NUMBER 107

HAWKEYE TANK TEAM DEFEATS AMES 48 TO 19

Water Basketball Game and Women's 40 Yard Dash Are Features

AGGIES WIN ONLY ONE FIRST

Two Hundred Persons Attend Meet—Shepherd Wins 220 Yard Swim—Forney Plunges 60 Feet—Ames Takes First in Breast Storke—Close Finish in 40 Yard Dash

Iowa took the lead from the first event in the swimming meet with Ames at the men's tank last night, and won by a score of 48 to 19. First counted 5 points, seconds three, and thirds one. The relay counted 5 points.

Ames took but one first, which was the 200 yard breast stroke, one of the most sensational events of the evening. Vedova, Iowa's best performer in this event led up to the last half-length of the pool and was beaten by six inches. Time, 3 min. 17 1-5 sec.

Iowa won easily in the relay, finishing about 20 feet in front of the leading Ames man. Lineup: Iowa, Rademacher, Shepherd, Boynton, and Clark. Ames; Griffin, Speed, and Norton. Time 1:27.

In the fancy diving Shepherd and Weidlein were within a few points of a tie, Shepherd getting the decision. Griffin of Ames took third.

The 40 yard dash was finished so closely that the crowd was unable to know the winner until the announcer gave the judge's decision. Clark won, with Speed of Ames taking second and Orcutt third. Boynton would have placed third had he not gotten out of his alley. Time: 20 4-5 sec.

Shepherd took the 220 yard swim with a lead of half a length of the pool. Orcutt of Ames took second and Goodell finished a close third. Time: 3 min. 2-5 sec.

Forney took the plunge in 40 2-5 sec. going the length of the pool, 60 feet. Halbach of Iowa and Keith of Ames tied for second and third place, both going the length of the pool in one minute flat.

Smith finished a few feet ahead of Norton of Ames in the 150 yard back stroke in 2 min. 14 sec. Weber of Iowa finished third. In the 100 yard dash Clark of Iowa led Boynton by a few inches for first and second places. Time 1 min. 7 3-5 sec. Orcutt of Ames took third.

Added features of the meet were a 40 yard dash by the freshmen in which Galtman took first, Stover second, and Patrick third. Time 22 2-5 sec. Four women swam 40 yards for women's championship of the University, Julia Darrow taking first in 38 sec. flat. Dorothy O'Donoghue was a close second and Amy Littig third. A water basketball game between two teams chosen at random gave an exhibition of that sport.

This was the first home dual meet of the season and an audience of 200 people witnessed the event. Accommodations for spectators are limited so that year books were not recognized. The meet was refereed by Doc White, swimming coach of the University of Chicago. Iowa will meet the Maroon tank men at Chicago, February 25.

Last night's meet, while the score was not close, was sensational as all of the dash and distance events were won by narrow margins. Ames was weak on the dives which Shepherd and Weidlein won by wide margins. The girls' race and freshmen dash was also of a close finish.

ANNUAL HEP-ZET PLAY TO BE GIVEN NEXT WEDNESDAY

It's a seven times seven chance that the audience witnessing "Seven Chances" next Wednesday evening at the Englert theater will later swarm through the exits happy and satisfied. The annual Hep-Zet comedy promises to be a laugh getter.

LEADING CHARACTERS

The ludicrous situations are caused by the amorous activities of a gentleman who will inherit twelve million dollars provided he marries before his thirtieth birthday which is but ten days off.

So he proposes to seven girls who all turn him down, but later all reconsider and accept him. With the aid of the author and perhaps the girl herself, the would-be-married man finally wins through to the "seventh chance," who happens to be the girl everyone in the audience wanted him to marry.

The play stars Cloyce K. Huston A3 of Crawfordsville who plays the role of the twelve million dollar possibility, and Ethyl M. Perry A3 of Forest City who is the "seventh chance."

"Seven Chances" is being coached by Prof. Edward H. Lauer. The comedy was written by Roi Cooper Meurge and was one of his best successes.

HARVARD ZOOLOGIST IS IMPRESSED WITH IOWA

"The department of zoology at Iowa is far better than anything I had expected to find in the West. I was greatly impressed with it and with the Laysan and Louisiana Swamp exhibit at the University," said Dr. George Howard Parker, professor of zoology at Harvard, yesterday.

