VARIETY MARKS VESPER SERVICE

Head of Yale School of Religion Will Speak—Orchestra To Play Selections

Dean Charles R. Brown of the Yale School of Religion, an alumnus of the University, will give the address at the Vesper service to be held in the natural science auditorium this afternoon at 4 o'clock. The subject of his address is "The Day of Rebuilding.'

The University orchestra will give several selections at the services: "Morning" by Grieg and "Rustle of Spring" by Sinding. The invocation and scripture reading will be given by Rev. Ira J. Souston. The vesper choir will sing "Praise the Lord, O! My Soul" by Pullein.

Dean Brown is a former Iowa man, having been graduated from the University in the class of 1883. While in school he was prominent in forensic work, was a member of the band and a member of the Sigma Chi fraternity.

He is recognized as the most famous graduate of the University engaged in religious work. He has been connected with many prominent educational institutions of the country. After taking his A. M. degree from the University in 1886, he attended the University of Boston where he was granted the degree of S. T. B. in 1889. He took the degree of doctor of divinity from Oberlin in 1912 and the degree of doctor of laws from Wesleyan University in 1915. He was special lecturer of ethics at Leland Stanford University from 1899 to 1908, Lyman Beecher lecturer at Yale from 1905-1906, and special lecturer at Cornell in 1909 and at Columbia University in 1911. Dean Brown spent one year traveling through Egypt and Palestine for the purpose of professional study. He is the author of more than twelve books which deal mainly with religious subjects.

Dean Brown is well known in Iowa City having given several addresses here within the past few years.

WINNERS OF TRYOUTS NAMED AS MEMBERS OF THE PISTOL TEAM

Walter M. Horner S3 of Cedar Rapids, Lowell S. Newcomb A4 of Iowa City, Robert L. Block A3 of Davenport, Fred Phillips S3 of Altoona and Lowell Jahnke S 3of Muscatine were selected for the University pictol team at the tryouts held yesterday. at the armory. Homer made a perfect *score of 100* points. Newcombe was a close second with 99 points, Block scored 97 points, Phillips 96 and Jahnke 92 points. This team will represent the University in any pistol meets that may be scheduled with other universitites.

The winners of places on the University team were chosen from three competing teams: Engineers, infantry and motor transport corps. The engineering team took first place with 463 points, the infantry team second with a total of 446 points and the motor transport corps with 341 points.

PHI KAPPA PSI WINS

First Shut-out Game of Season Taken from Delta Tau Delta

The Phi Psi baseball team won the first shut-out game of the season yesterday afternoon in the pan-hellenic baseball race when its members won from the Tau Delts by the score of 2 to 0. Both runs were scored in the sixth inning. The game, which was featured by the pitching of Cohrt and Allen, was played at the city park.

Batteries:

Phi Psi, Cohrt and Boysen.

Tau Delts, Allen and Richards.

Umpire, Synhorst.

L. A. VICTOR ON TRACK AND FIELD

Brookins, a Freshman, Makes New University Record in 220 Low Hurdles

Liberal arts college men easily won the ninth annual home meet, held on Iowa field yesterday afternoon, with a total of 103 points. Engineers took second place with 32 points, medics took third with 26 points, laws fourth with 14 points, and dents fifth with 7 points to their credti. The college of pharmacy was not represented in the half mile relay race and did not place in any of the other events.

First place in any event counted 5 points, second 3, third 2, and fourth 1.

Charles Brookins A1 of Oskaloosa, who represented the liberal arts college, won the hundred yard dash in 10 1-5 seconds, and set a new University record in the 220 yard low hurdles when he won that event in 25 4-5 seconds. The old record, 26 seconds, was made by Lester Belding last year. Brookins is a member of the freshman team and his performances are evidence that he will be a runner who in another year should be able to compete with the best track men in the country. Good time was made in the half mile run which was won by Noll in 2:02 4-5. The half mile relay race in which teams representing the colleges of applied science, law, liberal arts, medicine, dentistry, and a special freshman team competed, was won by the liberal arts college team composed of Seiling, Wilson, Hill, and Friedlander. This team was handicapped a number of yards at the start because of the fact that each member is a varsity man who has been in training for some time.

Each man who won a place in any event in the meet was given a ribbon with color distinctive of place. Next year it is probable that medals and cups will be given. Each man who participated in the meet wore a colored ribbon, the color denoting the college which he represented.

