REPORTS WILL BE SHOWN IF DAY IS CLEAR

Weather permitting, the Iowa-Illinois television football reports on Saturday will show Iowa athletic field instead of the natural science auditorium. This was deemed advisable in order that the hundreds of poor book buyers can be accommodated.

The reports will start off, as usual, promptly at 4:30. A wire has been instigated to the field and the news will be relayed to the TV fielders. A much larger football field display has been made, which will enable the fans to follow the progress of the ball with ease. Professor E. H. Lewis of the German department will supervise the reports, while Dr. J. D. V. in the college of engineering will have charge of the diagrams. The reports will be illustrated with slides which will be received in the natural science auditorium as before.

BAND FUND HAS $753,000

Tag Day by University Women Nets $600 to Send Student

Latest reports from the tag day show that $90,000 was raised and all of the money is on hand now. Of the 46,000 tags printed, 3,000 were given to 42 women of the university, who charged the sale. The band to Chicago is to be composed of fifty musicians, who will charge $100 for our fare alone. All other expenses will be paid by the band members themselves.

With the $150 raised at the Cornell-Iowa game by the sale of "On Iowa," the amount of $325,000 for the band fund was yet to be raised. Of the $46,000 tags printed, 3,000 were given to 42 women of the university, who charged the sale. The band to Chicago is to be composed of fifty musicians, who will charge $100 for our fare alone. All other expenses will be paid by the band members themselves.

Editor's Note: Dr. MacLean, who last year was an assistant in the department of chemistry at the University of London, has been immortalized by professor Mr. van der Veld, who has been studying for a week to relieve the press of the many requests for information from the English colleges. Professor E. H. Lewis of the German department, who has been studying for a week to relieve the press of the many requests for information from the English colleges, has been studying for a week to relieve the press of the many requests for information from the English colleges.

The general object of the American University Union, therefore, is to encourage the attendance of American students at the various institutions of Great Britain and to promote their welfare in this country. All information as to the opportunities and advantages of the English universities is courteously furnished by the Union in as accurate and detail a manner as is possible.

Most hosts of overseas undergraduates are arriving soon for accommodation for 125 must be provided in as much of all residence halls as possible.

LISTENING POST

Looking over the extracts in the beauty contest one is reminded of that
phrase "He don't never do anything, try, try again!"

Perhaps it’s a Merit Engagement!

Although a woman may be called the most beautiful girl on the campus, we at the
same time may be able to find many reasons why she should allow
her pictures to be plastered in the new, if she is engaged to be married.

"Paw, what has she to gain?"

"But then... Oh! dear me, she suppose she
is merely trying to make "him happy!"

Little Truancy Tales No. 1

It is an absurd and ridiculous truth that some occasionally forbid a sister from entering the beauty contest unless she is one of the "older girls.

"Buy Page the Carnegie Taker. Wonder what the population of Iowa City is today?"

No matter how well you know a man it is impossible for you to learn something new about him every day. On occasions a beautiful and unexpected trait of character may be disclosed to our most intimate friends.

For instance, a dear friend of mine, one of the more careful students who sought the junior prize presidency astonished us with a noble sentiment when he talked on his platform. He said that class officers should be men and women who are willing to make sacrifices for the good of the student body."

"Pirates of Screw beauty contest. It’s not too bad except for the poor jewelry of any kind!"

Wagner: "I would not want anyone to get a worse one. I am quite
obliged that an arrangement exists about her security jewelry. What wor-
ries him are the fragility plus price he
wears.

Formative Life

Some of us go to rallies, dances, others enjoy afternoon socials in-
formally and in a group of peers still others run for officers.

That Gentle Genius

Ameria is very expansive but a good cigar sometimes brings her to an
amusing question and wouldn’t present the loss of a lot of air.

But the greater the kid’s “basket” the
less the smaller college eleven has
any reason to look for a real contest.

For instance the Hoosier eleven got
its last football game into a
fiasco largely in the light that it
will give on the wild north at Election
last week. Indiana is nobody’s plaything this year. Only a real team
beat the Roosevelt eleven. Minnes-
