This is most encouraging, and thanks to the operation of the Federal Reserve System it is acting as our great financial shock absorber we shall soon be on the up grade, because it is not available to the east where it might become disastrous. Don't Spend Your Money
For Clothes

Deposit it and get interest

When we deliver a suit of clothes
-a shirt—a pair of hose—underwear—a
pair of odd trousers—overalls—hat or cap—to a buyer, we merely
look upon the cash he gives us as
a deposit. If a thing goes wrong
the customer's interest goes on just
the same in the service he has
received. The principal he has
left is given back in money or
goods.
