NUMBER 20

## IOWA READY FOR GREATEST HOMECOMING

### UNIVERSITY PLANS BIG HOMECOMING EVENTS THIS YEAR

Monster Mass Meeting on Campus Friday Afternoon—Followed By S. A. T. C. Retreat

MESS SERVED AT ARMORY  
Chawa Kwai Women's Annual Japanese Party Featured By A Sing

Homecoming events will start with the monster mass meeting which will be held in front of the physics building Friday afternoon at 4:30 o'clock. Speeches will be given by prominent alumni, football players, faculty members and music will be furnished by the University band. The Iowa Fights spirit will predominate the meeting.

Retreat at 5:30 by the members of the S. A. T. C. and the band will follow, after which mess will be served down at the armory. Tickets for the soldiers mess may be obtained by alumni and friends either at the alumni headquarters or at the armory door that evening for thirty cents. All visitors, alumni and members of the instructional staff are invited to eat a soldiers meal.

**Girls to Stage Party**  
The annual Chawa Kwai will start at 7:30 at the liberal arts building. This event is given under the auspices of the Y. W. C. A.; Women's League, Forensic Council, W. A. A. and Pan-Hellenic council. All university women, both students, alumni, faculty members and the wives of faculty members are invited. Those in the receiving line will be Mrs. W. A. Jessup, Mrs. Nellie S. Aurner, Mrs. George F. Kay, and the presidents of the women's organizations Bernice Cole, Violet Blakely, Hermina Dorweiler, Dorothy Cave, Edythe Saylor, and Lillian Prentiss.

The procession of girls carrying brightly lighted Japanese lanterns will march in front of the liberal arts building, natural science and the Old Capitol. The girls glee club, assisted by Gladys Coon, will lead in a singing which will be held on the steps of Old Capitol. Following this program will be given in the drawing room of the liberal arts building consisting of stunts, speeches, dancing and games.

Inspection will be held on Iowa field Saturday morning from 8:30 till 9:30. This will be followed by close order drill by company N. Before the game at 2:30 an exhibit will be given a small class in bayonet fighting. Between halves an equipment race will be given, which will consist of men who will dismount and retrieve various articles of clothing. The first man to arrive at the starting point will be awarded prize.

**Explain New Situation**  
Both the city and the university (continued on page 4)

### IOWA FIGHTS TO WIN; WATCH PREPARATIONS

Four thirty is the hour. The place is between the back door of the liberal arts building and backdoor of the physics hall. In this big back yard is to be the event. And it's some event. Listen. There will be the team. They're first. And the band to make lively music. And Professor Lauer to say funny things. And Private Willis O'Brien, "Fat" O'Brien, Iowa gridiron star of 1911 and 12. He will be the biggest individual part of the show.

There'll be real yelling from first to last with Wheeler and Barney Dondore to do the stage stunts. They and the speakers will be up on the platform so that the folks with short necks can see them.

Then there will be soldiers, about 2000 of them, and all the women students, and several hundred alumni and parents of the soldiers.

The girls are planning a stunt, too; they don't say just what, but girls delight in mysteries.

Another novelty will be a high tension electric sign that shoots out sparks and spells in brilliant letters: IOWA FIGHTS TO WIN.

Then when the speeches, yells, and songs have died away, the regiment will form for retreat and as the band plays "The Star Spangled Banner," Old Glory will be lowered as the climax and benediction of the whole affair.

It will be the mass meeting of your life.

### SELECT SOLICITORS FOR WOMEN'S DRIVE

Oolooah Burner, National Y. W. C. A. Worker to Address Girls' Mass Meeting

Miss Oolooah Burner, student secretary of the national board of the Y. W. C. A., will address a mass-meeting of the women of the University in the Natural Science auditorium Tuesday afternoon at 4:30. Miss Burner will come here in the interest of the United War Work campaign, which begins next week. The meeting will probably be exceptionally interesting, as Miss Burner returned to this country after spending six months in France as a social worker. She had charge of a nurses hut near a base hospital, and will tell of her experiences.

Campaign solicitors for the various sororities, freshmen and boarding houses of the city have been chosen and will meet in the Liberal Arts drawing room for a conference this afternoon at 4:30. Means of making a thorough canvass of all women of the University will be discussed.

