THE IOWA-DODGE GAME RESULTS 0 TO 0

UNIVERSITY GIRL WILL DO CANTEEN WORK IN FRANCE

Olive Gwinn, Senior in Liberal Arts Leaves Tonight—To Sail Soon

WILL TRAIN IN NEW YORK

Made Application for Overseas Work In August—Will Stay Six Months or Year

A University girl will go to France. Olive Gwinn, a senior in liberal arts, has the honor of being the first woman student from Iowa to go into overseas work. Instructors, alumnae, and former students represent the women of the University of Iowa in France, but Olive Gwinn is the first girl student to win the much coveted privilege.

Miss Gwinn will leave tonight for New York where she will take intensive training for a week or two before sailing. She will do canteen work. Miss Gwinn received word on Friday that she should come to Chicago immediately. Her military clearance was given her on Oct. 17, and she received her passports at that time. She experienced no difficulty, she declares, in securing her passports.

Application for canteen work was made by Miss Gwinn in August. She signed for a year's work, but it may be that she will be overseas only six months.

Miss Gwinn entered the University in 1915. Last year, when a junior, she spent at the University of Alberta in Canada. While there she had experience in social work with the orphans at the Children's Shelter home. She would receive her degree here at the June convocation.

The home of Miss Gwinn is in Leon, and she was graduated from the high school at that place.

HAWKEYE PLANS BEGUN

Cooperation of Students Urged—Call for Pictures to Be made Later

Plans for the "Victory Hawkeye" are already under way and it is the expectation of the new management to start work in a very short time. Appointments to the staff will probably be made within the next two weeks, so that active work may be begun immediately.

The editor, Mary Rice, and business manager, Grace Altshuler, urge the cooperation of students to make this year's Hawkeye all that a victory Hawkeye should be. Any contributions will be welcomed.

Of most importance at present is the matter of pictures for which a call will be sent at the earliest opportunity. It has been customary for a special inducement to be offered for the photographs which are handed in before Jan. 1. More definite particulars about this will be given out later.

Ruth Tisdale's mother from West Union is visiting at Currier hall.

Violet Blakely's mother and father from Fort Dodge are visiting here.

Margaret Dolliver, sophomore, is visiting at her home in Fort Dodge.

AUDREY MILLER DIES

News of the death of Audrey Belle Miller daughter of Mrs. W. M. Miller, of Seymour, reached Iowa City yesterday. Death came after a prolonged illness, as a result of heart trouble.

Miss Miller was for two years a student in the University, but was unable to resume her work this year on account of ill health. She is survived by her mother, two brothers and three sisters.

Arrangements for the funeral which will be held in Seymour, have not been completed. Mrs. W. E. Hays, a sister with whom Miss Miller made her home while in Iowa City was at her bedside when death came. Professor Hays left yesterday to attend the funeral.

FRATERNITY HOUSES MAY BE REOPENED

Negotiations Under Way With Local Real Estate Men For Desirable Quarters

The fraternity situation at the University is still somewhat unsettled. Orders from the war department disbanded the S. A. T. C. and removing the ban on reek letter societies were received so suddenly that no definite arrangements have yet been made.

Group meetings are being held today to discuss plans for rushing and the question of re-opening fraternity houses. It is probable that all houses formerly in use will be re-opened immediately. Representatives of various fraternities have been negotiating with real estate men of the city for this purpose.

The problem of the houses now in use as women's dormitories is still unsolved. Should the fraternities again take possession of these, cottages may be taken over by the University for the women. Mrs. Nellie S. Aurner, dean of women, favors the cottage system.

Fraternities are beginning to resume their social activities. One of the first parties was a dinner given at the Jefferson hotel Saturday night by Sigma Pi.

SEVENTY-FIVE GIRLS AND ONLY TWO MEN

About seventy-five girls attended the hard times party given by the Y. W. C. A. in the liberal arts building Friday evening. The awkward squad won the prize for stunts.