Dr. Parker spent Friday and Saturday at the University visiting Dr. Charles C. Nutting head of the department of zoology, and visiting the hospitals here.

"The greatest impression I received at Iowa, however, was the cordiality of the people," continued the noted zoologist. Dr. Parker is spending a month at Grinnell as a western exchange professor. While there he is giving a course in "Sense Organs."

Friday evening Dr. Parker gave an illustrated lecture before the members of the Baconian club on "Fur Seal Fisheries," which dealt with his experiences while a member of the government expedition to the Pribiof Islands.

CLARENCE O. MICHAELSON RETURNS TO UNIVERSITY

Clarence O. Michaelson A3 of Lealand who has been as his home because of sickness since December has returned to the University. It is expected that he will report for baseball practice soon. Michaelson was the regular catcher on the 1920 team.

TEAM UNABLE TO FIND RING

Teamwork Improves But Men Are Still Unable To Shoot Baskets

Basketball practice in preparation for the home game with Ames Tuesday night was terminated with a short scrimmage between the frosh and Varsity teams yesterday afternoon, and a short period at basket shooting.

The Varsity team was going right and scored 12 points to the freshmen's four in fifteen minutes. Coach Ashmore has made no change in his lineup which is Captain Kaufmann and Devine guards, Frohwein center, and Shimek and Lohman forwards. Shimek is playing a great deal of the time on the defense, leaving Lohman to take care of part of the scoring.

Basket shooting seems to remain the outstanding weakness of the team as passing on the floor has shown improvement in the last game and the late practices. However the team has had little action since their defeat at the hands of Minnesota, as only two nights have been devoted to scrimmage.

The second string has dwindled down to about ten men who report regularly. Tiede is working at center, Klatt, Voltmer and Lee at guards, Anderson and Hurlburt at forwards and McGovney and Prentiss are working at both forward and guard.

New Freshmen Report Tuesday
The absence of Ty Smith will leave a place open for a first substitute at guard. Prentiss would probably be Coach Ashmore's choice for either position and McGovney and Anderson next.

Coach Jenkins announces that any freshmen who have entered the University this semester and wish a try-out for the first year squad should report to him on the floor Tuesday at 4 p. m.

DR. NORTON TO TELL OF HER EXPERIENCES IN THE NEAR EAST

Dr. Blanche Norton, an Iowa physician who has lately returned from clinical service in Constantinople, Trebizend, and other cities of the Near East, will speak on her personal experiences in that work next Sunday, February 20, in the natural science auditorium at 4 o'clock. The lecture will be given under the auspices of the local division of the Near East Relief drive, and is open to the public. Doctor Norton spoke before the representatives of various organizations of the city and University at a luncheon in the commercial club room yesterday noon.

Since her return from Constantinople last November. Doctor Norton has been engaged in promoting the Near East drive by speaking in various cities throughout the country. She will speak in Grinnell today and will lecture in various Iowa towns before her return here next Sunday.

From June 1919 until last November, Doctor Norton was engaged in medical relief work in Constantinople, Trebizend, and Karisund. In the latter city she started an investigation in the cure of tracoma, the cursed disease of the Orient, and in recognition of her unusual clinical service there was decorated by King Alexander of Greece with the Order of King George. This is an honor of the first rank, and, according to King George, she is the first woman to have ever attained that distinction.

Doctor Norton is a native of Iowa and attended Parsons college. Later she was graduated from the Cornell university medical school and did clinical work in New York City until she offered her services to Armenia in 1919.

VARIED PROGRAM AT MONDAY'S CARNIVAL

PROGRAM OF ATHLETIC CARNIVAL TOMORROW

1. Basketball 14 minutes
 2. Dutch dance 5 minutes
 3. Boxing 12 minutes
 4. Dwarf dance 5 minutes
 5. Wrestling 10 minutes
 6. Patrotic dance 5 minutes
 7. Gymnasium team 10 minutes
- During the other features Indian club swinging, fencing, and various announced comic stunts will take place.
Dancing from 9 to 12.

FEATURE STUNTS AND DANCING TO BE ON PROGRAM

Ticket Sale Will Be Continued Tomorrow — Tags To Be Given to Buyers

DANCING WILL LAST TILL 12

Entire Proceeds Will Go to Charity—Basketball Game, Boxing, Fencing, Surprise Stunts, and Novelty Dances to Be on Program — University Band to Furnish Music

Students who have only seen Iowa's athletes in serious work will have an opportunity to see them at play at the athletic carnival tomorrow night.

