STUDENT GOVERNMENT WARMLY ADVOCATED BY HONORARY CLUBS

Plans Laid for Drawing up Constitution for Student Council at Mrs. Aurners

PLAN ALL-UNIVERSITY DAY

Societies Assume Responsibility of Declaring That no Class Elections Shall be Held Until Machinery for University Day is Ready

Student self government was warmly advocated by the two senior honorary societies, Staff and Circle and A. F. I., at a joint meeting Thursday evening at the home of Mrs. Nellie S. Aurner, dean of women.

The meeting appointed a committee to draw up the framework of a highly flexible constitution for a studen tcouncil, the chief problem of which will be provision for equable representation of all colleges of the University. Establishment of an All-University Day for the election of all class officers, delegates to the student council, the chief problem of on The Daily Iowan and Hawkeye boards, student representatives to the social committee, and to other positions as may be found desirable, was advocated, and the two societies assumed the responsibility of declaring that no class elections or college elections of any sort shall be held until the machinery for an annual All-University Day of this nature can be devised and set in motion.

To Draw Up Constitution

Don Nasby, president of A. F. I., was named chairman of the committee which will draw up a constitution for the proposed student council and present it, together with a system of representation, to another meeting of the two societies which will be next Thursday evening at the home of Dean and Mrs. George F. Kay. The other members of this committee are Julia Wade, president of the Women's League, Leon Brigham, Margaret Hayes, president of Staff and Circle, Ray Clearman, Grace Altschuler, and Helen Grotewohl.

At the meeting next week it is expected that plans for the All-University Day for election will be consumated. The same or another committee may be delegated to draw up the regulations governing elections, arrange with the administration to set aside a time when no class will be held which may be given to balloting, and control the elections this year until the student council, to be chosen at this time, can be organized. Next year control of elections would be in the hands of the council.

Deans Favor Plan

George F. Kay Dean of the college of liberal arts and Robert E. Rienow Dean of men, both of whom were present at the meeting Thursday night, expressed their sympathy with the movement for student self government. Both made the point that no effort should be made in the preliminary organization and constitution to define or limit the powers which the council should enjoy, but that the constitution should be expressed on such a broad basis that the council might work out its own future, assuming from time to time such powers as the administration might delegate to it. If it should

(Continued on page 3)

RECORD "I" TICKET SALE

Total Count Surpasses Banner Year By Majority of Over 200

Season "I" tickets are selling with a new impetus since the Iowa-Nebraska game.

Over 2200 have been sold to date, which is a gain of 200 over the sales of 1917, the banner year. This is remarkable since tickets of former years sold for five dollars while the present price is eight.

Authorities have begun to speculate on the probable difficulties they will have to encounter in seating Iowa supporters at the basketball games. Former and smaller crowds have filled the armory to its capacity.

SELF-GOVERNMENT AT NEW MEN'S DORM

Some Rooms to be Opened Within a Few Weeks

DIVIDED INTO 4 SECTIONS

Committees of Five Chosen by Students—Chairman of Each Committee Appointed by Rienow

Control of the government in the new men's dormitory will be nitrusted to the students themselves,, according to a statement made by Robert E. Rienow, dean of men. The dormitory is divided into four sections, each of which has a student council composed of five men with a chairman appointed by Dean Rienow. The others will be chosen by the occupants of each particular section.

To these committees will be intrusted the supervision of the dormitory and the enforcement of its rules. In return they receive special rooms with added conveniences. M. J. Ream, B. W. Robinson, D. A. Davis, and John Heldt are the four chairmen appointed by Dean Rienow.

According to reports from men who live there the dormitory is a huge success. The rooms are spacious and well furnished, and have all the comforts to be desired. Meals of excellent quality are served cafeteria style, under the management of G. A. Joiner, who formerly had charge of the Jefferson coffee room.

At present nearly all rooms in the dormitory are occupied, but with the completion of the section now under construction there will be a number of them unoccupied.

MR. HART IS RESEARCH ASSOCIATE IN SOCIOLOGY

Hornell Hart of The Iowa child welfare research station has returned from Newton, Iowa, where he gave an address on the work of the station to the parent teachers association. Mr. Hart is research associate in sociology, having recently come to the University from Cincinatti where he was engaged in sociological research with the Helen S. Trounstine foundation.

In 1913 Mr. Hart received the degree of master of arts from the university of Wisconsin, and was later civic secretary of the Milwaukee city club. He has produced statistical studies of a number of problems related to child welfare, especially on the subjects of poverty, delinquency, and recreation. During the year he will make a comprehensive compilation and analysis of data, bearing upon the social and economic conditions affecting Iowa children.

IOWA FANS MAY SEE ILLINOIS GAME PLAY BY PLAY ON CHART

Miniature Old Gold Football Will Show Movements of the Game as Played at Illinois

CHARGE FEE OF 25 CENTS

Reports Will Be Phoned Direct to Natural Science Auditorium By Leon Brigham Whom the Board is Sending to Urbana.

