NUMBER 190

SURVEY TO CLOSE NEXT THURSDAY

Grassfield Says that Students Have Shown That They Want the Union

Thursday, June 2, is the date set for the closing of the Iowa Memorial Union survey. This is the announcement made Thursday by Director R. G. Grassfield, and chairman Charles C. Bowie A4 of San Benito, Texas, and H. H. Matt LI.

"The survey has been going forward slowly the past two weeks, but we have felt justified in giving the committeemen every opportunity and plenty of time to get their work completed," said Director Grassfield. "A few committeemen and women have not turned in their reports. These will be urged to complete their work during the next week."

While no report or statement of the results can yet be given, the officers of the Union and chairmen of the survey feel that the survey has been a real success. The financial results have not shown up as big as in some of the other institutions, but the survey has put the Union before the student body in a very definite manner.

"There is no disguising the fact that two months ago, the student body was somewhat passive toward the Iowa Memorial Union. This was because many did not understand the purpose and mission of the Union. However, as the survey is drawing to a close, it can be said that the entire student body is thoroughly conversant with the Union. The survey has proved conclusively, through no facts and figures are yet available, that the University students and faculty believe in the Union; they want the Union and they are ready to help make the Union a reality," said Mr. Grassfield.

The goal set by the students: "Start building the Union in another year" in all probabilities will be accomplished. "Break ground at commencement next year, 1922", is the definite aim heard discussed on the campus these days.

THIRTY MEN ENTERED FOR CROSS COUNTRY RUN THIS AFTERNOON

Approximately thirty men are entered in the first cross country run, to be held this afternoon, starting on Iowa field at 4:00 p. m. The course will cover about two miles, starting at Iowa field, across the Iowa avenue bridge, and following the river road north to the city park, and return. Due to the heavy recent rains the road will not be in very good condition for at least half of the way where it is surfaced with clay.

The run is to be held under the supervision of Coach Bresnahan in order to find new material for the cross country squad next fall. All men having won their I or I-2 in track, or I-c in cross country will not be eligible to compete in the run.

Many of the men who will compete in the race have been working out on the course for the past two weeks under the direction of Leonard Ristine.

A traveling cup will be presented to the first upper classman who finishes, and another will be presented to the first freshman who finishes. Ribbons will be awarded to the first twenty men finishing the race.

DELTA CHI DEFEATS THETA XI IN BASEBALL

The Delta Chi fraternity baseball team defeated the Theta Xi team 24 to 10 yesterday. Batteries for the Delta Chi were Williamson and Anderson and for the Theta Xi team, Finlayson, Cornelius, and Dalton.

ATHLETES TO DINE

Athletic Board to Entertain Men at Park Pavilion

The annual dinner for the participants in varsity and freshman winter and spring sports will be held at the City park pavilion, Tuesday, May 31, at 6 p. m. Invitations are being sent out to basketball, track and baseball athletes.

This dinner is given each year by the athletic board. The teams elect their captains for the coming year at this affair and speeches are made by the old and the new leaders, and by the coaches. Last year the banquet was at the same place, and was attended by 157 freshman and varsity athletes.

Announcement of the awarding of letters and numerals to track and baseball men will be made at this time, also the election of next season's track, basket ball and baseball captains will be held.

HOME SEASON CLOSES TODAY

Lineup Changed as Team Meets Northwestern This Afternoon

The Northwestern University baseball team will meet Iowa today at 4 o'clock in the last game of the season on Iowa field. The contest was formerly scheduled for Saturday but Northwestern consented to the change which was made because of the regimental review that is planned for tomorrow. Iowa defeated the Evanston team early in the season by a score of 9 to 0.

Last night Coach Ashmore dismissed the team with the exception of the outfielders after giving his men a few minutes talk in the gymnasium. Iowa, it is expected, will present a changed lineup in the game today. Michaelson will probably be used at first in place of Captain Crary. Wilhelm has been hitting the ball hard in practice the last few nights and will take right field in place of Michaelson. Voltmer may be used in place of Draper in left. Becker is the most likely choice for the pitchers job while Dyke is the second bet. Hurlburt, Shimek, and Irish will start their regular positions on the infield.

Northwestern comes with two conference victories to their credit. They defeated Chicago Wednesday by a 10 to 9 score. Palmer who has been the best twirler for Northwestern pitched the game and allowed eight hits and struck out eight men. The other victory that Northwestern has put across was over Purdue. Notre Dame also tasted defeat from the Northwestern team.

