IOWA CITY, IOWA, SATURDAY, MARCH 12, 1921

NUMBER 129

## CONSTITUTIONS ARE ACCEPTED

### Phi Kappa Fraternity Loses Social Privileges for Rest of Year

The constitutions of three student organizations were approved by the social committee at a meeting held last night in the committee room of the Old Capitol. Recommendation was made to President Jessup that he recognize the constitutions. The organizations whose constitutions were approved are the Social Science club, the Chemistry club, and the Dames club.

The Chemistry club which was founded last fall is planning eventually to secure a charter in a national honorary chemistry fraternity. The president of the organization is Harold A. Iddles, graduate assistant in chemistry; treasurer, Edward D. Larson, graduate student in chemistry; secretary, William W. Gallaher S5 of Iowa City; historian, Edward Barta S4 of Swisher. Students taking chemistry and who have completed one half of their junior year with a major in chemistry are eligible to membership in the club.

The Social Science club was organized during the first semester but delayed submitting its constitution until recently. Erick M. Erickson G of Odebolt is president of the club, V. C. Buckles is vice-president, and Mildred J. Sharp is secretary. Membership is limited to juniors, seniors, and graduate students in economics, history, political science, or sociology. Meetings are held twice a month.

The Dames club is the name for the student wives' club which was organized last year. Mrs. F. D. Francis is president, Mrs. G. W. Rimel is vice-president, and Mrs. J. C. Andrews is secretary.

Action on two students who failed to report the chaperons for dances which they gave was postponed until next meeting. Social privileges of the Phi Kappa fraternity were taken away for the remainder of the academic year.

## DISPOSED TO LEAVE IT TO INVESTIGATION, PLUM SAYS OF ATTACKED BOOK

Concerning a resolution passed by the state senate yesterday to investigate a textbook in the preparation of which he had assisted as a member of a committee, and which was charged with socialistic tendencies, Harry G. Plum, professor of European history, said last night that he was disposed to let the case rest on the investigation.

The book was prepared as a text for instructors in an Americanization course for the schools at an order of the legislature two years ago. The resolution passed yesterday was introduced by Senator Whittemore of Ottumwa who said that W. H. Powell, editor of the Ottumwa Courier, also a member of the committee for preparation of the textbook, had charged that it was socialistic.

"The book was designed," Professor Plum said, "as a collection of material on the subject, with no thought to expression of opinion on the data accumulated."

## COSMOPOLITANS TO GIVE MUSICAL PROGRAM TONIGHT

The Cosmopolitan club will give a program at the regular social meeting which will be held in the liberal arts drawing room this evening at 8 o'clock.

The program, which will consist entirely of musical numbers to be given by the members, will be as follows: piano solo, Miss Evans; vocal solo, Miss Carson; violin solo, "Philippine Fantasy", by Bambalan, accompanied on the guitar by Ordenez.

## OLD ROSE LIGHTS SHADE DANCERS AT SENIOR HOP

Over 150 couples in full dress and many-colored party gowns, danced beneath soft, rose colored lights at the Senior Hop, held in the University armory last evening.

The decorations carried out in an old rose and black color scheme were very effective. Rose shaded floor lamps enclosed the dancing floor. A soft light was thrown upon the numerous dancers by the number of old rose and black shaded drop lights.

Two Orpheum circuit acts featured the entertainment of the evening. The first act was a violin and accordion duet by Sol and Watters. In the second act Class and Pope gave some very clever duets.

## TRYOUTS OVER IN ORATORICAL

### Conrad, Two De Vauls, McClaughlin, Paulson, and Schmock Successful

Oratorical tryouts held yesterday afternoon in natural science auditorium from 4 to 6 o'clock left six persons in the annual oratorical contest to be held on the evening of March 17 in the natural science auditorium. These six persons are: Max Conrad L2 of Burlington, Philomathean; Charles H. De Vaul S2 of Albert City, Irving; Abram M. De Vaul L1 of Albert City, Irving; Glenn J. McClaughlin A3 of Anamosa, Zetagathian; Fredrick O. Paulson A3 of Clear Lake, Zetagathian; and Ella Schmock A4 of Lamont, Whitby.

Fourteen contestants who conferred in the delivery of their own orations were judged by Prof. Arthur C. Trowbridge of the department of geology, Prof. John E. Briggs of the department of political science, and Prof. Edward C. Mabie, acting head of the department of public speaking.

These persons will contest for the Jessup prize of \$25 on March 17. The winner of this prize will represent the University in the N. O. L. contest to be held Friday evening, May 6, in the natural science auditorium. One representative from each college and university of the Northern Oratorical League will compete. The delivery as well as the composition of the manuscript will be judged at this contest.

## COMMITTEE DEFERS ACTION ON PLANS OF SELF-GOVERNMENT

The campaign for a women's self-government association which started last night with a resolution presented to the University social committee requesting the extension in power of the women's council to include social control and discipline, met with a temporary setback when consideration of the plan was postponed until next Friday by the social committee. The reason given for the postponement by a member of the committee was that more time was desired for investigation and further consideration.

If the project had been approved last night by the social committee it was planned to have a week's campaign and then it was to have been brought to a vote of all University women sometime before spring vacation, probably March 23 or 24. "If the project is approved by the social committee at their meeting next Friday it is probable that the plans already made will be carried on," said a member of the women's council.