This is the first time that the idea of having colleges in the University compete in a home meet has been carried out at Iowa.

The results of the meet were as follows: 100 yard dash — Brookins first, Wilson second, Hill and Friedlander tired for third, time :10 1-5; 220 yard dash—Wilson first, Mathey second, Plato third, Hoyt fourth, time :23; 440 yard dash—Grelck first, Marty second, Parker third, Buchanan fourth, time :53; half mile run—Noll first, Morrow second, McIntire third, Jebbins fourth, time 2:02 4-5; mile run—McIntire first, Ashton second, Smith third, Muray and Windsor tied for fourth, time 4:43.

Two mile run—Peterman first, Ashton second, Murray third, Scott fourth, time 10:17 1-5; half mile relay—liberal arts first, Medics second, freshmen third, engineers fourth, time 1:33 4-5.

Field events: discus throw—Slater first, Carlstrom second, Rich third, Belding fourth, distance 123 ft. 10 1-2 in.; hamer throw—Carlstrom first, Wyland second, Slater third, Belding fourth, distance 116 1-2 feet; shot put—Slater first Carlstrom second, Zell third, Wyland fourth, distance 41 ft. 1 1-4 in.; pole vault—Devine first, Tjossen second, Hoffman and Bailey tied for second, height 11 ft.; broad jump—Plato first, Bradmill second, Barnes third, Soper fourth, distance 20 ft. 11 1-2 inches.

High jump—Hoffman first, Conn second, McCrae third, Rich fourth, heighth 5 ft. 10 1-4 in.; javelin—Dyke first, Smith second, Harding third, Jebibns fourth, distance 159 ft. 6 in.

120 yard high hurdles—Crawford first, Belding second, Shope thrid, Holster fourth, time :16 1-5; 220 yard low hurdles—Brookins first, Belding second, Crawford third, Shope fourth, time :25 4-5 (new University record).

TEAM AROUSES INTEREST

Audience at Lincoln, Neb., Awake to Iowa's Side of Debate

The University debating team in its contest with the Nebraska team last Thursday evening at Lincoln, Neb., stirred up much interest among the members of the audience, according to Robert W. West of the public speaking department, who accompanied the team.

The question debated was, Resolved: That the closed shop should receive the suport of public opinion. An open forum discussion followed the debate.

The three men who represented the Iowa team were: Cloyce K. Huston A3 of Crawfordsville, Vernon Sharpe A2 of Rolfe, and Frederick O. Paulson A3 of Clear Lake.

SCIENTIFIC FEATURES CHARACTERIZE TOAST PROGRAM AT DINNER

"The Spirit of Old Gold, with apologies to Einstein," is the subject of the toast program for the representative Iowa women's banquet, to be given Tuesday, May 3, at 6 o'clock at the Pagoda tea shop. Margaret Holmes A3 of Whiting will preside and Lue Prentiss A3 of Iowa City will be toastmaster.

The program follows: "Relativity", Dorothy J. Banks A4 of Burlington; "Backgrounds," Mrs. W. E. Rockwood of Iowa City; "Pioneers of 1921," Margaret Dolliver L1 of Fort Dodge; "Modern Theories," Lucille Everett A3 of Iowa Falls; "Women in Time, Space", Miss Helen Bennett, director of the Chicago collegiate bureau of occupations for women; "Uniform Motion," Mrs. Nellie S. Aurner, dean of women; "Points of Contact", Mrs. Carl E. Seashore of Iowa City.

A list of the women to be present at this banquet are as follows: Staff and Circle: Dorothy J. Banks A4 of Burlington, Helen L. Peterson A4 of Keokuk, Leon Barngrover A4 of Adel, Claribel Wright A4 of Hougton, Mich., Marian E. Brierly A4 of Independence, Marian C. Smith A4 of Winterset, Alvaretta West A4 of Iowa City, Margaret Dolliver L1 of Fort Dodge, Margaret L. Mulroney A4 of Fort Dodge, Helen T. Von Lackum A4 of Dysart, Marian Dyer A4 of Des Moines, Esther A. Macintosh A4 of Iowa City.

