Vol. XX—New Series V.

IOWA CITY, IOWA SATURDAY, JANUARY 22, 1921

NUMBER 89

RHAPSODIE AND MARCHES TO BE GIVEN BY BAND

Eight Piece Saxophone Band Will Feature Concert January 30

VAN DOREN'S MARCH APPEARS

Sunday Concert Will Be First One This Year—Six Main Numbers Offered of Classical Style With Popular Pieces for Encores — Open to All Music Lovers

An eight piece saxophone band will be the big feature of the band concert to be given at the natural science auditorium on Sunday, January 30, according to Dale W. Kitzmiller L2 of Parkersburg, in charge of arrangements for the concert. The selections played by the saxophone artists will be music arranged especially for saxophone bands and will include some of the popular music of the season.

Another feature of the concert will be a march composed by Director O. E. Van Doren, which was introduced by the band while they were on the chautauqua platform two years ago. This march is now a favorite selection with band directors and is very popular for use as a concert number, according to Kitzmiller.

All classes of music ranging from classic and symphony number to the latest popular dance selections will be played during the concert, according to Dr. Van Doren, director of the band. The feature numbers will for the most part, be introduced as encores. The program is as follows. 1—March "NC-4" (new) by Bigelow; 2—"La Traviata" by Verdi; 3—Ballet Suite from "La Gioconda" by Ponchielli; "Dance of the Hours" a—Moderato, b—Andante Poco mosso, c—Allegro vivace; 4—Popular Aire from "The Magic Melodie" (new) by Sigmund Romberg; 5—Parsifal Fantasia by Richard Romberg, introducing the "March of the Holy Grail"; 6—"Rhapsodie Hungroise", No. 2 by Frank Liszt. "Star Spangled Banner."

MUSIC DEPARTMENT MAY BRING CONCERT ORCHESTRAS HERE

Definite arrangements have not yet been made by the music council for the next musical entertainment which it will bring here, it was announced by Prof. Philip G. Clapp, head of the department of music, yesterday.

The original plan was to have three orchestral concerts by the Minneapolis, St. Louis, and Tri-City symphony orchestras distributed throughout the school year, but this plan will probably have to be abandoned. A considerable increase in the wage requirements for members of the musicians' union and the present high railroad rates have raised the financial burdens of concert tours to such an extent that it is difficult to arrange for appearance in concert by the large orchestras.

Professor Clapp said yesterday that it would certainly be possible to secure one of these symphonies for a concert here, at least the Tri-City orchestra who travelling obligations would be less than those of the other two. Tentative arrangements have been made with different soloists for a concert here during the spring but none have as yet been completed.

REYNOLDS READS PAPER BEFORE BACONIAN CLUB

Bruce D. Reynolds of the animal biology department lectured to the Baconian club last night. His subject was "Castor Beans in the World War." During the war Mr. Reynolds was engaged under the direction of the government in studying the varieties and cultivation of castor beans.

SENIOR PLAY HEADED BY ARBUCKLE WITH SEVERAL ASSISTANTS

Craig M. Arbuckle L3 of Waterloo was named chairman of the senior play committee yesterday by Weir M. Murphy L3 of Sioux City, president of the senior association.

Fred A. Steiner L1 of Corydon will have charge of the scenery and production of the play and will also act in conjunction with the senior committee in choosing a coach and selecting the play to be presented.

It has been the custom of the senior class to present the play during commencement week in the spring, but the committee hopes to give the play at a little earlier date this year, according to President Murphy. The members of the committee follow: Charles C. Bowie A4 of San Benito Texas; Genevieve Cleary A4 of Waterloo; Jean Birdsall A4 of Waterloo; Herbert P. Miller M4 of Portage, Wis.; Robert Dethlefs S4 of Iowa City; Mabel Newquist P2 of Essex; and O. E. Hoffman D4 of Des Moines.