Northwestern will go to Ames after today's game where they will meet the Aggies before returning to Chicago. This is the first time that the Evanston institution has had intercollegiate baseball. Iowa field was too wet yesterday to permit any playing on the infield so all the players were given a rest with the exception of the outfielders. The Hawkeyes will play their last conference game against the University of Chicago on Stag field June 3.

WOMEN'S TENNIS FINALS POSTPONED INDEFINITELY

The finals of the women's tennis tournament scheduled for yesterday have been postponed on account of the weather.

This noon was set as the limit for finishing the third round but the time had to be extended indefinitely, according to Marion R. Lyon, director of physical education for women.

LAST DUAL TRACK MEET TOMORROW

MINNESOTA HAS STRONG TEAM TO MEET IOWA

Anderson is Gopher's Chief Hope as a Point Winner Tomorrow

EXPECT TO SPRING SURPRISES

Hulkrantz is Minnesota's Best Man in 220 — Sweitzer and Winters Are Good in Distance — Kelley and Randall in Pole Vault — Brown to Throw the Javelin

By Leon B. Luscher, Sport Editor of Minnesota Daily Minneapolis, Minn., (Special) — Minnesota will enter the annual dual meet with Iowa on Nurthrup field on Saturday with the strongest team that they have been able to assemble this year. The Gophers are stronger in almost every event and hope to spring some surprises.

Captain Anderson is the big gun on the Gopher squad and is expected to prove the high point winner of the meet. "Andy" has been going strong all year and there is no reason to believe that this meet will prove an exception. At the Drake relays he took third place, being barely nosed out in the fast time of 15:2. He won his trial heat in fast time.

Against Ames "Andy" copped four firsts in as many starts. He won both hurdles, the 100, and the 220 yard dashes. His time was good in all of these events although not exceptional, due to the fact that he was saving himself.

At Wisconsin, on a bitter cold day, he defeated Knollin, the Badger crack in the high hurdles in 15:4 and took second in the 100 and third in the 220. He is going better at the present time than at any time previous and should make good time Saturday.

Hulkrantz looks like the next best bet for the Gophers. Running under Minnesota colors for the second time at Wisconsin, he copped the 220 in 23:1 and took second in the 440. His time in the 220 was excellent considering the wretched weather conditions. He also should go better than ever in this meet.

In the distance events, Minnesota will be represented by Sweitzer and Winters, Sweitzer, after copping the mile at the indoor Conference meet, went into a terrible slump and only recently has started to come out of it. Coach Frank predicts that he will be able to get around in 4:30 if weather conditions are at all favorable.

Winters, after his great showing against Ames is expected to make the Iowans step. He took second against the crack Ames half-milers in 1:58.

Kelley and Randall will uphold Minnesota's end in the pole vault. They are both good for 11 ft 3 in., and will probably go better in competition. In the hammer throw, Madsen, Baily, and Armstrong, the trio that made a clean sweep on Ames will be entered and should garner their share of the points.

In the javelin, Brown of Minnesota best bet. He took first against Ames and second against Wisconsin. He is able to throw the stick 150 feet and should place well up. In the shot and discus, Gilstad and Kelley are the best Gopher bets. It is uncertain who will compete in the broad and high jumps. Niles has been showing best to date.

WEATHER FORECAST

For Iowa—Cooler with possible thunder showers.

THIS AFTERNOON LAST CHANCE TO GET HAWKEYES

Persons who have paid two dollars down on their Hawkeye must present their receipt together with three dollars more at the desk on Old Capitol steps not later than this afternoon, according to Dwight G. Rider LI of Waterloo, business manager of this year's Hawkeye.

"There are still more than three hundred persons who have signed up who have not yet called for their Hawkeyes and they will be given their final opportunity this afternoon on Old Capitol steps from 1 to 5 o'clock. Starting with Monday of next week all Hawkeyes which have not been called for will be placed on general sale," said Rider.

SENIORS READY FOR GRADUATION

Senior Women Will Start Activities With Picnic on Wednesday, June 1

Arrangements for senior events have been practically completed.

About seventy women have signed up for the senior womens picnic which is to be held Wednesday, June 1, at 9:30 a. m. at the City park. Thursday evening, June 2 will occur the senior women's sing, after which they will attend a "movie".

