CO-ED SCHOOL OF CITIZENSHIP IN FULL SWING

What The Party Stands For In Iowa

Mr. Rockefeller, a co-educational school of citizenship, is in full swing in Iowa. The school is conducted by Mr. Rockefeller, who is well known for his work in this field.

GREEN CAPS AND NEW YELL CAPS APPEAR TODAY

In the final preparations for the big game, the committee on celebration met for the first time on Monday. Professor of Education, the chairman, addressed the meeting and announced that the final preparations for the celebration will be made by the committee on Friday. The meeting adjourned.

GREEN CAP RULES

1. Freedman of all except a well-to-do and liberal education and are required to wear the green cap with the distinctive black button on top.

2. Caps are to be worn until four a.m. (in the city of Iowa).

3. Caps are to be worn until the last football game.

Small, green, paper caps made to the first appearance of the caps this afternoon. Measures regulating their wear were arranged by the committee for the last football game in the city of Iowa.

These caps will be handled at wholesale prices because the liberal education students of the institution are not to adopt, according to Mr. Dunbar.

The caps will be brought tomorrow morning, with a different color button. Liberal arts students will receive them without caps because they are not to adopt the liberal arts caps.

According to the 1900's resolution rules, the policy of the imposing green caps for freshmen has come to an end.

The result is that the students are required to take some action themselves.

"It is resolved that we will not continue to hear that the committee should be imposed.

By motion, an order was placed that the freshman class be given the right to adopt the new system.

This new rule is the result of an experiment by the president of the class of 1900, who has been in charge of the system for two years.

The experiment shows that the system is not working as well as it should have, and that it is necessary to adopt a new system.

Fall to Be Earliest

The party should be held on the 2nd of November. Mrs. Nelson, the head of the freshman class, will give an account of the party at a later date.

The party will be held in the gymnasium, and is expected to last from four to six o'clock.

Second Prize Yell

THE DAILY IOWAN, UNIVERSITY OF IOWA, IOWA CITY, IOWA

Strength the worthiness of your poetry ...... You as a student body will not casually I had gone there in search of my little quantities to afford every man his own vote in a few weeks in the case of a great number of undergraduates. It is quite true that this interest was not created much more than a lack of interest in the world at large. Although the date set for publication of this book, the book has been mentioned in reviews in the Survey and other magazines, and is listed in the fall catalogue of the publisher.

DILL RETURNS FROM ISLANDS

illuminated from page 213 which the island is noted. This island was the scene of a former expedition from the University, of which Professor Dill was also in charge.

After gathering specimens from among the islands for about a month the party sailed for San Francisco, August 11.

Party Blows Own Tail

During the stay of the islands, Professor Dill attended the Pan-Pacific Scientific Congress at the delegate from the University of Iowa.

The second expedition under the leadership of Professor Dill set out from Seattle, Washington, August 18, for the far northwestern part of the United States for specimens of various species of birds and small mammals. This expedition was joined at Seattle by Cora A. S. Kauffman of the Washington State Museum, a former student of this University, and E. H. Stoddard of Iowa City.

Creating the start from Seattle to Paimbien, Washington, the party traveled up the Skagit Valley to Duggan, and

Prithvi Lot, No Word Be Spoken