IOWA MAY PLAY YALE IN 1922

T. A. D. Jones Accepts Five Year Contract for Football At New Haven

The signing of a new five year contract to coach the Yale football team by T. A. D. Jones, Yale '08, as announced at New Haven, Conn., yesterday assures the fact that the Iowa football team will travel to New Haven in 1922.

A telegram from Coach Jones was received by the University of Iowa athletic department last fall at the time of the 1921 schedule was being arranged which regretted the lack of a practicable date on the 1921 schedule but assured Iowa a game for 1922.

However Coach Jones' contract expired at the end of the football season of 1920 and the arrangement of the game was practically hinging on his acceptance or refusal of the new contract offered by the Yale athletic board. His tentative arrangement of a game for 1922 would not be absolutely binding on his successor.

Considering the popularity of inter-sectional games at the present time, and the contract already partly completed, connected with Coach Jones' acceptance of the new contract, there is little possibility but that the Hawkeyes will make their bow on an Eastern gridiron for the first time in history.

NEW FELLOWSHIP FOUNDED National Boiler Washing Company Provides for Experiments Here

The National Boiler Washing Company of Illinois, through its president, Spencer Otis, has offered to the University a stipend of \$2000 a year to be used in the support of a fellowship in the department of chemistry.

The fellowship offered by the National Boiler Washing Company will support experiments to be conducted in such a manner that results obtained will pertain to the increased efficiency of locomotive and other boilers. For this purpose the company agrees to furnish a fund of \$2000 per annum and if the experiments during the first year prove successful, the stipend will be continued.

The Board of Education has accepted the offer and will furnish suitable space for use as a laboratory for such apparatus as may be needed to make the experiments indicated. A part of the machinery has been installed in the basement of Close hall and William W. Gallaher S5 of Iowa City and Martin E. Flentje S5 of Sheldon are working on experiments under the direction of Prof. Edward Bartow, head of the department of chemistry.

The results obtained by the use of the machinery and the apparatus will be published by the University.

IOWA LOSES TO MICHIGAN, 19-15; TO MEET CHICAGO FIVE TONIGHT

CHICAGO TEAM STRONG IN BIG 10 BASKETBALL

"Fritz" Crisler, All Conference Guard of Last Year, Is Captain

TWO OF 1920 TEAM LOST

Birkhoff and Vollmer Both of Last Year's Team, Told Forward Jobs—A. A. Stagg Has Taken Coaching Duties Since Loss of Pat Page—Halladay Plays Center

By ARVID C. LUNDE (of the Daily Maroon)

Although three important cogs in the 1920 Conference championship basketball teams are missing, the Maroons still have a five which ranks with the strongest in the Big Ten this season. Coach "Pat" Page, Capt. Hinkle and "Ted" Curtiss are the 1920 men who are absent this year, and although their loss is a serious one, the Chicago squad still possesses enough stars and promising material for a strong team.

"Fritz" Crisler, who was Hinkle's mate at the guard job last year, and who was popularly rated as all-Conference guard along with Hinkle, is captain of the Maroon, and his work to date has been highly satisfactory. Crisler's defensive work is perfect, while his offense is smashing and fairly consistent.

McGuire, a substitute last year, has been holding down the position left vacant by Hinkle and has been displaying a good brand of work. Coach Stagg is also fortified with additional men for the job having Neff, Segal, Ratcliffe, and Runyan available.

At the forwards, Birkhoff and Vollmer give the Maroons the best offensive pair in the Conference. Last year these two stars were right up with the Big Ten leaders in the scoring department, and this year are going as strongly as ever. Vollmer has gotten away to a fine start this year, caging six baskets against the Badgers and eight against Illinois. Birkhoff cares for the free throwing in efficient style. Reserve forwards are Stahr, Bushnell, and O'Brien.

Halladay, who broke into the limelight playing his first year with the Varsity in 1920, a certainty at the center position. His guarding and floor work have been exceptionally brilliant and his basket tossing consistently successful. Hitchcock, a tall, rangy, long shot man, is also on hand for jump duty.

