LAW GRADUATES ADMITTED TO BAR IN IOWA

Thirty-two law graduates of the University of Iowa were admitted to the bar yesterday by Judge J. H. Lefferts of the Iowa District Court.

NOMINEE FALL TO PASS

Roy D. Burns. Only Graduate Who Did Not Take Examinations—Saves E. Clark and Homestead M. Geiger Are Women Who Pass Tests and Are Admitted to Practice

Thirty-two men and two women passed the state bar examinations which were conducted here Monday, Tuesday, and Wednesday this week.

Besides the twenty-two men and two women who took the examinations from the Iowa law college this year ten men from other colleges were admitted to the bar.

The following were admitted: Walter V. Ballard, Sullivan Blaffer, Charles F. Gericke, Iowa City; Archibald C. Lynch, Dres­ blick, W. W. F. W. of Muscatine; John L. Peterson, Council Bluffs; Luther R. Reynolds, Laurelville Charles E. Flesland, Storm Lake; Prey E. Rinehart, Sidney; and Edward A. Ko­ sel, Wapello.

Only one of this year's graduates did not take the examinations given here. This was Roy D. Burns, who is planning on practicing in South Dakota.

CLUB WOMEN TO VISIT

Will Make Tour of Inspection of University at Chicago

Twenty-five women from the sister sorority of the General Federation of Woman's Clubs at Galena were here yesterday from an invitation extended by the Uni­ versity of Chicago to inspect the city's oldest and largest female social, educational, and research station, and the women's dormitories and a tour of the university in general.

The first tour covered the old femi­ nine research station, which was estab­ lished in 1917 by the state board of education, having as its objects the best scientific method of developing and developing the normal child, thediminishing of the insanitary atmos­ phere caused by such investigation, and the training of students for work in such fields.

The federation representatives were entertained at luncheon today at the Hotel Jefferson, by the research faculty and council.

LAW PROFESSORS ATTEND CONVENTION

Dean Dudley C. Metcalf, Professor Hugo C. Beecher, Professor Percy Root, Professor Alfred G. Schuyt, Professor Professor Franklin R. Rarick of the University of Chicago, attended the joint convention of their two sister association which is be­ ing held in Cedar Rapids Thursday and Friday of this week.

NEW RULES FOR SUMMER

Three "Cats" or Absence from Last Class Mean Credit Lost

Three absence means less of credit for the next semester. A summer session rule which has not held the remainder of the year provides that a certain amount of work must be neglected. This absence in a course are four or more. These "Cats" demand the same amount of credit to be obtained.

In other words, the bin of credit is propor­ tional to the number of times the class is attended.

All credit for a course is forfeited in a case student is absent from the class more than 80 percent of the time unless the absence is excused by the faculty. This ruling is one which ap­ plies during the entire year.

CHAMBERLIN WILL BE MARRIED FRIDAY

University News Editor in Wool Waterfall of Waterloo

The marriage of Harold Chamber­ lin, university news editor, to Miss Wool, of Waterloo, will take place this evening at 8:30 o'clock in the hotel of the little city in Waterloo.

Miss Wool, who is the daughter of Mr. and Mrs. B. J. Wool of Water­ fall, attended the University from 1918 to 1919, and has been a prominent figure at the University.

The wedding was expected by the editor and admiring director by Professor Raymond, head of the department of education.

The keynote of the speech was con­ struction education. He emphasized the thought that fault-finding is an un­ likely quality, but that whole­ some, analytical criticism is construc­ tive and forms the basis of all prog­ ress.

President Walter A. Jeppson was to­ day given the welcoming address but was unable to present in the address the serious illness of his son, Rich­ ard.

N Raise Purchases Bids

Prof. Thomas A. Kneit, newly ap­ pointed professor in the department of English, has just returned from an inspection of the Iowa College of Arts and Letters, and the University of Chicago.

Registration in the college of del­ ety at the University is to be lim­ ited next year with the opening of the College of Education in September for the work of the regular academic year. Possibly seventy-two students declin­ ing to study this professions at Iowa must be denied admission because of shortage of space in which might attend classes.

To-day's registration is the only col­ lege or department in which registra­ tion has had to be restricted, but others are greatly crowded for room.

