IOWA CITY, IOWA, WEDNESDAY, FEBRUARY 16, 1921

NUMBER 109

## AVIATION TALKS SCHEDULED FOR ARMY STUDENTS

Series of Lectures to Be Opened by Military Department Tomorrow

### WIDE RANGE OF AIR TOPICS

Lieut. Col. Morton C. Mumma, C. Bruce Gould, Prof. Lee P. Seig and Lloyd E. Anderson will address R. O. T. C. Men on Various Subjects Relating to Flying

A series of lectures for the R. O. T. C. students who have volunteered for work in aviation has been planned by the military department, according to Lieut. Col. Morton C. Mumma, and will be given for twelve weeks beginning Thursday February 17. The Aero club of the University will assist in the lectures.

Twenty-five men have volunteered for work in aviation, and will devote most of their time to this work. Although no actual flying will be attempted by the students, a thorough course in ground work will be undertaken and during the summer opportunity will probably be given to the students to get some actual experience.

### Lectures Every Thursday

The lectures will be given at 4:30 p. m. every Thursday. The first lecture will be held in room 16, liberal arts building, and the rest will be given in room 311 physics building, the instructors being Lieut. Col. Mumma, C. Bruce Gould A3 of Des Moines, Prof. Lee P. Seig of the department of physics, Lloyd E. Anderson S2 of Madrid, Carl Fischer S2 of Vinton and Howard T. Gordon Au of Esterville.

The order of the lectures follows: Thursday, Feb. 17, "Importance of air service to the army," Mumma.

Thursday, Feb. 24, "Nomenclature of the machine," Gould.

Thursday, March 3, "Trip to the mail field," Gould.

Thursday, March 10, 17, and 24, "Theory of flight," Sieg.

March 31 and April 7, "Ships of today," Anderson.

April 14, "Motors," Gordon.

April 21, "Photography," Fischer.

April 28, "Bomb dropping," Sieg.

May 5, "Needs of the air service today." This lecture will probably be delivered by a man from Washington, D. C.

### Many Students to Attend

Among the students who will attend the lectures are F. H. Burrell, A2 of Clinton; R. G. Coomes, A2 of Atlantic; C. F. Crist, A2 of Woodburn; W. Hehner, A2 of Iowa City; W. M. Dent, A1 of Marshalltown; C. Q. Drummond, A2 of Spirit Lake; F. H. Gifford, A2 of Cedar Rapids; H. A. Hilfman, A2 of Iowa City; D. Holsclay, A1 of Lovilia; H. Jacobs, A2 of Varnarvon; L. R. Johnson, A2 of Boone; L. B. Kratz, A2 of Iowa Falls; L. K. Myser, A1 of Des Moines; F. J. Nementz, A2 of Duncan; K. C. Saemisch, A2 of Atlantic; C. Sather, A2 of Canby, Minn.; H. J. Skarshug, A2 of Postville; C. E. Smith, A2 of Clinton; B. A. Whitney, A2 of Cherokee; C. G. Willsie, A1 of Shenandoah; Stephan Wollman, A1 of Council Bluffs; C. A. Youngberg, A2 of Edyville; A. R. Berner, L. P. Moyer, and C. E. Chapel.

### KENYON TO REPRESENT UNIVERSITY AT CENTENNIAL

Senator William S. Kenyon L '90 of Fort Dodge, will represent the University at the centennial of the George Washington University at Washington, D. C., to be held February 21 and 22. The principal feature of the celebration will be a university dinner on Monday evening, February 21, and a centennial convocation on the afternoon of Washington's birthday, Tuesday, February 22.

### FILIPINO STUDENTS TO GIVE BENEFIT PROGRAM

Next Friday evening, February 18, the Filipino students of the University will present a musical entertainment at the natural science auditorium. The proceeds of the program will be donated to the Iowa Memorial Union fund. Native folk songs, dances and instrumental selections composed by the students will be a feature of the entertainment.

One number which should be of interest to every one is the presentation of Uncle Sam's policy in the Philippines in a tableaux. For the first time Iowa City will see a Filipino girl who will interpret folk dances.

