FRESHMEN USE PLAYS OF PURPLE BUT FAIL TO GAIN ON VARSITY

Iowa Players Solve Northwestern Shifts in First Stiff Scrimmage of the Week

FORWARD PASSES WORK

Parker Continues to Show Stuff at Left Half, While Work of Captain Lohman is Improving Each Day—Hawkeyes Boost Heldt's Political Aspirations Today

The Iowa varsity stacked up against the freshman team last nivht in the first healthy scrimmage of the week. Coach Sharpe's yearlings were directed to play Northwestern plays against the regulars during the first part of the mix, but the Purple formations failed to puzzle the wary Hawkeyes. Time and again the husky freshie backs would hurl themselves against the strong opposing forward wall for no gain until Coach Jones appeared satisfied with his defense. On offense, the varsity ripped gaping holes in the first year men's defense and drove plays through for long gains. Forward passes went like clock work with Aubrey Devine hurling and Belding and Glen Devine receiving.

Parker worked well at left half. He reeled off several runs through a broken field and on one occasion outstripped the entire yearling team. If the fleety Old Gold back ever gets loose in the game against the Purple Saturday there is not a man fast enough on Bachman's eleven to catch him.

Lohman Improving

Captain Lohman seems to improve offensively with each practice. His line plunging last night was positively vicious and he bored his way through the freshie line whether a hole was there or not. Pyles was sent in for Charlton at left end after the battle had progressed for some minutes. Coach Jones intends to have the big fellow ready in case Charlton suffers the frequent mishap to his shoulder.

When Jones finished with the regulars, he called the second team into action against the weary yearling crew. A few pointed remarks by the coach directed to the scrubs and concerning the South Dakota game were sufficient to rile the objects of his ridicule to a pitch of wrath that only a smack at Sharpe"s innocents could appease.

They proceeded to mop up the ground with the wearers of the yellow jerseys while the varsity retired

WOMEN NOMINATE COUNCIL

University Council Candidates Are Chosen at District Meetings

Nominations have been made for representatives to the Women's University council, a representative body of women whose purpose is to further student government, consider student problems and to act with the social committee and the dean of women in enforcing and reforming social regulations.

The nominees from the twenty-four districts into which the city is divided were chosen Monday by the women of their districts.

ASK FUNDS TO SEND BAND TO CHICAGO

Seventeen Band Members Will Solicit Students—To Give Give Benefit Dance

"Send the band to Chicago" is the slogan on the campus for the rest of the week. Seventeen members of the band have agreed to help solicit funds to defray part of the expenses of the trip. Each student is expected to give something toward this fund, according to Dr. O. E. Van Doren, director f the band.

A band benefit dance will be given in the armory Saturday, November 8. Tickets will be sold by members of the band for $1.

Cahill's Orchestra Will Play

In previous years the band has usually accompanied the team to one major game, said a member of the band. Quite often the trip has been made to Ames, but as the Ames game will be here this year, Chicago was selected as the game where band music would probably be of the most "boosting worth" to the Old Gold varsity.

The seventeen band men who are soliciting funds are L. E. Weber, Clarence Reilly, H. E. Ruwe, E. R. Zacher, E. H. Fink, L. G. Hezlett, Glen Wolford, F. L. Fitzpatrick, L. E. Smith, D. L. Smith, W. S. Kern, J. E. O'Grady, D. W. Kitzmiller, L. E. Hackbarth, P. G. Beebe, and Frank Patzer.

FIRST LECTURE ON EXPEDITION TONIGHT

Nutting Will Tell of His Trip to the British West Indies at the N. S. Auditorium

Prof. C. C. Nutting will give an illustrated lecture tonight at the natural science auditorium on the Barbados expedition. The program and lecture begin at 8 o'clock and are free to the public.

Professor Nutting is one of a number who visited the West Indies more than a year ago in behalf of the University's search for specimens for the museum. His lecture tonight will cover the interesting events of the trip to Barbados.

