NUMBER 65

## WRESTLERS PUT UP FIGHT FOR SQUAD PLACES

### Dopesters Not Able To Make Any Predictions On Winners

#### ALL WEIGHTS WILL COMPETE

#### Three Meets Already on Schedule—Dual Meets with Chicago and Minnesota Are Planned—Conference Fight Will Be Staged at Urbana in March as Planned

Under the supervision of Coach Ralph Parcourt, the wrestling squad is slowly being pounded into working form. Keen competition is being shown in all weights and dopesters find it impossible to make predictions as to who will not make the team.

The first elimination of the squad will take place soon after the Christmas holidays, according to Ernest G. Schroeder, director of physical education for men.

Besides the three meets which have already been placed on the wrestling schedule, dual meets with Chicago and Minnesota are now being arranged by the athletic board. If negotiations are successful, the wrestling team will be confronted with a series of five dual meets and the regular conference meet which will be held at Urbana the early part of March.

Among the heavy weights who are showing up in commendable form, the edge seems to fall on Bob Hunter and Paul Frank. Captain White in the 175 pound class is holding his own in good style but Kelso, though a new man at the game, may push the shifty grappler to his best before the season is over.

In the middle weight class, H. D. Scott and Bob Smith are tugging neck and neck while in the 145 pound class Johnson, Cahail, Vedova and Hoffman are girding loins for battle. Sweeney, in the 135 pound class seems to have things his own way at present, but several huskies are developing who may be material worthy of his metal.

The light weight stage is set with Vana of last year's team pushed to the limit by Prince. Thompson and Sorenson are also showing a caliber that will have to be contended with in the early eliminations.

Jensen, last year's captain, has been going down regularly working out with the various members of the squad.

### WEATHER FORECAST

Thursday, December 9—Somewhat unsettled, mostly fair.

## NEWSPAPER WORK DOES NOT INSURE SUCCESS AS A WRITER—MRS. DELAND

"I would advise every person to earn his own living whether he has the means for a life of ease or not," said Mrs. Margaret Deland, in an interview late yesterday afternoon. "Idleness leads persons to become hoboes," she continued. "It is only by working ourselves that we can appreciate the laborer's position."

Mrs. Deland, in addition to her lecture work, is now writing another novel name and content of which she would not disclose. She is also completing another "Old Chester Tale," one of her "longish-short stories" as she calls it.

Unlike most literary persons, Mrs. Deland has never done any journalistic work. She is inclined to believe that the hurry and space pressure under which a reporter works is not conducive to the forming of a literary artist. "If a reporter aspires to be a writer it seems to me that the conditions under which he works, would destroy that appreciation of literary form which is very necessary

## "HER HUSBAND'S WIFE" WILL BE PRESENTED AT NEWTON TONIGHT

"Her Husband's Wife," by A. E. Thomas, will be presented for the third time to-night by the University Players cast. The players will leave for Newton this afternoon where they will give the second production of the play in the interests of the Memorial Union.

Ruth Rogers, field secretary of the Iowa Memorial Union campaign, has been in Newton for the past few days where she has been organizing the alumni, and preparing for the presentation of the play. She reports that the situation there appears very favorable and indicates every reason for anticipating sufficient support to make the production successful. Ralph G. Grassfield, director of the Iowa Memorial Union, left for Newton yesterday afternoon in order to have ample time in which to complete the final arrangements for presenting the play to-night.

The plans at present, according to Mr. Grassfield, are to give a dinner to the cast and to the friends and alumni of the university before the play. No definite toast program has been arranged, but speeches will probably be made to boost the Memorial Union.

## WISCONSIN MAN TO SPEAK HERE

### Karl Fish Will Give an Address At Pilgrim Anniversary Program Monday

Prof. Karl Russel Fish of the University of Wisconsin will deliver an address on "The Pilgrims," at the natural science auditorium next Monday evening in observance of the tri-centenary of the tri-centenary of the landing of the Pilgrims.

The tri-centenary anniversary of the landing of the Pilgrims will be celebrated in the University, December 13. President Wilson has set December 21 as the date for commemoration of the Pilgrim's arrival in 1620, but since the holiday vacation prevents a celebration at that time next Monday evening will be observed.

