DEAN RAYMOND ATTENDS MEETING IN THE EAST

W. G. Raymond, dean of the college of applied science, last night was in Cambridge, Mass., where he attended a meeting of the Massachusetts institute of technology. David Raymond will represent this University in the meeting for the promotion of engineering. He will stop at Washington on his way to Cornell to other business for the University. He intends to be gone about ten days.

It's all right to dream. But old days dig away and sometimes our studies, our dances, our new friends have little place for real emotion and genuine service in making. It's all right to build castles in the air. The job before you now is to put a foundation under them.

**JUST COURTESY**

Two words or perhaps, the words we never know what it was, but we're hopping along the street in a rather uncomfortable way. Impudence and will, with no apparent effort to get anywhere in a given time. Down the side walk come three girls, chatting among themselves and pay no attention to the approaching group. Ruddily someone is in the bunch—It didn't occur to him to lead the conversation, "Hey right!" Every man shared the order and the girls were forced to extend to that form of greeting until they had passed.

Another group of men (perhaps it was the same one) were trifling with the same manner and again passed a group of girls on the street. The girls were paying absolutely no attention to them. This time left out not only "gave them the once over" but hurled at them such choice sayings as, "Oh, you kiddo," "Hello man," and "Get a dance tonight!"

It's a little thing—this matter of courtesy. But to the man of college age it's a very noticeable feature. These women in both instances were University women (which made little difference), and as such, they should command the respect of University men.—The Daily Iowan.

**B. I. F. F.**

The following effort must be blamed on Colonel Wise, the usual perpetrator of B. I. F. F., who gained, responsible for more than enough already. Some contributor who knows too much to sign his legal (or so he thought) pen name as W. S. P. and is alone to be rechristened. As the girls will see:

**THE SPIRIT OF THE TIMES**

CO-OPERATION—SERVICE—SELF-SACRIFICE

Through the request of the government the banks of the country and reducing to make simple changes of life, for by so doing it would ensure our efforts is the world war. These banks are making a sacrifice of business and profits.

In order to increase the purchasing power of the winter in the U. S. the government wishes to keep it at work all the time and to accomplish this would recommend the following settlements to open account:

Beginning September 1, the members of the Iowa City Credit Bureau placed their business on a 60 days basis, and now assured that our members will appeal to us at all times, for the period of settlement.

IOWA CITY CREDIT BUREAU

20 of Iowa City's leading prosecuted firms are members.
NO MORE FOURTH MEAL

Mrs. Francis Whitley, state chairman of federated clubs, made the following statement at a recent club meeting: "How can anybody of intelligence, women with human hearts enjoy food which is neither heeded or desired, for the sake of social pleasure—when millions are starving."

There has been no authority given for the reestablishment of the fourth meal. It is hoped that if any club or society in the university has failed to observe the fourth meal rule they will cease to do so from now on.

America is not yet mustered out of service. The war has only begun the hybrid struggle for freedom. Americans must "carry on" the War Relief Campaign.

Famine is the mother of anarchy. Anarchy is the beginning of bolshevism. Bolshevism if not conquered, may easily spread to America. Real peace and good government cannot be restored until people are fed.

RUTH HAEFNER
Home Demonstration Agent

Prof. R. A. Kuever was in Chicago on business last week end.

W. S. Hemping, a senior in the college of pharmacy, has returned to school from his home in Cole, Iowa, where he has been recovering from pneumonia.

Lieut. Gail Oaks who recently received his honorable discharge from the service has left for Waterloo where he will visit friends.

Lieut. Roy Burns has arrived in the city from Camp Dodge. He was second officer at the camp to be mustered out of the service.

Captain Jesse Beer has been transferred from Vermillion, S. Dak., where he was connected with the S. A. T. C. unit established at the state university to Fargo, N. Dak.

Prof. Ralph Chaney of the geology department held classes today after a slight illness.

Esther Butler of Estherville is pledged Alpha Chi Omega.

Mrs. Curtin of Decorah is visiting her daughter Louise a few days.

Pauline May of Cincinnati visited Nina Shaffer over the weekend.

Gladys Backer of Northwestern university spent the weekend here and attended the officers dance Friday evening.

Alveda Markle, an instructor in the department of French, is ill with the influenza.

The commonwealth of Iowa went over the top in the recent Liberty Loan drive and it went over ahead of the other forty-seven states of the Union.

Today Iowa is behind the game in the amount of War Savings stamp pledges that have been redeemed. The men in charge of the W. S. S. drive are putting the delinquency up to the people of the state. Homes are not being canvassed. Citizens are asked to subscribe freely for the sake of the boys who died to save the world for freedom.

It's up to you.

Buy your stamps now.

VENUS PENCILS

These famous pencils are the standardized writing instrument of the world. Use no other pencils. VENUS pencils are the best.

day and night.

BASKETBALL TEAM HAS

RECEIVED NO COACH

No basketball coach has been se•

ured yet to fill the place left vacant by Coach Henry R. Reim that has taken charge of the basketball squad at the university of Wisconsin.

Coach Jones will leave Friday for Chicago to arrange for both the football and basketball schedules for the following year. It is probable that the schedule for basketball games will start at once. Owing to the demonstrated excellence of the N. S. T. C. C. in definite knowledge can be se¬

ured as to material available for the team. However it is practically assumed there are enough of last year's players to form the nucleus of a strong team.

DRAMATIC CLUB TROUPE

The Dramatic club will start activi¬

ties this week. Future plans will be made as soon as the N. S. T. C. C. determines the number of members of the Dramatic club to be in the N. S. T. C. C. Troop will start sometime next week.

OLD FRIEND DOBBEL IS AGAIN POPULAR

We wake with a start! Want is the sound that parades the land, a gentle whisper, now deep and distant, now running up and down the scale in a thunderous symphony we think of a day when it was a little fanfare—now we are stricken and the coldness of the day settles upon us. We are too late, and only rolling our eyes and gazing at our hand.

For the fin abounds and Dr. Oin¬

klen has removed. Retropythyl is

saturated on handkerchiefs; out¬

put and appetite are taken in quan¬

tities by people in rugged health; and the snares are set out of countenance to be about the neck in a small ball as a preventative of the dreaded Cold. All are frightened, but few are dangerously ill. The fit is again on, and once more we have a taste of the peaceful home life of our ancestors before the invention of the movie.

SOCIETY AND PERSONAL

The Iowa City Fine Arts association has planned to hold a meeting of the board this evening to arrange for the plans for the coming year. Owing to the large number of the board the meeting has been postponed until all will be able to attend.

Gail Lewis has been spending the holidays at her home and the house of her friend Ensign R. M. Deppe at Solon.

Dr. Stephen N. Fellows is repre¬

sented the third picture, that of

Rev. S. F. Smith, president of the University of Iowa in 1867 and was associated with the institution for twenty years. The portrait of Dr. J. L. Plecker, who was pre¬

sident of the University from 1878 to 1887, was presented by a student of the State Historical society.

Mrs. Virginia Slagle Berryhill presented the third picture, that of

Rev. S. F. Smith, president of the University of Iowa in 1867 and was associated with the institution for twenty years. The portrait of Dr. J. L. Plecker, who was pre¬

sident of the University from 1878 to 1887, was presented by a student of the State Historical society.

Mr. and Mrs. Robert Spencer presented the portrait of the late Dr. Oliver M. Spencer who was president of the University of Iowa from 1878 to 1896.