During the evening two lone men wandered into the assembly of strangely attired damsels and immediately flight was in order. At last a heroine came to the rescue by asking them if they would kindly move on since a girl's party was in progress.

MISS HAEFNER IS Y SPEAKER

Ruth Haefner, county food demonstrator, will be the speaker at the Y. W. C. A. Wednesday afternoon. National World Relief week begins tomorrow, and Miss Haefner's talk on "The World, Mr. Hoover, and You," will deal with the opportunities for University girls to help in the work of relief for the world during the beginning of the reconstruction period.

BOARD IN BARRACKS AT COST POSSIBLE

University Now Planning to Take Care of Men Demobilized From S. A. T. C.

Men of the University may be able to receive board and room at cost next quarter, in the barracks now being completed. An inquiry is being made to determine whether a sufficient number are interested in the prospect to make it successful.

Freshman S. A. T. C. men met with Dean Kay and Dean Rienow yesterday. When the material gathering at this meeting is organized the approximate number of men who will return to school next quarter will be known. Courses can then be planned so that men may register as they would in September of an ordinary year, and may be enabled to enter as full sophomores next year. The 8 o'clock schedule, with afternoon classes beginning at 1:10 will be used next quarter.

The papers for the demobilization of the S. A. T. C. have not been received at headquarters.

GLEE CLUB NOW ORGANIZED

Fifty-Two University Women Have Been Selected by Prof. Hays

Prof. W. E. Hays has finished the organization of the Women's Glee club. It is made up of twenty-two sopranos and twenty altos. The members of the Glee club are as follows:

First sopranos: Vivienne Coady, Lake City; Ruth Rowland, Iowa City; Julia Wade, Iowa City; William Willets, Des Moines; Alyce Cochran, Iowa City; Blanche Miller, Sioux Falls, S. Dak.; Alice Hinkley, Keokuk; Vesta Meredith, Atlantic; Rosalind Jenks, Prairie City; Edna Price, Monte Vista, Colo.; Margaret Brady, Fort Dodge; Marie Colfax, Fulton, S. Dak.

Second sopranos: Mona Goodwin, Manchester; Winifred Bussey, Sioux City; Lillian Neff, Davenport; Corinne Hamill, Iowa City; Kathryn Flynn, Waterloo; Lucille Arnold, Independence; Regina Des Jardins, Denver, Colo.; Alice O'Reilly, White, S. Dak.; Beatrice Gates, Pierre, S. Dak.; Josephine Gage, Sabula.

First altos: Margaret Dolliver, Fort Dodge; Valliere Decker, Kadoka, S. Dak.; Clarice Knudson, Jewell; Elizabeth Engelbeck, Des Moines; Jean Speirs, Rembeck; Irene Whittaker, Washington; Helen Hays, Sioux City; Ferne Chittenden, Victor; Alleene Davis, Sutherland; Margaret Stotts, Chicago, Ill.

Second altos: Dorothy Kelly, Oskaloosa; Ada Yoder, Kalona; Sadie Whitney, Rock Rapids; Florence Pascoe, Albia; Margery Heberling, Iowa City; Alberta Metcalf, Nichols; Isis Kinser, Promise City; Ardis Woodard, Leon; Sarah Conn, Ida Grove; Mary Hughes, Sutherland

The Y. M. C. A. and K. C. huts are to have a quiet week end. The "Y" gave a mixed program last night—moving pictures, reading and an Indian club act. Bible classes will meet at 9:30 this morning, after which there will be open house for the rest of the day.

CITY QUARANTINE ON AGAIN

Iowa City goes under quarantine again Monday morning. Schools, churches, and movies will close indefinitely. This was decided at a meeting of the city board of health last night. The University will not be affected directly by this ruling.

The number of influenza cases has increased so steadily for the past three days that after a full day's deliberation the city officials voted in favor of another period of quarantine.