Presidents of the sororities: Achcoth, Frances Carpenter A2 of Marion; Alpha Chi Omega, Agnella Gunn A2 of Sioux City; Alpha Delta Pi, Wilma W. Walker, A3 of Corydon; Alpha Tau Beta, Adna Woodward A3 of Burlington; Alpha Xi Delta, Iva Baker L1 of Boone; Delta Gamma, Carol D. Cobb A3 of Waterloo; Delta Delta Delta, Frances Kate A4 of Des Moines; Delta Zeta, Florence E. Huber A3 of Tipton; Gamma Phi Beta, Lucille Everett A3 of Iowa Falls; Iota Xi Epsilon, Rose Durst A3 of Iowa City; Pi Beta Phi, Martha Stewart A4 of Chariton; Kappa Kappa Gamma, Clare Foley A4 of Audubon and Kalo, Evelyn Brickett A3 of Iowa City.

Literary society presidents are: Erodelphian, Ada Yoder A4 of Iowa City; Hesperia, Dorothy J. Banks; Hamlin Garland, Lucille Colony A4 of North Liberty; Octave Thanet, Zenaide Cooper A4 of Toleda; Whitby, Eileen S. Young A4 of Cherokee; Athena, Marian H. Smith A3 of Independence; and Esther E. Sharpe A3 of Hampton, president of Forensic Council.

Kappa Phi, Anna Singer A2 of Sheldon; Pi Lambda Delta, Marie Raymond A3 of Iowa City; Morrison club, Miss Olive K. Martin, instructor in the Romance language department; Gamma Epsilon Pi, Gladys E. Hayden A4 of Sheldon; Nu Sigma Phi, Roletta O. Jolly M2 of Pleasanton; Pi Lambda Theta, Mabel Snedaker (G) of Mount Ayr; Geneva club, Ruth E. Rowland A3 of Iowa City; Home Economics club, Fannie F. Lister A3 of Lyons; W. A. A., Pauline Spencer A2 of Des Moines; O. I. C., Ethel M. Spencer A1 of Olathe, Col.; Y. W.

(Continued on page 4)

UNION IS LAUDED BY PRESENT AND RETIRED UNIVERSITY HEAD

Nation is Inclined to Forget, President Emeritus Macbride Says

"I consider the project for the Iowa Memorial Union a solemn patriotic duty," said President Emeritus Thomas H. Macbride yesterday. "Of the young men so recently in the service on the other side of the ocean, 65,000 are lying there, and our whole people seems to be already inclined to forget them. We are apt to turn away from all our high emprise and lose ourselves in the ordinary interests of every day life, and the nation forgets.

"The same thing is true concerning the men who went from the United States in 1865 and the days of the Spanish American war. Men went from my classes into the last named conflict and left their books and their instruments in the desks and came back no more.

"I think there could be nothing nobler than that proposed, the Iowa Memorial Union, a perpetual reminder to the generations of students as they come and go for cenutries to come."

Jessup Says it Will Develop Mutual Sympathy and Understanding

The success of the Memorial Unions in other Universities is a good barometer for Iowa, is the belief of President Walter A. Jessup, expressed in a statement yesterday.

"A feeling of mutual sympathy and understanding must be present in every effective human organization," he said.

"Perhaps no single end in University life is so difficult of accomplishment as is the development of this mutual sympathmy and understanding, on the part of the students, of their different colleges, classes, and special interests.

"The Union will provide a place for all students to meet on a common ground.

"Experience in Michigan, Toronto, Yale, and Indiana all give assurance of success and bring together students so as to create spirit. Few of us realize the tremendous advantage that the Union will be to us in the development of 'Iowa' traditions and 'Iowa' spirit."

ROOM RESERVATIONS AT QUAD DUE MONDAY NIGHT

Six o'clock Monday night is the deadline set for applications for reservations of Quadrangle rooms for the next school year by the present occupants. All rooms not reserved by this time will be open for reservation to juniors, sophomores, and freshmen of the University. Applications will be accepted from juniors Tuesday, sophomores Wednesday, and freshmen Thursday. All rooms not reserved by 6 o'clock Thursday night will be open to general reservation.

JUDGES FOR THE N. O. L. CONTEST ARE SELECTED

Names of the six judges that will officiate at the Northern Oratorical League contest which will be held in the natural science auditorium next Thursday night have been received by Harold D. Keeley L1 of Maquoketa, president of the men's forensic council. Each university in the Northern Oratorical League will have one judge in the contest.

