Kirkwood Has Practice Work Left on Side of Line

Whether it was the new rule that the Hawks were wearing or whether it was the sunny day, there was none.

Glen Devine, who was the team's best performer, nearly caught the second quarterback but was unable to get over the safety line.

The rapid pace that they have been developing into a capable pivot man. Last week's success was mainly due to the efforts of Hoosier and Brigham's fine kicking. It was just one of the many more accurate and stronger kicks that Glen Devine hooked a forward pass touchdown on Ashmore and Brigham's perfect block.

With campus politics in a tangle, the failure of the colleges to ratify the student council's constitution last spring, the lack of understanding of what it is that a student council is trying to do, and the rapidity that they have been developing into a capable pivot man.

Every play that the Hawks tried worked with the exception of one, the one in which the line moved back over the center for the first time with the center unready for the second. The second play had no effect on the situation of the game for the second-quarter when Tremay was doubled up with similarity for the one.

At the start of the season the Hawks were so fast that they would beat the best, but from the vast improvement that Longley has shown in the last three positions, this position should be a strong one. The big fellow is better off next and such players should be brought on to take the pressure off the center, but they should not take too long to develop. This is the only area that the Hawks might be choshen through the future in a lighter manner, throwing the ball over the center with only occasional.

Along with him there will be Kadesky, the second-year man, who has been playing the center last year's position last year.

The plays that showed the most rapid progress so far have been made by the local football players, who have been studying the game very carefully. They have been doing a lot of work on the inside of the line and the quickness.

**PROFESSORS FINISH BOOKS DURING SUMMER VACATION**

Several members of the University faculty have completed the writing of books during the summer and all will soon have them ready for circulation.

James C. Southard, of the graduate college, has written a text book on psychology. The name of it has not been decided upon.

Prof. Charles L. Robbennof, of the college of education, recently finished a book on "Socialized Recreation," which is now in the hands of the publishers.

**SWIMMING CLASSES**

**START MONDAY**

According to Miss Ann Bollin, athletic instructor of swimming classes will start next Monday. The pool will be filled the latter part of this week and recreational classes will start immediately.

The swimming pool was repaired and renovated this summer and it is hoped by the instructors that the Women's Gymnasium will be able to secure a new diving board soon. The pool club has already begun its year's work and expects to give an exhibition soon.

**DENTAL STUDENTS HOLD MIXER**

Tonight all members of the association of dental students will get together in Room 6 of the dental building for an informal mixer and quiz, according to announcement from William C. Cassee, president of the organization. Cannon and the prom are "simply to get acquainted with all new students."

plays garnered at the last Saturday, Franklin Hall. Coach Adams had the freshman try them out on the Hawk, but they failed to win. Nearly every play attempted was rendered before it was started, the Hawks being through and on the backs before they found the type of offensives.

Coach Jones asked that his team might use the oval a while, and it was not long until the athletes were chas· ing from one end of the field to the other trying to wear out the grass in one spot as they did when the cheerleaders had the ball. The first year backs were in a panic when the Don· vor and Ridding started to employ the aerial route. Ashmore even took particular pains to introduce Mr. Ar· dges to tackle Black and also to

**Eliminating Non-essentials**

Every one now-a-days is or should be eliminating non-essentials and we are endeavoring to do this in the operation of our business.

To this end we have decided to omit our usual Fall Opening or style show—which would necessitate an expenditure of at least Two Hundred Dollars giving our customers the benefits of this saving.

Therefore, Thursday, Sept. 30, we will give 20% discount on Suits and Overcoats until $1000 worth has been sold.

It's an unusual opportunity for the thrifty buyer.

Remember $1000.00 worth only will be sold in this way.

Those desiring to take advantage of this saving should be on hand early.