Within the last six years the number of Filipino element in the university has increased to a considerable size. Six years ago there were only two students; today there are twenty-seven, pursuing different lines of study here.

## COMMERCE KEY TO BE AWARDED

Delta Sigma Pi, National Fraternity, Will Honor Student With Best Scholarship

Delta Sigma Pi, national professional commerce fraternity, will present, through the Iowa chapter, an honorary key at the close of each University year.

The key is to be presented to the senior in commerce who, in the estimation of the faculty, is best qualified as to "scholarship, leadership, and the promise of future usefulness."

The nature of this award is such that the student who receives it will have an emblem which stands not only for scholarly attainment but for those qualities which make for future achievement. This honor is obtainable by any man majoring in commerce graduating from Iowa.

The award is not confined to local significance, but wherever Delta Sigma Pi fraternity is located. This annual award is being made for instance in such schools as New York university, Northwestern university and Chicago.

The policy of the fraternity is to place chapters in or near the principal industrial centers of the United States so that it will be of the greatest value in promoting friendly and commercial relations between students and business men.

### JAMES E. THOMAS ENTERS STATE AUDITOR'S OFFICE

James E. Thomas, youngest lieutenant colonel in the American army during the war, has left the University to take up his duties of assistant auditor of the state. He will reside in Des Moines.

In 1916, Thomas enlisted as a private for border service from Red Oak, Ia., in the 3rd Iowa infantry. He was soon promoted to sergeant major as which he served until mustered out in 1917.

When war was declared with Germany he again left his family, and volunteered his services. He was immediately appointed regimental adjutant of the 168th infantry. He proved to be a wizard on army paper work, and was taken to brigade headquarters. He did not stay there long until he was ordered to divisional headquarters, during the summer of 1918. He returned from France as lieutenant colonel and adjutant of the Rainbow division.

Since the war Colonel and Mrs. Thomas have been living in Iowa City, where he was a student in the school of commerce.

## DASH MEN WORK IN NEW ARMORY

Sophomores, Members of 1920 Frosh Team Make Great Showing Against Vets

Varsity track men are taking their daily workouts at the new armory. A circular track has been leveled off and a fifty yard straightaway has also been constructed. Preparations for the Illinois meet on February 26 are in full swing and hard work will be the program from now until several days before the meet.

Coach George T. Bresnahan was able to get a definite line on the ability of his men in the preliminary trials last Saturday. The surprising feature was that of the Sophomore performers on the crack 1920 freshman, showed up better than most of the veterans.

Wilson and Seiling, who tok the first two places in the 30-yard dash, Noll and Biersborn in the half mile, Crawford and Seiling in the low hurdles, Crawford in the high hurdles, and Beck in the quarter all beat veteran varsity men.

The final tryouts to select the team for the Illinois meet will be next Saturday afternoon. It is probable that about twenty men will be chosen to make the trip.

### FIRST TOURNAMENT FOR BOXERS TO BE STAGED IN MARCH

Plans are now being made for the first boxing tournament ever held at this University and probably the first ever held in the state. Every-weight class from bantam to heavy weight will be represented, and any student in the University is eligible to enter.

The tournament will be staged sometime after the middle of March to give basketball men and all entrants ample time to get into fighting trim. In the absence of any conference rules regarding boxing matches, the rules which the army uses will govern the fights.

Present plans call for three rounds, each two minutes in length with preliminary and final matches in all weights. The athletic board will give suitable medals for the winning pugilists. Not until boxing becomes an intercollegiate sport, are letters for boxers likely to be considered.

According to E. G. Schroeder, director of the physical training department under whose direction the plans for the tournament are going forward, Iowa is one of the first universities in the conference to take up boxing on so large a scale. This is being done to insure Iowa a good team when boxing becomes an intercollegiate sport.

Much interest has been shown in boxing this year. There are 100 men at the present time who are learning the rudiments of the mitt game and another class will be started this week under Mr. Schroeder's direction, for those who intend to enter the tournament. All classes in freshman physical training will also take up class boxing this month and next.