A program at the natural science auditorium is being arranged by Prof. Arthur M. Schlesinger, head of the department of history. The main feature of the program is to be an address by Prof. Karl Russell Fish, of the department of history at the University of Wisconsin. A short pageant called "The Pageant of the Pilgrims," will be given by the young people's society of the Congregational church, under the direction of Walter C. Shafer, Congregational student pastor. No admission will be charged.

## FRATERNITY OF ENGINEERS IS FORMED HERE

### Mecca Club Is Name of Organization — Paul Mercer is President

#### CLUB HAS FOURTEEN MEMBERS

#### Organization to Fill Need of Professional Engineering Fraternity — Expects to Petition For A National Chapter — Banquet Held at The Pagoda

Mecca Club is the name of the new professional engineering fraternity established at the University by a number of students in the college of applied science. Officers of the new fraternity are Paul Mercer S4 of Iowa City, president, and Gordon Lunt S4 of New Sharon, secretary and treasurer.

This fraternity is organized for the purpose of fulfilling a need in the college of applied science for an organization of this nature, as this college is the only one on the campus which has not a professional fraternity, according to Mercer. "It is the plan of the organization to petition some national engineering fraternity later in the year," he said.

The fraternity has fourteen members at the present time, and the organization of the club has not been fully completed. The members are; Leo Murphy S4 of Rockford, Clement McMahon S4 of Dubuque, Dwight Shore S4 of Eldon, Oral Dold S4 of Rome, Martin Flentje S5 of Sheldon, Malcolm Eaton S3 of Des Moines, Percy Bowman S3 of Maquoketa, Robert Dethlefs S4 of Iowa City, Charles Stickney S4 of Iowa City, Harold Miller S3 of Waterloo, Edmund Rich S3 of Maquoketa and Joe M. Dean S3 of Sioux City. The club had a banquet at the Pagoda last night. Dean William G. Raymond, Prof. Raymond B. Kittredge and Dean Robert Rienow were guests of the organization at this banquet.

### ATHLETES BANQUET TONIGHT

#### Jones, A. Devine, and Kaufmann Will Attend H. S. Banquet

The first of a series of banquets to be given to high school athletes throughout the state by the alumni organizations of the University, will be held at the Russell Lamson hotel in Waterloo this evening. This plan has the cooperation of the A. F. I. honorary senior men's society, which is arranging to send representatives to each of the banquets.

Coach Howard H. Jones, Aubrey Devine, and Robert Kaufmann will attend the banquet tonight as representatives of the University. It is thought that by arranging these banquets in the various Iowa and by sending prominent athletes to represent the University at such banquets, it will be possible to interest many high school players in attending the University.

### BENJAMIN TALKS AT Y. W. "AMERICANISM" LECTURES

Prof. Gilbert G. Benjamin of the history department delivered a talk entitled "Worker or Worked" last night at the second of a series of lectures on "Americanism," being held by the Y. W. C. A. He treated the subject in its industrial aspect, with regard to the immigrants who come to our country.

Prof. Charles H. Weller, head of the department of History of Art, gave a short explanation of the idea of the Memorial Union. "The campaign for funds began just a year ago and one fifth of the amount necessary, or \$200,000 has been raised," he said. He said that "The Union" will serve as a community center, or a barometer of citizenship or Americanism."

## HONORARY MEDICAL SOCIETY ELECTS SENIOR MEMBERS

Alpha Omega Alpha, honorary medical society for men has elected seven senior medical students as members. They are Jack V. Treynor, of Council Bluffs, Paul R. Rockwood of Iowa City, Thomas F. Irish of Forest City, John D. Synhorst of Pella, J. D. Boyd of Iowa City, Thomas F. Suchomel of Cedar Rapids, and Edward F. Benhardt of Oxford Junction.

Initiation and a banquet in honor of the new members will be held soon, according to Herbert P. Miller, secretary and treasurer of the society.

The chapter of Alpha Omega Alpha was founded at Iowa last year. Membership in the society is based on scholarship. The organization is not social, and in some of the chapters the custom of using the meetings for presentation of clinical cases and scientific papers is growing.

A banquet is held annually, and a public address is delivered by some well known member of the profession. Chapters are found at the more prominent medical colleges in this country.