The women's association has evolved the point system and the sponsor system for women. The power of self-government would extend its authority to the regulation of all matters of student conduct not falling under the jurisdiction of the faculty.

# LONE POINT LOSES MAT TOURNEY; AMES IS VICTOR IN SECOND GAME

## CYCLONES RALLY IN SECOND HALF; SCORE 26 TO 18

### Nip and Tuck Play of First Period Lags as Hawkeye Defense Weakens

#### GREEN IS AGGIE STAR

Shimek and Kaufmann Look Best of Ashmore's Men — Point Difference During First Half — Ames Returns With Overwhelming Offense — Devine Gets Goal in First Half

Ames, Ia., March 11: Led by "Pinkie" Green who rung up five baskets in the second half Ames trounced Iowa here last night in a 26 to 18 contest, which cinched the state title for the Farmers. Iowa was never in the lead except for the first three minutes when Ashmore's team had a two point lead.

Iowa's defense was strong in the first half while they took the ball down the floor for close shots only to miss the attempts. Shimek shot seven fouls out of nine try in the first half while Devine scored the other two points. Ames shot two baskets and a foul. The half ended in a 9 to 9 tie.

#### Green Finds Basket

The second half had no sooner started than Green got loose and by stellar floor work and dribbling he got loose for five baskets. He also shot three ringers that failed to count as technical fouls were called as he shot. Ames tightened in the second half and Iowa got but few close range shots at the net. Iowa scored two baskets after the half started, one by Shimek and another when Bob Kaufmann caged two points from mid floor.

Both teams played a good game but the Aggie offense proved too strong for the Hawks while Iowa failed to break the stout Ames defense in the second period. The whole Ames five played a strong game with four men scoring at least two baskets. Green was the star with five goals behind his name.

Shimek and Kaufmann Stars  
Shimek and Captain Kaufmann were the Hawkeye luminaries, the former playing a fast floor game in addition to shooting a dozen fouls out of fifteen tries. Kaufmann's defensive work stamped him as one of Iowa's best men. Green failed to score in the first half but he shot from all angles of the floor in the second half. Ames opened the cheering with

(Continued on page 6)

## OLD ONE LASTED 16 YEARS SO HE GETS A NEW SPRING BONNET

The old spring heating plant chimney is having an Easter bonnet fitted in the latest fashionable shade of burnt sienna.

Charles Mockmore '20, winner of the conference medal for excellence in athletics and scholarship, and a graduate student of the college of applied science has evidently turned milliner. He is trying on the new dome adornment.

The old head piece, sixteen seasons old, was starting to protest, and threatened to disintegrate on the unsuspecting polls of passers-by. The University bankroll, therefore, was called into play, and the new bonnet is being added via the *hod route*.

## DIFFERENT LETTERS WILL BE GIVEN CHEER LEADERS

Similarity to the regular insignia awarded to athletic teams has caused the withdrawal of the letters given to this year's cheer leaders. A new design is being made up and will be substituted as soon as possible to the leaders, John J. Dondore A3 of Iowa City, Martin E. Flentje S5 of Sheldon, and Loyd W. Burns S2 of Osceola.

The new letter is the size of the regular block "I", but has an old gold core with a half inch margin of black. The black letters "C" and "L" sandwich the larger monogram, which resembles the insignia of the women's athletic association.

## 4 TEAMS LEAD IN TANK MEET

### Two Des Moines Schools, Clinton and Iowa City Remain in Competition

West high, and North high of Des Moines, and Clinton and Iowa City high schools are leading the field after the first round of the high school swimming meet held in the Armory pool last night. Seventy men competed in the preliminaries and of this number forty-five were eliminated, leaving about thirty to enter the finals tonight.

It required nearly four hours to run through the first round of the tournament. The spectators, most of whom were high school students, interrupted the proceedings several times with high school yells which account for most of the delay.

The dashes and relay wen in exceptional fast time for a high school meet. The only difficulty which any of the swimmers seemed to experience was in the starts and turns. With last night's experience and a day's rest, a complete set of state high school records should be established in the finals tonight. The prep swimmers were so exhausted after the 220 yard swim that it was decided to hold the semi-finals in this event this afternoon at 2:30.

West Des Moines leads the field in the number of men who succeeded in placing in the preliminaries last night. The West high swimmers look to be an easy winner in the finals tonight.

The men and teams who placed in the preliminaries are:

160 yard relay; Iowa City, West high, East high, Clinton, North high, 40 yard dash; Ungles, West high; Norwood, West high; Gilpin, Iowa City high; Lutz, West high.

100 yard dash; Conkling, East high; Lutz, West high; Lutz, West; Ginsberg, East; Taylor, West; Norwood, West high; Gilpin, Iowa City; Ungles, West; West, East high; Nicolet, North high.

100 yard back stroke; Foster, West high; Littig, Iowa City; Miller, East high; Hunt, West Iowa high; Taylor, West.

Plunge for distance; Rozen, Cedar Rapids; Berger, Cedar Rapids; Greiger, University high; Rosenfield, West high; Moon, West high.

220 yard swim; (The following men placed first in their heats) Ungles, Dillibrew, Taylor, Hunt, of West high; Ginsberg, East high.

100 yard breast stroke; Carey, Cedar Rapids; McOllister, Iowa City; Du Mont, North high; Hunt, West high.

