PRACTICING FOR SPANISH DEBATE

Rehearsals for the Spanish play "Jovita," are being held regularly. This play, being performed by students selected from the classes in Spanish by Professor Adolph L. Baus, is being rehearsed in the office of the Department of Spanish. The play is to be conducted in the Natural Science Auditorium at 8:00 P.M. on Monday, April 18 and will conclude the Spanish department's celebration of the Spanish play festival, sponsored by the Spanish department of the University.

SEAS PERFORM AQUATIC STUNTS

First Exhibition of Women Swimmers Showcased in Water Feats

Remarkable display of ability aquatic feats marked the first exhibition of the UniU Student-Faculty survey, a swimming pool. The exhibition was held on Monday night, April 18, before a large audience.

A thrill was furnished by the heroics and skillful display of the members of the audience, by two feats. One of the best swimmers was the woman, who, in addition to her swimming ability, also displayed a remarkable skill in the use of the archie, Mrs. N. Dorothy Head, and Miss Maryann Arch, instructors in the department of physical education and science, were on the panel to represent the members of the audience.

Exciting races were a feature of the exhibition, with the event being decided by the time in the final heat. The fastest time was set by Miss Head in the 200-yard breast stroke, with a time of 2:20, and Miss Arch in the 100-yard back stroke, with a time of 1:27.

The Drama league of Iowa City has been established, and in addition to being a body. The captains will be elected by the first and last secretary of the school at a meeting of the Student-Faculty survey, to be held on Monday night, April 18.

WOMEN FOR THE INTERCOLLEGIATE DEBATE CHOSEN

Mildred C. Frenze, A.B. of the University of Wisconsin, was elected as the president of the Intercollegiate Debate Society of Iowa City.

The other members of the society are: Mary Ann Arch, B.S. of the University of Iowa, secretary; Mary E. Smith, A.B. of the University of Wisconsin, treasurer; and Mary E. Wilcox, A.B. of the University of Wisconsin, clerk.

The society will meet on the first Monday of each month at 8:00 P.M. in the Natural Science Auditorium.

FAVORIOWARDS PRIZES

Winners of the prizes for the most material prizes of the survey were announced in the addition of the University of Iowa, Monday night.

FRATERNAL AWARDS PRIZES

The other members of the society are: Josephine Alexander, A.B. of the University of Wisconsin, secretary; and Charles E. West, A.B. of the University of Wisconsin, treasurer.

The judges for the tournament are: Dr. A. E. G. Starbuck, head of the Department of English, and Dr. W. B. West, professor of English, and Dr. W. B. West, professor of English.

The prize offered for the best performance is a silver tray and a $100 in cash. The prize for the second best performance is a silver tray and $50 in cash. The third prize is a silver tray and $25 in cash.

The prizes will be awarded on the basis of the number of votes cast by the judges. The votes will be counted at the conclusion of the tournament.

THE MEANING OF THE WEEKS OF THE WOMEN'S ORGANIZATION

The weeks of the women's organization of the Student-Faculty survey will begin on Monday, April 18, and will continue until Friday, April 22.

The purpose of the women's organization is to promote the interests of the women of the University and to foster the spirit of cooperation and unity among the students.

WISOSKE-TO-NE IS THE ALUMNI ISSUE

The Alumni Council of the Student-Faculty survey has prepared a special issue of the Alumni Bulletin to be distributed to all alumni of the University.

The issue will contain a variety of articles and reports on the activities of the University and the Alumni Association. It will also include a list of the officers and members of the Alumni Council and a directory of the alumni of the University.

The issue will be mailed to all alumni of the University, and copies will be available at the Alumni Office on the main floor of Old Main.
**Page Two**

**The Daily Iowan, State University of Iowa**

**Dear Editor:**

The wide, wide, world—Professor Albert Einstein formulated the revolutionary and baffling theory of relativity, and who is now as a visit to America, is one of the highestrs of newspaper reporters that for some time at least, he didn't know about his great gift. They interviewed him. It was the occasion upon which a clear and distinct demonstration of an automobile, and at the same time, I understand, about it except how it was without Einstein. Einstein talked as naturally.

Einstein may well put a whale's hump, and yet, he is not so intellectual as it is appear to examine mental capacities and deplorable things of thought in an intricate world. Einstein has said that the universe may be finite, but it is the main computer of his vast infinity. We thought we knew something of the universe with a new guide to begin seeing in the universe with the aid of an extraordinary number of people who publish a theory that goes deep into the world outside of us.

**Without the “E”**

The theory created by the discovery that the properties of the Junior Prom: have provided as excellent point of view, and a laboratory splendid tools. For this leader, who is a leader in the world of science to the ten gentlemen of the Press collective that "Einsteinian" is currently the subject of discussion.

A discovery, according to Mann, is a person, especially a matter, whom accompanies a young untrained boy in public, but geometric, and as a proctor. The world stands for many things as well, which is more than the person himself naturally do we.

We believe that the discoveries of the present century have a right inasmuch, as to have their case studied completely. It is a very good way to double prove. It is generally the case, and the only variety goes on, is only found to be at an elegant statement in the present century.

Admitting that the Daily Iowan number of solutions is still in this box, we'd visualized words as "founder" and "insubstantial" we still feel that it is not objectively shown that the way.

**Another Romance of Success in America**

In recording the death in a big wing city of a man who had come to the first rank in his choice career the newspaper man on two planes.

FOURTEEN DELEGATES WILL ATTEND PRESS CONVENTION AT AMES

FOURTEEN delegates from the University of Iowa will attend the annual convention of the Iowa College Press Association to be held at Ames on Friday and Saturday of this week. Prior to sending two delegates, the Torch, is sending two delegates, and the reminder will represent The Daily Iowan.