No men of unusual talent have been discovered yet according to Mr. Schroeder, and any man who knows the least bit about boxing and who can handle himself shiftily has a good chance to fight his way to a University championship.

The Big Ten conference will in all probability adopt boxing as a regular conference sport within the next two or three years. It was brought before it this year but failed to pass.

Boxing has taken the place of playing basketball or handball for a workout by the men who are not out for athletics, according to Mr. Schroeder. Many of the men now prefer a short bout with the gloves to playing basketball or swimming for their daily recreation.

### JUNIOR PROM MUSIC BY TWO ORCHESTRAS

Tony and Evan's Dixie Land Jazz orchestra of New Orleans and Stone's orchestra of Burlington will furnish the music for the annual Junior Prom which will be held at the University Armory Friday evening, April 8, according to William P. Gleason D3 of Rock Island, chairman of the music committee.

"Since the Prom will be the last all-University formal of the year, we intend to make it the best", said Alvin H. Ehresman A3 of Lisbon, chairman of the Prom committee.

The decorating contract has been given to Paul X. Smith A3 of Cherokee and Elmer Giblin A3 of Iowa City, according to Harold H. Reineke L1 of Strawberry Point.

The usual price of \$3.50 for University parties will be charged. The tickets will be placed on sale at Whetstone's. On account of the lack of floor space the number of tickets will be probably limited to 250.

## HEP-ZET PLAY STAGED TONIGHT

Ticket Sale Indicates That A Large Crowd Will Attend Play

Tonight at 8:15 the curtain at the Englert theater will rise on the annual Hep-Zet comedy, "Seven Chances," by Roi Megrue, author of many popular comedy successes.

Indications are that the arduous weeks of rehearsals under Prof. Edward H. Lauer will produce a very creditable bit of dramatic work. The personnel of the cast have had some previous stage work to recommend their choice for the literary society play.

The play itself is of the class of bright, snappy comedy where every situation is drained of the last ounce of possible laughs. The plot hinges on the extravagant adventures of a young man who in order to inherit a huge fortune proposes to seven different girls. His trouble starts when they all accept him.

Tickets for the performance will sell all day at the Englert theater box office for fifty and seventy-five cents and one dollar. Reservations for other tickets can now be made.

Despite the fact that the athletic carnival and the musical comedy "Irene" is liable to cut down somewhat the crowd which usually patronizes these plays, the report of seats sold was very satisfactory last evening, according to Harry W. Kamer, A3 of Clinton, business manager.

### MEDICAL MEETING HERE

Annual Medical Clinic Will Be Held Here in April

The annual medical clinic will be held Tuesday and Wednesday, April 12 and 13. The program will be as usual with the members of the medical faculty as speakers according to Dr. Campbell P. Howard professor and head of theory and practical medicine, chairman.

Dr. William J. Mayo of Rochester, Minnesota, will be the invited speaker from out of town.

### CHEMISTRY SEMINARY TO BE HELD THURSDAY

The journal meeting of the chemistry seminary will be held Thursday afternoon, February 17 at 4:10 o'clock. The topics on which addresses have been prepared are as follows: "The Nutritional Requirement of Yeast" by John W. Howe; "Recent Advances in Processes of Coal Carbonization" by Norris C. Taylor, an instructor in chemistry; "The Interaction of Chlorine and Marsh Gas under the Influence of Light" and "The Conversion of Methyl Chloride to Methyl Alcohol and Methyl Acetate" by William G. Eversole.

## HAWKEYES LOSE TO AMES FIVE IN CLOSE GAME

Shimek Makes Desperate Effort to Stay Mounting Score But Fails

### GREEN STARS FOR CYCLONES

Iowa Team Plays Snappy Ball—Visitors Possess Good Men on Floor Work—Referee Forced to Call Foul on Crowd — Kent's Men Lead at End of First Half

Ames forged four points ahead of Iowa in the last three minutes of the basketball game against Iowa at the men's gymnasium last night, and won by a score of 20 to 16 after leading at the end of the first period by a score of 11 to 9.