An added feature of tonight's meet will be a 160 yard relay between Iowa's varsity and second team.

## HOOSIERS SCORE 16, IOWA 15, IN SEASON'S FINAL

### Nebraska Third, and Northwestern Fourth in Middle Western Meeting

#### SWEENEY GETS DECISION

Hunter and Smith Both Lose in Finals — Ohio in Fifth Place, Ames in Sixth — Hoyt of Nebraska Wins Heavyweight Class — Hathaway of Purple Gets 158 Bout

Bloomington, Ind., (By telephone to The Daily Iowan): Iowa's wrestling team was forced into second place in the middle western conference meet here tonight by a margin of 1 point.

The Indiana State wrestlers took first place with 16 points to the Hawkeye score of 15 points. The final score was in doubt until the final bout when Smith, Iowa's 145 pound representative, lost by two falls to Marritter of Ohio.

Sweeney, Iowa's 135 pound champion lived up to all expectations by winning over Sternman of Illinois in the final match.

Hunter of the 175 pound weight lost to Mumbie of Indiana by two falls.

The Nebraska State wrestlers won third place by a score of 12 points. Hoyt of Nebraska, a veteran of the game, clinched first honors in the heavyweights by winning over Spen-

## GRIGGS DESCRIBES KATMAI VOLCANO AS NATIONAL PARK

Robert Fiske Griggs, botanist, gave an illustrated lecture on "The Katmai Volcano and the volcanic area of the Valley of 10,000 Smokes" which he himself discovered, at the natural science auditorium last evening. This is the last of the series of University lectures.

"The Katmai national monument will become as famous as the National Yellowstone Park as soon as transportation facilities are developed," Professor Griggs said.

Concerning the Katmai district Professor Griggs said that the eruption of the Katmai volcano in June 1912 affords an unusual study of volcanic phenomena. Little damage has resulted from the eruption; although at the time it occurred the country appeared ruined, houses were destroyed, streams obliterated, and fields covered with ash, but two years later vegetation had come through the ash and in most places from the old roots and in many places the crops were better than formerly. Fortunately at the time of the eruption the natives were away and not lives were lost.

Regarding the trips he said that means of transportation of supplies was by foot and extremely difficult because of mud and quick sand. The ascent to the crater of Matmai was made in the spring and through mud as the snow had just melted. Upon reaching the crater which was eight miles in circumference they looked down 37,000 feet at the blue lake of hot water from which clouds rose continually.

Following the study of the Katmai district, the party explored the neighboring territory, which led to the discovery of the "Valley of 10,000 Smokes".

**WOMEN'S GOVERNMENT**

The suggestion of a Women's Self-Government Association at the University does not loom up as a novelty. A series of distinct accomplishments in self-government already laid to the credit of women's organizations here give the question the significance of including only a little more power for the Women's Association, and of making a formal recognition of the work that it has already done.

After women's organizations had existed for a number of years and with varying degrees of effectiveness the present Women's Association was organized in 1919. In two years' time the association has divided the city into twenty-nine districts, sectioned according to the number of University women living in them; has established a Point System to regulate extra-curricular activities, and a Sponsor System to give each woman entering the University advantage of the help and advice of older students; and it is now an association representing every woman on the campus and having an organization which is actively in touch with them and their social conditions.

Following the proposal of women's self government to the social committee and its postponement at a meeting last night, the question is still up for consideration. If carried by the committee and in a general election it will place Iowa officially among the big educational institutions that have a recognized form of student self government. It seems highly improbable that the proposal will be rejected. Its passage will be another mark of the evident ability of women at Iowa to build and organize a workable system of student government.

A single point seems a desperately small margin by which to decide a big athletic meet, but the point is disastrously evident.

**AN INVESTMENT**

A professor remarked to one of his classes recently that he wished that he didn't need to call the roll and that he didn't have to try to pound knowledge into the heads of students who were taking the course merely for that many hours credit and who were coming to class merely to be marked present. "The fact is," he said, "that too few students realize that it is their own time that they are wasting when they neglect their lessons and fail to prepare their assignments."

This is an old story, the story of a college man wasting his time, but it isn't often that one hears it stated in a way which makes it appeal to business instincts. No man wants to do business on a shaky foundation. He expects to have a wide margin of profit, to play safe. He does not enter a new enterprise unless he is reasonably sure of a fair return on his investment. A man entering a profession expects a wide practice, he wants to collect large fees, and to be regarded as somebody by his associates.

College and university seem business enterprises. The investment is four years from the best part of a man's life, and a considerable outlay of money. Why not look for the greatest possible returns? Why not work for them?

**THE LAW JUBILEE**  
By Bruce Gould

"The Law Jubilee" Thursday evening received the continuous applause and approval of the audience. Perhaps the reason for this lay in the fact that this year's show was several times as good as last year's effort.

In the first scene, "Homecoming 1940," the authors of the Jubilee showed real wit, from gay humor to slashing satire. The excoriation received by local celebrities drew many a chest-wrenched guffaw.

Clarence C. Coveny, L2 of Clinton, impersonating our esteemed contemporary J. E. Reizenstein, rang the bell with every sally. Max A. Conrad, L2 of Burlington, will be remembered as one of the favorites, though a little cutting of his speech would have bettered it.