Prof. Glenn N. Merry, head of the department of public speaking, will be the judge from the University. The judges from other universities are: Thomas O. Trueblood of Michigan, J. M. O'Neil of Wisconsin, Charles Woolbert of Illinois, J. L. Lardner of Northwestern, and Frank Rarig of Minnesota.

MERCHANTS OFFER LOVING CUP FOR IOWAWA'S PARADE

Harry Bremer of the Golden Eagle Clothing Co. and Yetters will give loving cups to prize winners of the Iowawa parade which will be held next Friday night at the new armory. The cup given by Mr. Bremmer will be similar to the one given to the interfraternity baseball champions. The fraternity having the best animal will be awarded this cup. The Yetter cup will be given to the sorority having the best float.

The cups will be on display in the windows of the two stores this week. They will remain in possession of the organizations winning them for one year. Fraternities and sororities have commenced to prepare the entries for the events. A committee will be chosen this week by the Iowawa to act as judges.

The presentation of cups will take place at the Iowiggle, the dance that will be held at the men's gymnasium i nconnection with the Iowawa.

ILLINOIS WINS BY BIG MARGIN

Urbana Team Piles Up 12 to 2 Score Getting 18 Hits in Second Game

Urbana, Illinois, April 30, (By Telephone to The Daily Iowan):

Iowa without the pitching of Carter Hamilton that featured in the Hawkeye games here the past two season was helpless against the hitting of the entire Illinois team and as a result the visitors lost the second game of their weekend trip by the score of 12 to 2. The first inning showed which way the game would go, Becker was driven from the mound in that period, after Vogel and Hellstrom had made circuit drives resulting in six scores. McCurdy also placed himself in a class with his teammates by hitting a homerun in the eighth.

Frohwein pitched the remaining eight innings but he was unable to stop the hitting rampage of the Illinois players.

In the field, however, the Iowa men were much better than at bat. Leighton at shortstop and Captain Crary at first played good ball. Frohwein was the best hitter for the visitors and prevented a shutout for his team with a single in the first and a home run in the fifth. Illinois played good ball on both the offense and defense, stealing eight bases and finding the Iowa pitchers for eighteen hits. The three pitchers used by Coach Lundgren were about equally effective against the invaders.

Batteries:

Iowa—Becker, Frohwein,and Locke.

Illinois—McCann, Banker, Barnes, and Dougherty.

Score by innings:

Illinois	6	0	0	1	2	2	0	1	x
Iowa	1	0	0	0	1	0	0	0	0

	R	H	E
Iowa	2	5	1
Illinois	12	18	2

ONE HUNDRED TWENTY-FIVE STUDENTS GO TO AMANAS

About 125 persons made the trip to Amana yesterday under the leadership of Prof. Clarence W. Wassam of the department of economics. Some went in trucks, others in cars, and more went on the train to Homestead.

The woolen mills at Amana were the center of interest for the visitors.

SAUCE FOR ALL

Judge Hubert Utterback seems to believe that the man and woman who have had the privilege of advanced education have with it a very definite duty. He said in a recent interview:

"College graduates should go back home as leaders, and they should see to it that they have the right kind of schools in their towns, and that the children get all the education possible."

This idea of the cousinhood of privilege and duty does not, of course, originate with Judge Utterback. It is frequently remarked that no one pays for his education. No one does. He may work like a Trojan and complete his study and receive his degree without a debt to his name, but he receives from society the privilege of pursuing this study in an institution which society has built and now maintains.

Perhaps this notion expressed by the judge is a good angle from which to approach the question of what to do after one has finished his few years of undergraduate life. In the long run the biggest thing for the group "back home" or to whatever place one expects to go, may be the biggest thing for the individual.

CHARLIE CHAPLIN

From the very first that Charlie Chaplin wobbled upon the movie stage six or eight years ago and began throwing pies at the lovely face of our own Mabel Normand he was greeted with a great hula-baloo from the throng. When movie managers presented one of Chaplin's pictures they were certain that their theaters would be filled to over-flowing. His bull-in-a-china-shop methods proved vastly entertaining, but it was a type of entertainment that depended entirely on the vulgar and the crude and of course could not possibly last very long. Soon even the mob adopted that "one wearies of it you know," attitude. His methods were so obvious that it was not long until a multitude of imitators had sprung up on every side. Some of them could do almost as well as Charlie himself which accounted for the fact that he went out of vogue. When he disappeared no one seemed to care much.