## SEALS WIN IN HANDICAP RACE

### Forney and Short Tie For the Plunge at 60 Feet in Contest Last Night

The Seals club won the annual handicap swimming relay at the aquatic carnival staged last night before an enthusiastic crowd of spectators at the natatorium in the men's gymnasium.

The eight women who composed the Seals team who swam the 160 yards, finishing one lap ahead of the Eels team which tried to swim 240 yards with a team composed of six men in faster time. The women's team was composed of Emery, Starbuck, Koiner, Darrow, Hayes, Wright, Shore and O'Donohue. The following men composed the Eels team; Captain Anneberg, Band, Shepherd, Rademacher, Weidlein, and Clark.

A summary of the events follows:

Men's 40 yard dash: 1st Clark, 2nd Bond, 3rd Shepherd. Time 23 seconds.

Men's plunge for distance; Forney and Short, tie. Distance 60 feet.

Women's plunge for distance; Emery 1st. 44 feet.

100 yard breast stroke; Vedova, 1st; Mills, 2nd; Smith, 3rd. Time, 1:30:1.

Freshman and second varsity relay; second varsity, Boynton, Ward, Gallup and Goodell, first. Freshmen, McCullough, Patrick, Stover and Goltman. Time 1:48:3.

Girls' candle race; 1st, Wright; 2nd, Beard; 3rd, Stewart; and 4th, Spiers.

20 yard underwater swim: Goodell 1st. Time 12 seconds.

220 yard swim: Shepherd 1st, Boynton, 2nd, Stover 3rd. Time 3:16:2.

100 yard back stroke: Smith 1st; Weaver 2nd, Mills 3rd. Time 1:34.

### MAGAZINE CHANGES NAME

#### Commerce Club Magazine to be the "Journal of Business"

"Journal of Business," was selected as the new name for the publication edited by the commerce club by the executive board at a meeting yesterday.

Much dissatisfaction was expressed to the name of "Organizer," the title of the publication last year, for a title was wanted which would more fully express the purposes and content of the magazine, according to Lawrence Hertlein A4 of Waverly, editor-in-chief.

There will be three issues of the magazine this year. The first issue will appear February 1. There will be another issue April 1 and a third June 1. The subscription price for the magazine will be the same as last year, 50 cents for the three issues.

## SPEAKER SAYS PRESENT JOB IS 'SIT TIGHT'

### Mrs. Deland Believes Demand of Present is Quiet Meeting of Conditions

#### HEROISM IS DIFFICULT NOW

#### New England Authoress Recounts Experiences in France — Says Heroic Moment is Not Recognized — Contrast in Excitement of War Time and Peace Reaction

Drawing a comparison between the excited condition of war times and the present unromantic state of civil affairs Margaret Deland presented the immediate duty of the present as one of living up to the homely demands of individual conduct, in a quiet, unexcited way, in a lecture, "The Opportunity of a Dull Job," given in the natural science auditorium at 8 o'clock last evening.

"The biggest problem in the world today is to meet the reaction to the recent victory in the world war," said Mrs. Deland. "It is natural to show heroism under the impulse of excitement but it takes character to be heroic without excitement. Governments and armies have brought peace, but only individuals, unified and standing together can preserve it. We can't have the same old selfish, complacent, and materialistic peace that has followed former wars."

Mrs. Deland told of having heard a French gentleman of high standing say during the war that there was no doubt but that the Allies would win, and he predicted that Germany would immediately blow up, and that England, France, and the United States would follow in turn. This Frenchman thought that the trouble with the United States is that we confuse democracy with suffrage. Mrs. Deland emphasized that Democracy was a state of mind and that individuals must acquire this state of mind.

In telling of her experiences during the war, Mrs. Deland brought out the fact that the individual is never actually conscious of the heroic moment. She thought that acts of heroism in the world war were especially true to this fact and she told three stories which illustrated this unconscious heroism in the form of courage, bravery, and endurance.

### SPANISH CLUB TO HOLD A SOCIAL MEETING

The Spanish club will hold a social tonight in the liberal arts drawing room. The committee in charge of the program promises music, games, and refreshments.