Saturday, June 11, at 12 o'clock the annual senior breakfast will be held at the park pavilion. Tickets for the breakfast will be 75 cents. They will be on sale in all the colleges next week. Following the breakfast everyone will attend the senior frolic at the park. Some of the features will be a balloon race, an indoor baseball game between a team of women picked from the physical training department and the nine most awkward senior men. Carl Fischer will perform some aero stunts. A man will jump from the plane with a parachute. Other events will be a tug of war between colleges, a competitive nail driving contest for women, a pillow fight on poles and a series of duels between lancers in canoes.

Saturday evening, June 11, President and Mrs. W. A. Jessup will entertain the seniors at an informal reception at the president's home.

The baccalaureate address will be given Sunday afternoon, June 12 by the Rev. Charles Edward Jefferson of New York City.

Rev. Joseph Port Newton of New York City will deliver the commencement address Tuesday, June 14. The exercises will be held on the campus according to the annual custom. The informal luncheon of the alumni, faculty, and parents of the graduates will end senior events.

DELTA SIGMA RHO ELECTS

Aurner Chosen President by Men's Forensic Society

Delta Sigma Rho elected the following officers at their last meeting; president, Robert A. Aurner G of Iowa City; secretary, Carl B. Kreiner A2 of Ottumwa; and treasurer, Abram M. Devaul LI of Albert City.

KAPPA BETA PSI WINS FROM PHI GAMMA DELTA

The Kappa Beta Psi team defeated the Phi Gamma Delta team last night by a score of 3 to 2.

Batteries: Kappa Beta Psi, Bossen and Olney. Phi Gamma Delta, Borderick and Inghram.

IOWA TO FACE OLD RIVALS IN GOPHER MEET

Comparative Scores Show Iowa Probable Winner of Meet

ANDERSON MAY WIN HURDLES

Neither Team Strong in Javelin or Hammer Throw — Anderson Minnesota's Only Possibility in the Sprints — Conference Meet in Two Weeks — Iowa Has Possibilities

By M. F. Carpenter

Saturday Iowa is due to win one of the most overwhelming victories over Minnesota that has ever been the good fortune of any Iowa team to achieve. Only thing that can prevent a slaughter at Minneapolis is a complete failure of the Iowa team to come to form. In this connection it should be observed that in every meet in which the Iowa team has completed in the outdoor season, it has done better than anyone expected. Unless it does far worse against Minnesota than any one has any reason to dread, it will win by a good score as it piled up against Northwestern and Chicago.

Minnesota has some strength in the hurdles, distances, and pole vault. Anderson took second in the high hurdles at the Illinois and at the Drake relays. He seems to have recovered from the sickness that put him out of the placing in the indoor conference. He was good enough to beat Belding last year and may be good enough to beat Belding and Crawford this year. The distance men did not make much of an impression on Ames or Wisconsin, but Ames and Wisconsin have strong runners in the events. Kelly has vaulted higher than have Devine and Bailey.

In the sprints, however, Minnesota has no one but the ever-ready Anderson, who runs anything from the quarter mile on down. If he tries conclusions with Wilson in the hundred and the two-twenty before he runs against the Iowa hurdlers, the Minnesota captain is apt to find that last year's victories are not this year's. In the quarter, unless the same handy man about the house tries to run it, Minnesota has no one who look half as good as the men Grelek beat at Chicago. In the half-mile, Noll has run in better time and beaten better men than the Minnesota runners.

In the javelin and the hammer throw neither team has any great strength. There may be a chance for Minnesota victories in these events. One first and one second would be the expectation for Minnesota. In the shot and the discus, Minnesota lost to the Ames men who failed to show at the state meet. In the high jump and the broad jump, Minnesota is as bad off as it was last spring, when Iowa slammed these events. A twenty foot three inch jump beat the Minnesota broad jumpers in the Ames meet. Two Ames men tied for first at five feet seven. If Minnesota gets fifteen points out of the field events, its team will be performing as good as anyone could expect.

There is always a chance of an upset; there were several of them in last Saturday's meet and a few against Chicago. But this season, as a rule, the upsets have favored Iowa, and, if any come this weekend, the chances are that they will add to the right side of the score.

