Kneebone Score

A long season-lengthed football prac-
tice for Friday night, Coach How-

day and Esteve, through one of the hardest workouts of the season. As on Thursday night, Coach used two sets of back-

field against them. Against the Locks, the two Devines, and Kelley starting the scrum and Jacques, Sikes, Hall, and

Mead's in toe. Little signal drill was given the regulars, time being used in the perfection of plays that had been
given. A lack of time for the sending

ing of plays enough play was given to

enjoy for the most part without great

of little opposition to the fast and var-
ed attacks, and then mixed with forward passes, serving to

make the offense fairly formidable.

They'll Leg Trouble Him

Coach Jones faces a hard problem in the back field for the 31 date this year.

Locke, star of last year's freshman

back, is out because of overindulgence in cigarettes. The second string are both making a fine showing.

Jacques, who was so sturdy and
grey and Glen Devine, Rich and Hall

will not be out for the half back

positions, and Orman, who alternated with Kelly in returning puns, claims

to be an able leader with a little more

exposure to playing.

Longley, who has been playing costa since 31 has to the extent that John-

ny Holdt will be out for the three

quarterback, is in fair condition, but

while the varsity was on the defensive.

Ashley Kicks Field Goal

Bob Hunter, last year's substitute, con-
tinued to hold the guard job in great style, while the big fellow, who gained

more than 10 points since last fall

because of his winning ways, was

down the tackle positions. Ty Smith

played the tackle and Holdt played his usual game on the guard.

The scrum was featured by the work of Locke and Jaquay at fullback. Ashley, the one big tackle, handled Locke and Ty Smith at end. Locke had little difficulty in pincer the second team's line for long gains, and Jaquay was not stopped once. Sikes made several long gains on end, and Devine showed good form or several occasions with forward passes. In his kicking, Ashley dropped one from the 30-yard line and kicked two goals from touchdown.

Publicity, like the civil war, is terrible, eh, Cluster?

BIBBLE-BARBLE

In an article on the "Civil Art of Con-

versation," St. John Ervine reco-

mends a man do his thinking in coun-

try and his talking in the city, all of 

which is very good advice. We at 

Iowa do not have to rush to the 

front fields when we have exchanged 

our conversation. We have the 

privileges of going to the Quadrangle, don't we?

M. V. M., one time conductor of the 

Post, wrote: "I am working on the 

Country, you know, and that in a 

publican paper, and I am a Democrat. 

... I remember the Post, last 

year, of remarking that if I were 

employed by a republican newspaper 

when the election rolled around, I 

would vote for the republican can-

didate and vice versa. I hate the idea 

of having anyone think I'd be a trait-

or to the party into which I was born, 

and you might correct the impression. 

Not that I care for publicity (1111)!

Be proud of your little green cap, 

Fresh! ... We must have a method to 

distinguish you from the monsters!

A. F. I. to ELECT PRESIDENT AT MONDAY NIGHT MEETING

A. F. I., son's honorary senior soci-
	y, will elect a president. Monday 

no at its first meeting to be held at 

Hotel Jefferson, Clyde B. Charlton, 

temporary chairman, says that 

probably it will be held on 

the proposition of green caps for 

freshmen. This year members of A. F. I. 

are: Sandford, Eugene B., 

Clintton, William S. Kelley, Fred A. Stein-

bein, Clyde B. Dolezal, Vance E. M. 

Hoe, Robert W. Hayes, Edgar P. 

Hoffman, J. Benjamin, Almack, 

Eugene R. Pope, Frank E. Shuttleworth, 

and J. E. Fishman.

LIVING POST

gant Farm

"Must I tell you? Then watch them as 

others, Chester, neatly and 

digilie, clad in a black dress suit 

and bowler, wearing the 

elder-colored German goatee, 

a beautiful silk hat and carrying a hand-

dome helmeted baton and attended by 

Len Nicholas of Wilton Zunettos, 

friend as well as fraternity bro-

the green and a member of 

this year's class at Iowa Uni-

dressed in black.... Both Chester 

and Irvine have behind them hosts of 

friends who will always be glad to 

welcome them. In these days 

they may hope to find a "Lovebird" at 

Thursday... The happy couple 

almost a shower of rose and 

loved, departed on the 1:30 train

they assure us they will be glad to receive

DEVEREUX TO APPEAR AGAIN

Two Performances Will Be Given

At Natural Science Auditorium

The Devereux Players, including Emma Graef, who scored a hit here last fall in "The School for Scandal," are coming to the University Tuesday, October 9, and will present "Ghosts" by Henrik Ibsen, "Her Husband's" Wife, by A. E. Thomas, or "Casa" by T. W. Robertson. Two performances will be given, one in the afternoon and one in the evening, in the natural science auditorium.

Clifford Devereux, director of the company, has made some departures from the methods of the old school in producing drama. By using a suggestive, unprompted background, Mr. Devereux seeks to achieve simple scenic effects without the distracting detail of realism. Miss Graef, seen in the stellar roles, figures in character interpretation.

AMERICA is fast becoming a pipe smoking country. Every year more and more men are realizing the comfort, the satisfac-
tion, and the economy of the pipe. And by natural selection, more and more men are smoking W D C Pipes. This is not chance. It is because W D C Pipes offer the utmost in pipe value.

Honest French briar, seasoned by our special process make W D C Pipes break in sweet and mellow. Coupled with that is a self-governed body of pipe makers whose sole object is to fashion pipes which are without peers in all the world. And it has been accomplished. Ask any good dealer.