The Spanish club has forty-six members this year and holds its regular meetings every two weeks. The meetings are usually conducted in Spanish. Ronald B. Williams, president of the club, says that all students in the University who are taking Spanish are eligible to membership, and are invited to the social tonight.

### CONTESTANTS ASKED NOT TO PLACE NAME ON PLAY

Students contributing plays for the University Player's play writing contest are not to write their names on their contributions, according to Edgar J. Goodrich L2 of Anoka, Minn., president of the University Players.

Instead, they are to hand in their names in a sealed envelope with the name of their play on the outside. This will enable the judges to make their choice without taking into consideration the person writing the play," said Goodrich, "and will make the judging absolutely fair and impartial."

**THE NOBEL PRIZE**  
Award of Nobel prizes, including as one of the five the peace prize conferred on President Wilson, to be made at Stockholm tomorrow, is of particular significance and interest to centers of education.

Alfred Nobel, Swedish chemist and inventor of dynamite, in his last years of solitary contemplation laid at the doors of scientists, writers, and idealists, the job of establishing a fraternal, equitable civilization, and to this end made a will establishing \$9,000,000 as a permanent fund, yearly interest from which is divided into five prizes awarded by his direction as follows:

One to the person who in the domain of physics has made the most important discovery or invention.

One to the person who has made the most important chemical discovery or improvement.

One to the person who has made the most important discovery in medicine or physiology.

One who in literature has produced the most distinguished work of an idealistic tendency; and

One to the person who has promoted most or best the fraternity of nations and the abolishment or diminution of standing armies, and the formation and increase of peace congresses.

President Wilson is the fifth American winner of a Nobel prize in the list of eighty-five that have been awarded since 1901. Others went to Theodore Roosevelt and Elihu Root, peace, Dr. Alexis Carrel, medicine, and Prof. Theodore W. Richards, chemistry.

As education along with the rest of the world is shaking off the dimming effect of recent war conditions, it is keenly reminded of the job laid down for it by this Swedish dreamer. Nobel was a dreamer and more, he was an inventor, a man of ceaseless energy, a business man who made millions. His dream counts for something. It places responsibility in education more than in politics.

paper which is marked with the hated Fd.

Even one who indulges in the trivial may occasionally be serious and cherish in his heart an ambition to do real good in the world. We hate to mumble our convictions. The portals of this column is, as you doubtless have already inferred, a huge pair of editorial shears, and we have never succeeded in entering with anything more effective in combating bunk than a harmless jest. Anyway our ambition is to some day slip by the jaws of these shears and come out in print with something that is both effective as humor and also efficient in obliterating "Flim-Flam" and "Bunk!" . . . Then if we are way laid some dark night by the enemy and get "stomped" on we shall be content to be harmless for the rest of our life.

A dollar saved is a quarter earned.

New is the time for the bird who never danced in his life to come to the aid of the anti-cheek-to-cheek party.

The saddest words of tongue or pen, Are these: "ome in now girls, its after ten."

In days past we left the table feeling rather dull and stupid and ill-natured because we had eaten more than was really good for us. Now-days we experience the same feeling only the cause is not quite the same. Surely it is not the quantity of the food we have eaten. Can you guess what it is? Yes; your're right. And then they complain when we over-draw!

Until you are married and have a home of your own it is quite useless to hope to ever find your girl out. But when you marry she will always be out.

**FIVE MEMBERS OF RESEARCH STATION TO ATTEND MEETING**

Five members of the Iowa child welfare research station, Dr. B. T. Baldwin, Dr. Lorle I. Stecher, Mr. Howard R. Mayberry, Mr. Donald Laird, and Miss Gladys Fairbanks, will attend the meeting of the American Psychological Association which is to be held in Chicago the week beginning December 27th.

Dr. Baldwin and Dr. Stecher will present a joint paper on "Fluctuations in I. Q. on Successive Examinations," based on the mental examination of University elementary and high school pupils during the past three years. Dr. Baldwin is chairman of the committee of the American Psychological Association on qualification of consulting psychologists.

At the meeting of the American Association for the Advancement of Science, which is to be held in Chicago at the same time, Dr Baldwin will present a paper on "Criteria for Determining Anatomical and Physiological Ages." As secretary for the section on education, he has charge also of the arrangement of the program for this section.