The two lectures will be in series, the first devoted particularly to Barbados and the second to Antigua. Running comment on the moving pictures will make up the greater part of the lectures.

The showing of the moving pictures on November 5 and 12 will be the first public exhibition of the more than 7,000 feet of film which were taken by the University's own photographer who accompanied the expedition.

Admission to the lectures will be free, but children under twelve years of age will not be admitted unless accompanied by their parents.

ABANDON SPECIAL TRAIN

Petitions circulated throughout the business district last week asking for a special train from Iowa City to Chicago November 15, when the Hawkeyes play Chicago were withdrawn yesterday when it was learned that no reduced rates could be obtained over the Rock Island lines.

CLASSES DISMISSED
NOV. 11 AND NOV. 22

All afternoon classes will be excused November 11 in observance of Armistice day, and all classes Saturday, November 22, will be excused in honor of Homecoming, according to recent action by the board of deans.

STAGE COMMUNITY PEACE PAGEANT ON ARMISTICE DAY

Wrestling, Boxing and Vaudeville Stunts to Feature Program at Iowa Field

NO CLASSES IN AFTERNOON

Huge Stage Will be Built at North end of Armory—Five Hundred Actors to Take Part—Use Drum Which Went With Sherman on His March to Sea

The Community Peace Pageant will be given November 11 at 7:30 o'clock at the armory. This will mark the first appearance of the Junior Drama league. The league is working hand in hand with the homecoming committee of which Mr. Hugh Smith is chairman. The homecoming committee is financing all the events of the day. A great deal of credit must be given to Mr. Harry Bremer, chairman of the entertainment committee, Mr. S. E. Carroll, publicity; Mr. George Duker, decorating; Mr. Hugh Smith, finance, and Mrs. Hart, director of the pageant.

Vaudeville Stunts

In the afternoon a free vaudeville stunt, wrestling, and boxing matches will be given at Iowa field. Classes will be dismissed for these exercises. At 6 p. m. a dinner is to be served by the D. A. R. ladies at the new O'Leary garage on South Lynn street, opposite the post office.

At 7:30 o'clock the peace pageant will be given. A huge stage will be erected at the north end of the armory, and the entire building will be elaborately decorated. The cast of the pageant will include students of all schools, numbering 500 boys and girls who are the best dancers, actors, and singers. St Mary's, St. Patrick's, junior high schools, University high school and city high school, assisted by the physical education department, will take part. The G. A. R. fife and drum corps and the University band will also participate in the program. A special feature will be the playing of a drum by Mr. Hoover of the fife and drum corps, which went with Sherman on his march to the sea. Special costumes to produce the patriotic effects have been ordered from Chicago.

University Girls Take Part

A number of University girls will take part in the Butterfly dance which will be given by those girls who have taken dancing in the department of education before. The girls taking part are Elizabeth Dorcas, Ora Houser, Esther and Thelma Graves, Eula Van Meter, Claribel Wright, Marie Baldwin, Margaret Hayes. Adele Kimm, and Norma Thornton. Thelma Graves and Adele Kimm will give a Dutch dance. A great part of the success of the pageant is due to the work of those

IOWA TEACHERS MEET IN CAPITAL CITY

First Convention in Two Years to Be Held in Des Moines—Educators Speak

Prof. F. C. Ensign, president of the Iowa State Teachers association, whose convention is to be held in Des Moines November , 7, and 8, pointed out yesterday that the present enthusiasm among educators regarding the problems which were facing the convention and the spirit manifested was due to the fact that no convention was held last year on account of the influenza epidemic, and that the present session will contain the pent up energy of two years.

While the work of the state association at the present annual meeting will be largely of an executive and business nature, no efforts have been spared to secure the services of strong speakers and prominent educators from all over the United States.

The list of educators, whose ideas are expected to make a constructive educational program that will be big enough for the entire state of Iowa, include Pres. W. A. Jessup, Dean G. F. Kay, Prof. E. D. Starbuck, Prof. E. W. Hilles, Prof. E. E. Lewis, Dr. P. A. Bond, Dr. O. H. Oleider, Dean W. F. Russell, A. L. Reity, Prof. L. P. Sieg, and Prof. E. G. Schroeder.