While somewhat hesitant about casting aspersions upon so popular a team as Kroppach and Goodrich, it scarcely seems fair to give them credit for performing a well known Orpheum act in only mediocre style. Imitation should receive praise only when faithfully done. That both of the men have outstanding ability no one would wish to deny. Inasmuch as Goodrich wrote a major portion of the show in addition to directing it and himself taking a part, the above mentioned may be excusable in many minds.

In the opinion of the writer the Laws would do well to stick to local material for their wit. Although the idea of a stranded circus was excellent, giving color and life to the idea of a minstrel show, most of the jokes were well known sows. Few jokes can stand retelling, and although the Laws demonstrated a certain discrimination of choice, an old joke is always a bad one.

Despite the fact that the Law Jubilee advertises that their scenery was built especially for them by the Twin City Scenic company of Minneapolis, Minn., most of the audience will remember having viewed this same scenery in some recent amateur productions. Perhaps the fault lies with the printer. He may have inserted a type slug remaining from last year's program makeup.

Songs sung by Musmaker, Kroppach, and Goodrich got over especially well with the audience. Each knows how to put across a song in an attractive manner.

**BOARD PLANS TRACK AND CROSS COUNTRY MIXER FOR TUESDAY**

Iowa's board in control of athletics will take another step toward establishing track on a sounder basis at the University by putting on a track and cross country mixer for all freshmen and varsity men interested in these sports. The mixer will be held in the University armory Tuesday night at 7:30 o'clock.

The mixer is not only intended for freshman track candidates but also for varsity cross country men. This mixer supplements the first varsity track mixer held shortly after the arrival of Coach G. T. Bresnahan. According to freshman coach, Albert Jenkins, cards have been sent to all freshmen who have been track men in their high schools and have had considerable experience in track. Any other man desirous of coming out for the track team is asked to attend regardless of the fact that he failed to get an invitation. There are many instances in which freshmen with no previous track training at all have come out for track and have made good after their freshman year. A poor prep school record does not mean that the candidate cannot develop into a good man.

Plans are also being made to give this year's freshman track team more competition than ever before. In fact the track yearlings will be given more competition than any other athletic team gets in their freshman year. A dual meet with the varsity is assured the frosh cinder men while arrangements are being made for dual telegraphich meets with three of the leading conference schools.

A short program will be given at the mixer which will include speeches from the coaches. Refreshments will also be served. If every first year man interested in track and cross country comes out and boosts the pro-

position there is no reason why Iowa cannot be a leading school in Big Ten track competition.

**NATIONAL MEET TO BE IN JUNE**

Intercollegiate Track Meet to Be at Chicago June 11

It has been definitely decided by the committee composed of A. A. Stagg of Chicago University, T. E. Jones of Wisconsin, and J. L. Griffith of Illinois, to hold the National Intercollegiate track meet at Chicago, June 11. The United States is divided into nine collegiate conference districts and only those athletes who win places in their own conference meets will be invited to enter the national meet. This system of elimination will insure the entrance of only the very best athletes in the country.

It is probable that several of the Eastern universities will not enter their men in this meet, but the enthusiasm with which many of the most noted coaches of the country are supporting it, indicates that the meet should be a success if judged from the standpoint of the number of schools entered. This will be the first meet of the National Conference, it having been organized during the last year. One of the men who was influential in it's organization was track coach Bresnahan.

**LECTURE COURSE FOR PHARMACISTS IS TO BE GIVEN BY SMITH**

Four lectures by O. V. R. Smith of Chicago, formerly professor of pharmacy at Highland Park college will be given in the pharmacy lecture room of the chemistry building March 16, 17, and 18.

Three lectures will be given at 8 a. m. on the three days. These will be illustrated by stereoptican views. A talk will be given Thursday evening at 7:30 accompanied by moving pictures. The morning talks will be; Wednesday morning, "Antitoxin"; Thursday morning, "Standardization of Drugs"; Thursday evening, "A Visit to Clark Davis"; Friday morning, "Small-pox and Vaccine Virus."

Classes in pharmacy at 8 o'clock will be dismissed and all pharmacy students will be required to attend. Any others interested in the subjects may attend.

Mr. Smith is making a tour of colleges and universities offering courses in pharmacy or medicine. He is coming here at this time because several classes in pharmacy are just taking up these subjects.

**SPANISH DRAMATIC CLUB SELECTS CAST FOR SPRING PLAY**

Vernon M. Sharp A2 of Rolfe, has been selected as the leading man in the play "Jose" which is to be presented by the classes in Spanish sometime in April. The play will be under the direction of the Spanish Dramatic club of which Sara Hamilton A4 of Fort Madison, is chairman. The date for the play has not been definitely decided upon but will probably be sometime in April, according to Ross Clarke A2 of Des Moines, publicity manager of the play.