Play by play reports of the Illinois game next Saturday will be phoned directly from the Illinois field to natural science auditorium by Leon H. Brigham, sports editor of The Daily Iowan, whom the athletic board is sending to Urbana with the team. In conjunction with these reports which will be announced to the audience, a chart large enough to be seen from anywhere in the auditorium will illustrate the plays. An admission fee of twenty-five cents will be charged.

A diagram of the field will be marked off on the chart and a miniature Old Gold football will show the movements of Iowa's ball. Another ball will be operated to mark Illinois' plays.

By telephone conversation many interesting sidelights of the game can be given that would have to be omitted in a telegraphic report, Mr. Brigham states.

The athletic board announces that its intention is not to make money, but to give the best possible service to the followers of Iowa's team. Admission is charged to defray expenses of the direct wire and the reporter.

If the attendance is large enough next Saturday, this system of reports will be continued for the other three out of town games.

FOOTBALL MENTOR LEAVES TO WATCH ILLINI-PURDUE GAME

Coach Jones Goes to Lafayette to See Zuppke's Machine Battle Boilermakers

KELLY NOT IN SCRIMMAGE

Aubrey Devine Runs Team in Absence of Newton Athlete—Kaufman out with Torn Ligament—Today Iowa City Meets Grinnell.

The weather man dished up snappy football weather for last night and Coach Jones took occasion to send his Iowa wariors against the freshmen eleven in a spirited scrimmage. Most of the regulars took part in the scrap but Trainer Jack Watson kept Bob Kaufman on the sidelines. The beefy tackle tore a ligament in his left leg in the Nebraska game and while it is nothing serious, it may be a few days yet before he will be permitted to scrimmage.

Kelly Goes Home

Kelly, the sorrel topped varsity pilot, secured permission earlier in the day to leave for his home in Newton on a matter of importance. and in his absence, Aubrey Devine directed the regulars against the yearlings. Jones' machine had no trouble scoring on the youngsters, although the latter were able to

(Continued on page 4)

ART EXHIBIT TO CLOSE

Valuable Collection of Paintings Includes Work of Iowa Man.

Paintings valued at $40,000 are on exhibit at the art gallery in the physics building. This Sunday may be the student's and townspeople's last chance to visit the exhibit, according to Miss Patzig, instructor in the art department.

The paintings were on exhibit at the State Fair in Des Moines, and through the efforts of Prof. Charles A. Cumming, head of the art department, the exhibit was brought to the University.

The gallery will be open to visitors from 4 to 6 o'clock except Saturday and Sunday. On these days the hours will be 1 to 6 Saturday, and 2 to 6 on Sunday. Already many townspeople have visited the exhibit but the students have not availed themselves of the opportunity, according to Miss Edna Patzig.

Among the many paintings attract-

FACULTY MEMBERS RECEIVE PAMPHLETS

Tell What Memorial Union Building Will Be

STATE CHAIRMEN SELECTED

Some Blanks Have Been Received at Iowan Office. —More Volunteers Needed for Next Wednesday.

Pamphlets describing the scope of the $1,000,000 campaign for the new Memorial Union and the plans of the building were sent out yesterday to each faculty member. These pamphlets will also be mailed next Wednesday afternoon to alumni and former students of the University.

A committee on organization was held Thursday evening, and men from different parts of the state were selected as chairmen of the congressional districts. These men were informed of their selection, and their acceptances are expected to start comming in immediately.

Race Against Time

The campaign is now assuming the semblance of a race against time, those who are directing it say. There are only seven weeks left in which to reach the goal of $1,000,000. Since every minute counts, the assistance of students who will be able to do three weeks work in four hours, will be invaluable.

Already the Iowan is securing good results in its campaign to secure these 200 students to help in the work for the Memorial building on next Wednesday afternoon.

Many more volunteers are needed however. The blank below, filled out and sent to the Iowan office, will be the indication that you will be on the job next Wednesday to do your share in this big task.

FACULTY PERFORMS AS CLOWN DIRECTS AT FIRST BIG PARTY

Forty Little Boys Scramble For Peanuts Which are Thrown From the Gallery

UKELELE QUARTET PLAYS

Gym Team Puts on Acrobatic Stunts, Band Plays in Intervals, Submarines and Other Attractions Appear in Exhibit.

Two thousand people listened to a short address by President W. A. Jessup and witnessed the various stunts provided for the big all-University party which was held at the armory last evening.

President Jessup, who was the only speaker of the evening, spoke of the place which the organizations of the University should have in the student's life, urging all to interest themselves in activities outside as well as inside the classroom.

The line of march began at the front door of the armory, continued up the stairs and across the gallery to the swimming pool, where a ukelele quartet in canoes on the water sang and played soft melodies under the influence of a genuine handmade moon.

Scramble for Peanuts

Forty little boys in a mad scramble after peanuts thrown to them from the gallery constituted the second original stunt of the evening, and attracted the crowd away from the enchanting moonlight scene at the swimming pool.