On Friday, November 6, 300 alumni and friends of the University of Iowa will attend the University dinner to be held in Yonker Brothers' tea room. Prof. C. H. Weller is chairman of the dinner committee. President Jessup, Prof. Chas. B. Wilson, and Professor Ensign have consented to speak.

Saturday morning Phi Delta Kappa educational fraternity will breakfast at the Hotel Savery. Many graduates of the University have expressed their intention of attending the breakfast.

Pres. Walter A. Jessup will preside at a luncheon to be held at the Hotel Savery Saturday, November 7. The general topic to be discussed during the luncheon is "Some Problems of Democratic Education."

POLLS OPEN AT NINE THIS MORNING FOR UNIVERSITY ELECTIONS

Voting Booths Will be Provided at Main Entrance to L. A. Building for Voters

POLLS OPEN 9-12 AND 2-5

Each Student May Vote Only in the Election Held By the Class of Which He is An Accredited Member—Names on Ballot as Filed With Dean of Men

Vote today.

Polls will be formally opened at 9 o'clock this morning for the All-University day elections, in accordance with the arrangements of the executive committee in charge of the elections. The polls at the liberal arts college will be open from 9 until 12 o'clock in the morning, and from 2 until 5 o'clock in the afternoon. Professional colleges will hold special meetings for the elections as the circumstances and precedent dictate, it is said.

Qualifications for Voting

Booths for the voters will be arranged at the main entrance of the liberal arts for the electors of that college. Tables will be provided for the judges and clerks of election at the entrance, at which place ballots may be obtained by the voters.

Voting qualifications are based on a student's classification. Each student may vote only in the election held by the class of which he is an accredited member, according to the articles of the provisional constitution. Students who are of junior standing in the college of liberal arts and are registered for a degree in another college will vote in the college from which they are to receive their degree.

Ballots are Provided

Separate ballots have been provided for each class in the college of liberal arts, although all ballots are of uniform style. The ballot contains the names of the candidates for class officers first, and followed by candidates for the student council. The names have been placed on the ballot in the order in which the petitions were filed with the dean of men, according to a statement given out by a member of the executive committee.

As provided by the amendment to

OFFICERS FOR "I" CLUB ELECTED

Carter Hamilton, captain of the baseball team, was elected president of the "I" club at its meeting yesterday evening. Other officers elected are Leo Nichalous, basketball captain, vice president; and Carl Matthey, who won his "I" in track, secretary-treasurer.

About twenty men were present at the meeting. Meetings will be held regularly twice a month. An important meeting will be held next Tuesday when committees will be appointed. The "I" club will make extensive plans for Homecoming soon.

The meeting last night was the first step toward the reorganization of the club. It is the intention of the club to act as an intermediary body between the athletic board and the student body and to further athletics.

VOTE TODAY

Today is All-University day.

For the first time in the history of the University, the electorate of the campus will vote uniformly. For the first time delegates will be selected for a student council. It is today that the ballot is opened to the entire University.

Elections should be attended by a greater interest today, than formerly, because of the massed elections and the innovation of a student council. The interest created by the circulation of fifty-four petitions has caused a pre-election stir that has not been evidenced on the campus for several years.

The right of the ballot is a cherished prerogative of the American people. It is the weapon by which we safe guard our democratic institutions, our government, and individual rights. It is the medium by which we express our judgment, desires, and will. It is the ballot that admits all persons on an equal plane into our society. It is an American institution in which we take pride.

Today the ballot is open to the student body at an All-University election. Candidates will be chosen to represent the students on a governing body which has as its goal, the welfare of the student and the University. It is the membership of the first student council which is significant in the eyes of posterity, for it is this council that is to draw up the final constitution which will cooperate with the administration in the control and guidance of student affairs. This election is of utmost importance because of its legislative duties.