Dr. Baldwin left last week to attend a conference in New York for

**"ALL-ROUND" IS THE TERM USED TO CHARACTERIZE TYPICAL IOWA GIRL**

Judging from the comments heard on the campus yesterday the Typical Iowa Girl is a much different creature than the one portrayed in the description which appeared in the Iowan. "She isn't a bit like that," insisted one of her feminine champions while a male misogynist was heard to remark that the sketch was a trifle flattering.

To get a description that will appeal to everyone is a difficult task, and it is the expectation of the Iowan to receive so many contributions that a Solomon's wisdom will not be needed to choose the most applicable one. It is the intention of the Sunday Register to print the winning description as well as the pictures of the girl.

Several sketches have reached the Iowan office, all of them in prose. Verse writers should immediately resent this and unloose the metrical pen. The time limit is set for Friday night at 6 o'clock; plenty of time

remains to get the description in. Following is a feminine view of the "typical" one. If you think the Iowa girl looks for a production of "Hamlet" when she is in Chicago, or "gives part of her time to lonesome girls" here at Iowa, you will like this sketch, if you don't think so—why not help out and send one in yourself?

**TEACHER, SOCIAL MODEL—RUSSELL**

Dean Recommends That Women Consider Demands of Situation

Problems of adjustment to the social situation of a small town were discussed by William F. Russell, dean of the college of education and chairman of the committee on recommendations, in a talk to prospective teachers in the liberal arts assembly room, Tuesday afternoon at 4 o'clock.

"Find out what the community in which you teach believes and do that thing," he advised. This sensitiveness to the social situation is, he said, the foundation of teaching success.

"The typical town in which an inexperienced teacher obtains a position is a one movie town of 750 persons or less and some conduct which is countenanced in a city is not approved of there," Dean Russell said.

"A teacher is a person of great importance in a town of this size; not only must she instruct, but she must serve as a bright and shining model for her pupils. Teachers may be poorly paid and slighted socially yet they are complimented by being selected as worthy models for the coming generation.

"Loyalty, interest in her job and in the life of the school are things considered by a superintendent in selecting his teachers." Dean Russell also advocates more of a manifestation of interest in the prospective position rather than in an assumption of a "high brow" air.

In conclusion he said, "Look right, act right, and think right. These things appear only on the surface and may seem of minor importance to skill in teaching, thoroughness, and character, yet they have much to do with the success of a teacher."

The typical Iowa girl is what we term an "all-around" girl. She loves sports; 6 o'clock on May mornings finds her on the tennis courts all ready for a set.

She likes amusement. She enjoys a good movie, and is even plebeian enough to enjoy a good musical comedy. On a flying trip to Chicago, she wants to see a good actor do "Hamlet."

She dates galore. She doesn't mind being told that she's pretty and has good sense "to boot". She likes to go to a regular party once in a while

in a fluffy party frock, with taxi, flowers, and a dress-suited man.

She is domestic. She gets a pleasant little thrill when Dad tells her during Christmas vacation that her pie is good. She likes to crochet sweaters on cold winter evenings.

She is useful as well as ornamental. She believes in social service and gives a part of her time to lonesome girls at Y. W. C. A. cozies, or tells stories at the convalescent hospital or teaches at Perkins Hospital, or sings at the Old Folks Home. She believes that there are other things, bigger and better than gratification of self.

Finally, she is capable and well-poised. She knows how to do things, and is quite well equipped to go into the world. She knows how to meet men in business, how to meet mothers in social service fields, how to meet children in schools.

She is the Iowa girl.

**WORK IS BEGUN IN BASKETBALL**

139 Women Are Preparing for Annual Contests Between Classes

One hundred and thirty-nine women have registered for basketball practice according to Miss Miriam Taylor, instructor in the department of physical education for women.

Preliminary work in the form of signal practice, ball passing and trial basket shooting has already begun and regular squads will be chosen during the week.

"There seems to be more enthusiasm and interests this year than ever before," said Miss Taylor. This year enough seniors have signed up for two teams and ten junior women are out for practice. Last season there were only enough juniors to make one squad and not enough for a senior team. Fifty-seven freshmen and sixty sophomores are out for practice.

A definite date has not as yet been set for the annual class tournaments but it is expected that they will take place during the latter part of January. A series of three games will be played by each class during these tournaments.