It was neither team's game until the last few minutes of play. The score was tied 7-7 and 9-9 during the first half, Iowa leading once by a score of 7 to 5. In the second half neither team scored a field goal until Shepard had shot three free throws and Shimek four which put the score 14 to 13 in favor of Ames. Woodward's two baskets late in the period accounted for the four point lead for Ames.

Iowa led once in the second half but for only a moment. Lohman made a field basket which gave Iowa a point lead and Currie followed with one for Ames.

In the first half Ames displayed better teamwork on short shots with which they were able to pierce Iowa's defense more effectively than any other team this season. Ames had better shots than Iowa during the first period as the Ames' defense was working better than in the second half.

The two teams played the same style of game, that of short cross-court passes in teamwork and a close defense. Ames worked the short pass system more effectively than Iowa which accounts for her greater number of shots in the entire game.

In the second period things were somewhat reversed. Iowa's defense braced until the last few minutes, and Iowa got more and better shots. The original jinx that has hovered over Iowa's basket all season again accounted for several misses.

Woodward of Ames starred with four field baskets besides playing a fast floor game. Green was able to score but once against Shimek who played on the defense and shared in the scoring besides. Shimek played a hard game under handicaps. Aside from guarding Green when that star was attempting to share in the scoring, he was in turn boxed in by two Ames men whenever he neared his own basket. Kaufmann's individual guarding helped keep the score to the small lead. Lohman was second in field basket scoring with three baskets. Shimek was high scorer with 10 points and Shepard and Woodward tied for second with 8 points each.

### Lineup:

Ames (20)	Iowa (16)
Shimek, rf.	lg. Woodward
Lohman, lf.	rg. Woodward
Frohwein, c.	c. Innes
Devine, rg.	lf. Green
Kaufmann, lg. (capt)	rf. Shepard (capt)

Fieldbaskets: Woodward, 4; Lohman, 3; Shimek, 2; Green, Currie, Shepard, 1.

Freethrows: Shimek 6 out of 8 trys; Shepard, 6 out of 10 trys. Personal fouls: Frohwein, Currie, Devine, 2; Shimek, Anderson, Kaufmann, Shepard, Green, Innes, 1. Technical: Frohwein, Currie, 2; Kaufmann, 1.

Substitutes: Anderson for Lohman and Lohman for Anderson. Hurlburt for Shimek. Referee: Hedges of Dartmouth.

**WEATHER OR NOT?**

A famous editorial writer once wrote a famous editorial entitled "The Ruby of the Carcanet" in which he heaped praises on November as the best month of the twelve. November is a good month, especially when we beat Minnesota, but who is there who dares rise in criticism of the present February? Any February is a desirable month with thirty-one days' pay for twenty-eight days' work and two legal holidays besides St. Valentine's day, but this year February has quite outdone himself, or is it herself?

Days like these certainly bring the spring poems out of one's system. Another day or two will see canoes on the river. The fur coats will all have been packed away in the moth balls. The baseball squad will be making the Johnson county welkin ring this weekend with the crack of hickory bat against whatever kind of baseball they are using this year. The unpaved streets in town will be leveled again. Every householder is already smiling to think how small his coal bill is for this year compared to what it is during an ordinary Iowa winter. These are beyond all peradventure the happy days.

If you want to keep happy, though, keep away from the old residents. To a man they will tell you that this reminds them of the winter of '92 when no snow fell till March 15. On that day, however, six feet fell and it stayed until Commencement. These ancient villagers are even predicting right now that this present winter is not yet half over.

The worst of it is they may be right.

**FRATERNITY FRESHMEN**

What psychology explains the satisfied complacency of the average fraternity freshman, after he has acclimated himself to the rest of the boys sufficiently to feel at home?

It would seem that a great number of the green lads have fallen into the way of thinking that they are no longer green, simply because by virtue of fraternity prestige they have been admitted without question to a certain society, and to a certain standing about the University.

Some of these freshmen seem to harbor the belief that because they are embryo fraternity men they are not, also, embryo University men. They seem to fail to realize that they have assumed some obligations along with their privileges. They think perhaps that a fraternity makes the man, not, as is the real case, that the man makes the fraternity.

