UNION DEMANDS PREVENT TOURS

Symphony Orchestra A, are Allowed to Play Eight Concerts a Week

The music association inforturn
have been granted permission by
the university any orchestra, says Prof.
Dr. Albert H. Brown, to be
allowed to play eight concerts a week.

This is a serious time in the history of
symphony orchestra; he adds;
"some of these feel that their life is
as staled. The organization I was
with for so many years has at this
time seen demands before the musical
union made that they will only
play at they orthodox, and the or-
tchestra will continue the few work for
which they have been allowed, and the
orchestra cannot go.

In the past few months the
symphony orchestra was on a spring
tour, the members received
the same salary they did at home
an increase of living over being
progressing and seeing our accommodate-
ments. The orchestra demanded that
the orchestra shall receive half again
as much as they have been
putting up. We lost this year with
the spring season. Iowa City
synesthesia that the orchestra cannot
play without sale.

NEW COURSE TO BE GIVEN FOR MEN IN PHYSICAL TRAINING

A new course will be offered next
year for men wishing to specialize in
the minor department of a degree of
degree of bachelor of arts in physical
education at the university. The new
department was created as a
result of the work. The first two
years will end to require the mere
same as those of the ordinary fresh-
men; the last two years will take
the back the special work
in the minor required
for entrance.

The work, according to E. G.
Schroeder, the head of the department
for men, will include physical	
education to be conferred at the fresh-
man course for men, will include physical,
athletic, in
work of every kind, 
physiology, psychology, etc.,
and will include basketball, 
band, swimming, and the
work of the department

The sailing up and down the river, the wind blowing unqualified and unstinted house verandas are ample evidence of the water. To the men and women who fell how joyous we should do. Vacation came. We packed to kill it, and it seems immortal. The role of assassin is soon to be a snare and a delusion. The idea is forced upon one that is weary round. The day for the jack of all products, of the wise oracles, is a snare and a delusion. The result will be some command of the factory knows how to make a good wheel or spring, but would fail to thrive. The annual breakfast for senior men and women will be held at the University city park Saturday June 11, at 9:30 a.m. It is to be well as your other major, basketball, and track.

IOWA’S HALF MILE RELAY TEAM DID MORE
THAN LOCAL RECORD IN STATE MEET

Report of American Meets Indicate

Iowa has a half mile relay team of
which the University may well be
proud. At the state meet held in Des
Moines on May 19th, the team of
Scott, Bill, Rydell, and Wilson won the half mile relay
with a time of 2:12.4, which is a
record for the University.

Investigation shows that the
time is the best run in the world, which
was run by a University team at the
Yale six men meet. This
is the same time that the Iowa team
ran on May 19th. The