### UNIVERSITY CLUB WILL OPEN FOR ACTIVITIES

The University club will begin its activities for the year with a musical to be given at eight o'clock Saturday evening. The program will be furnished by Mrs. Starbuck, Mrs. Robson, Miss Cooper, Mrs. Dill, Miss Arms, Miss Condit, and Mrs. H. L. Dodge will be the hostesses. The entertainment is one of the features of Homecoming, not only to start the season out for the old members, but to entertain any guests who may be here on this occasion.

The officers of the organization for this year are as follows: President, Mrs. J. N. Pearce; vice-president, Mrs. Ernest Horn; secretary, Mrs. Helen Loos Whitney; treasurer, Miss Ethel Martin.

### MAJOR DUGMORE GIVES INTERESTING TALK

British Officer Delights Audience With Many Details and Horrors of the War

Major A. R. Dugmore, who has been in the British army for over three years, spoke Tuesday night in the natural science auditorium to the University students on the subject of "Winning Out". A short time ago he was under a bombardment of gas, and as he has not been allowed to go back into active service, he talks on the war.

He has been in such close contact with the Germans that he was able to tell a great many interesting things concerning their tactics. He said that a German diplomat would be called a spy after the war, and nothing bad enough could be done to these men. Major Dugmore thought a great deal of credit should be given to England for the amount of work she has done in this war. England sent to France 90,000 men within ten days after the war was declared, and now one million shells weighing from sixty to 220 pounds, are used daily in the battles. To every ton of shells the German aeroplanes drop on English towns, the British drop 250 tons on the German gas and munition factories.

In telling of the trench life, he said that it was divided, first ten days in the trenches, then ten in the rest billets, ten in reserve, ten days out, and then back to ten days in the trenches again. The English receive their mail the morning after it is posted and London Daily papers the day of publication. The British think that a good German is a dead German and it is their hope that at the end of the war they will all be good Germans.

An Erodolphian meeting will be held tonight at 7:30 at the home of Mrs. Nellie S. Aurner.

### DRIVE IS ORGANIZED FOR WAR WORK FUND

Committees Will Canvass Various Companies and Visit the Men Not in S. A. T. C.

Next Thursday has been set aside as the day on which the S. A. T. C. men are expected to go over the top in the raising of their amount to be given over to the funds of the United War Work Campaign board.

Canvass of the men in the different companies will be made by the committee in charge. Blanks will be distributed to be filled out and returned to the company commander, so that the entire amount may be summarized and the total result of the drive may be readily ascertained at any time.

The committee in charge is headed by J. H. Sheppard of Co. G; Robert Aurner of the Naval unit, Henry Willets of Co. E, and Richard Treynor of Co. C are other members.

"I believe I am voicing the spirit of the S. A. T. C. men here," said a member of the committee in charge. "when I say that the men are anxious rather than ready, to back to the limit their pals who are bearing the brunt of the war. We realize it is the men who are across that are winning the war. When the supreme sacrifice is made, it is they who are to make it, not we. I don't believe there is an S. A. T. C. man here who will feel square with himself until he has pledged just a bit more than his limit to the fellows who are fighting now."

A committee for carrying on the drive among the hundred or more men not enrolled in S. A. T. C. was elected at a recent meeting called by Dean G. F. Kay. A complete list of the men not in S. A. T. C. has been prepared, and this list will be turned over to the members of the committee and the several subcommittees so that every man in the University will be solicited.

### UNIVERSITY ORCHESTRA ORGANIZED FOR GIRLS

The University girls orchestra held a meeting Monday night. About 20 girls were present and formed an organization.

Mrs. Helen Katz Robeson states that another flute, clarinet player and double bass player are needed. Any person who knows how to play a flute will be furnished with the instrument and any one who wishes to devote her time to learning to play the double bass will be given instruction by O. E. Van Doren, director of the band.

A number of stringed instruments are available. This orchestra will give a concert in the spring and will furnish music at different University functions.

### LECTURES FOR FRESHMEN

Freshman lectures will be resumed today. Miss Roberts will explain how to use the general library.

### JONES SENDS TEAM THROUGH HARDEST DRILL OF SEASON

Varsity Trounces Seconds by Two Touchdowns—Coach Pleased With Practice

### OLD STARS ASSIST COACH

"Bunt" Kirk, "Obie" O'Brien, and West Point Man Lend Hand At Coaching

With only one more night of hard scrimmage ahead in which to perfect his team to stop the big Gopher eleven in Saturday's mix, Coach Jones gave the squad a gruelling drill last night which lasted until the field was in total darkness. The coach handed out the hardest scrimmage of the season lasting for over an hour. The seconds were given the oval time after time and sent against the firsts who succeeded in stopping the shifting style of Kent's eleven after they had been coached all the football they could absorb.