The great problem of the established and worth-while fraternity lies in impressing on the negligent freshman the various duties incumbent on him by virtue of his novitiate. Sometimes they fail also to impress upon him the obligations he has to the University.

It would be an excellent thing if fraternities would swing into line to demand not only social activity, a modicum of scholarship, and fraternal loyalty from the freshmen, but also demand that the fraternity freshman lead all others in the matter of loyalty and accomplishment for the University.

Judge Landis of Chicago seems to have aroused the ire of Senator Dial who says he is a "freak" and a "crank". Perhaps the eminent jurist would fit better in congress where there are as many freaks and more cranks.

**THE LISTENING POST**

(In Waterloo, on one of the home town Bugles, we wrote a daily column under the caption "A Rope Of Sand." Its disappearance from the sporting page moved a reader to verse!)

**Ode To a Passing Paragraph**  
 The press-room clock tolls the zero hour  
 The Village Bugle off to press is sent,  
 Expectant throngs the city o'er await  
 It's tale of weal and woe in sad predicament.

For hist! What's this we on the sporting page decry  
 In upper left hand corner cramps the eye  
 No more "A Rope of Sand" to eager fans is thrown  
 No more a Village Bard to call our own.

For back to college, Swain, he's tripped again  
 Once more a trudging Tyro of Hunt and Sloan  
 Oh, that our mother tongue to his unerring genius bends,  
 And our Home-town Homer comes to claim his own.

A third time from us has he stolen thence  
 Lured on by Infinite Variety, his Spice of Life,  
 Full well he's done to leave that tepid sheet  
 The Home Town Bugle still is on the fence.

And now Herodotus' epitaph we here append—  
 "Of this we're sure, he shook a wicked pen."  
 B. S. N.

What profits a man to take an early morning jaunt for his health if in so doing he raises his appetite to the point where it requires a seventy-cent breakfast to appease it.

The modern woman college student is far below the physical standard of Venus de Milo, says R. Tait McKenzie, of the University of Pennsylvania. At least our co-eds have arms!

Increased popularity of the taking kodak pictures of one's self is not due entirely to the spring-like weather. It is merely an indication of our growing vanity.

Always remember that many a verdant Freshman girl is a promising bud in her Sophomore year.

If your memory is good you may recall the compassion you once had for a classmate in grade school who was forced to wear low shoes in the winter time.

We'll wager that the Romance Language department started this "say it

In place of the story of the cub reporter who missed the assignment about the wedding, the Post submits to the newspaper world the resourcefulness of a new student in journalism. After he had composed his first story for the Daily Iowan he took it to a public stenographer for typing. Bright reporters may add garnish.

Spring has not arrived. A co-ed informs us that her sisters have not yet placed their galoshes in the attic.

M. V. M.

**ORGANIZING TIME**

Usually a college student prides himself on being "too busy" to serve on this committee or that committee, or if he has one college outside activity of more or less importance, he says he is "too busy" to do anything else.

The "outside activity" in college is the contact that a student gets with the outside world. It forms his business experience, and his experience in doing things, that are not included in college curriculums. He is learning to handle projects that take personal judgment and initiative. It has often been shown that the man who is busiest, and who is really busy, is the man who is most able to take on one more thing.

There are few college students on the local campus who can justly say that they are too busy to do some service for this class organization. One of the things that should be taught students while in college is to efficiently organize their time. The greater their efficiency the easier their work, and the more they can accomplish without seeming to be swamped with things that should be done. The efficiency of a college student depends upon his ability to organize his time to the best interests of the work he is called upon to do. Have a definite time for doing this and that, and the feeling that something is constantly hanging over you, calling for your attention will be done away with.

While the Scarlet and Black believes in distributing the work of the campus so that it will be divided among all of the students, when we look at the immense amount of work

performed by men in business life, his career as a citizen of some value and compare it with that some students call "too busy," we cannot help but pity that student when he faces Black.

**New Dresses**

Charming are the new dresses which are arriving daily, distinctive too, and just one of a kind which is the policy with this store. Taffeta is the favored fabric in Navy, brown, grey and black.

