James Baker on Curt's Are Strict Workout Limited to Demonstration Plays and Some With Signals — White Gators Compliment Deduction of Thumbs — Up for One Week

With several of Iowa's football team missing practice last evening, part of them without permission, practice on the athletic field was limited to a form.

While these stars are resting on their laurels, or individual accomplishments, in the football lines, many men will probably not take place with the laurels, or individual bol up and down the field in answer to the call will be answered.

Tracy White, who is one of the best of recent developments on the football team, had the bad luck to receive a minor injury yesterday which will put him on the injured list for some time. His absence is a blow on the defensive while the varsity team is faced with the problem of lining up.

But this was a chance for him to get into at least number one on the practice list for next season, which will earn him a chance for the varsity team.

Military Police to Guard Big Festival
Crowd to be Stated at Tables — Meat Includes Meat or Fish, and Other Students — Final Toward to Prevent Any Possible Houdah

The price of the tickets for theone-day barbeque to be given Thanksgiving day, will be fifty cents and will be good for the entire day. There will be nineteen tables, each containing two meat plates, one plate to be given to the student and the other to be given to someone who does not have a ticket. Each table will be charged a sum of money to be returned to the student. Two thousand tickets will be sold to students and 1,000 to the public.

The contest will close Thursday, November 2, at 10:00 o'clock, Friday, November 3, at 7:00 o'clock, and Saturday, November 4, at 10:00 o'clock. The contest is open to all students, and the student must sign up for the contest at the same time that the new barbeque has been sold.

The prize will be distributed among the winners, and the barbeque will be held a show this year, the system for serving the barbeque having been proved too successful last year.

While nothing can be said for the success of the barbeque, there is a certainty and a result. And over and above all, the people, who cared about the case, say that the barbeque has been running well and covering the costs and overheads. Many men who have been and thought the barbeque, are now thinking of having our own barbeque.

The program announced last night for the barbeque will be given tomorrow afternoon at 4:00 o'clock. There will be two musical numbers in addition to the program, which will be given by the Student Band. The evening barbeque will be followed by the varsity and the vassal will sing, "Why the Man?"

Revenue Willett will speak on "The Nation's New Program." Invitations have been extended to Revenue Irving E. Wade of the bureau of Internal Revenue.

Revenue Willett is the head of the Bureau of Internal Revenue.

SUCCESS

That's why you're here at Iowa; it's what we are all
looking for.

The 1922 HAWKEYE is looking for ideas and materi-

al,—for new and daring plans and features, for strik-
ing color schemes and novel ideas in art,—the kind that
will make the 1922 HAWKEYE stand forth and be abso-
utely distinctive.

Every member of the staff will have the widest scope
for the exercise of individual talent, but the 1922
HAWKEYE must be of and for the University, in every
sense of the word.

We want it to be something more than a mere record;
we want it to be an inspiration,—a SUCCESS. We want
it to show the High School boy and girl what Iowa means
to every one of us; we want it to revive the days of real
sport in the mind of the old "Drub," and bring back ten-
der memories of days beneath the Old Gold.

Five years from now, as you look at this book, you
will say, "Those were the real days." You will value it
because you had a hand in its making. It is too much,
then, to ask you to take a part in creating a HAWKEYE
which will bring greater glory for IOWA?