After the seconds had failed to gain any length of ground the first string took the ball and hammered the second line for four or five touchdowns, Scottie, Donnelly, and Lohman going over for markers, Donnelly seemed to find the holes with marked rapidity for he went for long gains almost every time his number was called. Lohman was good for telling advances, and his passing was exceptionally good. Though hampered by an injury sustained in a mix Scottie played a hard game his work on defense being of the extra variety. Sykes who was injured by a tackle Tuesday night did not report; Donnelly took his half. It is almost certain that Sykes will be able to play in the Gopher game.

### Line Improves Steadily

Showing a form doubly as strong as that in the Illinois game, the linemen put up the best exhibition of defensive playing they ever did in practice. Coach Jones impressed upon them that to win the Minnesota game every man must be of the best mettle. The forward line of defense was given instructions in shifting with the open and spreading formations used by Kent's men, and in a short while the varsity line had their opponents outfought.

Mockmore who has been playing a regular guard position was relegated to the second team, and Greenwood who has been on a wing was sent in his place. Belding held down the right end, and the dope as if this player might start in the Gopher struggle for he has been improving at a steady gait, and his punts furnish him with another advantage over his rivals for a position. Providing that his injured knee does not bother, the Gophers will have a real punter to return. That the line will be much stronger in the next game is almost a certainty for the coach is (continued on page 4)

"I have never had a policy. I have simply tried to do what seemed best each day as each day came."—Lincoln.

**WHO WAH WAH!**  
Mrs. Charlotte Whitney Eastman who has just returned from Washington, D. C., tells the following incident which occurred while she was there:

It was the night of the Liberty Loan campaign when the state of Iowa went over the top. In the largest motion picture theatre in the capital, the report of Iowa's great record was flashed upon the screen. "Iowa again is first over the top."

In the middle of the theatre a man jumped upon a seat and began that old Varsity yell, Who, Wah, Wah. Then from remote corners of the building dozens of voices took up the cry and the whole theatre in the nation's capital rang with

Who Wah Wah!  
Who Wah Wah!  
Iowa, Iowa!  
Who Wah Wah!

**"HOLD!"**  
Practically all the victories of the Allies from the first stand on the Marne in 1914 to the surrender of Bulgaria, Turkey and Austria may be condensed into the word "Hold!" Marshall Joffre's order of Sept. 5, 1914, commanded the French troops to hold every inch of ground occupied and die in their tracks rather than yield. At Chateau Thierry last July the same principle governed the American marines and infantry. "Hold!" That is the word for Liberty bond subscribers.

F. O. Wetmore, president of the First National Bank of Chicago sums up the case in this way:

"The people responded most loyally and liberally in their subscriptions to the Fourth Liberty Loan. Unless the purchasers now hold and pay for their bonds their action in buying has been of little benefit. Every purchaser, therefore, to make his loyalty and liberality one hundred per cent must save and pay for his bonds, when he or she will have in addition that grand and glorious feeling of being the owner outright of the most choice investment in the world."

A subscriber who keeps his payment pledge wins a real Marne victory over temptation to "quit." A subscriber who fails, needlessly, suffers a terrible moral defeat.

**NO PLANS YET FOR ANNUAL**  
Plans for the new Hawkeye are indefinite as yet, according to Prof. C. H. Weller, chairman of the board of trustees. Only one student member of the board is in school this year and no meeting has been held.

Last year's annual was successful financially. All expenses, amounting to over \$5,000, were paid and \$400 invested in war savings certificates for the benefit of the sinking fund.

**IOWA TICKET LAUNCHED**

Women Will Enter Actively in Class Politics This Year

Iowa ticket is the name of the senior class ticket. Election will occur Monday afternoon from 4 to 6 o'clock. The polling places will be announced later. Hand bills will be distributed among the voters early Monday. General election rules will hold for this class election.

The following people appear on the Iowa ticket: President, Lillian Prentiss; Vice President, Albert Wilcox; Recording secretary, Helen Grotwohl; Corresponding secretary, Romola Latchem; Treasurer, Violet Blakely; Class representative, Mary Huebner; Athletic representative, Ronald Reed.

This ticket is strongly approved by Mrs. Nellie S. Aurner, acting dean of women and by leading faculty members. The platform of the ticket is to "Carry On" and especially, the women pledge themselves to help with all war work this year and to carry on all policies for the good of the senior class.