With the loss of Coach Page to Butler college, A. A. Stagg has taken over the coaching duties. In this work he is being assisted by Fred Walker, who assisted with the football team, and Paul Hinkle, star guard and captain of Maroon basketball teams during the past three years.

CLASSICAL CLUB ENJOYS GREEK-ROMAN PROGRAM

A short program was enjoyed at the Classical club meeting Thursday evening in room 109 of liberal arts building. A discussion on "The Roman and Greek Actors" was given by Marshall Kay A1, of Iowa City. Mrs. Marion C. Perkins Au, of Iowa City gave a talk on "Roman and Greek Costumes and Properties." A discussion of "The Last Will and Testament of a Little Pig" was given by Gertrude McDermott A1 of DeWitt. A social hour in the drawing room followed the program.

WHAT'S THIS, THE FIDDLE?

Chicago Basketball Team Has Man Called Fritz Crisler

Only a hard "C" and lack of a small "e" prevent "Fritz" Crisler, captain of the basketball team of the University of Chicago from doubling on the name of the great Hungarian violinist. Crisler is a guard. Holding center position on the same team is a man who rates the title of "Death" Halladay.

HAWKEYE MAT MEN WIN FROM NORTHWESTERN

Decisive Victory, 30 to 14 Starts Season For Wrestlers

WHITE INDIVIDUAL STAR

Sweeney Wins Two Decisions Out of Three Bouts From Bowman — Hunter and Smith Get Two Out of Three Decisions — Vana-Meyers Bout a Long One

Evanston, Ill., Jan. 21: (Special to The Daily Iowan from the Chicago Herald Examiner) Iowa walloped Northwestern tonight in the first wrestling match of the season held at the Patton gymnasium at Evanston, by the score of 30 to 14. The Hawkeye wrestlers clearly outclassed their opponents in most of the bouts, getting three straight falls and five decisions. Captain White was the individual star of the match, getting three of Iowa's falls in three bouts with Wynne.

For the Purple team Meyers of the 125 pound class and Hathaway of the 158 pound class were the only point winners. Meyers got a decision over Vana after 26 minutes and 4 seconds of wrestling. Hathaway of the 158 pound class got two decisions, over Howrey, out of three bouts. Sweeney of Iowa, of the 135 pound class got two decisions over Bowman out of three bouts. Smith of Iowa made the same record against Mathews in the 145 pound class.

Referee Netherton awarded Hunter, the Hawkeye heavyweight, two decisions out of three bouts with Penfield. The bout tonight was the first appearance of the Northwestern wrestlers in conference circles. Their team showed good possibilities and should round out into a dangerous crew before the end of the season.

The next wrestling match for Iowa will be against Minnesota on January 29.

WEST WATERLOO BEATS IOWA CITY HIGH SCHOOL

West Waterloo's high school basketball team defeated Iowa City high school by a score of 23 to 20 in a game last night on the Iowa City high school floor.

The Waterloo team had the small end of the score at the end of the first half, with 7 points to Iowa City's 10, but came back in the last few minutes of play for a final lead.

Referee was Jack Skein D1 of Dubuque, former star of the Coe college basketball team.

DARTMOUTH GETS NEW POOL

Dartmouth—A new swimming pool costing \$130,000 has just been finished at Dartmouth.

CLOSE CONTEST GOES TO MAIZE AND BLUE MEN

Hawkeye Forwards Fail to Find Basket On Invading Wolverine Floor

TIE AT END OF HALF

Michigan's Superior Floor Work Cause of Iowa's Defeat—Karpus of Michigan High Scorer With 9 Points — Shimek of Iowa Second with 7 Counters

Ann Arbor, Mich., Jan. 21, (Special to the Daily Iowan): Iowa's basketball team lost to the University of Michigan here tonight by the score of 19 to 15.

Michigan's superior floor work coupled with the ability to hit the basket when points were needed were the deciding factors of the game. Iowa's passing at the end of the floor was good but her forwards could not find the basket when they invaded the Michigan territory.