The cast which has been decided upon for the play is as follows: Vernon M. Sharpe A2 of Rolfe as the leading man, Jose; Roy O. McIntosh A2 of Davenport as Fernando; Frank J. Nemetz A2 of Duncan as Claudio; Meredith Barrett A1 of Newton as Rufo; Leslie P. Moyer A2 of Fulton, Ill., as Cipiriano; Roy Hafer A2 of Spirit Lake as Telesforo; Charles R. Zoeckler A2 of Davenport, Frank B. Howes A3 of Clinton, Philip N. Peterson A3 of Linn Grove, and Malcolm Eaton S3 of Des Moines as "marineros"; Esther E. Butler A2 of Ft. Dodge as Elisa, the heroine; Gladys

E. Hayden A4 of Dubuque as Isabel; and Mabel H. Trueblood A2 of Belle Plaine as Teresa.

## IOWA FIELD IS BEING IMPROVED

Track and Diamond Present New and Improved Appearance

Iowa Field is beginning to take on a newer and more improved appearance this spring with the new baseball field and remodelled track. The quarter mile track is being leveled to a uniform grade all the way around and new cinders are being put on to take the place of the old mixture of dirt and cinders. The track in its new aspect will be six inches higher than formerly with a new curb on both sides. In addition to this it will be wider than before, having been widened to about twenty-five feet, thus giving more room to the runners. A grader is working daily to complete the work in time for the track squad to practice on as soon as the inside try-outs are over.

The biggest improvement on Iowa Field is the new grass diamond at the north end. This work was completed last fall and gives Iowa the distinction of having one of the best if not the best college baseball field in the middle west. This is a marked improvement over the old dirt diamond which the ball teams formerly played on. The new diamond is sodded and drained, while the baselines and pitcher's alley's are composed of imported macadamized stone dust. The advantage of the latter over dirt is that rain will soak in and not force long waits for drying as was experienced with the old dirt diamond.

With the new baseball field a more uniform style now in use throughout the conference, for all the schools are equipped with this more modern style of diamond now. The grass infield will speed up the playing and improve the fielding of the players for it causes the ball to skip faster while the green color acts as a background for the fielders to quicken their actions in fielding their position.

As yet there are no adequate bleachers for the convenience of the ball fans but according to Director Jones provisions are soon expected to be under way for their construction this year.

With these improvements and the already suitable accommodations for athletics, students and alumni of Iowa have reason to believe that Iowa Field is as pleasant to look on and as fitted for athletic games as any that may be found in the Middle West.

University of Indiana—The directors of the Indiana Union have proposed a plan whereby every man is to be made a member of the Union upon his matriculation at the University.

## Never do it!!

Never order a De Luxe "well done." This steak is so thick that it cannot be cooked thru. In the center you will find that delightful juicy rare portion that is the real heart of a steak.

Of course we have other steaks on our menu in a large variety of prices. We recommend De Luxe for occasions when you want something a little extra—a real treat.

## ALL WOMEN TO ELECT OFFICERS OF WOMEN'S ASSOCIATION IN APRIL

Every University woman will be given an opportunity to help elect the officers of the women's association, the only all university women's organization on the campus, for the first time this spring.

The elections will be held the second week in April, the exact date not having been decided as yet, according to Margaret Holmes A4 of Whiting, president of the association. The voting will be conducted similarly to all university elections, tables being provided in the hall of the liberal arts building.

The women's council, the governing board, will nominate the officers on March 30, at which time they will hold a dinner at the Pagoda tea shop. Last year only the members of the council nominated and elected the officers for the coming year.

"Every woman in the University should be interested in this election," said Miss Holmes. "All the other women's organizations are interested primarily in one line of activity, the women's athletic association in athletics, the Y. W. C. A. in religious work, but the women's association is interested in all women's activities."

The officers to be elected are president, vice-president, secretary, treasurer, chairman of publicity, and the chairman of the sponsor system.

## DEANS TO MEET HERE IN APRIL

Convention to Discuss Current Problems Pertaining to Student Welfare

Plans are being made for a conference of the Association of deans and advisers of men to be held here April 14, 15, and 16, according to an announcement made by Robert E. Rienow, dean of men, yesterday. This organization is national in character and will include delegates from many of the leading universities of the nation.

The purpose of the conference is to discuss current problems pertaining to student welfare. The last meeting of the Association was held at the University of Illinois in February, 1920. "The program for the meeting here has not been entirely made out but will be made up of topics suggested in advance by the delegates to the conference," said Dean Rienow.

Dean Thomas A. Clark of the University of Illinois, is president of the association; Dean S. H. Goodnight, of the University of Wisconsin is secretary, and Dean Robert E. Rienow, of the University of Iowa, is chairman of the Executive Board.

The association will be the guests of the faculty at a dinner at the Triangle club rooms on Thursday night April 14, and will be entertained by the Interfraternity conference at a dinner and smoker on Friday night April 15.

A preliminary list of the delegates who have signified their intentions of coming follows: Dean Thomas A. Clark, University of Illinois; Dean P. G. Worcester, University of Colorado; Dean Clarence Edmondson, University of Indiana; Dean Stanley Coulter, Purdue university; Professor Herman Knapp, Iowa State college; Professor John S. Sollen, Grinnell College; Dean Leslie E. Reed, State Teachers college; Dean C. R. Melcher, University of Kentucky; Dean J. A. Bursley, University of Michigan; Professor O. M. Stewart, University of Missouri.

Dean E. E. Nicholson, University of Minnesota; Dean Carl E. Engberg, University of Nebraska; Dean W. G. Hormel, Ohio Wesleyan university; Professor Oscar W. Irvin, Toledo university; Dean A. R. Warnock, Pennsylvania State college; Dean Arthur M. Tarbell, Carnegie Institute of Technology; Dean A. R. Priest, University of Washington; and Dean S. H. Goodnight, University of Wisconsin.