**NOTICE TO STUDENTS**

Any case of sickness among students must now be reported to the office of Dr. Steelsmith, health commissioner of the University, telephone 526, or Mrs. Nellie S. Aurner, dean of women, telephone 2168. This new health ruling is designed to prevent cases of serious illness, and outbreaks of epidemics. It will be the duty of students at rooming houses and hostesses of rooming houses to report such cases.

This notice comes from the office of the dean of women.

**Y. W. MEMBERSHIP GROWS**

Outlook Is Favorable For Many New Members This Year.

Forty-four Y. W. C. A. triangles appear on the membership flag which hangs in the Y. W.'s new headquarters in Room 117 L. A. Building. As each triangle represents ten pledges, the total number of members is at least 440, of which 20 are faculty women. Although the campaign proper has closed, it is expected that within a month, the membership will number 600 strong. Many university girls who live in private homes throughout the city, were not personally canvassed, because their addresses were unknown to the membership committee. However, anyone who wishes to join, may sign a pledge card at the secretary's office. Business men and faculty members will be asked to contribute to the Y. W. fund, of which \$625 has already been promised.

**WANTS OF S. A. T. C. WILL BE SATISFIED**

Directors of the war camp community service canteen plan to sell one kind of home made food every afternoon. Recently, a homesick S. A. T. C. was heard sighing for apple pie and milk. We have his fairy god-mother's word that his wants will be satisfied tonight. The boys are not going to be allowed to forget what "food like mother used to make" tastes like if the women of Iowa City can prevent it.

University volunteer workers are not needed yet, Mrs. Volland states. It is not the policy of the W. C. C. S. to allow girls to sell anything to the soldiers. However, University girls may be called upon to help make sandwiches or similar work. The women are confident they can get all the assistance necessary at any time. For, one of them remarked "I have always got what I wanted when I appealed to the girls."

Ruth Rogers is entertaining her mother from Manning.

**CONVALESCENTS THINK COOKS ARE ALL O. K.**

If the old saying, "He who empties the plate must kiss the cook," were enforced, the women who prepared food for the convalescents at the law building would be overwhelmed with affectionate embraces (influenza masks and germs, permitting). The boys unanimously class the women A-1. No better compliment could be given than that of one soldier who, ignorant of how the cooking was managed, later remarked to one of the helpers what "goody good" cake he had eaten. "But," he added, "The worst part of it was I didn't have enough." Think of that! We heard authoritatively that said convalescent's portion was about the size of a before the war loaf of home made bread.

**TRAINED MEN NEEDED TO EDUCATE CRIPPLES**

An urgent appeal for trained men to aid in re-educating war cripples has come to President W. A. Jessup from the Surgeon General of the U. S. Army. Specifically, the communication asks for names and addresses of successful instructors or men in the draft, classified I-A for limited service, who would be willing to be inducted into the work of the division of physical reconstruction.

The letter states: "these instructors should be men of several years' experience in teaching one or more of the usual (technical, trade, or commercial) school branches, athletics, agriculture, and the fundamentals of the grammar school branches. They should have good personality and adaptability to new surroundings."

"In addition to experienced instructors we need also skilled automobile repairmen, telegraph operators, shoe repairmen, carpenters, sign painters, machinists, and artisans of many kinds, men of skill and maturity who can show others how to work at these trades."

Already reconstruction work is being undertaken in sixteen hospitals; but further extension is absolutely imperative, the surgeon general declares.

**SOCIETY AND PERSONAL**

The Humanistic society will meet Monday at the home of Professor Wilson. Dr. Thompson will read a paper.

Beneta Griffis of Tipton and Verna Tagge of Durant, a freshman last year, will be Home-coming guests at the Alpha Xi Delta house.

Helen Hayes has been appointed to succeed Romola Latchem as custodian of the Ranney memorial library.

Evalyn Marston is a guest of friends at the Pi Phi house and elsewhere in Iowa City. Miss Marston formerly taught domestic science in the Iowa City high school.

Florence Reynolds, freshman in 1916-17, is doing departmental teaching in the fifth, sixth, and seventh grades at Council Bluffs.

Delta Zeta announces the pledging of Ruth Tisdale of West Union.

Alma Kroeger, who is teaching English at Salem, is coming today to attend Homecoming.

Harold Keeley, a freshman L. A. last year, has been commissioned second lieutenant at Fort Sheridan. He is now instructor in connection with the S. A. T. C. at College Station. Ada Yoder, Alpha Xi Delta, is in the isolation hospital with influenza.