Priced from \$29.75 to \$69.75

Lundberg advertising is just plain news

Store happenings in which the public is interested; new things, odd things, seasonable things, things selling at less.

Just news — gathered and proven and believable. Nothing highly colored or tainted with exaggeration.

Just news—told simply and as pleasingly as we can.

Truthful news—Day in and Day out.

### SOCIETY

#### University Club Tea

Miss Mary I. Bash, general secretary of the Y. W. C. A., will be hostess at a tea given by the University club in honor of Dr. Norton who has returned from Armenia. The tea will be given in the University club rooms.

#### Freshman Commission Luncheon

The members of the Freshman commission will have luncheon this noon at the Pagoda tea shop.

#### Delta Sigma Pi Luncheon

Delta Sigma Pi commerce fraternity had luncheon yesterday noon at the Pagoda tea shop.

#### Mrs. Maruth Entertains

Mrs. Charles Maruth will entertain at a tea Friday afternoon for the women of the Methodist church. The tea will be given at the Pagoda tea shop.

#### Faculty Engineers Dine

The faculty members of the college of applied science will take luncheon at the Pagoda tea shop this noon.

#### New Club to be Organized

All the women students from Sioux City will meet at the Pagoda tea shop Thursday at 6 o'clock in order to organize a new club.

#### Erodelphian Rushing Party

Erodelphian literary society will entertain at a fancy dress ball Saturday afternoon from 2:30 to 5:30 in Close hall. About thirty rushees have been invited.

#### Kalo Initiates

The Kalo sorority announces as initiates Grace Martins, A1 West Side;

Leora Aschbacher, A1 of Waukon; Katherine Alexander, A1 of Atlantic, and Grace Owens, A2 of Columbus Junction.

#### Whitby Program Thursday

The new members of Whitby literary society will give a program at close hall Thursday evening at 7:15. The program will consist of an interpretive dance by Marguerite Struble, A3 of Iowa City, and Myrtle Fisher, A3 of Solon.

A farce will be given by Julia Darrow, A2 of Columbus Junction, Salome Fisher A2, of Iowa City, and Grace Daniels, A3 of Moulton.

Florence Ingham A3 of Afton will play a piano solo.

#### Two Open Nights

In view of the fact that there are so many activities this week, the student council has decided that the University women may have their choice of attending either the Hap-Zet play which will be given at the Englert tonight, or the musical comedy "Irene" which will appear at the Englert tomorrow night.

Dr. Clementine Bash, supervisor of a mission hospital in Pekin, China, left yesterday for Chicago. She will return to China this summer.

## FORUM CONTEST DATE ARRANGED

University Orators to Try for Jessup Prize March 14, Keeley Announces

The University oratorical contest will be held on March 14, according to Harold D. Keeley L1 of Maquoketa, president of the Men's Forensic Council. "This contest is open to all upper classmen and women of the University except graduate students," said Keeley.

The orations must be original and not over 2,000 words in length and must be in the hands of Prof. E. C. Mabie of the department of public speaking not later than February 28.

The winner of this contest will be given the Jessup prize of \$25 and will represent the University in the Northern Oratorical League contest to be held here on May 6.

The six Universities, Wisconsin, Minnesota, Michigan, Northwestern, Illinois and Iowa take part in this league. The winner of the N. O. L. receives \$100.

Earl W. Wells L2 of Sigourney, was the winner of the Jessup prize last year.

### TICKETS FOR VAUDEVILLE WILL GO ON SALE MONDAY

Tickets for the W. A. A. vaudeville to be given at the Englert theater February 24 will go on sale Monday morning, according to Lorna Ludwick es, A3 of Clinton, business manager of the vaudeville. The tickets will be sold at the different buildings

on the campus by members of W. A. A. appointed by Miss Ludwick, and the prices will be one dollar, seventy-five cents, and fifty cents.

The combined rehearsal of all the acts will occur Saturday evening at 7 o'clock in the natural science auditorium, according to Dolly Henderson A4 A4 of Hawkeye, general manager of the vaudeville. The separate rehearsals of the acts have been going well and there are several features which will be a complete surprise, said Miss Henderson, so nobody can say that W. A. A. cannot keep a secret as well as the mysterious engineers.