Worth-while candidates make a worth-while election and it is to these worth-while men and women that the student body should look to carry on the University activities. The best talents and minds on the campus should be delegated to the important offices on the campus.

The privilege of voting is open to all students. It is up to them to use the ballot in the best interests of the University and the electorate. May the students choose representatives that will make a strong student government—one that will be stable and effective in the years to come.

Let it be a record-breaking election and let the choice of candidates be selected by conscientious voting Use the ballot and use judgment.

WOMEN'S ATHLETICS

While the football team is winning renown and a place for Iowa in the Big Ten conference, what are the women of Iowa doing in athletics? Are they really taking some active this fall; not even has the usual complaint from the freshman girl who is forced to take physical training been heard. Has compulsory physical education become so traditional that no outcry against it is made, or has interest in athletics on the part of the women completely died out?

Perhaps Iowa women are not interested in athletics because their mitted to attend. If athletics were really considered an important part of the college life of the women, participation would become more universal no doubt. But with no honor in view, there is no incentive to spend long weeks in fruitless training in the field. Besides, our local periodicals devote little attention to the subject. Last year's Hawkeye contains a very few pages on women's athletics, and treats the subject more as a joke than as a real phase of college life. No mention is made of the different teams or of the women who played on them. A few theatrical pictures of the swimming pool and aesthetic dancing are arranged in the cuts, and the write-up or "Gym Reveries" is supposed to display a subtle sense of humor.

In a way, the women's athletics do not receive the support and encouragement of the administrative offices that the men's do. Gymnasium clothes are forbidden on the field as immodest; uncomfortable street clothes must be worn. Instead of having a women's ball field, open for practice at any time, the women must be satisfied with using the men's field when the men do not care to use it. Thus the idea is prevalent that women's athletics are not important enough to merit support.

Some girls have the idea that athletics are not sanctioned in the best circles in the University, but quite to the contrary, many of the real women of the University are found in the I. W. A. A. or on the gym floor. If the University women would come out for athletics it would develop class spirit and women's athletics would be made important enough to be recognized as a worthy institution in college life.

STICK ON THE FARM

Young men, stick on the farm. There is nothing in the west but bolsheviks and nothing east but labor conferences. Buy a phonograph and a phord, put in a telephone, get a lot of machinery to do the work, let the cider harden by the insistent process of nature, and thus live, not caring whether Mr. Gompers or Mr. Gary has the world by the tail.—Chicago Tribune.

THE LISTENING POST

A London editor, in America on a visit, warns both sides to the coal miners strike to "keep cool." Zero in warnings indeed.

DRAW PRELIMINARY PLANS FOR MEMORIAL

Des Moines Architect Goes Over Grounds With Authorities of State University

Preliminary sketches of plans for the Iowa Memorial Union building are being drafted by B. B. Boyd, of Boyd and Moore, architects, 210 Securities Building, Des Moines. These drawings, which are merely a rough estimate of the possibilities of such a structure with the funds available, will be completed in a short time.

At the request of the committee, Mr. Boyd spent some time in Iowa City going over the ground, and the drawings will be modelled upon his estimate of conditions made at that time. Final plans will not be forthcoming until an architect has been contracted for the entire construction.

While in the employ of Proudfoot, Bird, and Rawson, architects, Des Moines, Mr. Boyd was connected with the construction of a number of buildings on the Iowa Campus. He is now acting as advisor in connection with the new supreme court building which is being erected east of the State Capitol in Des Moines.

R. O. T. C. COURSE OFFERED

Former Service Men Urged to Take Course for Commissions

Advance information indicates a liberal policy on the part of the war department in granting credits for admission to the advanced course of the R. O. T. C. and in granting exemption from camp attendance during the course. This means that the students who meet the requirements and who are acceptable to the commandant may be accepted in the advanced course and win their reserve commission and draw the commutation of rations without being required to attend further camp instruction.

Colonel Mumma urges all former service men who might be eligible to see him or Captain Lane without delay as the advanced course is just getting under way. The military department is anxious to have not less than 100 service men enrolled for reserve commissions.

