Gymnasium Parade

From 9 o'clock last evening, when the long procession of magnificent floats paraded in the gymnasium, to 12 o'clock last night when the "waltz" was exhibited in the main assembly, fires were burning in the cafeterias, jolly, noisy, and raucous symphonies resounded through the halls and the excitement centering about the gymnasium.

The parade the greatest spectacle, the parade of floats was the most striking feature of the exciting night. Everyerry on campus which entered the gymnasium displayed its best in the fifty or so units which were represented. The march of the parade, the thronging of the galleries proved popular attractions.

Karl Fisher of 8Uptin Valley was the referee of the annual competition. His report was descriptive in the extreme of the various positions occupied by the floats and the students who were responsible for their construction.

The parade route is in the best conditions and it is expected that good time will be made in most of the track events. Frank Bible who adds himself to the Tartars will be the official referee.

Cedar Rapids and East Des Moines Likely First in School Meet

Two hundred and thirty-nine men are the cream of the high school track teams. Thirty-five schools will compete on Iowa field in Iowa's thirteenth annual track meet Saturday.

The preliminary events in the meet will be held at 10:00 a.m., and the finals will be held at 2:00 o'clock in the afternoon, commencing at 2:15. The Northwester track meet will be held.

The quantity and quality of track meet is in a very good condition and it is expected that good time will be made in most of the track events.

Storm Lake Will Win with HIGH DEBATE

Storm Lake high school, supporting the negative side of the question, "Resolved: the Scotch-Irish are the forefathers of North American school debate," will make its first appearance.

Both schools are represented by outstanding debaters, and the Larson team has a well organized defense. Cedar Rapids seems to have an edge in the Larson school, and such defense has more experience under fire.

Frank Bible will be the official referee.

R. W. Purdy, also of Storm Lake, an expert in the field, will judge the debate.

Three hours of debate will be held, and the two schools will be on their feet 1 hour 45 minutes, and the two schools will be on their feet 1 hour 45 minutes, and the two schools will be on their feet 1 hour 45 minutes.

Honest criticism seems to be more than anything else a lacking factor in this work. The young man is always ready to put down his very close studies, to set something right. The faults of University. His opinion is expressed regarding the practice of combining talent and effort to the youth of America and leading them to realize that they can play an important part in their own country's affairs. He would like to see a change in the present system of education.

PROF. HERRICK OF CORNELL GIVES ILLUSTRATED TALKS

The slides which illustrated the lecture were often very beautifully tinted, and some, particularly those of the city of Cuenca, very distinctly lit. The sun's rays shining upon the buildings, the hills and the landscape, give them a sort of golden glow. The illustration of the building by the camera's eye is a plain and unmistakable-looking footprint. The interior of the interior is shown in a real and splendid manner. Professor Herrick is at times our greatest benefactor, and at times our greatest disappointment. His work is not only to ability, but to a sense of duty not only to ability, but to a sense of duty.

KINGMAWN WINS IN

SPEAKING CONTEST

FOR HIGH SCHOOLS

Murray Kingman, representing
Iowa City High school, was first hon-
ors in the intercollegiate speaking
contest held yesterday afternoon in
the liberal arts assembly. His topic
was "The American Homeless.""Kingman, who is the son of Prof.
Orv. E. Kingman of the University
extension division, pointed out in his
thesis that the present shortage of
houses was due to two causes, the
industrial revolution and the world
war.

John Motley, representing Council
Fluff, presented Kingman for a close
second with his talk on "The Irish
Nation." Motley upheld that Ireland
is not deserving of complete indepen-
dence and that England cannot allow
how that country because it would
weaken her defensive naval power.

The question of the "Clay and
Closed Shop" was the topic used by
Raymond Bingham of Mason City, and
Mason Daniel of Fort Dodge, the
fourth contestant, spoke on "The
Flight of the Iowa Farmer."

Both Kingman and Motley, the
winners, will receive gold medals for
their showing, besides four year
scholarships to the college of liberal
arts.

Attorney Edward Sager of Waver-
ly, Attorney Leonard Burch of Wa-
terly, and Prof. E . C. Mabie of the
public speaking department, were the
judges of the contest.

ANNOUNCEMENT!

Athena will have an important
meeting this afternoon at 4 o'clock
in the liberal arts drawing room.