Both teams played loose ball with the play at times resembling more a football game than a basketball contest. The breaks if any seemed to be in favor of Michigan. Captain Karpus of the Maize and Blue was the high point maker of the contest with 9 points while Shimek of Iowa came in a close second with 7 of his team's total to his credit.

Devine's floor work was fast while Lohman was instrumental in his team's total of 15. For Michigan the work of Dunne underneath the basket and Karpus on the floor was outstanding. Williams at guard prevented several likely points for the visitors by virtue of his close guarding.

The game last night was the first conference contest that Michigan has won. Iowa's team left after the game with the Michigan outfit for Chicago where the Hawkeyes take on Chicago and Michigan meets Northwestern tomorrow night.

Lineup:
 Michigan (19) Iowa (15)
 Karpus lf Shimek lf
 Whitlock rf Devine rf
 Dunne c Frohwein c
 Williams rg Lohman rg
 Legalley lg Kaufmann lg

Summary: Field baskets; Karpus 3, Dwyne 2, Miller 2, Williams 1, Shimek 2, Frohwein 2, Lohman 1, Devine 1.

Foul goals: Karpus 3-7, Shimek 3-8, Frohwein 0-1.
 Score: First half, Michigan 7, Iowa 7. Referee, Ray; Umpire, McCullough.

SOUERS FILLS VACANCY

University Graduate Takes Place Left By Don Harrison

Mr. Philip W. Souers, L. A. 1920 of Des Moines, has accepted the position of instructor of freshman English, which was left open by the resignation of Don Harrison, who is at present instructing in the English department at Ames.

Mr. Souers is a member of Phi Beta Kappa and Beta Theta Pi fraternities. He graduated from the college of liberal arts in February, 1920, having majored in English and Romance languages. He comes here from Akron where he was in the foreign sales department of the Goodyear tire company.

ESPRIT DE CORPS

"But what is it all for?"
My young companion and I were now inside and tip-toeing down a long dimly-lit corridor. On both sides we passed by tiny rooms. In each was a young man or woman sitting at a desk pounding vigorously with a gavel. Here and there was heard, "We will now hear the reports of committees," or, "You have heard the motion, is there a second?" "All in favor, signify by the usual sign," etc. I repeated my question. My companion looked at me with profound wonder.

"Why this is meeting night," he said. These are organizations, organizations, organizations—(He muttered the word over fondly to himself.) We then passed by a room in which were two young men, the second lolling sleepily in a chair in front of the speaker's table.

"There are two here, and only one in most," I said. He sighed a little regretfully.

"I know," he said, "but in another year you will see a change. The drive is on now; our motto is, 'An organization for every man on the campus.' I belong to a few. (He threw open his coat, uncovered a double row of badges across his waistcoat.) Here is The Society for the Prevention of Congestion at the North Entrance of the Liberal Arts Building Between Morning Classes, this is the Club for the Promotion of Good Feeling Between Men from Jepson County, the room in which you saw two men was the Brotherhood of Undergraduates Who Do Not Belong to Something Else."

"But why do they all meet on the same night?" I asked. He sighed again. "I wish you had come a year later," he said. "Another hundred per cent drive is on. Now our organizations meet only six nights a week. In a year it will be seven."

"But when, my dear young friend, do you study?" He looked at me as though I were a Voltaire at a Diet of Worms.

"Please speak English," he said, and continued, "Do you know that in 1921 a man graduated from this great University whose only organization was his home town literary society?" He laughed long and loud.

"1921," I reflected aloud, "Was not that the year in which so many students in Europe died of starvation?" But he was muttering happily to himself, "Organization, organization, organization."

CONTRIBUTORS' COLUMN
AN ODD BILL

And now comes freak legislation. In a bill introduced in the Oklahoma house January 19, it is provided that snoring, talking in one's sleep, and the like, shall be prohibited by law. Penalties for this kind of offense are said to be loss of breakfast for first offense, spending several days in with one's mother-in-law for the second offense and fines from \$100 to \$1000 for succeeding offenses.