This will give each an opportunity to compete with the other three classes.

**ANNOUNCEMENTS**

Freshman party committee will meet this evening in the natural science auditorium at 7:30 to decide the date of the freshman party.

C. M. Sims, chairman.

All girls who wish to enter the aesthetic and interpretive dancing class after the holidays should report to Miss Anne Boillin, instructor of the class, before vacation. There is room for only six more girls and those admitted will have to make their costumes during the holidays.

Miss Anne Boillin.

The last rehearsal of the chorus before the Christmas vesper service will be held to-night at 7:10 at the liberal arts auditorium.

Prof. Philip G. Clapp.

**W. A. A. TO AWARD NUMERALS**

**Many Members To Receive Letters At Christmas Party**

Numerals will be awarded to members of the women's athletic association, who have won them in athletic events this fall, at the W. A. A. Christmas party to be held in the mirror room of the women's gymnasium December 15 at 8 p. m.

Sophomore women to receive them for making the soccer team are: Josephine H. Henderson of Hawkeye, Esther E. Butler of Fort Dodge, Gail DeWolf of Spencer, Marjory Barfoot of Decorah, Elizabeth A. Stanton of Chariton, Portia L. Parker of Diagonal, Esther Holloway of Des Moines, Clara E. Marsh of Humboldt, Ruth B. Pfare of Tipton, and Melva D. Jones of Williamsburg.

Sophomore women to receive a letter for fieldball are: Gladys M. Taggart of Spencer, Beatrice McGarvey of Waterloo, Josephine M. Daus of Merville, Almeda A. Cutting of Decorah, Ruth P. Zorn of Montezuma, Lillian R. Clave of Ottosen, Ruth E. Wallace of Des Moines, Callie M. Buser of Conesville, Helen L. Copeland of Batavia, Frances P. Dolliver of Fort Dodge, and Mildred N. Cotnam of Des Moines.

Numerals for making the freshman soccer team will be awarded to: Edythe E. Beard of Burlington, Adelaide M. Gill of Iowa City, Irene Souder of Iowa City, Helen Spencer of Des Moines, Esther M. Yetter of Iowa City, Edith I. Sylvester of Fort Dodge, Myrtle Detlef of Davenport, Leona Hambrecht of Iowa City, Ada R. Cople of Davenport, and Ethel L. Hickerson of Mount Ayr.

Twelve women will receive numerals for making the freshman fieldball team. They are: Anabelle Thompson of Waterloo, Ethel M. Spencer of Olathe, Colorado, Helen L. Star-

buck of Iowa City, Gladys Dufford of Atlantii, Beatrice E. Johnson of Sioux City, Laura A. Sturtz of Dysart, Lois B. Jackson of Mechanicsville, Florence A. Zetner of Bellevue, Josephine Howe of Greene, Lydia Plese of Cresco, Lois G. Burns of Hartley, and Ruth Baumont of Council Bluffs.

After the awarding of numerals, the Christmas pie, composed of ten cent presents, attached by a string, will be opened. Each member is requested to bring a ten cent present, according to Lue Prentiss, chairman of the entertainment committee. Christmas games and informal dancing will complete the program for the evening.

**PROF. C. W. WASSAM SPEAKS ON "WHAT IS SUCCESS"**

Prof. Clarence W. Wassam, assistant professor of the school of commerce, lectured to about seventy-five men in the south tower of the Quadrangle Sunday afternoon. His speech, "What is Success," was preceded by a violin solo by James M. Klepper, u, of St. Louis, Mo., accompanied by Cecil W. Powell, A2, of Waterloo.

Professor Wassam's lecture was enlivened by his usual humorous stories, and was enthusiastically applauded by the Quad men. The keynote of his lecture was, "What will the world think after you are gone? Will they be glad and see opportunity for advancement after you are out of the way, or will they consider your death a calamity?"

This lecture was the second to be given on the Quadrangle lyceum circuit. Discussion groups were held in several rooms at the Quadrangle last night to talk over the subject "What is Success."

**WHAT SHALL I GIVE HIM?**

The nicest and most useful present you can give him is one of our **UNIVERSAL ELECTRIC SHAVING MUGS**. When he is in a hurry these cold winter mornings and the water isn't warm, and he simply must shave, think how thankful he will be for this handy little gift. Let us show them to you.