Perhaps the event which caused the most merriment among the students was the faculty stunt in which a clown with a huge megaphone called out professors by name and persisted until they came down and took their turns at pinning tails on donkeys.

The little colored boys in the pie race turned out to be white boys as second choice, owing to the fact that, although the committee reports a diligent scouring of the town, only one little negro boy could be found in Iowa City.

Submarine As Attractions

Acrobatic feats by the gym team formed another feature of the evening's entertainment, and there was also a swimming exhibition with submarines and other attractions.

Between stunts the University band played.

Fifteen big bonfires on the Iowa Field were burning when the procession filed out of the armory to toast marshmallows and apples over the hot blaze, at the conclusion of the evening of surprises.

Alpha Xi Delta announces the pledging of Grace Watson of Emmetsburg.

Y. W. C. A. MEMBERSHIP

Seven hundred members is the goal of the membership campaign of the Y. W. C. A.

That this organization fills a need in the religious activities of the University is a familiar fact, but to newcomers, especially freshmen, the real object of the Y. W. C. A. and reasons for becoming members, may not be so clear. The fundamental purpose of the Y. W. C. A. is to unite the women of the University in Christian service.

To share in the privileges of any organization one must be willing to assume responsibility. The Y. W. C. A. furnishes an excellent outlet for social service. It provides a place in its program for missionary and Bible study, in addition to the opportunity of hearing these and other subjects discussed at the mid-weekly devotional meetings.

For those who are anxious to take a more active part in carrying on Y. W. C. A. work, places are open on the various committees and sub-committees. Closer relationship will be attained by the women if they attend the teas and the Y. W. C. A. parties.

Regarded as a religious, an educational, and a social opportunity, the Y. W. C. A. commands a prominent place in college life, and in order to make this the biggest and best year in its history the women of the University should affiliate with this organization as early as possible.

OPPORTUNITY IN THE LIBRARY

Many students at Iowa fail to realize the great oportunity that is theirs in the University library. This is especially true of students in the professional colleges who if the truth were known would probably often admit that they read no books except those required in their professional courses.

It is deplorable that this is the case since opportunities to cultivate the habit of using one's leisure time in reading good literature may be neglected to the student's loss in later life and a consequent narrowing of his interests. Social life both in and out of college demands a certain versatility and knowledge of music, art, literature which can not be attained without some effort. The school of medicine will not teach you of Raphael's Madonnas or Inverness' landscapes nor will the whir and grate of the dentist's drill attune your ears to Wagner's operas or Verdi's Il Trovatore; nor will the machine shops of the college of applied science acquaint the engineer with Alan Seger's verse.

Lectures do not always bring to you just the message you seek. It is not possible to take every course in the University but it is easy to relive any period in history or almost any human passion through some of the great authors who give their best in their writings.

Students have ample time to read. One always finds time to do any thing about which he really cares. Spend some time in the library and read some good literature not required by your courses.

No wonder King Albert of Belgium said, "this is great," after his ride over New York City. However it doesn't take royalty to know that—all New Yorkers admit it.

Germany is to receive another ultimatum which will add nothing more or less to Germany's sweet young life other than to swell the archives.

It is said that the president's signature is hardly recognizable since his illness. Perhaps the white house is breaking in a new rubber stamp.

Our idea of a devoted scholar is one who will stand in line at the library all afternoon waiting for a chance to sit down.

Now that the world series is over some of us will go back to work with a will and some of us will continue the vacation.

CURRIER HALL ITEMS

LITTLE HAWKEYES CLASH WITH GRINNELL TODAY

Football fans may have their wants appeased this afternoon when the Little Hawkeyes line up against Grinnell on Iowa Field at 3:00. The local high school athletes had little trouble in downing West Liberty last Saturday in a game which was terminated by the rain before the end of the fourth quarter. Reliable accounts place the score at 69 to 0.

The game today will be a real test of the ability. of Souchek's men. Grinnell always has a strong eleven and this year should prove to be no exception.

stop line smashes short occasionally. With a week or more of practice to polish up several weaknesses, the frosh should have an aggregation that will cope on more nearly equal terms with the seasoned veterans.

Coach Jones left last night for Lafayette where he will witness the game this afternoon between Illinois and Purdue. While he is away sizing up the enemy, practice on Iowa Field will be in charge of Trainer Jack Watson and Assistant Coach James Ashmore.

Squad to Assemble Early

The squad will assemble at 2 o'clock and work for one hour prior to the high school game between Iowa City and Grinnell, which has been postponed until 3 o'clock. A thorough signal drill has been prescribed for the Hawkeyes for the afternoon but no scrimmage will be staged while the head coach is absent.

Monday, the last concentrated drive will start to prepare the varsity for the critical struggle with the Illini. Coach Jones will be stocked with pointers on the enemy's style of play picked up at the game in Lafayette this afternoon, and he will probobly work out a defense to meet the attack of Zuppke's proteges.

ART EHHIBIT TO CLOSE
