PROFESSOR WASSAM
GIVES TALK BEFORE
SILVER STAR CLUB

Professor Clarence W. Wassam of
the school of engineering, was the hon-
ored guest at a meeting of the Silver
Star Club held Wednesday night in
the club room of the University
Church. He gave an interesting talk,
full of experiences while gathering
data for his doctor's thesis while at Cal-
ifornia University, and entertained
the members by telling some of the
ridiculous stories he has heard. He
laughed in a "greenhorn" University of Iowa grad-
uate at the meet.

Much of his time was devoted to
expressing the point that society
should try in greatly in need of facts on all
subjects that people were accessible-
ble to propaganda. He admitted that
mother's were often misrepresented on
their subjects and that everything
seen in print should not be taken for
the truth without a little investiga-
tion. He thinks that the Silver
Star Club, American Legion, and
American military societies have a
great deal to do in bringing the facts
before the public.

Professor Wassam feels that it is
purely through lack of public infor-
mation that society. His research
has never been wide known and
much of the disabled veteran
sacrifice that it was told or held to
quite the extent that they would not
permit such conditions to exist. The
more fortunate veterans are well
protected by the federal board of
veterans education, but many who
have fought and greatly handicapped are left
out of social benefits.

After Professor Wassam's address
the "Kitchen Police" served
snacks and coffee, following which a
business meeting was held. It was
decided to have a card party at the
same place on Wednesday evening,
May 16, and every wounded veteran
will be expected whether he has ever
joined the club or not.

Thirty High Schools to Be Represented in Meet Tomorrow

The thirteenth annual interscholastic track meet will be held tomorrow, May 11, at Iowa City. As only two candidates were to be elected on May 11, it is very probable that the board will be organized at once to elect next year's staff members. Any nine or eight undergraduate student of the University is eligible to any position on the staff.

The final issue of Privol will be placed on sale Wednesday, May 11. They will be sold at the tables in the University buildings and the bookstores, as usual.

**A “picnic” for smart dressers**

Buying clothes at Armstrong’s is a “regular picnic” for young men who know “what’s what” in clothes; you choose from a showing of new models and fashionable weaves that’s unmatched in the entire state.

You select from the finest fabrics seen in years—distinguished Dunster checks and plaids, the seasons latest thing for young men, smart tans and grays, English herringones and “fadeaway” stripes; any Iowa man who’s been here will tell you he’s saved money; suits you’d pay $45 to $85 for last season at

**Do you know what’s the season’s outstanding style feature?**

Weaves of new and distinctive patterns are now the big fashion idea in clothes; very fashionable are the Dunster checks and plaid. If you haven’t seen them you ought to—exquisite combinations of rich threads of tan, gray, green, purple, delicately interwoven to give the new Dunster effect. Other stylish ones are English herringones, “fadeaway” stripes, new tans and grays. You find the latest weaves here in matchless array; get your new clothes now.