Fieldball, second team.....	4.
Soccer, first team.....	2.
Soccer, second team.....	5.
-----	
	26

Freshmen:

Fieldball, first team.....	8.
Fieldball, second team.....	11.
Soccer, first team.....	3.
Soccer, second team.....	2.
	24.

**PHYSICAL EDUCATION CLUB TO MEET SATURDAY P. M.**

The physical education club will hold its second meeting next Saturday at 1:30 o'clock in the women's gymnasium, according to Claribel Wright A4 of Houghton, Mich., president of the club.

The physical education club which was formed this fall, exists for the purpose of helping the women who are majoring in physical education to study different kinds of apparatuses and general ideas of teaching, and to create an enthusiasm in the work that regular classes cannot give, according to the president. At each meeting several members or instructors will give discussions on some phase of the work. Any student who is majoring in

physical education is eligible to membership.

**INTEREST IN WRESTLING IS SHOWING INCREASE**

Since the appointment of Ralph Parcaut, middleweight champion of the world, as wrestling instructor, interest in wrestling has greatly increased, according to Mr. Schroeder, and it is now thought that as soon as the instructor is appointed, boxing in the University will attract the at-

**LITERARY SOCIETIES WILL NOT MEET THIS WEEKEND**

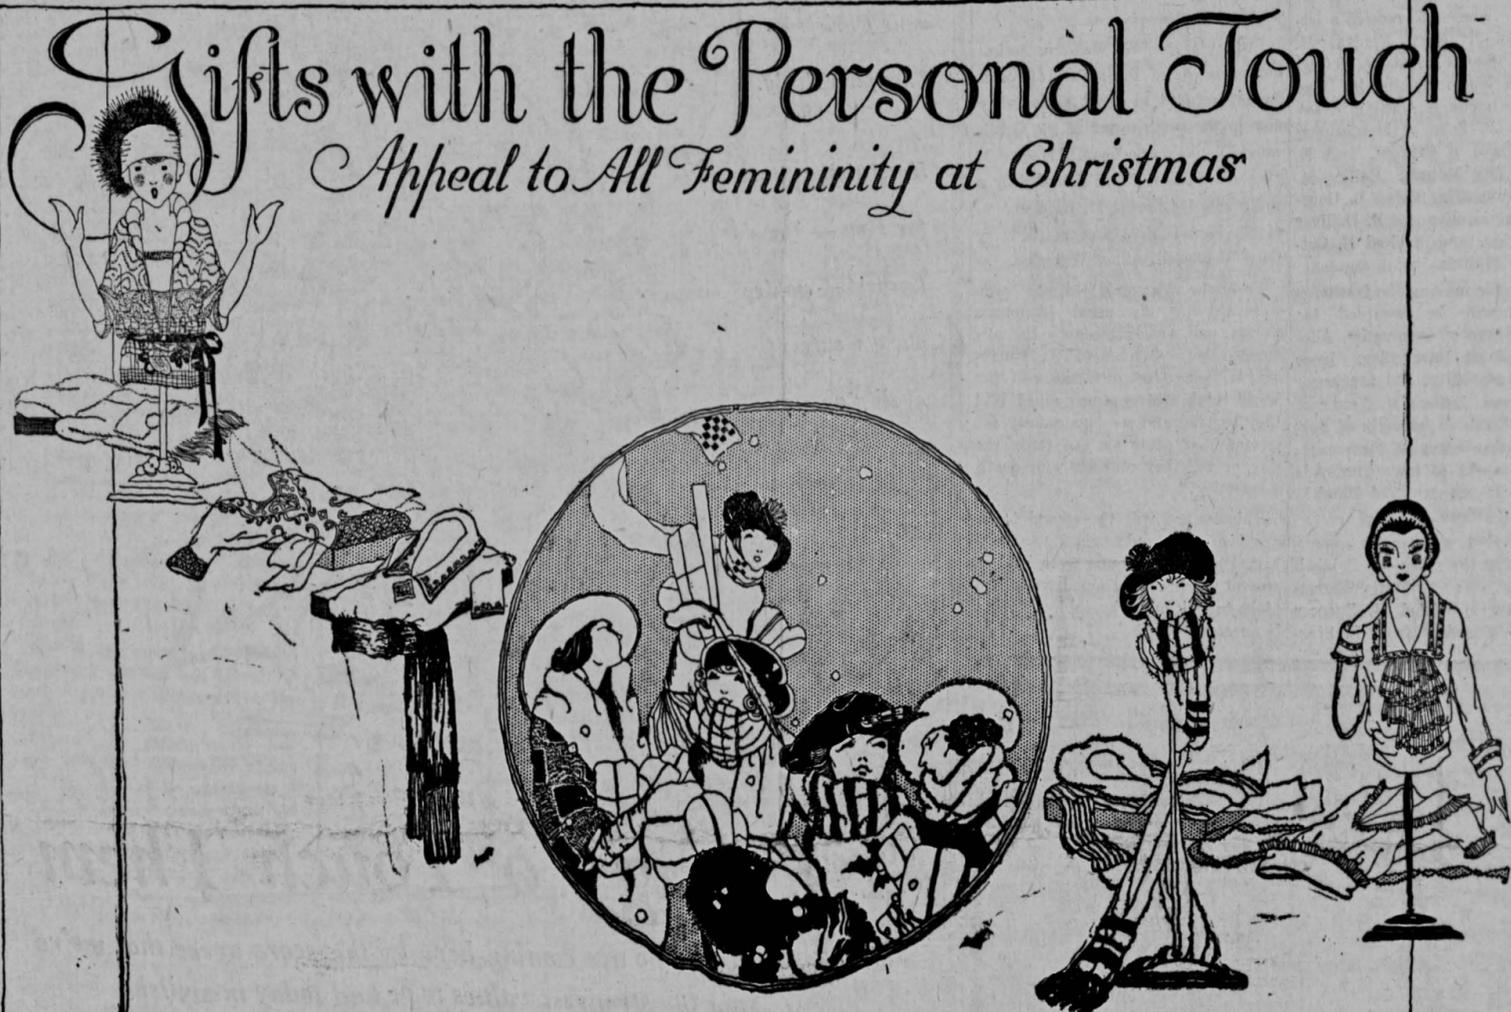

Philomathean and Zetagathian literary societies will not meet Friday night in order that the members may attend the Iowa-Minnesota debate at

the natural science auditorium. Irving Institute will meet this evening for the election of officers.

The Iowa-Minnesota debate Friday night is the last forensic event of importance until after vacation. On Jan-

uary 14, the annual meeting of the forensic league will be held, and the election of officers will take place. The final championship debate will be held on January 20 between the Philomathean and Zetagathian societies.

*Gifts with the Personal Touch*  