In the University most of the new cases are among the women. Few cases reported to Dr. D. C. Steel-smith are of a serious nature. Rumors concerning the closing of the University are ill founded for no action has been taken by University authorities.

DEAN SEASHORE AT ANNUAL CONFERENCE

Attends Meeting of Association of American Universities at Cambridge, Mass.

C. E. Seashore, dean of the graduate college, has gone to Cambridge, Mass., to represent the University of Iowa at the twentieth annual conference of the Association of American Universities at Harvard university, Dec. 4 and 5. This conference was held in Iowa City last year. The association has a membership of twenty-four universities.

The lectures and discussions will stress the big things such as organization and international relationships of colleges and universities, effect of war on education, future place of humanities in education, problems presented by the S. A. T. C. and future military training of students.

A conference of women delegates under the auspices of the committee on war service training for women college students meets at Radcliff's the date to be announced later.

The conference will close with a meeting at the Massachusetts Institute of Technology under the auspices of the Society for the Promotion of Engineering Education, with the members of the British mission attending. Interesting features of this division of the conference will be discussions on the liberal element in education; effect of the war on education, and the organization of technical education in the United States.

TEN COUNTIES REPRESENTED

Twenty-six foreign students representing ten different countries have enrolled in the University this year.

The Philippines Islands are represented by ten students. One graduate, eight liberal arts, and one engineering student.

China has five representatives, one is taking engineering and four are taking liberal arts. There are four Japanese students; one is in the college of medicine and the others are all studying dentistry.

France is represented by Mademoiselle Jeanne Terraz. India, Korea, Bulgaria, Armenia, South Africa and Puerto Rico have one student from each.

HAWKEYE-DODGER GAME RESULTS IN A SCORELESS TIE

Iowa and Soldier Eleven Fight Stiff Contest—Belding's Punts Beauties

KELLEY IS INDIVIDUAL STAR

Game is Played Continuously in Camp Dodger's Territory, Says Iowan Writer

(Special to The Daily Iowan) Des Moines, Nov. 30.—Fighting from start to finish, Coach Jones' Hawkeyes held the Camp Dodge fast eleven to scoreless tie in one of the most sensational games played in the entire season in Iowa. The game resolved itself into a punting duel with Belding starring.

At one point in the game, Iowa smashed through the Dodgers to the one yard line where they lost the ball on a fumble. The game was full of such features. In the third quarter Iowa advanced to the Dodger ten yard line only to lose the ball again. Four passes failed.

In the final quarter of the game, the Hawkeyes took up the fight with renewed vigor and marched to the eight yard line. From there Kelley missed a drop kick. Kelley was the individual star of the contest. Lohman, Scott, Donnelly, and Captain Reed also shone with their accustomed brilliance. The whole line played a star game.

Iowa outplayed the Dodgers throughout the entire contest. Practically the whole game was played in the Dodger territory. A sensation of the game was Belding's run for 40 yards on a fake play.

The Camp Dodge team fought a hard game. With only one day to recover from their fray with the Funston team, they did remarkably well.

Walter Eckersall, Chicago Tribune sports writer, was referee at the game. Other noted officials were there including Major Crawford of West Point as umpire.

JUNIORS ATTENTION

Juniors should make appointments to have their Hawkeye pictures taken at once. The price of the cut this year will be \$1.25 before December 21. After that date it will be advanced to \$1.50. The Hawkeye, due to unavoidable conditions is late in getting started this year, and the hearty cooperation of all juniors and organizations is requested in order that the Hawkeye may be in the hands of the publishers at as early a date as possible.

CLASS FOR NURSES JAN. 6

Mary C. Haarer, superintendent of nurses, expects a class of probationers Jan. 6 for a special preparatory course of three months designed to meet the war needs. The first class of this kind which is modeled after a similar plan at Vassar was completed with good success last summer and is to be permanent. A few students will graduate in February and a large class in June.

"I have never had a policy. I have simply tried to do what seemed best each day as each day came."—Lincoln.