There are only three possible sources for such a bill. The author must be driven to desperate straits by Mrs. Author or the little Authors, or must

have been driven to narcotics by the same sources. Or perhaps he is just a plain every day "nut".

As far as that particular bill is concerned, it is hoped that it never will pass, for the government cannot hope to control the physical characteristics of mankind.

Personally, it has been found that a good healthy kick, or the jerking of covers off the bed is enough to stop snoring and talking in the sleep of roommates. G. S.

DUNLAP AND LE VAN NAMED OFFICERS OF ENGINEER'S SOCIETY

Prof. John H. Dunlap, professor of civil engineering was elected president of the Iowa Engineering Society at the thirty-third annual meeting at Des Moines, January 19 to 20. Alvin Le Van S '07 was elected vice-president.

This was the largest meeting of this society ever held. Four hundred members and guests were present. Prof. John J. Lambert, head of the department of structural engineering, read a paper entitled, "Hydraulic-fill Dams and Levees" prepared by Prof. Sherman M. Woodward, head of the department of mechanics and hydraulics, who was unable to attend.

This society is composed of the engineers of the state and is devoted to the advancement of that profession. This is the first meeting after the adoption of the new constitution with the scheme of district clubs, one of which is the Iowa City Engineers club. The retiring president is Henry H. Dean S'10, whose father was the first president of the society. A banquet and dance at the Savery hotel Thursday evening, January 20, ended the meeting.

Those who attended from here are

as follows: Prof. William G. Raymond, dean of the college of applied science, Prof. John J. Lambert, Prof. John H. Dunlap, J. J. Hinman, A. F. Fischer S'11, F. E. Young S'12, Raymond Justen S'20, Walter Schwob S'15, and J. C. Watkins ex-S'19.

COWLING COMES FOR TOMORROW

College President Will Give Address — Musicians To Offer Program

Pres. Donald J. Cowling, president of Carleton College, Northfield, Minnesota, who is the Vesper's speaker for tomorrow afternoon, will come to Iowa City Sunday morning after speaking in Cedar Rapids this evening. The Vesper services will be held in the natural science auditorium at 4 o'clock. The subject of President Cowling's address is, "A Personal Philosophy of Life". Prof. George T. W. Patrick, chairman of the Vesper's committee, says that President Cowling is a very able and fine speaker.

The University orchestra will appear for the second time this year in the musical program of the afternoon. The program includes the following numbers: orchestra "Melody of Peace" by Martin; violin solo from the Second Concerto by Wieniaski, by Miss Winifred Forbes, instructor of violin in the department of music; and "How Lovely Are Thy Messengers" from the Oratorio of St. Paul by Mendelssohn by the Vesper Choir.

President Cowling was born in Trevalga, Cornwall, England. His father was a minister and came to America in 1882 when President Cowling was

two years old. In 1902 he received his B. A. degree from Lebanon Valley. He is also holder of three degrees from Yale: A. M. in 1903; B. D. in 1904; and Ph. D. in 1906. Reverend Cowling also received his D. D. from the Baker University in 1909 and his LL. D. from Knox in 1919.

Before coming to Carleton College as president in 1909, President Cowling was professor of philosophy and the English Bible at Baker University. He is author of various magazine articles and public addresses and is a member of numerous religious and philosophical organizations throughout the United States. He is also a

member of the honorary fraternities, Sigma Xi, and Phi Beta Kappa.

UNIVERSITY AND IOWA CITY SHOW APPRECIATION OF CLASSICAL CONCERT

The concert given by Miss Florence Hinkle Tuesday evening was well attended both by students of the University and by the towns people. According to Prof. Philip G. Clapp, head of the department of music, the music committee is decidedly pleased with the interest shown in the concert and the financial success which the large crowd in attendance made possible.