*Appeal to All Femininity at Christmas*

For one who regards a Christmas gift as an intimate means of expression, rather than a mere formality, there will be a delightful experience in selecting the gift which touches that correct note of intimacy.

Naturally our own opinion is biased, but more than ever before, we believe we have fused into our buying that individuality which is so desirable. Gifts that represent more than their intrinsic worth—gifts that in short will constitute personal remembrances.

To the man who faces the perpetually perplexing problem of a Christmas list, Mrs. Mary Miles offers a very genuine service. Her excellent judgment in matters feminine is entirely at your disposal. Whether you inquire personally or by note, you will find her efforts at your convenience.

Our supplies of Parisienne novelties, which were delayed in transit by the accident to the steamship la France, have arrived. Personally selected six weeks ago by our Buyer, they include gifts novel and characteristically continental.

We have been pleasantly surprised by the reasonable manner in which these gifts have been priced.

*For us to say that this is the most profoundly sensational overcoat sale we've offered this season would be expressing it in very mild terms.*

We made a special purchase of these overcoats from those makers from whom we regularly buy clothing. The high quality which we always insist upon is very evident in these garments in their materials, styles and tailoring.

This store has always believed that low price without known quality means nothing. When you are given an opportunity to buy overcoats which stand out head and shoulders above so many others, at prices which are unprecedented--then, the magnitude of the occasion is evident.

We cannot help but believe that there are hundreds of men in this community who have sufficient confidence in this store's printed word to recognize in this sale the splendid opportunity which it really is.