ARE YOU A QUITTER?

Young man, are you going to be a quitter? Now that the war is over and you are no longer subject to draft are you going to forget the zeal for study that came upon you last September when you chose to enter the University rather than to await summons with other registrants.

You came to the University, many of you who had never attended here previously, that through study you might attain a commission in the army. The University could help you then. Now that its benefits are farther removed, your interest has flagged.

You have not liked it here, always. Everything has not been agreeable. But this has been War. Neither has the University administration liked it or the faculty or the women students for that matter. They have suffered too by frustration of plans, limitation of authority, and a hundred handicaps. But they have simply acquiesced.

There are many men here who are mature, who have left remunerative positions to be in the S. A. T. C., and it is quite natural and proper that they should return. But there are great numbers of young chaps who need a college education if they are to survive the ever-increasing competition in the world of business. Just because life in the Students' Army Training Corps has not been a bed of roses, they are ready to quit now. They do not see that it was no fault of the University that they could not get the full benefit of their academic courses. Everything that could be done to make University life beneficial and normal was done. It takes no great vision to see that.

You came here, supposedly for a college education, not to escape life as a private in the army. You came here to further your training that you might be a better citizen of your country. If you go home, it will be interpreted in the wrong light. Without a legitimate and pressing excuse for leaving the University, persons will suspect a yellow streak in your makeup.

THE NEW UNIVERSITY

German universities have suffered a staggering blow because of the war, and a new era has opened for American schools.

Before the war German universities were great centers of learning, and scholars from all over the world went there to receive their degrees. Many well known professors in this country have finished their work at the University of Berlin.

Within the last few years, American schools have been improved and enlarged, and the American univer-

sity of today occupies a much higher place in the world's estimation than the one of ten years ago. The "made in America" movement started in the schools of the nation first of all, and improvement was made in educational institutions with characteristic American speed.

For several years immediately preceding the war, our scholars were learning to stay at home to take their degrees, and perhaps if the war had not come the present condition might have come about eventually. But it would have been slow.

We are inclined now to feel that anything extolling the Germans is propaganda, and in the case of German educational superiority we may indulge our feelings. We were systematically taught to admire the German schools and to give them perhaps the highest place in our esteem. Exchange of professors with the University of Berlin became a common practice, and professors with German degrees were given extra regard by the American public.

One of the great things which the war has brought about is our increased respect for home products. From now on we shall keep our scholars at home in our own unsurpassed schools. Truly it is a new era for American universities.

OLD KING WINTER

It is a sure sign—as sure a sign of winter as the first robin is of spring.

What? The first tumble of the season, of course.

Maybe it was the icy walk, maybe it was weakness from over-indulgence on Thanksgiving day. But anyhow, someone lost her equilibrium and attempted to sweep up the snowy sidewalk with her person.

And, concluded the spectator, winter has surely come. For this is a better sign than even the sight of red flannel peeping out of cuffs.

LAUGH

Man must be amused. His craving for a laugh is one of the most prominent marks of distinction which differentiates him from the lower animals. In fact, some men would not be human if they did not laugh. Others are termed "inhuman" because they lack this saving grace—a sense of humor.

Consider Charles Chaplin, who is said to receive a fabulous salary, all because he can grin tears to the eyes of the low-brow. Doug Fairbanks—idol of the women—draws his salary because he can go anywhere and can make folks laugh.

Let a minister gain the reputation of being humorous, and his flock will increase ten fold. It is the seriousness of church going which frightens most of us.

And another proof that the hearty laugh is the mark of a human being is the utter astonishment experienced by the Germans when they see the American soldiers laugh.

Laugh, and be human.—The Daily Iowan.

WOMEN HAVE SING THURSDAY

The War Camp Community service will hold a sing for all women of the University and city in the natural science auditorium Thursday evening, Dec. 5.

Detailed plans are being made and it is hoped that all the women will attend and make the sing a great success. The program and full particulars will be given in Tuesday's Iowan.

