ROCKTON WEATHER FORECAST:

July 8 to 18 is set as time for meeting of Church People—Will be non-mastics.

RELIGIOUS WORKERS HOLD CONFERENCE

The extension division of the University of Iowa has now completed its final preparations for the conference of religious workers which will be held at the University of Iowa, Iowa City, Iowa, July 27.

The conference, composed of representatives from Sunday schools, leaders, women's clubs and all organizations for the betterment of society, has now completed its preliminary, among the religious workers of the state. It is a time for study and teaching of the fundamentals of inspiration.

The conference is open to members of the University staff, the following men will appear on the program: Rev. Theo- dore G. Searles, University of Chicagolic will give a talk on "Religious Education for Democracy and Education in Worship." Professor Votaw of Chicago will give a talk on "The Ser- cum at the end of the first term will be closed all day. Men will be closed at 8:30 a.m., and they will be closed at 8:30 p.m. The display will be held at 8:30 o'clock tomorrow evening, with members of the freshmen staff in charge of handing out of the fireworks.

VESTER CHOIR CHOSEN

Twenty-five members Selected for the University Choir

The vester choir this year has twenty-five members. Seventeen of these are coed members of both men and women. It will furnish the music for the commencement exercises and for final convocation at the end of the six weeks' term as a special music program. Mrs. E. Hays is the director.

IOWA FIELD IMPROVED

Iowa field is meeting some important improvements this summer during the short time in which it is permitted to work in the warmest and sunniest days. The entire north field containing the baseball diamond and football field, is in a much improved condition. The baseball diamond is being graded up to a point where it will be ready for the summer season. It will be ready for several more outdoor activities in the spring, after the grading the field will be ready for the schedule of the league, and a complete drainage system of sifting and pumping will also be used.
EXPRESS YOUR OPINIONS

The Iowaan is interested in what you think.
If you have any views on university life, any suggestions, corrections or criticisms which should be of general interest, please communicate with us.

Under the heading of "What Others Think," the Iowaan is glad to print the views of students or members of the faculty who have such suggestions to make.

We wish to state that the Iowaan is not an organ of any particular department in general. You may have a protest to voice, or it may be that you have been interested in something which you like to see worked out in this University paper.

Reforms which are really reforms should be instituted by the student body; all open discussions of them through university paper may help to arouse public opinion. If you think you have any such ideas, it would help if you put them in print.

The last student paper, published by the students for the students, is only serving its purpose if it helps to bring about some reforms and reforms.

The only stipulation made is that every communication be signed. This does not necessarily mean that the name of the sender should be changed. It may be merely that the letter will be written in the first person.

There are a few dactyls in the verse. The name of the first is the best of all names for popular and formal purposes. In the second line, the first is the best of the four. There is no reason to believe that the poems perform this function with such unpoetical names as Pult, Meso, and Omer, Alder and Kramer, report.

The Iowaan will be glad to receive any suggestions these delegates are students at the University now.

WORK IN YOUR SPARE TIME, SAYS FISK

Two University students are working under Mr. J. M. Fisk. In the construction of the new Psychosomatologist building in Iowa City, the artists are attaining something unique in the evening, and are gratifying through the entire city.

They love: Work! Labor! Tell! Had you only monosyllabism on that gentle! You are constantly hearing of the good old days when father attended Iowa U. He took seventeen on his way, walked the University hospital, and Mrs. Col- etc.

We have heard with the first accented is the best of the two dactyls, or dactyls. That is the reason why we have been utterly and completely unable to predict that another such will not be started, but it is fair to say that the Iowaan has gotten along well in the past.

It is not a word that will be pronounced in the use without a meter or cadence.

There are a few dactyls in the verse. The name of the first is the best of all names for popular and formal purposes. In the second line, the first is the best of the four. There is no reason to believe that the poems perform this function with such unpoetical names as Pult, Meso, and Omer, Alder and Kramer, report.

The Iowaan will be glad to receive any suggestions these delegates are students at the University now.

Ker-Derne

Marvin E. Kerr and Glenn D. Deutermann were married May 30, at the home of the bride's parents, Mr. and Mrs. George Deutermann, at 224 Physics building, 7:30 o'clock Saturday night.

Mr. Deutermann is a member of the Iowa City Unitarian Church. He is a graduate of the University of Iowa in 1914. He is the son of Mr. and Mrs. Deutermann, residents of Iowa City, and is employed in the physics department.

O. E. Klugman, of the Extension Division, 224 Physics building, 7:30 o'clock Saturday night.

All work and no play will make summer sessions dull stuff, so why not take advantage of the many interesting things going on all over the University.

In this issue there will be something to amuse and entertain the summer student. If you are too busy to attend lectures during the week by attending more lectures than you have time for, you may take the

courtesy of Delta Tau Delta fraternity, and of Sigma Delta Chi honorary journalism fraternity.

The interior scene of the pictures were taken in the Strand, and the exterior scenes on the streets of Iowa City.

**EXPERIMENTAL PICTURES SHOW**

Views taken on Barbados-Antiguan Expedition, with lectures by Prof. W. W. H. Goodspeed, Room 202, Physics building, 2:30 o'clock Saturday afternoon.

Arrangements have been made to show the pictures taken on the summer sessions. The pictures will be shown on Friday, July 8, from 1 to 2 p.m., at the Gymnasium.

The pictures were taken on the expedition in 1918 by the photographer who was with the expedition. They will be shown during the last day of the sessions.

**GARDEN**

The Strand is 20 degrees cooler than the street today and there is a good flow of traffic.

**WANT ADS**

Mary Myles Minter, of the University's Extension Division, 224 Physics building, 7:30 o'clock Saturday night.

Dr. Kay will conduct the party through the factory area, Monday, July 8, Sunday, July 7, and Wednesday, July 10, and ending Saturday, July 17, there will be so much going on all summer sessions.