The program of speakers that has been arranged will include men of note from the state and students from the different colleges and universities who will give their views on the student newspaper field and offer advice for continued progress.

Walter Williams, University of Illinois, has been secured as one of the speakers.

The following are the representatives from Iowa who will attend the convention:

Prof. William S. Martin, George L. Roedler, Iowa State College; Warren L. Bassett, University of Iowa; Erwin A. Detre, University of Nebraska; L. No., Dwight G. Rider, El Paso, Texas; Casper W. Schultze, University of Nebraska; Edward W. T. Baker, University of Missouri; A. D. Stubbs, University of Minnesota; Charles H. Gould, University of Minnesota; George B. Roper, University of Wisconsin; Maurice Van, University of Wisconsin; Walter L. Davis, Iowa State College; Prof. G. E. Krums, Albion, Ill.; Robert T. Kline, University of Kansas; Z. D. Wengert, University of Illinois; C. Dekker, University of Michigan; S. D. Morgan, University of Illinois; Arthur H. Scott, University of Michigan; Dewey C. H. Housen, University of Washington; James A. Cornell.

Cornell — The third annual bonfire ball will be given Friday, April 22 by the students of the college of architecture at Cornell University. A prize will be awarded to the designer of the best costume. The Architectural Review of Cornell University states the prize will be awarded to the designer of the best costume. Covered Stripes

This weave of cloth comes in a varied assortment of colors, all dark-browns-black and blues. For the conservative man, we recommend it very highly in model 15. The same fabric comes in more "snappy" models—our 70 and 40—models that are longer and fit snug up under the shoulders for young fellows.

The Daily Iowan
TOTAL ENTRIES IN RELAY MEET RAISED TO 524
First Annual Relay Carnival Will Be Held Sat. 1:30
Saturday

COE GAME TO FOLLOW MEET
Twenty-four Fraternities to Enter Teams in Interfraternity Relay — Nineteen Separate Events Make Up Meet — Coach Brenahan Offers Incentives to Teams

Total entries in the First Annual Relay Carnival to be held next Saturday afternoon on Iowa Field, have passed 524. The meet will begin promptly at 1:30 o'clock and the officials will try at start the last event at 5:30 sharp, in order that everyone will be free to attend the Carnival of baseball, which will start at 4:45 p.m. The admission for both events will be 50 cents or 5 tickets.

The carnival consists of nineteen separate events and the order in which they will be run is as follows: 100 yard dash, high school relay, high hurdles, literary society relay, military company relay, low hurdles, 440 yard dash, junior high school relay, freshman relay, senior high school relay, interfraternity relay, high jump, shot put, pole vault, broad jump, one, two, three, hammer, throw, javelin throw.

Twenty-four fraternities have entered teams in the interfraternity relay race. The race will be run in four heats, with five teams competing in each heat. The team to be taken will be the first three teams in each heat and the team making the fastest time will be declared the winner. The names of the fraternities entered, and their positions when starting are as follows: heat 1-Alpha Tau Omega, Phi Kappa Psi, Sigma Alpha Epsilon, Phi Kappa Delta, Delta Chi; heat 2—Phi Kappa Sigma, Phi Beta Kappa, Delta Tau Delta, Gamma Chi, Xi Kappa Beta Omega; heat 3—Sigma Xi, Beta Theta Pi, Sigma Chi, Alpha Xi Delta; heat 4—Delta Kappa Gamma, Kappa Sigma, Sigma Pi, Phi Delta Theta, Sigma Phi Epsilon. In the interfraternity relay, six men will compose a team and each man will be 110 yard each.

The names of the men of the interfraternity relay teams will not be printed until tomorrow because of the fact that several of the captains are going to change the personnel of their teams. The interfraternity relay race will be the deciding factor of the meet. There will be four men on each team who will represent the respective sorority which chose them. The meet will begin with a 50 cent admission for the carnival of baseball, which will be open to the public.

The track will be 112 yards, the second 200 yards, the third a quarter mile and the fourth a mile. The race will be run in two heats with seven men competing in each heat. The team making the fastest time will be declared the winner. The track board will present the winner, which was represented by the winning team with the most first place, and each man will be privileged to keep on for one year.

Coach Brenahan, who has planned the carnival, has been Interesting fraternities and individual entries during the past week. He says that he will give instructions and announce to any group or individual who will report to him in the afternoon.

HIGH SCHOOL GIRLS RAN BOW BOUND AND EXTREME DRESS
St. Louis: Ragout and extreme fashions were in evidence by the band by girls students at St. Louis high school here. "These "protestation" law" governing personal adornment is being adhered to rigidly, according to Mrs. M. C. Borel, head of southern.

The movement was started by the Big Flies, an organization of about 200 girls in the institution, who protested against what they declared was a growing waste of personal beauty. After other societies gave endorsement, the band decided to fall in line.

In order to waring in exaggerated styles and manufactured complexion, the girls have worn on the size of their hair pads.

ENCOURAGE FORMATION OF MORE FRATERNITIES
Columbus, Ga.: Any group or group of students desiring to organize local fraternities, or any local chapter that is desirous of becoming national should see Boyd King, chairman of the Panhellenic committee for fraternity.

Since the organization of this committee three years ago its members have been making a survey of Greek organizations in the campus with the purpose of urging groups trying to form local fraternities, recommending local chapters to national fraternities, and helping to enter nationals into Panhellenic Council. At present the committee is helping to organize one local fraternity, petitioning for national charters for two organizations which are at present on campus, and investigating the eligibility of three nationals for membership in Panhellenic Council.
