECOGNIZED

The Motor corps of America, an organization of women, has been officially recognized by the army medical department. It will be under the jurisdiction of the surgeon general of the army.

It includes volunteer workers from all parts of the country. The duties of this motor corps, aside from ambulance service and the transportation of sick and wounded to hospitals, is to search women on incoming vessels. All the members are expert drivers and mechanicians.

The American Red Cross motor corps of Washington has been called upon for cooperation in the work in the War Department emergency division for civilian employees and other emergency workers.

LOST—A black stone brooch pin Friday night between John's and Currier hall. Call 1574.

MYSTERY UNRAVELED TOMORROW EVENING

Junior Play, "It Pays To Advertise," Will Explain the Ominous "13".

Tomorrow night at 8:15 comes the big release of dope on the "13"s that have been decorating the campus the last week. From the interest that has been shown in this all-junior play, it is to be well patronized, and everything that we can get in advance seems to justify going.

In these strenuous days, it takes a good deal to induce some of our plugging bookworms to forsake their loved volumes, but "It Pays to Advertise" doesn't need the tag "Benefit" to draw a crowd. Some of the university drama critics say that this piece is one of the cleverest selections avilable, and is well worth patronage.

Professor Lauer, who displayed his Thespian spurs in "The Rivals" last year, has the cast of third-year Drews and Modjeskas under his guidance, so we may all be assured that the production will be well staged.

Those who know tell us that the seat sale starts this morning at nine o'clock, and that good seats are going to go fast. Dr. Love's Hospital Corps as well as the Junior Red Cross, are to be benefitted by this rip-roaring farce.

Word has been received here that Dr. J. R. Wikeen, dentistry '17, has passed the entrance examinations of the dental corps at Fort Leavenworth with first honors. This will entitle him to a first lieutenancy in the regular army dental corps.

Mrs. Douglas Rogers of Manning is visiting her daughter Ruth this week.

Benjamin Boer, applied science '13, of Fontanelle, will be stationed at the Municipal pier at Chicago.

P. J. Schneider, pharmacy '10, has returned to the department laboratories, Fort Leavenworth, after a short furlough, spent in Iowa City.

The pharmacy state board examinations will be held on Friday, May 31 in the college of pharmacy.

Mrs. C. H. Ridley, pharmacy '01, formerly Nellie Joy, has recently passed the state board examination in California.