Joyce Brady began her work as a sophomore this week. Her return to the University was delayed by the serious illness of her mother.

Hilda Taylor is a new instructor in the English department and succeeds Hertha Stebbens as assistant chaperone at Currier hall. Miss Taylor received her M. A. degree here in 1909 and since then has been on the faculty of Jamestown College, North Dakota.

Gladys Wilson, a sophomore L. A. last year, is teaching at Harlan.

Caroline Madsen is teaching science in the high school at Weldon. She was a freshman here in 1916-17.

Alpha Theta announces the pledging of Isabel Naureth of Traer.

A band of 25 pieces is planned for the naval unit of the S. A. T. C., at the University of Wisconsin.

The mid-west debating league, consisting of Illinois, Michigan and Wisconsin, has agreed to suspend intercollegiate debating activities until after the war.

The young women of Cornell college are having military training; plans are being made at Central college, also, for drill for the girls.

The S. A. T. C. men at the University of Illinois are now permitted to engage in athletics events on Sunday. The golf course, the gymnasium, the gridiron, tennis courts and the baseball diamonds are open for their use.

Soccer football has been organized at Northwestern college, at Naperville, Ill.

The Y. M. C. A. authorities have a plan on foot by which they hope to give shows at the various barracks at odd times. These shows will consist of some popular moving picture comedy and will last for about fifteen minutes.

Official word has been received by Secretary LeSourd from Captain Robertson of the S. A. T. C. in which he states that the Y. M. C. A. is included within the campus.

F. T. McGill, secretary of the Knights of Columbus, who is in charge of one of the K. C. huts at Camp Dodge, is here with a view to opening up one here for the S. A. T. C.

Alpha Xi Delta announces the pledging of Katherine Dignan of Eagle Grove and Ethel Giffy of St. Louis, assistant at the City library.

Sunday morning, Gamma Phi Beta will hold initiation for Viva Barcaloux of Whiting, Grace Emery of Des Moines, Alberta Vasey of Grundy Center, and Frances Nelson of Dayton and Evlyn Babcock of Iowa City.

Marjorie and Virginia Boyd will entertain their father, a graduate of the medical school in 1893, and their brother over the week end.

Geraldine Greelis, Gamma Phi Beta, and a freshman in the University last year, is recovering from bronchial pneumonia. Miss Greelis has been teaching near her home at Dukerton.

Helen Evans of Ottumwa has returned to her work.

Etna Barr, Pi Beta Phi, entertained her mother and father from Manchester Saturday.

Gilbert Fredrick of Waukon writes from Scotland where he is in the submarine chaser service of the U. S. Navy, that he keeps his Iowa papers under his mattress and often rereads them. Frederick was a sophomore in the college of dentistry last year, but left in the fall for the Great Lakes Naval Training station.

Three of last year's alumnae: Veda Hindt who is teaching at Rinard, Charlotte Moody who is teaching at Dexter, and Edith Stewart of Ida Grove will be Home-coming guests at the Alpha Delta Pi house.

Robert Dethlefs, Sigma No, and junior in the engineering college has received his commission as second lieutenant.

**NEW RULING TAKES EFFECT**

A new ruling, requiring all women students who desire to leave the city for over night or the week end to present a written notice at the office of the dean of women, goes into effect immediately. The notice must be brought in at least twenty-four hours before the student leaves. Blanks may be obtained at the dean's office.

The blanks ask for the name, city address, the time of leaving, and destination of the student. The name and address of the hostess, the reason for leaving, and the probable time of return must also be stated.

**NEW RED CROSS QUOTA**

Nights when groups may work together at the Red Cross surgical dressing room can be arranged by communicating with Mrs. C. S. Grant. One sorority has already made plans to work Wednesday evening. The quota now is less than it has been, but fulfillment of it is urgent. 1080 pads, 600 five yard rolls, and at least 3000 masks are needed. The latter are necessary for school children who are required to have two.

**QUARANTINE IS DELAYED**

Inoculation Period Will Not Come Until After Homecoming

Contrary to reports that are circulating, the S. A. T. C. will not be subject to quarantine for inoculations for a week at least. No definite time for the "clamping of the lid" is ventured by authorities, but it is thought that the detention will not go into effect until after the Iowa Minnesota game at the earliest.

The men must recuperate from

their weakened condition resulting from attacks of Spanish influenza and pneumonia before inoculations can be thought of.