Charlie, however, believed in himself. Somewhere in his spirit, he thought, there was real genius, and probably admitted to himself that his method of expression needed going over. He decided that comedy, even of the slap-stick variety, must mean something if it was to survive. Dough-throwing and pugilistic burlesque could not stand alone, there must be some aim in them if they were ever to reach the dignity of art. His next picture, "The Kid", was something new. It was a departure from the perfectly obvious and seemed to express something. Into this production Chaplin put all his genius for slap-stick, but it was subordinated; it seemed to be nothing but accidental detail. In "The Kid" he proved himself, as a consequence, to be a great comedian and a great artist as well.

The best thing that has been said of Chaplin's efforts in The Kid, is to be found, probably in Heywood Broun's succinct article in Vanity Fair. Somehow or other it reminds one of De Quincy's paragrahp on the "Knocking On The Gate" in Macbeth. Here is Broun's paragraph: "..... there is one particular scene in The Kid in which Chaplin having recently picked up a stray baby finds the greatest difficulty in getting rid of it. Balked at every turn, he sits down wearily upon a curbstone and suddenly notices that just in front of him there is an open manhole. First he peers down: then he looks at the child. He hesitates and turns a project over in his mind and reluctantly decides that it won't do. Every father in the world has sat at some time or other by that manhole..... We can all watch him and choke down half a sob at the thought that after all the Life Force is supreme and you can't throw 'em down the manholes."

CREDIT GIVEN FOR GEOLOGICAL WORK IN THE BLACK HILLS AND BARABOO

An information lecture will be held Tuesday at 7 p. m. in room 108 of the old science building, for those students who are interested in the courses of geology that have been designed for the coming summer session of the University of Iowa. Both residence and field courses are offered.

Field courses will be conducted during the first term at Baraboo, Wis., and in the Black Hills, S. D. During the second term the Black Hills course will be continued, and a course for advanced students will be conducted in Northern Iowa.

A description of the geological features of hte territories in which field courses will be conducted, together with accounts of field procedure, admission, expenses, etc., is given below. Students who take part in these courses should enroll as students of the summer session of the University and pay the regular fees for tuition. The tuition fees for undergraduates is $15 for the first term and $12.50 for the second term. For graduate students the tuition is free. All candidates for degrees who have not previously registered in the University pay also the matriculation fee of $10. The field course receives college credit as indicated in the description given below. The following is a list of the courses offered:

Baraboo field course: This course will be conducted from June 16 to July 15 by Chester K. Wentworth who will be accompanied by Mrs. Wentworth. Baraboo is situated thirty miles northwest of Madison, Wis., on the Baraboo river. It is knqwn as one of the most attractive districts in the state and has been used for many years for field courses in geology under the direction of several universities. The party will live in camps. Camp equipment is maintained by the University. The course is open to both men and women who have completed acceptably the equivalent of not less than one year's class work in general geology. The class is limited by camp accommodations to 123 students.

Credit of six, seven, or eight semester hours, according to quality of work, will be allowed for the month's field work. Each student's share of the camp expenses will be about $50, exclusive of railroad fares. There is a probability of a small refund from the deposit of $50.

For further information in regard to equipment, time and place of meeting and for approval of the instructor address of inquire of Mr. Wentworth, old science hall.

Black Hills field courses: The Black Hills course will be conducted from June 14 to August 19 by Prof. Joseph J. Runner, who will be accompanied by Mrs. Turner. The field is situated in western South Dakota. Few spots in America are favored with such a wealth of varied attractions as are to be found in these districts. There is an abundance of geological features within the immediate area which are to be chosen for a major part of the work. The camp is located in the city park of the city of Whitewood. This site of the campus will be a central one and field trips will radiate four or five miles in the surrounding territory.

The work in the field consists of two terms of four weeks each, for either of which a credit of 6 units, or a posible eight units will be given upon the completion of a satisfactory report. The work of the second term is a continuation of that of the first term.

Total expenses, in addition to tuition expenses, of thirteen students for living, local railroad fars, automobile hire, etc., during the first term will probably average $45 each and the second term $55 each. Railroad fare to the field and return from Iowa City during the summer of 1920 was $42. The necessary costs for one term were a little over $100 and $160 for two terms. For further information address Professor Runner, old science hall.