Athletic Director Howard H. Jones said yesterday, "We will make this a real carnival. It is not our intention to put on serious contests but to give everyone attending a dollar's worth of fun, three hours of dancing and then turn over every cent of the money to the relief of the starving children in Europe and the Near East."

Several new and original contests have been worked out and athletes will appear in contest under handicaps which Coach Jones says will be sure to make fun for the entire audience.

Ticket Sale Tomorrow

Owing to imperfect organization, the seat sale campaign was not finished last Thursday and will be continued tomorrow. Jean Spiers A3 of Reinbeck is in charge of the sale among the women, and all class presidents in the various colleges have been at work perfecting their organization. Tags will be given to all who buy tickets. The ticket is good for admission to the stunt program and the dance afterwards. It sells for \$1.00.

Program Varied

The program alternates special feature dances by the women and athletic contests by the men. The dancers are being trained by Miss Anne Boillin, instructor in the department of physical education for women. There will be three dances; a Dutch dance, a Dwarf dance, and a Patriotic dance. Sixteen women take part in the Dutch dance and the Patriotic dance, and six in the Dwarf dance.

There will be three bouts of boxing. Slater and Kinney, Gallery and Grub, and R. S. Smith and Honrichaus are the three pairs who will fight two minute rounds. The basketball game is between the freshmen and a picked team. The men picked to go against the freshmen are; Skein, a former Coe starr, Prentiss and Anderson, students, Worth, a former Iowa man, and Souckek, coach of the Iowa City high school basketball team.

Music between stunts will be furnished by the University band and seven members of the band have agreed to furnish the music for the dancing.

DR. BASH TO SPEAK TO-DAY AT PRESBYTERIAN CHURCH

Dr. Clementine Bash, head of the Douw Presbyterian mission hospital for women in Peking, China, will speak at an open meeting of the Student Volunteer Band this afternoon, in the Epworth league room of the Methodist church, at 3 o'clock.

Dr. Bash has been in China for seven years. During this time she has also taught in the North China Women's Medical College.

HAWKEYES FALL BEFORE PURDUE

Iowa Wrestling Team Beaten, 34 to 22, as Only Two Men Win Their Matches

Lafayette, Ind., Feb. 12. (Special) Purdue easily defeated the Iowa wrestling team here last night by a score of 34 to 22. Sweeney and Captain White were the only winners for Iowa.

In the 115 lb. class, Hall of Purdue won two decisions over Sorenson of Iowa. In the 125 lb. class Bround of Purdue won two decisions over Albers of Iowa. Sweeney won by a fall in the first match and was given the decision over Macklin in the second bout in the 135 lb. class.

Smith of Iowa and Alcorn of Purdue put up the most sensational match of the evening, going three bouts and two overtime periods to a draw. Keple of Purdue had little trouble with Howrey of Iowa in the 158 pound class. He won the first bout by a fall and the second by a decision.

White of Iowa drew the decision over Marshall of Purdue in the first bout of the 175 lb. class and won by a fall in the second bout. Spencer of Purdue won over Hunter of Iowa in the heavyweight in the first bout by a fall. The second bout and overtime period went to an exciting draw. Referee, Olson of Indianapolis.

DELTA TAU DELTA LOSES TO ALPHA TAU OMEGA; 17-5

The Delta Tau Delta fraternity basketball team was unable to find the basket in a game with the Alpha Tau Omegas yesterday afternoon which ended in a score of 17 to 5 in favor of the A. T. O's.

Olson and Galloway scored three field baskets each for the A. T. O's. Allen was the only Delt to score a field basket. Both teams had fair teamwork. This score puts the Delta Tau fraternity at the bottom of the standing in the championship race with two defeats and no victories. It was the first game for the A. T. O's.

Lineup: Delta Tau Delta: Wright, lf; Allen, rf; McAlvin, c; Boyd, rg; Archer, lg. Alpha Tau Omega: Clark, rf; Galloway, lf; Olson, c; O'Donoghue, rg; Cotton, lg. Substitutes; Faville for Allen, Bergendorf for Boyd. Ellison for Clark. Benz for Ellison, Frank for Bergendorf. Field baskets: Galloway, Olson, 3; O'Donoghue, Cotton, Allen, 1. Free throws: McAlvin, 3; Olson, 1.