LE SOURD TO GO TO OMAHA

Secretary Le Sourd of the Y. M. C. A. will leave Thursday for Omaha where he will attend a meeting of Y. M. C. A. student secretaries. Besides Iowa six states will be represented at the conference.

Marie Kellog, 502 Iowa avenue, has gone to her home in Cedar Rapids for the week end.

What do you want in clothes?

YOU want something more definite than just "a suit" or "an overcoat;" you don't buy even a cigar that way; you pick and choose and get what suits your taste.

In clothes you want looks and fit, color and pattern and weave; the obvious things that you can see. The important things, however, are the things you cannot see.

Hart Schaffner & Marx clothes offer security in the hidden parts; all-wool fabrics, high class tailoring, correct style; and an assurance of your satisfaction, or your money back.

WOMEN MAY HAVE USE OF GYMNASIUM SOON

Some Changes Must Be Made In the Building Before It Is Ready for Classes

The women's gymnasium will probably be restored to feminine reign by the opening of the new year.

If the S. A. T. C. is demobilized as rapidly as is expected, all men will be out of the building by Dec. 21. This will give time for tearing up the temporary floors and getting things in condition for re-occupancy by the department of physical education.

J. M. Fisk, superintendent of grounds and buildings, says no definite plans have been made. It may be decided to get the men out of the children's hospital or the engineering building first, but everything will probably be normal by Jan. 1.

Dean G. F. Kay, in an interview yesterday, said, "I see no reason now why the women should not have the use of their building by the beginning of the second quarter."

Classes in physical education are still taking walks as the snow has made hockey impracticable. One instructor expressed delight at the prospect of a return to normal conditions, with the accompanying greater degree of control over her students.

TRAMP TRAMP TRAMP IN ISSUED ARMY SHOES

Boots, boots, boots!

Thick, broad, clumsy, stiff, earth-crushing, hob-nailed, army boots! Boots which squeak and slide and rap, which descend on all about with the force of stone, which leave their imprint on many a nice polished floor; boots which have stood on parade and splashed through mud and snow; boots which have sent many a rookie to bed with aching toes.

"What am I most thankful about?" queries a youthful student soldier. And with a deprecatory glance at those noble understandings which are most beautiful when they are small, he smiles ruefully. "Great Scott, just think, in a few weeks from now I won't be wearing these issued shoes." Then, half closing his eyes, he dreams of neat patent leathers at the bottom of his trunk.

It would be safe to say that this same vision is making most of the S. A. T. C. men to be "tickled to death."

Incidentally,—here's a secret—so are the girls. Maybe dancing will begin to be a pleasure again.

SHORT COURSE FOR FAIRFIELD MERCHANTS

The extension division of the University will put on a short course at Fairfield, Dec. 3 and 4.

This course is given under the direction of the Commercial club at Fairfield. Its purpose is to acquaint the business men of that city with the work which the force of the Bureau of Business Administration is doing. It is designed to bring the merchants in touch with all the later developments in the field of retail merchandising as well as developments in the field of town building.

Send The Iowan home.

WHO SWIPED THE ROASTER

Some Girls Would Be Duly Grateful If It Would Be Returned

Will the person or persons who feloniously took the turkey and turkey roaster from the refrigerator of a sorority house Thursday night please return the roaster and no embarrassing question will be asked?

The girls did not object so much about the loss of the turkey but they would have thought more gently toward their visitors had they had the presence of mind to have brought along some means of conveying away the loot. The girls may have only one turkey a year but the roaster is necessary for the occasion.

The cleaning of the pantry shelves it might be added, was hardly necessary as the act had been efficiently done the first of the week. The

house committee neglected to post notices to inform the hungry night walkers of the fact.

Katherine Taylor of Sac City visited at the Alpha Chi Omega house Thanksgiving.