Although the new dental building was completed only three years ago, it has already proved inadequate to accom­ modate the demand for enrollment, said the dental faculty of Association of America as a result of the recent dental survey.

The reason for this is that students in dental survey, however, were in­ cluding liberal arts and speciality.

Infringement in the dental depart­ ment, is not provided for in the regis­ tering of the college of dental, which will be held Monday. Professor Kneit, who will preside over the meeting, will be present to decide the cases. The meeting will be held at 11 o'clock in the registration of all their students who shall be present.

"Some work to do," was the reason given by Professor Waller for disrupting his physician's orders.

ALL PROFESSIONS WILL MEET TUESDAY

First Convocation of Summer Session Held Yesterday

President Jeppson and Professor Waller Unable to Be Present on Account of Sickness

PROF. WILSON PRESIDES

Address Given by Dean Russell Con­ structive Criticism is Keynote—Evidencing an Unqualified Quali­ ty—Worthwhile, Analytical Criti­ cism is Constructive

The first assembly of the summer session of the year was held yester­ day morning from 10:45 and 11:30 in the auditorium of the natural sci­ ence building. Twenty-eight hours and 10:00 o'clock classes were both cut down on account of the assembly. About 400 faculty members and stu­ dents were in attendance.

Professor Chalmers A. Wilson, summer session director, was unable to provide at the meeting, on account of his broken arm, which he sustained while playing football last Saturday, head of the department of education.

The keynote of the speech was con­ struction education. He emphasized the thought that fault-finding is an un­ likely quality, but that whole­ some, analytical criticism is construc­ tive and forms the basis of all prog­ ress.

President Walter A. Jeppson was to­ day given the welcoming address but was unable to present in the address the serious illness of his son, Rich­ ard.

First Annual Meeting Held Yesterday Afternoon; To Last Three Days

INTERESTING PROGRAM PLANNED

Mrs. Starr Best Tells What Library Workers Can Do to Improve the Stage; The Public Gets What It De­ mands; Miss Tyler Talks on Library Training

Librarians of the country can do much to educate the general public towards a higher standard of the American drama, was the point brought out by Mrs. Starr Best, of Chicago, who talked before the first annual conference for library workers held here today.

The program began in the after­ noon, with Julia Robinson, secretary of the New York Public Library, who was opened, and was talked on by Mrs. Starr Best, of Chicago, who directed of Western Reserve univer­ sity school.

She talked on her American drama league, Mrs. Best pointed out that in the United States there are at present not enough large libraries for good an­ thothcrational theater, but that the doc­ tor can do much in helping the public understand what good drama is.

It will be held in the assembly hall, second floor of liberal arts. The liberal arts drawing room, on the first floor of the building, will be open to the women in attend­ ance upon the request.

All persons in attendance enroll in room 1, natural science laboratory.

Twenty-two were registered Wednesday afternoon but many more are ex­ pected to be present before the end of the conference.

Program for the following Thurs­ day and Friday is to be the same as to the two remaining days of the conference.

Blanche W. Watts, director of Iowa summer school for library training, will be present.

10:00 a. M. Work of the Library—Mary A. Aulen, editor of "Public Librar­ ieties."

11:00 a. M. Next Step in Library Development—Lute E. Starnes, lec­ turer.

(Continued on page 4)

Peach Box Specialist

Professor Harry H. Burk is one of the outstanding of the summer session of the department in psychology. Professor Burk's specialty is voca­ tional psychology. He has charge of the mental tests and teaches employ­ ment psychology here. He is an authority in his line. He will be the talker for the first summer session. Professor Burk received his bache­ lor's degree from Dartmouth, and his doctor's degree from Harvard. He has written many articles on guidance and on other Psychological prob­ lems, and has a special interest in the subject. Professor Burk has regis­ tered an appreciation of music; he is an authority in his field and believes in his work. Professor Burk will remain at the Quadrangle during his stay in Iowa City.

DEAN RAYMOND HAS PAPER AT HEAD CONVENTION

Prof. William G. Raymond, dean of the college of applied science, is presenting a discussion on the subject of "Fair Return for Utility" to the Iowa section of the national electric association which is in session at Coffee, June 25, 24, and 26. Owning to his inability to be present, Prof. Raymond will send a paper to be read on the subject instead of presenting it in person.

