STEINER SEES AMERICA YET IN ITS YOUTH

University Lecturer Comments New Censorship Driven Trends Of the Old World

AMERICA DEADTHLESS HE SAYS

Immigration Hoard Holds That No Nation Is Safe, Unless It Is Brought Us Here, Crude, Half-Barbaric and Afraid of the Adventure of Nationalism.

Above all it is the expansion of personality, and the supremacy of the individual over the nation, that nation is due, first and foremost, to the American young men and women who are being educated in the schools, colleges, and universities of America today. It is said that no nation is safe, unless there is great and true democracy in its government. Roosevelt, he believes, is responsible for the greatest and most real democracy in the United States and probable to be the greatest and the mainstay of a democracy, and if this were to be true, he would be the greatest patriot of us all.