WEATHER FORECAST

Generally fair today and Monday. Temperature about the same.

SPORTSMANSHIP AGAIN

Every university has poor sports; the sort of young men who hiss the referee, hurl opprobrious epithets at the members of the opposing team, snatch rival banners from women, and in general comport themselves like anything but gentlemen. Judging from the actual conditions in this respect here as compared with conditions in other universities, as indicated by editorials in their student newspapers Iowa fans are a well behaved lot.

To have the reputation of treating visiting athletes courteously is worth a good deal. Of course, the great majority of students at any university want to do what is right. What ordinarily causes the trouble when there is any is the action of a few rough neeks who just as often as not are not even students at the institution.

The point of all this is if some stranger sitting near you at an athletic contest begins to act like a rowdy put a stop to it. The only case of bad manners here this year was at a wrestling match. In the two "Big Ten" basketball games thus far this season, Iowa's rooters have shown the finest of sportsmanship. Thanks to the activities of the "Howling 300" Chicago and Minnesota were given a hearty welcome. It must have impressed the Maroons and the Gophers when they heard their own college yells form the lusty lungs of Iowa's rooters.

In the game with Ames here Tuesday night we can continue to show this same spirit of fair play. It is true that our relations with Ames have not been as pleasant as they could have been in the past two years, but no matter what our standing with the other state school, we should act in such a manner as to win the respect of the rival players. We can show them that we are above pettiness.

ONE EYE ON THE BOOK

Unfortunately one's reaction to several weeks of cramming for semester examinations is likely to be one of prolonged indolence, during which time most of us are pleased to forget that there is such a thing as a classroom. The long breath of relief which the undergraduate draws when his last examination paper is handed to the sphinx-like professor and passes out of the classroom, is, in many cases likely to last over a period of several weeks during which time he spends in dating, playing billiards, enjoying the movies, or last and most important, in that gentle and pleasant art of sleeping.

Of course if he does not "snap out of it" before he has lagged so far behind in some of his stiffer courses, getting caught up in them will become a boring and sometimes impossible task. Where he might have walked leisurely, now he must run furiously.

The obvious thing, of course, is to say keep right on working, attend classes as if there had been no examinations. Such advice, however, is useless, since that sort of conduct is unknown to many college students. It is seldom done, and one avoids the platitude with the remark that if you can't keep both eyes on the books at least hold one of them there.

Some of the men whose registration has been cancelled as a result of the late unpleasantness seem to think the joke is on the University.

THE LISTENING POST

Free Valentine Verse

We'd like to say it with flowers, dear,
But we fear your affection,
Like the posies, would fade
When the petals began to droop.

Since the inception of this Post a week ago today, at least two dozen co-eds have told us with what pleasure they have read its effusions. It puzzles us, too, since we seldom spend money foolishly.

"Girl, 8, Talks for Week Without Break," says a headline. Practicing, presumably, with the idea of setting a record when she becomes a woman.

Many a "D" student can beat his professors at billiards.

Coming to the campus soon, the Hep-Zet's "Seven Chances," and the Engineers' "The Love Broker." For college maids opportunity knocks more than once.

Law School Tradition Broken

Two men answers "unprepared," and "Bordy" smiles.

In a college town one can expect to find anything. That is why we were not surprised on learning that the same building housed a church auditorium and a dance hall.

Even though President-elect Harding creates a few new portfolios, he can't help from disappointing a lot of cabinet aspirants.

If America keeps out all the immigrants a great many Americans will have an opportunity to learn the art of railroad sectioning.

Hint to journalism students: It is poor taste to read over one's shoulder.

One newspaper story from Minneapolis said the cashier of a movie house foiled the robber by biting his hand; another yarn stated that she turned the trick by kicking the gun from his grasp. College men, probably, prefer to think of the heroine as a chorus girl.

"Do you know the flower language," she asked, when he murmured, "Be my Valentine." M. V. M.