Faith La Bounty of Charles City is visiting her sister Gazelle at Currier hall. Rena Parr and Elizabeth Sealbach also of Charles City are guests of Jennie Parr at Currier.

Glenava Kloppling of Currier is entertaining her mother from Newton.

CONFERENCE THIS WEEK

Extension Division Will Assist in Securing a Good Program

The fifth annual conference on supervision, which will be held here Dec. 5, 6, and 7, will be under the direction of the college of education, in co-operation with the extension division of the University. Many high school and grade principals, city and county superintendents and school supervisors are expected to attend.

The program this year is said to be exceptionally strong, and one that will be of practical assistance to school men and women of the state. Peter Sandiford, professor of education at the University of Toronto, who was so much appreciated at the last conference will be here again this year.

M. C. Potter of Milwaukee, Wis. E. E. Oberholtzer of Tulsa, Okla. and S. O. Hartwell, of St. Paul, Minn. are three of the city superintendents who will hold important places on the program. Dr. L. D. Coffman, of the University of Minnesota, and C. H. Judd, of the University of Chicago, will give lectures on their work.

Round tables for the different superintendents and principals will be conducted by E. J. Ashbaugh, who is in charge of the educational service of the extension division. Other important school men of the country will give talks.

MORE NEW BOOKS IN LIBRARY

Several new books were put into circulation yesterday in the University library. Some dealing with objects of historical or geographic interest are: "The Virgin Islands Our New Possessions and the British Islands" by Theodore de Booy and John T. Faris; "The Incas of Peru," Sir Clements R. Markham, and "The Relations of the United States and Spain" in two volumes by F. E. Chadwick. Other timely subjects are "The Secret of Distinctive Dress," Mary Brooks Picken; "The A B C of Exhibit Planning," Evert G. Routzahn, "Income and Federal Tax Reports," John A. Collins; and "Organized Banking" by Eugene E. Agger. The library has also several new books on Russia.

E. G. Schroeder, director of physical education, has returned from Princeton university where he completed a two weeks' course in calisthenics bayonet work.

SOCIETY AND PERSONAL

The Alpha club entertained friends at a dinner Thanksgiving day.

Ralph Yepsen, Co. B, S. A. T. C., who has been an influenza patient at the University hospital has recovered and was discharged Thursday.

Foster Thomasson, Co. E, S. A. T. C., who has been for some time at the University hospital convalescing from the influenza, has been discharged temporarily, in order that he might spend Thanksgiving at home.

Prevented by bad weather from carrying out their plans for a joyous Thanksgiving out of town, fourteen nurses at 19 North Gilbert street, enjoyed a sumptuous dinner of turkey, "n'everything" and completed their celebration with a theatre party.

Blanche Gross McGovern, who has been ill with influenza at Davenport, is improving.

Lieut. Tom Lichty, a former student, is visiting in the city. Lichty received his commission at Camp Hancock.

Julia Wade has gone to Des Moines for a short visit.

Harriet Franker and Lillian Ten Eyck, 403 E. Jefferson street, have the influenza.

Mrs. Edward M. Smith and Dorothy Smith of Winterset are visiting with Ruth and Marian at the Tri-Delt house.

THE SPIRIT OF THE TIMES

CO-OPERATION—SERVICE—SELF-SACRIFICE

Through the request of the government the banks of the country are refusing to make certain classes of loans, for by so doing it would retard our efforts in this world war; these banks are making a sacrifice of business and profits.

In order to increase the purchasing power of the money in the U. S., the government wishes to keep it at work all the time, and to accomplish this result recommends that settlement on open accounts be made in full every 30 days.

Beginning September 1, the members of the Iowa City Credit Bureau placed their business on a 30 days basis, and feel assured that our customers will approve of our action in this matter, and will co-operate with us to the full extent of their ability, that the wishes of our government for conservation of our resources may be fully met in the spirit of patriotism and self-sacrifice that the times justify. Help win the war by paying your accounts in full every thirty days.