Four undergraduates have been appointed to the staff of the history department. They are W. E. Lessinger, Robert Rockhill, Howard S. Ellis, Marian Henry. Gretchen Trump will also be an assistant in history.

FEW PATIENTS AT UNIVERSITY HOSPITAL

Reports from University hospital authorities show no serious cases of illness among students. A comparatively small number have been detained in the hospital. The nineteen such cases include mostly football injuries and minor accidents. All, with the exception of a possible half dozen, have been discharged.

A greater number of students are reporting at the eye, ear, nose and throat clinic. An estimate places the weekly average at sixty-five. No acute cases have been treated. Student cases are being taken care of only from 3 p. m. to 5 p. m. daily, excepting emergency cases.

DENTS COME FROM GREAT DISTANCE

Fourteen States, Besides India and Canada Represented in Freshman Class

Dr. Frank Breene, dean of the college of dentistry announces an increase in two years of 165 per cent in the freshmen class in the college of dentistry. The freshman class this year numbers 180, the largest in the history of the college. Sophomores total 58, juniors 40, and seniors 5.

Previous to 1917, only three years of work was required for a degree, but at this time the four year course was installed, thereby advancing work in other lines.

The reason for the five seniors this year is due to the fact that these men have been in the army, and have just returned to complete their course

In the freshman class are representatives from fourteen states and two countries. Minnesota, Montana, New Jersey, North Dakota, South Dakota, Illinois, Alabama, Wisconsin, Nebraska, Kansas, Wyoming, Indiana, Kentucky, and Texas. The two countries represented are Ontario and India, The young man from Ontario has served in the Canadian Army.

The Hindu student was encouraged and sent to the University by a *graduate of this institution* who is practicing in Calcutta.

S. U. I. STUDENTS HAVE POOR TEETH

Dr. Rogers States that Ninety Per Cent of Them in Need of Dental Attention

One student out of every 750 who report at the dental infirmary for treatment has sound teeth. This is the sum of an estimate made by Dr. E. A. Rogers, professor of dentistry, which is based on the statistics of last year.

Dr. Rogers explained that this was not altogether a fair standard to judge of the dental equipment of the student body, due to the fact that those whose teeth were in good condition did not always report for treatment, but stated that over 90 per cent of students were in need of dental attention.

During last year over 4400 people appeared for treatment and of this number possibly six had perfect teeth. This perfection does not relate to position but to general condition. An accurate record is being kept for this year.

MRS. WEITZ VISITS CITY

Is Chairman of Convention for General Federation Women's Clubs

Mrs. Frederick Weitz, publicity chairman for the convention of general federation of women's clubs to be held in Des Moines next June, has been the guest in Iowa City for the past few days. Friday and Saturday, Mrs. Weitz was entertained at the home of Mrs. Max Mayer of the extension division. On Friday afternoon she was a guest at the tea given by the Pi Beta Phi sorority. In the evening she attended the reception tendered by President and Mrs. W. A. Jessup for new faculty members.

Mrs. Weitz will be a guest at the President's home until she leaves for Des Moines, Sunday afternoon. She has made a general visit to the University that she might become better acquainted with Iowa University's possibilities.

When Des Moines was proposed as the place to hold the women's convention, objections were raised on the grounds that Iowa was nothing but a "how and corn-raising state." Mrs. Weitz is touring the state that she might collect the beauties and advantages that Iowa affords to visitors. Se intends to send letters to all the women's clubs in the United States, boosting Iowa in all its possibilities.

Notice. There will be a benefit dance given for the band at the University Armory Saturday evening Nov. 8, 1919. Students are urged to show their loyalty to the team and to the band by attending this dance.

SPEND $450 ON L. A. DRAWING ROOM

Guests of the University on Homecoming day, November 22, will find the drawing room in the liberal arts building redecorated and refurnished. Plans have been in progress for some time and work was begun on Monday morning. The finance committee voted $150 for redecorating the room alst spring.