PLACE MANY NEW BOOKS ON SHELVES THIS WEEK

Following is a list of some of some interesting books which appear on the "new book" shelf of the University library this week: "The Money Master," "The Weavers" and "The World for Sale" by Gilbert Parker; "Mr. Standfast" and "Prester John" by John Buchan; "Elizabeth's Campaign" by Mrs. Humphrey Ward; "The Magician" by W. Somerset Maugham; "Characterology" by L. Hamilton McCormick; "The Case for Capitalism" by Hartley Withers; "Reputations" by Douglas Golding; "Little Theater Classics" Vol. 2 and "Our Neighbors" by Ion Mclaren; "The Voice of the Negro 1919" by Robert J. Kerlin; "An Introduction to the Peace Treaties" by Arthur P. Scott; "The Meaning of Democracy" by Ivor Brown; "Doctor Johnston's Mrs. Thrale" and "Letters" by H. D. Thoreau; "The Late Mrs. Null" by Frank R. Stockton; "The Heart of Derise" by S. Levett Yeats, and "The Flaw of the Crystal" by Mary Sinclair.

FOOTBALL PRACTICE HELD

Indoor football practice is now being held on Saturday afternoons. The practices consist chiefly of signal drill and instructions on the fundamentals of the game. As soon as the weather permits practice will be held on Iowa field, three or four days a week.

Some of the men who were on the team last fall have been excused from practice as they are taking part in other athletics. The following men have been reporting for practice: Locke, fullback; Meade, Thompson, Tinley, Anderson, and Boydson, linemen; Kinney, Belding, and Pangborn ends; Shuttleworth and Baily, half backs.

HORACK URGES VOTERS OF IOWA CITY TO SUPPORT COMMISSION-MANAGER PLAN HERE

By Frank E. Horack
Department of Political Science

The commission-manager plan, which will be submitted to the voters of Iowa City tomorrow (February 14) for adoption, is one of the optional forms of city government which the state of Iowa permits cities and towns to adopt if they so desire.

In its general principles the law was modeled closely after the Dayton, O., charter. The commission-manager plan of Dayton has made that city famous long after the flood which so conspicuously showed the inefficiency of the old mayor and council type of government has been forgotten.

The plan is in reality based upon the fundamental principles of sound business organization. Modern business will not put up with wasteful or inefficient methods. The commission-manager plan by combining power and responsibility has made it possible for our cities to be administered according to the best standards of private business.

Much Depends on Manager

In cities governed under the commission-manager plan much of course depends upon the character and qualifications of the manager. The mere adoption of the plan will not create a miracle in municipal government, but it is certain that it affords a much better opportunity to produce good results than the system under which we are now operating. There is no reason to assume that we will not be able to secure the services of an efficient manager in as much as nearly 200 cities scattered from the Atlantic to the Pacific and from the Great Lakes to the Gulf are being successfully administered under this plan; and from every one of them comes the story of increased efficiency, increased service, and reduction of the public debt without increased taxation, along with the almost unanimous approval of the citizens of these communities. Moreover, in some of these cities those who have fought the adoption of the plan the hardest have become its most ardent advocates because in the actual operation of the system they have found that all of their fears were unfounded. The plan is no longer an experiment.

Clinton Rogers Woodruff, who for twenty-five years served as the efficient secretary of the National Municipal League, wrote, at the time of his retirement from that office a year ago, a review of the progress that had been achieved in municipal government during the past quarter of a century. Referring to the city manager plan he said:

Success of Plan Proved

"The city-manager movement may be justly regarded as the ripest fruit of the movement for better municipal government. It embodies the short ballot; responsiveness to public opinion; concentration of executive power and responsibility; expert administration of city affairs; the elimination of legislative control over administration; all essential principles of sound government practice. The success of the plan has been abundantly proved, although there are here and there expectations, because unreasonable, have not been met. It can be deliberately said that the city-manager plan has arrived. Like other governmental

agencies it is open to change and improvement; but today it stands as the big contribution to political science of the past quarter of a century. Moreover, its expanding application to a lengthening list of cities is developing municipal policies as perhaps no other single factor. It is helping to convert theories and dreams into facts."

To Opposing Groups

Those opposed to the proposed plan may readily be classified into two groups: (1) the honest but uninformed or misinformed citizens, who because of lack of information or because of misunderstanding of the plan hesitate to give it their approval; and (2) those who have found the present unbusinesslike system personally profitable.

Iowa City should by all means adopt the plan in order that we may have the opportunity of trying out a system of city government which offers efficient, economical and businesslike administration. It could not under any circumstances give us worse administration than we have endured these many years.