## IOWA WRESTLES ILLINOIS HERE

Illinois Lineup Is The Same That Won From Hawkeyes Last Season

The Iowa wrestlers will take their final workout tomorrow night in preparation for the Illinois meet which will take place Saturday afternoon at 3 o'clock on the main floor of the University armory.

According to advance reports the Illinois lineup will be identically the same as the one that beat the Hawkeyes last year. In view of the improvement of the Iowa team over last season, however, the dopsters place the odds with Iowa. Three of the Iowa grapplers, Sweeney, Smith, and Captain White, have gone through the season so far with perfect scores and are expected to maintain their record in the Illini meet.

With the exception of the two light weight classes, the Iowa team will be composed of the same men that have wrestled before. The representatives in the 115 lb. class and the 125 lb. class will be decided by an elimination match that will likely be staged at the armory on Thursday afternoon. McDowell, Foley, and Barnes will take the mat for the 115 lb. class while Vana, Weber, and Albers will enter the ring for the light weight honors. The winners of the two classes will be the Iowa representative on Saturday against the Illinois men of those classes.

Dr. R. G. Clapp of Nebraska who refereed the Minnesota meet here a few weeks ago has been secured to referee the Illinois matches. He will be here in time to weigh in the men at the armory at 11 o'clock of the same day.

The next and last dual meet of the Iowa wrestling schedule for the present season will take place here against Nebraska on February 25. The conference meet which will take place at Nebraska on March 11 and 12 will conclude the season.

## PREP QUINTETS SLOW IN REGISTERING FOR IOWA TOURNEY HERE

Seven Iowa high school basket ball teams have registered for the University of Iowa tournament to be held at the men's gymnasium March 17, 18 and 19, and twenty-one others have declared their intention of entering.

High school athletic managers do not, as a rule, register their teams for tournaments until late in the season when they can be more assured of whether or not their teams stand a chance of winning.

The tournament this year will be divided into two sections. One will be contended by teams that have won tournaments at the various colleges throughout the state and another open to all members of the state athletic association.

The championship cup, won by Davenport in the tournament last year, will be presented to the winning team and permanent cups will be presented to the winners of the two sections of the tournament. The winners of each section will contend for state championship in the final game of the series.

Gold watch fobs will be presented to the individual players of the championship team and silver watch fobs to the runners up. Extensive plans, to assure a better system of handling the games and having each team play the same number of games are being made by the committee in charge of the tournament. Director of Athletics Howard H. Jones and Coaches James N. Ashmore and Albert P. Jenkins form the committee.

### EXTENSION DIVISION ADDS SOCIAL HYGIENE COURSE

A new department has been added to the extension division, the department of Social Hygiene. Miss Vera Darling has come from Portland, Oregon, where she has been in state employ there to take charge of the work here which is under the federal appropriations. Miss Darling received her B. S. degree from the University of Nebraska, where she is a member of the chapter of Phi Beta Kappa.

Miss Darling is now working on a program for her work and is studying the conditions in Iowa. She will lecture throughout the state to the schools and to women's organizations when she has made a thorough plan for the work.

### ENGINEERING STUDENTS AT ORGANIZATION MEETING

A conference of the leading engineering colleges of the country in regard to the forming of a national organization of engineering schools, was held at Ames on February 10, 11, 12. John C. Cumberland S3 of Iowa City, and Elbert H. Geissinger S4 of Des Moines, were representatives from the college of applied science of the University.

At a special meeting of the Associated Students of Applied Science yesterday at 4:15 p. m. a brief report of the convention was given. Several matters of importance to the Mecca Week plans were also discussed.

This takes in a special group of high grade suits in our stock; fur and embroidery trimmed in every up-to-date fabric. This is a tremendous value.

## Washington's Birthday

In observing Washington's Birthday on February 22, we can well learn a lesson from the splendid faith which he possessed in the righteous cause of the United States of America.

Faith in ourselves and faith in the future is well justified when it is founded upon the financial security of an account at the First National Bank which is under Government supervision.

## FIRST NATIONAL BANK