Cornell—The Cornell Widow has adopted a new plan for membership to its board by placing the emphasis on the quality and regularity of the work rather than upon the quantity and competition.

## SUMMER SESSION ALUMNUS TO BE OUT ABOUT MARCH 14

The March number of the Iowa Alumnus which will be out about March 14 is the summer session number which will forecast some of the special features of this summer session.

The main articles of this number are, "Aestival Renaissance", "Iowa City as a Summer Resort," by One Who Knows, "Heirs of the Pioneer Days," a poem by a beginner in verse, "Troubles and Trials in China" by Anne Gittins '10, Sports story by Maurice Van Metre '10 of Waterloo and a short article on "In the Old Days" by Charles M. Ramsdell '75 of Cove, Oregon. There will be a number of short stories featuring the courses to be offered during the next summer session.

One section is given to publications, campus notes and alumni notes.

## UNIVERSITY LOST AND FOUND DEPARTMENT IS IN OLD CAPITOL

Many lost articles have been at the dean of women's office more than two years according to Mrs. Adelaide L. Burge, assistant dean of women.

"Almost an endless assortment of articles has been brought here and never claimed," said Mrs. Burge. "The list includes four watches, eight or more leather purses, fancy hairpins, rings and jewelry of all kinds, umbrellas, gloves, fountain pens, gold and silver pencils, vanity cases, books, etc."

The purses do not contain any great amount of money but are of value in themselves. Many times things remain in the office only a few minutes before they are called for. Doubtless some belong to persons not connected with the University. Small articles like fountain pens and pencils are given to the finders when not called for but jewelry and articles likely to be of special value to the owner are kept indefinitely, according to Mrs. Burge. At one time an auction of all the purses left at the office was held by the Y. W. C. A. Not long ago a brooch which had been lost for many weeks finally found its way back to the owner. Mrs. Burge fav-

ors the establishment of a lost and found bureau at the University as she is caused much confusion and work in trying to locate owners.

One whole book stand at the office of John M. Fiske, superintendent of grounds and buildings, is loaded with books found on the campus by janitors of the different buildings. This office is the official place to bring lost articles. When the owners can be ascertained, discovered cards are mailed to them notifying them. In this way most of the property is returned, according to Mr. Fiske.

## RECEPTION FOR DR. MARKLEY

The Lutheran church will entertain at a reception this evening at 7:30 at the social rooms of the church in honor of Dr. Mary E. Markley, field secretary for the women's students of the United Lutheran church.

## YOU HAVE WRITTEN POEMS!

Do you care to have them revised or constructively criticised by successful authors? If you do, then send us your manuscript (stories, articles or poems). We will criticise, and place them should they prove to be acceptable for publication.

There is no actual charge for our services. If, however, you have not previously enrolled with the advisory department of this association, we request that you enclose the initial fee of two dollars, which we must ask additional expense, no future obligation.

It must be realized that we can only be of aid to those of serious intent. If you do mean to strive for literary success, we can help you in many ways. Our services are yours until we have actually succeeded in marketing at least one of your manuscripts. Send something to-day!

Please enclose return postage with your communications.

## YOU DON'T Quite Understand What This New ICE CREAM IS!

Read this and you will know:

It is all a new process of manufacture which we have procured the Exclusive Right to use in Iowa City—

The process consists of an air-tight freezer in which this new Ice Cream is made. In this freezer, while the cream is being frozen, the ordinary air is forced out and Carbon Dioxide is substituted in its place. After remaining in this Carbon Dioxide for several minutes the Ice Cream drawn from the freezer is far PURER and more DELICIOUS than in the old air method.

We make this new Ice Cream in ANY FLAVOR, in BRICK, BULK, or FANCY MOLDS.

## 79 GAMES ARE IN H. S. TOURNNEY

Preliminaries Will Be Cut To Ten Minute Halves In High School Meet

Games of the high school basketball tournament, March 17, 18, and 19, will begin at the men's and women's gymnasiums at 8 a. m. and at the Iowa City high school gymnasium at 12:30 p. m.

The first day of the tournament, Thursday, fifty-six games will be played in division "A", the open tournament, and eight games in the class reserved for winners of sectional tournaments, or division "B".

Friday, seven games will be played in division "A" and seven in division "B" and the final game of the tournament, between the winners of each division, will be played at the men's gymnasium Saturday evening.

With a view to eliminating any possibility of one team's having an advantage over another the schedule has been so arranged that no team will be obliged to enter a second game without having a rest period of at least four hours between games.

Preliminary games up to the finals in both division "A" and "B" will be but twenty minutes in length, or ten minute halves, an arrangement which was made with the belief that a team must show more real basketball if obliged to play short periods than if it were permitted to play the full twenty minute halves.

The longest that any team of division "A" can play Thursday, will be three games, which amounts to but one and one-half games if the ordinary twenty minute halves were employed.

On Friday the teams of both divisions "A" and "B" will play seven games so that each team that goes through to the finals in its division and the two teams that play the finals of the tournament will have played the same number of games.

The final games in each division will be twenty-five minutes in length or twelve and one-half minute halves and in the final game of the tournament for state championship the standard twenty minute halves will be used.