COLLEGE PRAYER DAY TO BE OBSERVED AT COE

Cedar Rapids, Ia., Feb. 12.—Coe college will observe Thursday, February 17, the day set aside as a day of prayer for colleges, with special chapel meetings in the morning and in the afternoon. Both meetings will be led by Dr. James G. K. McClure, President of McCormick Seminary, Chicago, who will conduct a five day series of Life Work meetings at Coe beginning on that date.

The first two recitation periods on Thursday will meet at usual, while the remainder of the morning will be taken up with a general convocation service in the chapel and meeting of the four classes. In the afternoon, the fifth and seventh period classes will meet, with a second convocation service in the chapel during the sixth period. A student meeting will be held in the evening also.

The observing of a day of prayer is a national custom among the American colleges and universities. February 17, however, is the day observed by schools affiliated with the Presbyterian church, the date varying with other institutions.

PLACE INDIANA ROOTERS IN SECTIONS AT GAMES

Blomington, Ind., Feb. 12.—Student rooters at future basketball games will be divided into four sections, according to plans laid by the Boosters' club and the "I" men working in co-operation with it. There will be a section for the Laws, Medics, Commercials, and Lits. All other rooters including co-eds, will be placed in the balconies and along the east wall.

"I" men will have the first row of seats in the rooters' section reserved for themselves. All will be expected to turn out in their sweaters and help the Boosters' club to usher. A meeting will be called soon to formulate further plans.

DRINKWATER LECTURES AT GRINNELL, FEB. 23

Grinnell, Ia., Feb. 12.—The date for the John Drinkwater lecture has been set at February 28, according to announcements made by the lecture course committee of Grinnell college. The subject of the lecture was not announced.

Drinkwater, author of "Abraham Lincoln", probably the most widely read play of the past year, made a successful lecture tour through the United States, and met with great success, according to advices from those who heard him. His appearance as a lecturer is characterized by his attractive manner, and clear enunciation. His lectures usually include some of his own verse.

GENEVA CLUB WILL HAVE
CHARGE OF Y. W. MEETING

The Geneva club will have charge of the regular meeting of the Y. W. C. A. Wednesday afternoon February 16, at 4 o'clock in the liberal arts drawing room.

The program will consist of an explanation of the work of the Geneva Club. The following talks will be given: "The Camp and its surround-

ings," Alice C. Cavin A4 of Columbus Junction; "Camp Recreation," Jean G. Spiers A3 of Reinbeck; "Camp Routine," Dorothy Barfoot A3 of Decorah; "Classes," Dorothy J. Banks A4 of Burlington, and "Geneva People," Alvaretta West A4, Iowa City.

Special music is being arranged by Dorothy I. Middleton A3 of Eagle Grove and Maude Adams A3 of Des Moines. Florence E. Ingham A3 of Afton will preside at the meeting.

FIRST PRACTICE FOR
BASEBALL HELD AT
ARMORY YESTERDAY

The first official practice for baseball was held at the men's gymnasium yesterday morning at 10 o'clock. Only fifteen men reported for their first instructions under Coach Ashmore, but with the new semester further under way it is expected that over a hundred will be on hand to try out before long. Fielding of grounders made up the work for the infield candidates while the pitchers began loosening up their pitching arms.

Among last year's team who reported were Dunsmore and Michaelson. The latter has been absent from the University since Christmas on account of pneumonia but is fast recovering his strength and will again be on hand for the catching job.

Wade, who played on the freshman team two years ago, is back in school and showed good early season form for the shortstop position. Becker and Voltmer, last year's yearling pitchers, were given the fundamentals by Coach Ashmore and will be candidates along with Frohwein for the box work. Thoma, a sophomore in the L. A. college took care of first base. Starting this week regular practice will be held at 3 p. m. on Mondays, Wednesdays, and Fridays, and at 10 a. m. on Saturdays.

COACH BRESNAHAN
GIVES TRACK TEAM
PRELIMINARY TRY

Preliminary tryouts for the purpose of giving Track Coach Bresnahan some definite data on his men, were held at the men's gymnasium yesterday afternoon. No eliminations are to be made as a result of these tryouts.

The time was not made public in any of the events. Winners and placers in the events were:

Half mile run: Noll, 1; Biersborn, 2; Pertl, 3.

Mile run: McIntire, 1; Ashton, 2; Mabee, 3.

Two mile run: Peterson, 1; Murray, 2.