The audience which heard Miss Hinkle evidenced more than usual appreciation with the high range of her clear smooth voice and the marked cor-

diality in her platform attitude. Her easy command and precision of tones won enthusiastic applause in the more familiar of her numbers. Special favor was shown for "Depuis Le Jour" from Louise by Charpentier, which she sang by request. The high quality of the first three groups of classic songs pleased the more exacting, and the last group of the commoner songs, especially "Little Pickaninny Kid" by Guion and "O, Didn't It Rain" by Burleigh, were the favorites of a large part of the audience.

Frances Barnard '17 of Omaha is the guest of Helen Grotewohl '19 at the Delta Gamma house.

Mrs. S. N. Thompson of Waterloo is spending the weekend with her daughter, Annabelle Thompson, at the Alpha Chi Omega house.

Mrs. Berge Elder '19, Alpha Chi Omega, of Keokuk, has returned to this city because of the death of her father, Mr. C. L. Kane.

James A. Hollingsworth L '19 of Keokuk is a guest at the Beta Theta Pi house.

Lucile Snyder A4 is spending the weekend in Marion.

Effie Page A1 and Mona Silverthorne A1 are in Cedar Rapids for the weekend.

Rosamond Von Schrader A2 is in Williamsburg for the weekend.
Marga Bruning A3 is spending the weekend in Rock Island.

Currier hall women who are out of town during the weekend are: Viola Kleinwort A3 at Rock Island; Mary Merle Ronan A2 at Lone Tree; Bernice McElvoy A2 at Muscatine.

Orpha Tague of Kirkman who was a student at the liberal arts college last year is spending the weekend with Julia Thompson at Currier hall.

Josephine Ainsworth A2 is entertaining her mother from West Union at Currier hall.

TEAS OF FRESHMAN COMMISSION DO NOT PROVE SUCCESSFUL

The Freshman commission women will have charge of the Y. W. C. A. program for February 3, according to a decision reached at their meeting Thursday. The program committee is composed of Viola Lake A1 chairman of Iowa City, Jessie Philips A1 of Iowa City, Susan Vanderzee A1 of Sue Center.

A name for the freshman organization of girls was discussed and the name of ("O. G. 24") was decided upon to submit to the freshmen girls at their lecture next Tuesday. Only one other name was handed in to the Freshman commission for consideration.

The reports of the commission women who gave parties last weekend, for the purpose of getting the freshmen girls better acquainted were on the whole unfavorable. At the party given by Charlotte Fisk A1 of Iowa City, and Marion Rummell A1 of In-

dependence only five girls responded to the invitations sent out. At the party given by Melba Carpenter A1 of Iowa City and Jessie Philips of Iowa City four women were present. According to Melba Carpenter, secretary of Freshman commission it is not certain whether these parties will be continued or not.

ANNOUNCEMENTS

Senior Hop committee will meet Sunday afternoon at 3 o'clock at the Sigma Nu house. All members are requested to be present.
Charles F. Glasgow, chairman.

All Juniors desiring to make corrections or additions to their data for the Junior section of the 1922 Hawkeye should call at the Hawkeye office today.

TANK TRYOUTS WILL BE TODAY

Team to be Picked for Minnesota Meet — Brown Out For Practice

The tank men will swim today in the final tryout to determine who will compose the team which goes to Minnesota, January 28. The meet this afternoon will be the last of the three preliminary tryouts. According to Coach Armbruster, the men who make the most consistent showing will make the trip to the northern city.

The tryout today, as the other two, may be entered by any student who is eligible to compete in college athletics. Up to the present no one, not out for the team at present, has appeared to give any serious opposition. The meet will start at 3 o'clock and may be viewed free of charge.

According to Coach Armbruster, tryouts will be held before every dual meet, and any swimmer may challenge any member of the team for his position.

By common consent of the Big Ten coaches, the 440 yard swim has been abolished from dual meets. The reason is that it requires too much time and is not interesting to the spectators. The basketball game has also been dispensed with in the coming meet with Minnesota.