### ITALIAN STUDENTS' CONTEST

Best Thesis on "Alcoholism" to Take \$50 Prize

The Intercollegiate Prohibition association is offering to the Italian students enrolled in 1921 in some institution of learning in the United States, through the Latin League Against Alcoholism, prizes aggregating \$100: first \$50, second \$30, and third \$20 for a thesis on "Alcoholism" to be submitted to the Latin League Against Alcoholism on or before July 1, 1921.

The thesis must not be less than 2,000 words and not more than 5,000, and must discuss some phase of alcoholism in its relation to human economy.

Students wishing to take part in the contest should send their name, address, and name of the institution they are now attending, also the subject they wish to discuss if possible, either to the Intercollegiate Prohibition Association, 14 West Washington, Chicago, Ill., or the Latin League Against Alcoholism, 16th floor 906 Broadway, New York City, now.

### WELL-KNOWN RELATIVES PLENTIFUL AMONG STUDENTS AT THE UNIVERSITY

Iowa can claim among its students a number of close relatives of famous persons. Ruth Wallace, who was enrolled in the University the first semester, is the daughter of Henry Wallace of Des Moines, the new Secretary of Agriculture. Miss Wallace who is a member of Pi Beta Phi and Erodolphian is now attending Goucher college in Baltimore. She attended the inaugural at Washington recently.

Owen Meredith Ll of Des Moines, is a brother of the retiring secretary of Agriculture. He is a member of Sigma Alpha Epsilon.

J. P. Dolliver, father of Margaret Dolliver Ll and Frances Dolliver A2 of Fort Dodge, was in the public service for twenty years. He was at one time in the house and was senator from Iowa until his death in 1910.

Claude R. Porter, father of George

Porter A1 has been before the public in political affairs for many years. He was Democratic candidate for Senator in the last election. He was at one time U. S. attorney for the Southern district of Iowa. In 1919 he resigned from this position to become chief counsel of the Federal trade commission.

Lois Kifer A2 of Sioux City, is a sister-in-law of the Marchese delgi Albizzi, a distinguished lieutenant in the Italian army. Mary Kifer, '13 who saw eighteen month's service with the Near East Relief, recently married this famous Italian. He was awarded the Italian medal for bravery three times, the Italian military cross twice and the Cross of the Crown of Italy.

Sara Hamilton A4 of Fort Madison is the daughter of Judge Hamilton. Stanton Faville A2 of Fort Dodge, is the son of Judge Faville.

### JEWISH SOCIETY TO GIVE \$1000 PRIZE FOR HISTORY ESSAY

The Jewish Publication Society of America announces a prize of \$1000 under the terms of the Gitterman Memorial funds for an original essay in the English language dealing with "Contribution of Jews to Hygiene".

This composition is open to the members of the faculties and the students of the Jewish institutions, and to the members of the faculties and the graduate students of universities in the United States. Professional schools and institutions of research are considered to be in the same category as graduates schools of universities.

Essays must be original and not published or printed before, and must not contain less than 40,000 words or more than 60,000 words.

The Gitterman Memorial fund was established by Jesse W. Gitterman, of Boston, and Joseph L. Gitterman, of New York City, in memory of their parents, Henry and Diana L. Gitterman, for the purpose of offering a prize for the best essays dealing with the history of the Jews or their contributions to modern civilization.

Manuscripts must be in the office of the Jewish Publication Society of

America, 1201 North Broad st., Philadelphia, Pa. on or before November 1, 1922.

### GREEN FRESHMAN INITIATED

One of the most amusing incidents in Iowa's history was the one that happened in the fall of 1916 when several of Iowa's athletes banded together as a mock order of a secret brotherhood for the purpose of making sport with one freshman who was desirous of belonging to the fraternity that controlled the athletics at Iowa:

A program and banquet were held at the Jefferson hotel, followed by a snap shot of the mystic order with the freshmen as the guest of honor, all at the expense of the youth.

### COLLEGE BUSINESS OFFICERS WILL MEET AT IOWA IN MAY

The program for the eleventh annual meeting of the University and College Business Officers to be held here Thursday and Friday, May 5 and 6, has been completed according to Secretary W. H. Bates.

The association was formerly founded to include only middle western educational institutions. Due to the success of the organization, it has come to include all colleges and uni-

versities of the United States. The meeting will be opened with an address by U. H. Smith, president of Indiana University. Among the prominent speakers of the association will appear the names of J. C. Christainson, university of Michigan, and L. C. Plimpton, of the university of Minnesota. The second day of the meeting will be devoted to a thorough discussion of vital questions concerning our national system of education

## University Club Tea

The University club entertained at a tea yesterday afternoon from 3 to 5 o'clock in the University club rooms. Mrs. L. Charles Raiford was

the hostess.

## Women's Association Dance

Mrs. Frank Russell and Mrs. W. J. McDonald will chaperon at the Women's Association dance this afternoon at Co. A hall. The hostesses will be Helen Starbuck A1, Helen Hayes A3, Jessie Phillips A1, all of Iowa City, and Roberta Anderson A2 of Madrid.

## Varsity

Varsity this evening will be chaperoned by Mr. and Mrs. O. F. Harsha and Mr. and Mrs. Philip Newberg.

## Personals

Marie Overholt has been called to her home because of illness in the family.

Dorothy Miller A2 and Mona Silvertone will spend the weekend in South English.

Grace Baldy is spending the weekend at Spirit Lake.

Mrs. Kinley Orr of Forest City is a guest at the Delta Gamma house.