There will probably be three inoculations and vaccinations coming ten days apart. Inoculations will be for smallpox and the vaccinations will be for typhoid.

**MANY DAILIES AT OFFICE**

Students and Public are Permitted to Read Them Any Time

A good selection of metropolitan, country and college newspapers may be found on the rack at the office of The Daily Iowan and University news service in room 14, liberal arts. Students and the public in general are welcome to come in at any time and look them over.

Among the city dailies outside the state, the news service rack contains the New York Tribune, New York Evening Sun, Christian Science Monitor, and Kansas City Star. The Des Moines Register, The Sioux City Tribune, The Cedar Rapids Republican, and the Iowa City papers make up the daily list from the state.

The ruling of the war industries board preventing free exchanges has considerably lessened The Iowan exchange list. However such papers may be found as the Michigan Daily, Daily Cardinal of Wisconsin, Indiana Daily Student, Ohio State Lantern, McGill Daily of McGill University in Canada, University of Washington Daily, Daily Illini, Kansas Industrialist, Daily Texan, Yale News, Coe College Cosmos, Scarlet and Black, U. I. U. Collegian, and other small college publications.

### JONES SENDS TEAM THROUGH WORKOUT

being assisted by several old Iowa stars. Bunt Kirk a former All-conference tackle has been out all the week instructing the linemen in the finer points, and his coaching has already brought some gratifying results. Then, there is Obie Obrien, an All-Conference center and one of the best dropkickers in the west; he has aided in the developing the center of the line. Shrader, end on the West Point eleven, and former Iowa track star, has come out to help the coach in his task of molding a fighting machine. With the players doing their best and tutored by formidable staff of coaches, it looks as if the Hawkeyes have as good or better than an even chance to whip the Gophers in the Home-coming game.

### Y. W. C. A. MEETING

Y. W. C. A. alumnae business building doors will be open in the room at ten o'clock Saturday morning. The annual election of officers is to be held, and all alumnae Y. W. C. A. members are especially urged to come.

(continued from page 1)

### UNIVERSITY PLANS BIG HOME COMING

will be decorated in gala attire for the annual Homecoming event. Automobiles will be provided to take the alumni and guests around the University. Trips will be made to the new campus across the river, to the site of the new barracks and the childrens' hospital. Special intelligence officers will explain the new system of study, conduct, and the entire academic and military life will be explained.

The executive committee of the Iowa association will be held Friday evening. The following members of the association will be present: W. H. Bremer, of Minnesota, Will O. Pinkbine of Des Moines, Robert Banister of Des Moines, a former president of the association, J. J. McConnell of Cedar Rapids and Carl Kuehle.

### EXPEDITION PICTURES WILL BE SHOWN HERE

Maurice R. Ricker, official photographer for the Barbados-Antigua expedition which left here last April, returning in August, has notified Prof. C. C. Nutting that 7,000 feet of motion pictures have been developed. The films show pictures of street scenes in the islands, movements of birds and animals and the surf as it dashes over the rocks.

Five hundred still negatives taken on the expedition are clear and good and from these lantern slides are being made. Professor Nutting is at present working upon some of these slides in his laboratory.

Both the motion and still pictures

will be shown at the University sometime during the year.

### MUSEUM IS USED FOR SUPERVISED STUDY

Girls May Use Library Until 7:30 May Study in Nutting's Laboratory Later

Supervised study hours for S. A. T. C. men in the college of Liberal arts are now being conducted in the museum on the second floor of the hall of natural science. Every man who has a free hour and is not detailed on some other work is expected to appear there. This room which has a seating capacity of 230 will also be used at night in addition to the general library which holds 320. One or more members of the faculty will be present at all times to take charge.

Now that the quarantine is over the girls will also have the privilege of the library at night, but they will do their studying after 7:30 in Professor Nutting's laboratory in the basement. Library assistants will probably be stationed there, so that they will have no difficulty in getting the books that they wish.

The following guests are expected at the Gamma Phi house for Homecoming: Marriane Ashford of Cedar Rapids, Helen Bergman of Newton, Eva Wright of Iowa Falls, Chloris Waterbury of Des Moines, and Florence Dennison Quigley L. A. '6

Hesperian literary society will meet this year in the University club's rooms. The first program meeting will be next Tuesday at the home of Mrs. Aurner.

The literary societies met last night, Erodelphian at the home of Mrs. Aurner's Athena at Alice Draystedt's and Octave Thanet at Ethel Verry's home.