The team which makes the Minnesota trip will be composed of eleven or twelve men. Robert Brown A3 of Des Moines who has been absent from practice all year, reported three days ago and is declared to be up to his last year's standing as a swimmer. He will join the tank team and enter the tryouts this afternoon. Brown was individual point winner in the Minneapolis and Northwestern meets last year and was also a member of the relay team which placed in the conference meet. He is the only swimmer who has ever been awarded an unqualified "I" by the athletic board.

HUMANIST SOCIETY TO MEET

Professor Knott Will Read Paper On Chaucer

Prof. Thomas A. Knott of the department of English will read a paper on "Chaucer's Anonymous Merchant" at a meeting of the Humanist Society at the home of Prof. and Mrs. Philip Greeley Clapp at 334 S. Sum-

mit street next Monday evening. Professor Knott's paper is an extension of a summary which he read at the meeting of the Modern Language Association at Chicago during the Christmas holidays.

According to Professor Knott, the paper is an effort to make the illusion of the merchant in the Canterbury tales more real than it ordinarily is to modern readers. Professor Knott believes that the merchant was probably engaged in the trade of a fine wool that was one of the exports of England during the fourteenth century, and that he had made his money after the practice of wool merchants of that time in speculating on the national debt. Professor Knott's conclusion is that Chaucer withheld the merchant's name because he knew too much about him.

BASSETT AND FAY JOIN HISTORY STAFF FOR SUMMER COURSE

Prof. John Spencer Bassett of Smith college, and Prof. Benard Fay of Columbia University will be included in the history faculty during the summer session, according to official announcement.

Professor Bassett will have charge of courses in the recent and contemporary history of the United States. He was formerly a member of the faculty of Yale and of New York University, and has taught at Columbia University in six summer sessions. He has a national reputation as a writer of history.

Professor Benard Fay of Columbia university, formerly Chapman Fellow appointed by the French Government to Harvard, will come to the University primarily for the purpose of offering courses in French literature, but has consented to give a course in the political and literary history of France.

Professor Harry G. Plum of the department of history will have charge of that department during the first term, and associate Prof. Louis Pelzer will have administrative direction of the department during the second term. Prof. Clara M. Daley and Miss Bessie L. Pierce will also be included on the staff.

The Cream of Fashion's Early Spring Modes Are Now Here!

Some people thought that the effect of the low price drive would only be temporary, and that Spring merchandise would be no more reasonable than it has been during the Spring season of the last few years. To them we can only issue an earnest invitation to visit our displays of fresh new Wearables.

No Wonder the New Frocks are so Captivating

They have a hundred and one little style details that mark them as uncommonly individual and attractive—basque bodices, cowl collars, handkerchief drapes, full tunics and scalloped hems. Some which have already earned the title of ultra-charming, although unpacked but a few days ago, are fashioned of navy blue taffeta and crepe silks. They are enchantingly embroidered in henna, bright blue or self color. The prices are moderate, ranging from \$15.00 to \$75.00.

Spring Suits Introduce Strikingly New Silhouettes

The bloused Suit is here again, interpreted in a dozen different ways. In most cases the blousiness extends below the normal waist at which point it is either caught into a snug fitting hip band or set off by a fringed sash in Spanish effect. The box Suits savor distinctly of the Orient with their mandarin-like jackets, small colored necklines and high-colored embroideries. Poire twill models in navy, and tan are shown the greatest favor.

From \$16.95 to \$75.00, they are truly remarkable values.

Interest Centers on the Clever Trimming of Blouse Fronts

Only great will power will enable milady to close her suit jackets over adorable front sections of the new Spring Blouses. Georgette in bisque, canary and other delicate tints fashions most of them, but quite a few have found the best expression in filmy laces. You will surely want several when you see thm. Prices range from \$6.00 to \$25.00.

New in ties

Ties very narrow. Both silk and Knits are good form. Both extremely narrow in width.

Plenty of new ones of the old "two-and-a-half" kind—

\$1.35
