DON'T take a fellow's pipe. Take some other possession. Because wrapped up in his pipe is a fellow's peace of mind, his relaxation, his contentment. This is more than true if it's a W D C Pipe, because then a good smoke is multiplied many times over. Our special seasoning process takes care of this by bringing out all the sweetness and mellowness of the genuine French briar. Just you get to any good dealer and select several good shapes. Put them in your rock. Smoke a cool one every time, and you will be well on your way to pipe-happiness.