SOCIETY

Pan-Hellenic Formal

The men's armory has been touched with magic many times, but perhaps it has never looked so pretty as last Friday night, when it masqueraded as Spring at the Panhellenic formal. The ceiling was a mass of green, sprinkled with pink flowers. Nine booths around the edges of the room were surrounded with vines and lattice work, and each booth was decorated with the colors of the fraternity to which it belonged. Spring was in the air, in the strains of Strand's Orchestra, in the dainty gowns, and perhaps in the booths.

The programs were brown leather date books for the girls and address books for the men. Three novelty singers from Kansas City furnished the entertainment. The nine fraternities, members of the men's Panhellenic were represented by 180 couples. The chaperons were: Prof. and Mrs. Benjamin F. Shambaugh, Mr. and Mrs. W. O. Coast, Mr. and Mrs. Willis W. Mercer, Mr. and Mrs. R. H. Fitzgerald, Mr. and Mrs. Henry Walker, Mr. and Mrs. Wilbur Cannon, Prof. and Mrs. W. H. Wilson, Prof. and Mrs. Earl F. Waterman, and Mr. and Mrs. E. G. Naeckel.

House Dances

Theta Xi fraternity gave an informal dancing party at their house last evening. Braady's orchestra furnished the music and the chaperones were Mr. and Mrs. G. K. Pierce, Miss Marion Lyon, and W. E. Schwole.

Xi Psi Phi fraternity gave an informal dancing party at their chapter house last evening. Freidlander's orchestra played and the chaperones were Dr. and Mrs. R. V. Smith and Dr. and Mrs. J. V. Blackman.

Kappa Beta Psi Carnival Dance

Kappa Beta Psi fraternity gave an informal carnival dance at the Hotel Jefferson last evening. Serpentine, fancy paper hats, and shrilly shrieking whistles marked the feature dances. Prof. and Mrs. Franklin H. Potter chaperoned and out of town guests were: Bernice Adams of Drake University, Lavina Faltis of Cedar Rapids; Claude Tuney, and Burton McLeed ex-21 of Williamsburg, and Henry Ruwe ex-21 of Marathon. Drake's orchestra played.

Gamma Phi Beta Japanese Dinner Dance

Gamma Phi Beta sorority gave a Japanese carnival dinner dance at the Pagoda tea shop last evening. Bright colors, in Japanese stencilled banners and streamers, produced a gay effect and baskets of mixed bouquets decorated the tables. The programs were brown leather and fawn, the sorority colors. Little Dorothy Bennett of Des Moines gave two novelty toe dances, and two surprise dances were the features. Young's orchestra from Des Moines played.

Athena Dance

Athena literary society gave an informal dancing party at the city park pavillion last evening. The programs were white leather with green cords. Cahill's orchestra played. Mary Reidy ex-21 of Winthrop was an out of town guest. Prof. and Mrs. Philip G. Clapp and Miss Mary I. Bash chaperoned.

A. T. O. Dance

Alpha Tau Omega fraternity gave an informal dance at their chapter house last evening. Bees' orchestra played and the chaperones were Prof. and Mrs. Henry F. Wickham and Mr. and Mrs. Chapman Reynolds.

Snap Into It and You Can

The Dents did it! The Laws and Pharmacists are almost 100 per cent. The Engineers are well on the road. The Graduates and Liberal Arts will be there, too. But LET'S GO, GANG! Climb aboard now while the climbing's good.

All the Alumni want the Union and are pledging their money for it, too. Some of their subscriptions are for $10,000. But they'd like to see a few signs of life on the part of the students. Let's show them a trick or two.

This Survey Will Go Over

Because the survey will be "on" until we hear from every student on the Campus. You can boost a lot by helping your Surveyor to find you. Let's get it over with. Eventually, why not now?

IT'S YOUR MOVE

as Capablanca said to Dr. Lasker in Havana the other day.

THE IOWA MEMORIAL UNION

Dedicated in 1924

Where Fifty Bucks Grow

YOu may have
* * *
THe fifty simoleons
* * *
LYing around loose,
* * *
OR maybe, like
* * *
SOme more of us,
* * *
YOu're wondering
* * *
HOw to get it.
* * *
WEll, you might
* * *
TRy shaving yourself,
* * *
OR swearing off
* * *
CIgarettes,
* * *
OR taking your
* * *
RUbbers and umbrella
* * *
TO a dance