SEEDY COATS AND SACRIFICE

The student who works his way through college is coming now, somewhat more than usual, under the public eye. Yale has ruled to cancel the tuition of men who are working their way and who have grades above ninety per cent. Somewhat less encouraging is the attitude of Thomas A. Clark, dean of men in the University of Illinois, expressed in a recent book, "Discipline and Derelict."

The man who does enough work to meet most or all of the current expenses of his college education has come in for a lot of somewhat insipid comment. He does not want mock heroism. It is true, as Dean Clarke says, that he is forced to make numerous sacrifices, but a large number of men could not go to college at all if they did not work, and it is to be hoped that boys in high schools and out of them, who contemplate college training and are not in plentiful finances will not be frightened. It can be done, and done well.

Furthermore, the man who works has certain distinct advantages. He is, by his limited funds, exempt from temptation to indulge in expensive, time-filling, and profitless recreation; he is forced to take stock of his resources and under pressure of circumstances to come to the golden discovery of his own capacity for work; and, in the grind of his routine appreciates the education which it takes that grind to get.

A few days ago a man who works in the kitchen of one of the University's fraternity houses was elected to Phi Beta Kappa, the great honorary scholastic fraternity. Perhaps he has not been able to cultivate the social graces as the men whom he serves, but who is to say that his time was wasted? Let boys of lank purse come to college with their sleeves rolled up. There is a long line of men famous in the history of the world who went about classrooms in the seediest of coats.

SOME STILL WATER STUFF

One has only to read an account of M. Georges Carpentier's training camp to learn that he is a quiet fellow. The Frenchman, who is here to show Jack Dempsey what he knows about pugilism, allows no visitors at his camp; even newspaper reporters are forced through the red tape of procuring a permit before they may enter his practicing arena.

The more blatant practice of America's fighting champions include the pay-as-you-enter gate through which the admiring public wends its way every day before the main bout comes off. The admission price generally is 50 cents, of which approximately 48 cents goes to the ruling fist-wielder, which is in this case Dempsey.

But to get back to Carpentier's solitude. "The stillness of a Long Island country farm has been effectually maintained in spite of the change to a training camp," says a newspaper

dispatch. The temperament of Carpentier is going to be material for a lot of smart cracks from the well known boobyery. Smart cracks are easy; for instance, you'll hear the remark that "Carpentier will wake up after the third round," or some such inane line.

We're for Carpentier because we believe that quiet men achieve the greatest honors. We like the Frenchman, not because he is a great pugilist, but because he enlisted when the "fighting was good". We hope Carpentier knocks the everlasting day-lights out of Dempsey; we know just enough about the sport to realize that our hopes are likely to be blighted. But that won't change our opinion of Carpentier. Of his retiring disposition we can only quote, "Beware the fury of a patient man."

TRI-CITY ORCHESTRA TO PLAY SYMPHONY MADE IN AMERICA

One of the best and most interesting numbers on the evening program of the Tri-City orchestra concert May 31 will be the symphony in E Minor from "From the New World" by Anton Dvorak. The composer who is a Czech, born in Bohemia, came to this country and was head of the National Conservatory of Music of America, in New York. The symphony was sketched there, but a large part of the orchestration was done at Springville, Iowa, where there is a considerable settlement of Bohemians.

This symphony is so far the sole musical classic ever produced on American soil. It has been suggested that the composer used Indian and negro melodies as the theme of his composition. He, however, denies that he directly made use of them, but that he may have been influenced by the melodies. The influences of the negro tunes shows the stronger. It is possible that the second of the first movement was suggested by the familiar melody, "Swing Low Sweet Chariot."

This composition was played by the St. Louis Symphony orchestra on its tour last year and was received so well that its presence on the program of the Tri-City orchestra will be a valuable addition, according to Prof. Philip G. Clapp, head of the music department.

It was announced that the orchestra would play a new composition by Carpentier on the evening program, but since the score calls for an important part for organ work has had to be removed from the program, and instead, Mr. Becker Becker has asked Mr. Clapp to play the Grieg, a minor concerto for piano with orchestral accompaniment.

WOMEN'S FORENSIC COUNCIL TO GIVE LOVING CUP

The Women's Forensic council decided at their meeting last night, to introduce a point system into literary society events to be conducted by the Forensic council next year. At the end of the year the society having the largest number of points will receive the silver loving cup. The committee appointed to work out this point system is made up of Mildred Freburg A3 of Pomeroy, Florence V. Bierring A3 of Des Moines and Maudine Shoemsmith A1 of Guthrie Center. By this plan the loving cup will not be given to the society winning the intersociety debate, as has been done in previous years.