Running high jump: Conn, Macrae, Hoffman, tie.

30 yard dash: Wilson, 1; Seiling, 2; Hill, 3.

Low hurdles, Crawford, 1; Seiling, 2; Rich, 3.

Quarter mile run: Beck, 1; Parker, 2; Buchanan, 3; Fimmen, 4; Herman, 5.

High hurdles: Crawford, 1; Captain Belding, 2; Holster, 3.

Coach Bresnahan expects to use the new armory for practice in the dashes, runs, and hurdles, beginning with next week. The jumps and vaulting will still be practiced in the men's gymnasium. It is planned to have the finals for choice of men to make the trip to the indoor dual meet at Illinois, February 26, at the new armory next Saturday afternoon. Ristine, distance man, is working out with the team daily in the distance runs as a pace setter although he is ineligible.

Spring Has Arrived in the
Apparel Sections

—if not outdoors. The interesting Wearables presented here have interpreted the mood of the new season so successfully that one can almost feel the balmy breezes of Spring time. And very soon the time when you will want to wear them will be here. May we not help you to get ready for it?

Mr. Yetter recently returned from the style centers of the East and new

Suits, Coats, Dresses

Blouses of

RARE BEAUTY

await your inspection. Every garment presented is notable for handsome finish and exceedingly moderate pricing.

THE BIG STORE

ANNOUNCEMENTS

The Political Science club will meet Monday evening at the home of Prof. and Mrs. Van der Zee. Asst. Prof. John E. Briggs will read a paper on

"The International Postal Union."

Ruby O'Neal, A4 Alpha Chi Omega of Columbus Junction is spending the weekend in Chicago.

Phi Kappa Sigma Dinner Guests

Phi Kappa Sigma fraternity will entertain Prof. and Mrs. A. C. Trowbridge, Mr. and Mrs. Chapman Reynolds, Mr. and Mrs. G. W. Carver, and Coach George T. Bresnahan at dinner at the chapter house this noon.

Alpha Delta Pi Dinner Guests

Mr. and Mrs. Joe Herrick of Iowa City, Mr. and Mrs. Ira D. Myers of Iowa City, and Miss Edna M. Patterson of Harlan are to be dinner guests at the Alpha Delta Pi house to-day noon.

Alpha Chi Omega Dinner Guests

Mr. and Mrs. C. R. Aurner, and Prof. and Mrs. C. H. Weller will be dinner guests at the Alpha Chi Omega house this noon.

Pledges Announced

Alpha Xi Delta announces the pledging of Grace Baker A1 of Boone.

Chi Omega sorority announces the pledging of Ethel Spencer A1 of Olathe, Colorado, and Ruth Beaumont A1 of Council Bluffs.

Triple O Club Dance

Triple O Club entertained at a dancing party last night at their house, 311 South Dubuque street. Miss Ethel M. Hale chaperoned.

Mr. and Mrs. J. L. McClure of Waverly are in the city visiting their daughter Evelyn McClure A2, Delta Gamma.

Corene Coffman of Cedar Rapids is the weekend guest of Mable Burt A2 at the Alpha Xi Delta house.

Walter R. Beier, BS. C. '20, is a weekend guest at the Phi Kappa Sigma house.

Ione Noble '20 and her sister Gwendolyn Noble of Lorenz are week end guests at the Alpha Chi Omega house.

H. G. Jeffery A3 of Carroll will spend the weekend at his home.

Francis Quinn A4 of Algona is in Mercy hospital recovering from an

operation for appendicitis which she underwent the first of last week.

Annabelle Thompson A1 Alpha Chi Omega spend Saturday and Sunday with her parents in Waterloo.

STYLES FOR SPRING

With the spring comes dashes of bright colored trimmings on frocks suits, and hats. Huge red buttons,

bright sashes, and piping seem the vogue. Canton crepe and taffetas of all colors are the new spring materials.

Designers differ as to the length of skirts; some say they will be of medium length while others insist "shorter than ever". The latter version has set the pace. Short puffed sleeves, surplice blouses, and full skirts hint for the returning Martha Washington effect.

Voters and Taxpayers: Vote "Yes"

The Mayor and Council Administration of Iowa City has been "Government by Deficit"

\$337,000.00 of the city debt was incurred to pay current expense, overdrafts and deficits, the result of waste and inefficiency.