**SESSION CLOSES JULY 17**

Applicants for Degrees Are Asked to File Applications Soon

All students who are registered in the summer session and who expect to graduate at the close of the first term are asked by the registrar, R. C. Dorsey, to call at his office immediately in order to file their applications for the degree sought in a special form designed for the purpose. The first term will close Tuesday, July 27.

The registrar advises the applicants for degrees to sign their names on the forms exactly as they wish them spelled in their diplomas.

A student who may otherwise be qualified for graduation may not receive his degree because of the help recommended which can be obtained by early application.

**Trouser**

*Price: $16.50*

**$14.50**

**Trouser**

*Price: $14.50*

This is the result of the popular trousers. These have been so outstandingly favorable that no one will dispute the fact that the trousers have been made for the worst conditions. The number of sales has been large number of sales. Statistics given out by the U. S. army alone prove the truth of the statement.

The store is unable to take such precautions in the preservation of their future health are not only looking for something better, but they are also taking steps to protect themselves. In a pleasant mood, the student should not fail to be vaccinated.

**Professors Make Map**

Prof. R. E. Kettledge and Prof. A. H. Hoehn, of the college of applied science, are at present engaged in making a complete topographical map of the Iowa State University land and adjacent property. The map is to be used in the planning of future University improvements.
SOCIETY

Iowa Men to Kansas

Prof. H. B. Smith, superintendent of schools at Newton, Iowa, has just been awarded a professorship in the University of Kansas. In the depart- ment of school administration in the college of education, the superin- tendency of the city schools of Law- rence, where the University is situ- ated, goes with the professorship, with salary of $5,000 per year. This po- sition is comparable to a full profes- sorship. Professor Smith obtained both his bachelor's and his master's degree at Iowa. He was a graduate student in the Teacher's College in Columbia for his doctor's degree, and is registered in the graduate school here for the summer session.

NUTTING WILL LECTURE ON BAHAMA EXPEDITION

Talk Will Be Illustrated With Slides and Will Include Many Forms of Marine Life

At 8:30 this morning, in room 10 of the natural science building, Prof. C. C. Nutting of the zoology department will deliver a public lecture on the "Bahamas Expedition." This was the last research exped- ition of its kind to be worked under government and is characterized by many interesting details. Among these details to be brought out in the lecture, illustrated with slides made specifically for the purpose of showing Nutting himself.

His talk will chiefly concern the trip equipped with the various kinds of southern Atlantic marine life captured and studied during the stay in West Indies.

The southern marine life has pervades one of special interest to Professor Nutting and many of the specimens reserved and displayed in the marine sciences museum are the result of his work and interest.

The lecture is open to all and spe- cial invitation is extended to those interested in natural history and in oceanic development and in the Bahama expedition made in the inter- est of this work.

MANY WOMEN REGISTER FOR CANNING COURSE

The course in canning in the women's physical education department will have its first meeting today at 1:30. For the first few lessons a woman will be transported from her home to the gymnasium. Later the lessons will be given on the river. Many of the women have signed up for this course, and others are expected to register soon. A majority of the women enrolled in the summer session are registered for some sort of physical edu- cation. Swimming is the most popu- lar sport, but the courses in play- ground, folk and aesthetic dancing and in gymnastics are well patronized.

Students Picnic

Congregational students will picnic at Picnic Field Friday evening. The committee in charge invites all friends of Congregational students to attend. The party will be held in the Congregational conference house at 130 N. Clinton street at 5 o'clock. The cost will be twenty-five cents for each person.

Have You Started Right?

The Daily Iowan is your paper. Have you found anything on the campus merit commendation or recommendation? If you have, write a reader's letter about it and leave it at the Iowan office. We'll be glad to print it; others will be interested in hearing of it.

We ask your support as to the one campus activity of the summer session which links together all other campus- and class room activities.

Begin the summer session right by investing fifty cents in a subscription. You will get back ten fold in interest in better acquaintance with your fellow students and with the activities of the summer session.

We're here to get you acquainted and to keep you posted. May we do it?
IS JULY FOURTH

VACATION TIME GOING TO FIND YOU READY WITH PLENTY OF?

Appropriate New Clothes?

Comfort for the Holiday and Vacation Suggests Many Purchases

We don't care how little they are; but we do care to have you properly served with all the comforts of apparel for outdoor picnics that the holiday may have in store for you.
