Mental Injuries

A man's health depends on the mind as much as on the body. Yes, the mind is the very foundation of the man. It is where his thoughts are housed, and from which they emanate. A man with a healthy mind is a happy man. He is able to think clearly, to reason logically, and to act decisively. He is able to enjoy life and to live it fully. But a man with a sick mind is a miserable man. He is unable to think clearly, to reason logically, and to act decisively. He is unable to enjoy life and to live it fully. He is always in a state of sorrow and despair.

We must all work to keep our minds healthy. We must all work to keep our minds strong. We must all work to keep our minds happy.

We can do this by doing what we love. We can do this by doing what we are good at. We can do this by doing what we believe in.

We can do this by doing what we love. We can do this by doing what we are good at. We can do this by doing what we believe in.

We can do this by doing what we love. We can do this by doing what we are good at. We can do this by doing what we believe in.

WHAT OTHERS THINK

"OH, YOU MILITARY KID" (From Old Oaken Bucket)

How dear to my heart are the scenes on the campus
When I see you watch S. A. T. C. review.

If only Fred had never been and never lived
Could be set aside I'd select something new.

I'd change my short skirts for the knee length hose
And the hat and the coat on me would look well.

I'd have a life of it, a sober and simple role
The spin wouldn't hurt, but I'd have my loved drill.

I'd be busiest in service, no good to the nation
But still in the joints and accidents in the hall.

They say it's a fad; it is passing and of the people
I'd change my short skirts for the knee length hose.

"O, YOU MILITARY KID"