Susan Timby A4 of Mount Ayr is spending the weekend in Cedar Falls.

Fairy Ackerman A3 is spending the weekend at her home at Fremont.

Oral Painter is at her home in Davenport this weekend.

Constance Chapman '20 of Maurice, is attending the conference of history teachers. She expects to return to Maurice Sunday evening.

Mabel Maulik A2 was called to her home at Victor on account of the illness of her mother.

Esther Sharp A4 of Hampton is entertaining Marie Holden of Hampton at Currier hall. They left this morning for Mt. Vernon where they will attend a house party at the Palisades.

## "CORDELIA" AND "LUDUS : SCHOOL" PLAYED BY CLUB

The Classical club presented two one act plays last evening at the Little Theater. The first, "Cordelia" was written and directed by Lillian B. Lawler G, and the second, "Ludus: School" was written by Paine, Mainwaring, and Ryle and directed by Prof. J. S. Magnuson, assistant professor of Latin and Greek, and Frederick H. Burrell A2 of Clinton.

The cast of the first play was as follows: Adela Hansen A1 of Forest City, Frances Baker A2 of Iowa City, Anna H. Taeger A2 of Decorah, Ethelreda Sullivan A1 of De Witt, Elizabeth Bagenstos A1 of Holstein, Elsie H. Knapp A3 of Clear Lake, Lydia Plese A1 of Cresco, Alta V. Ribyn A2 of Keokuk, Mildred Robisoff A1

of Iowa City, Dorothy M. Cagley A3 of Iowa City, Margaret Struble A3 of Iowa City, Eunice Buck A4 of Iowa City, Blanche A. Mitchell A2 of Waucoma, and Emma Wesley A4 of Iowa City.

The cast of the second play was as follows: Frederick H. Burrell A2 of Clinton, Rez H. Hill A1 of Hanlontown, William E. McDermott A1 of Sioux City, Charlton G. Laird A1 of McGregor, Larwence G. Lindahl A1 of Chariton, and Paul C. Shuart A2 of Council Bluffs.

At the close of the plays, a popular vote was taken, and it was found that the women had pleased the audience better than the men.

## HOOSIERS SCORE 16, IOWA 15, IN SEASON'S FINAL

(Continued from page 1)

cer of Purdue by a decision.

Fogart, the only representative of Ames in the finals, won first in the 115 pound class. Captain Hathaway of the Northwestern team carried away first in the 158 pound class over the Oklahoma State wrestler. The 125 pound class honors went to Radcliffe of Indiana when he defeated Myers of Northwestern.

Points won by the teams represented were: Indiana 16, Iowa 15, Nebraska 12, Northwestern 11, Ohio 9, Ames 6, Oklahoma 5, Illinois 5, Purdue 4, Wisconsin 1.

## COMMITTEE DEFERS ACTION ON SELF-GOVERNMENT PLANS

(Continued from page 1)

together with those which may be referred to it by the faculty. In the case of expulsion, action of the council would probably take the form of recommendations to the committee on discipline.

The proposal of women's self-government has been under consideration of the women's council since the fall of 1919. Endorsement of the proposal by the social committee and its passage at a general election would make the University eligible to membership in the Middle Western Intercollegiate Association for Women's Self-Government, which is to hold a convention at the University of Wisconsin in April. Members of this association are: Cornell, De Pauw, Grinnell, Illinois, Michigan, Milwaukee-Downer, Minnesota, Missouri, Nebraska, Ohio State, St. Olaf, Washington, and Wisconsin.

# The Mecca Day Edition

## To Our Readers:

Next Friday the annual Mecca Day edition will make its appearance. It will be a 12-page edition on old-gold stock. Pictures will be featured of previous Engineer "blow-outs" and various phases of the Engineering College will be played up in the news columns.

## To Our Advertisers:

1. This edition will be approximately 3,000
2. It will be mailed to engineer "grads" all over the country.
3. It will be published in the middle of the State High School Basketball Tournament and will go to the 750 High School men here at that time.
4. The advertising rates will not be increased.

## DEBATERS WILL MEET NEBRASKA

**Judgeless and Coachless Terms May Be Agreed Upon by Forensic Councils**

Arrangements for an intercollegiate debate between Iowa and Nebraska are nearing completion, Harold D. Keeley LI of Maquoketa, president of the men's forensic council, announced yesterday.

Nebraska proposed a judgeless and coachless debate, and the forensic council decided at a meeting Thursday afternoon to accept the offer with terms providing that the debate be held April 28 and should be conducted with a minimum of coaching, that it be a judgeless debate of the open forum style on the "Open Shop" proposition with speeches somewhat shorter than usual in order to allow more time for discussion of the question by the audience at the close of the debate. A definite statement of the proposition has not yet been agreed upon. Either the affirmative or the negative team will remain here and the other will go to Nebraska for the contest.

Tryouts for the debating team, at which time the six men will be chosen to represent Iowa in the contest, will be held March 21 in which each speaker will be given six minutes to make his constructive speech on either side of the "open shop" proposition. There will be no rebuttal speeches in the tryouts. The judges for the tryouts will be announced later.

Men who wish to enter the tryouts should leave their names at the office of the public speaking department. According to Keeley, all University men with the proper scholastic standing and who do not have degrees may enter, and those who make the team will be eligible to Delta Sigma Rho, honorary oratorical fraternity.