The walls of the room are now being washed and it will be ready to be tinted by the end of the week. The new furniture will be put in place as soon as the decorating is finished. Julia Wade, Helen Shoesmith, Helen Von Lackum, and Dorothy Banks, officers of the Women's league, are in charge of the work.

ALUMNUS EDITOR ASKS FOR STUDENT LETTERS

Several letters have been received from students making suggestions for the improvement of the Iowa *Alumnus, accordank* to Mrs. Grace P. Smith, editor of the magazine. She asks that every student read the current number carefully and offer his own opinion as to how the Novembmer issue may better serve the student body.

DOUBTFUL DOPE

Every few days we see an aiarming amount of space devoted to the defense of the onside kick. Our part is to swallow it without a kick.

—

Ames held like a stonewall against Nebraska. It must have been as long as the one in China for the Huskers didn't get around it all afternoon.

—

Don't forget Ags our little town supports a hook and ladder department.

—

Iowa fans invested their shekels on "Grapes' Saturday and gave twenty points. You never can tell how a few substitutions will change a Coyote howl.

—

Alibis for Chicago and Wisconsin are in order.

—

Ohio don't get the "Young Man go West" fever. The gumbo is too sticky to make good material for forty-five yard runs.

WOMEN'S GYM CROWDED TO LIMIT FOR SPACE

Between 700 and 800 girls were enrolled in physical training this year taking required work. This enrollment exceeded last year's by at least 400. These numbers do not include those taking swimming and theory.

Two extra freshmen and one sophomore section have been found necessary on account of lack of sufficient dressing room facilities Already plans are under way for enlarging the dressing hoom.

Miss Marion Lyon, director of physical education, feels there should be an athletic field for the girls, as they can use the Iowa field only three hours in the morning from 8 to 10, and from 11 to 12. The girls are all anxious to play field ball, but these hours make it impossible for many to participate.

This year the girls are required to pass a swimming test before they have satisfactorily completed their requirements in physical education.

REDUCED RATES GIVEN TO TEACHERS' MEETING

A reduced railroad rate has been granted for the round trip to the **Iowa State Teachers' meeting** held this week in Des Moines. The charge **will be two thirds of the regular** fare.

The tickets will be on the certificate plan and they are now in the hands of superintendents of schools and other administrators to be distributed to teachers. University people desiring certificates may secure them at the Education office, room 217 liberal arts.

CORAL SPECIMENS ADDED TO MUSEUM

Specimens of coral secured on the recent Barbados Antigua expedition are now being prepared for the museum by Mr. J. H. Wehman who is a graduate assistant of the Zoology department. One of these corals is of an entirely new species of the genus Agaricea. It is a delicate, white, paper-like structure resembling head lettuce. Many other beautiful corals were secured by a professional diver who accompanied the party.

A timely quctation: "I d rather be rigl t than president."

Khors in Hospital

Harold T. Khors, a freshman in the college of law, injured himself while doing work at the gymnasium Nov. 3, and was taken to the University hospital. Because of the peculiar nature of his condition, physicians were at first dubius of his condition. Yesterday, however, it was given out that the young man would recover. Khors is affiliated with the Kappa Sigma fraternity.

Only Fifty-one Days until CHRISTMAS

Copyright Hart Schaffner & Marx

PERHAPS it's too early shopping, but it isn't to think about Xmas too early to think about saving some of the money to do it with.

It's going to cost us at least $10 or $15 more a garment to replace every suit and overcoat we are now showing.

If you buy now, you get the benefit of that saving, as well as the comfort of the suit or overcoat for the complete season.

Save Your Eyes!

Concentration on fine print under poor light causes eye-strain—

Eye-strain means glasses—

Why not avoid both?

The new 50-watt (gas filled) Bryan Marsh Lamp mazda is made of opal translucent glass—absolutely prevents glare and specular reflection.

It is not only an ideal lamp for the home generally—but is especially desirable in a reading or desk fixture.

Singly these lamps sell for 65 cents each. This week only with every purchase of 5 lamps (any size) one opal lamp will be given free.
