WALLIE REID
IOWA TO ENTER IN SIX EVENTS AT DRAKE RELAYS

...and the dark, Wright of Sylvania won the high hurdles at the Conference last year, and for the second straight year he ran the seventy-five-yard high hurdles at Sylvania. Missouri State placed second in this event there. He was, however, sick at the time of the indoor Conference and was reported as unfit for further competition. If he is again in shape, he must be included among the possibilities.

Gallagher of Kansas is a strong low hurdler. He won that race in the last two Conference meets and the seventy-five-yard low hurdles at Illinois this winter. The high hurdles is not his best race, though he took second to Wright in the Missouri Valley Meet last spring. None of the other men whose names were published in yesterday's Des Moines papers yesterday has any doubt about Chicago, which was in last Missouri Valley Conference and the state of Iowa. None of the teams, therefore, has had any chance to show in competition what they have. Notre Dame and Illinois lacks the best big man, but this is probably due to the wider advertisement their sponsors have received. Almost any team that is entered might win with some great surprise.

In the mile relay, Illinois looks distinctly better than any other team if Michigan was competing, there would be every prospect of a splendid race. Illinois having won at the indoor Conference and Michigan at the Illini game. Notre Dame has the men to have a strong team. Wisconsin took fourth at the indoor Conference with a team that developed rather more slowly than the others. Minnesota had a good last man and has at least one strong runner left. Ann and Michigan has won the last Missouri Valley Conference and finished a chance. There seems to be some doubt about Chicago, which was not included in the entries published in the Des Moines papers yesterday morning but which was described as picking a team in one Chicago paper. It took third at the indoor Conference without the services of Barry. A star half-miler. If its team is to compete Saturday, it stands on a good chance as any of having Illinois, which is a close one at best. In this race it is Illinois against the field.

Fight in Four Miler

In the two-mile relay, the race is between Illinois and Ames. Ames needs with much the same team that it has now. The race has been a wonderful race. Illinois finished ahead of Ames one year at the Pennsylvania relay games this winter. Ames was so fast at the relay games at Kansas City but lost to Illinois in the Illinois game. Ames is reported to be stronger than it was last years.

In the four-mile relay, the race shown is between Illinois and Iowa. Illinois with Burton, Kansas State, and Wisconsin with Purdue, Kansas State, and Wisconsin with Purdue, Kansas State, and Wisconsin with Purdue, Kansas State, and Wisconsin with Purdue, Kansas State, and Wisconsin with Purdue, Kansas State, and Wisconsin with Purdue, Kansas State, and Wisconsin with Purdue, Kansas State, and Wisconsin with Purdue, Kansas State, and Wisconsin with Purdue, Kansas State, and Wisconsin with Purdue, Kansas State, and Wisconsin with Purdue, Kansas State, and Wisconsin with Purdue, Kansas State, and Wisconsin with Purdue. Illinois was at the Illinois games fairly evenly. Ames lost to Purdue, Kansas State, and Wisconsin with Purdue, Kansas State, and Wisconsin with Purdue, Kansas State, and Wisconsin with Purdue, Kansas State, and Wisconsin with Purdue. Illinois has an individual star, remarkable ability, and they probably did want to pull their teams to the front at the last. 

Iowa men aren't fools--more quality and less price is why they come here

Not sad nor fancy but a common sense demand for "more quality and less price" is what's bringing so many Iowa men here.

We'll fit you in the finest clothes made from five renowned quality makers; the choicest wools you've seen in many a day, woven since the war rush; distinguished Dunster checks and plaids, new tans and grays, smart English herringbones and "fadeaway" stripes so popular in Eastern University centers; rich silk or alpaca mohair linings; lots of University men are saving money here at these new low suit prices.