Iowa City has no improvements to show for this debt. Bridge, Park School, Paving and Sewer Improvements are not included.

Mayor and Council government is inefficient because the political office holders are amateurs in municipal administration.

The City Manager Plan Provides:

1. A commission of 3 men elected at large to legislate and to determine policies.
2. A chief administrative officer, an expert in municipal administration, who may be an engineer with executive experience and ability or an experienced man who has been prepared for the city managership profession by one of the public service training schools such as those at the University of Michigan, Western Reserve University or the New York Bureau of Municipal Research.
2. He will spend his entire time as expert adviser of the popularly elected commission, will make plans, prepare estimates, and execute those plans after they have been approved by the peoples' representatives. His professional standing depends upon his efficiency record.
4. Subordinate administrative officers will be appointed because

- of their fitness for their jobs, not for political reasons.
5. A budget, a comprehensive work program, estimates of income, estimates of expenditures, and effect on tax rate is required by laws to be prepared at the first of the year, published and submitted to public hearings before it is modified and adopted, subjected to public criticism before the money is spent. No budget is provided under the old system.

The City Manager Plan is in successful operation in 140 cities in the United States including, Dayton, O.—Jackson, Mich.—Dubuque, Ia.—Waltham, Mass.—Cadillac, Mich.—Grand Rapids, Mich.—Newburgh, N. Y.—San Jose Calif.—Springfield, O.—Wichita, Kan.

The opposition has attacked a student open forum debate which was held at the University Friday. The team which presented arguments against the adoption of a manager plan was coached by and got its materials from those citizens of Iowa City who are opposing the plan. The handbills and newspaper advertisements of the open forum invited the opponents of the plan to present their case. The decision in the debate was rendered only on the merits of debating and indicates nothing regarding the merits of the question. This committee has made it a policy to avoid stirring up the anti-university, the town-gown unpleasantness. The opposition has found so little opportunity to use it, that as a last resort, it attacked a student activity which aimed only to render a community service through open forum discussion.

ONLY ONE K. U. GIRL WITH PERFECT FEET

Lawrence, Kan., Feb. 12.—"There is only one girl in the University of Kansas whose feet conform to the perfect standard in any degree, as far as I know, and she was born in China." This is the statement of Dr. Bacon,

of the physical education department based upon a large number of pedographs now on file in the Physical Education office. "Although she grew up in a land of cramp-footed women, hers are still as nature meant them owing to having gone baerfooted during her childhood. She was the daughter of a missionary."

UNION FUND INCREASED

\$5,500 Added to Campaign Fund By Saturday's Subscriptions

\$5,500 was added to the Iowa Memorial Union fund by subscriptions received yesterday. "This is an indication of the interest which is being manifested throughout the state," said Ralph G. Grassfield, director of the Union. A part of this total amount was subscribed by business men of the state who are neither alumni nor former students.

"Such pledges coming into this office in face of the present business conditions is particularly encouraging to the officers and trustees," say members of this body. For the past six weeks no aggressive campaign for funds has been made. "Practically all effort has been directed towards getting the organization under way in such a complete manner that everything will be in readiness to start the financial drive when conditions clear up," said director Grassfield.

Grassfield left yesterday to be gone for a period of two weeks to assist in establishing permanent Iowa organizations in Blackhawk, Benton, Buchanan, and Bremer counties.

The new model suits pull the crowd.

You must see the long graceful line of the trousers and the drape of the coat from the shoulder.

And the colors this season --- blues, browns, greys, greens, mixtures--- make you feel that winter is over just to look at them.

Nothing but all-wool materials, either.

As for price --- you could scarcely find them for twice as much a year ago.

ANNOUNCE POSTPONEMENT OF PLAY "JOHN FERGUSON"

The presentation of "John Ferguson", the play which was to have been given by the players of the Shakesperian Playhouse Co., next Tuesday evening will be postponed until some later date, according to an announcement made by Prof. E. C. Mabie, head of the public speaking department, yesterday.

The company was forced to change their entire schedule in order to arrange for appearing at the University of Chicago and Oberlin college. "No definite date has been set for the Iowa City performance," said Professor Mabie, "but it will be early this spring."

WANT ADS

Rates: one insertion 2 cts a word. Three insertions 5 cts a word. Minimum charge 30 cts.

LOST—Last Monday. Large pair of glasses in case. Return to Iowan office. Reward. 107