It was also decided at this meeting to allow both Athena and Hamlin Garland the cup for one half year because of their tie in the intersociety debates this year.

The Forensic league discussed the elimination of intersociety debating because of the lack of interest shown this and previous years.

A committee composed of Catherine Miles A2 of Clarion, Helen I. Wyllie A3 of Keokuk, and Flossie Memler A2 of Iowa City was appointed to arrange the program of forensic events for the next year. This program will include the extemporaneous speaking contest the artistic reading contest, the short story and poetry contest and other events which may be scheduled.

SENIORS PLAN FEED AND MOVIE PARTY FOR FRIDAY

University of Chicago—Our honored seniors, growing melancholy at the thought of their rapidly approaching departure from Alma Mater, have decided to dine together once more before the fatal day arrives. Chalmers McWilliams has summoned his followers to assemble for a big feed Friday at 6:15 in Hutchinson Cafe.

But listen, gentle reader—the climax of this story is yet to come. After demolishing all food available, the horde of prospective grads will betake themselves to the Frolic theater for a free movie party. It seems that the treasury is so full that there is imminent danger of a balance-at-the-end-of-the-quarter. To avoid such a catastrophe, the class officers have determined to adopt this emergency measure. This announcement is expected to create great dissatisfaction in the ranks of the seniors, and to cause a large number of them to stay away. Maybe.

RELIGION AND SCIENCE UNRELATED SAYS FOSTER

University of Michigan — "Christianity does not stand or fall on a belief in evolution," said the Rev. Allyn K. Foster of the Northern Baptist convention, who spoke before the open forum Sunday evening in Hill auditorium in refutation of William Jennings Bryan's recent article attacking Darwinism. "The Bible is a religious work, not a scientific text book. Any effort to align science against religion is futile, since the two are utterly different."

After Mr. Foster's exposition of his point of view, a number of lively discussion ensued. The speaker's broad viewpoint was attacked by several in the audience, who maintained that Bryan's charges were well founded.

ELKS TO DRIVE TO CALIFORNIA

Philadelphia Men Will Attend B. P. O. E. Convention

University of Missouri — New word in prairie schooners went through Columbia yesterday. It was a Ford truck equipped as the old time mover's wagons and carrying all utensils and provisions considered essential for living in the open.

The truck is being driven from Philadelphia, Pa., to Los Angeles and will be used as a float representing the Philadelphia Lodge of Elks No. 2 in a parade at the Annual Grand Reunion of B. P. O. E. which will be held in Los Angeles, July 11-16. The three passengers of the truck, the Rev. T. W. Davis, William H. Herr, who is making the trip in the interest of a motion picture concern, and Willis C. Weil, the driver, expect two special trains that will carry about five to

reach Los Angeles in time to meet four hundred delegates from Philadelphia to the convention.

Southern California — The honor system for examinations will be introduced in the University of Southern California for the finals this semester, plans for the inauguration having been sanctioned by Pres. George F. Bovard.

SPONSOR SYSTEM TO BE GIVEN PUBLICITY AT MASS MEETING

Next Wednesday at 4 o'clock a mass meeting for all women of the University will be held in the liberal arts assembly room for the purpose of creating interest in the sponsor system for next year.

Violet Blakely, social assistant to the dean of women, will explain the work of the Women's association, which is responsible for the establishment of the system at Iowa. Lucille Bennison A3 of Des Moines, chairman of the sponsor system will explain the system.

At the close of the meeting, cards

will be passed out to all the women for them to give their name and home address. During the summer, Viola Lake of Iowa City will have charge of assigning freshmen to the upper-class women.

The upper class women who are signed freshmen, write to them during the summer, and meet them at the train upon their arrival in Iowa City. They also help the freshmen to register and get acquainted during the first few weeks of the year.

The sponsor system, or big sister movement, was introduced at Iowa this year, and although many women were helped in this way this year, the committee is planning to get all the freshmen women under the system next year.

next year and now in the hands of a special committee appointed by President Walter A. Jessup receives favorable consideration, a popular vote of all University women will be held before the end of this semester.

Marjorie Proudfoot A2 of Des Moines, is financial chairman of the Women's association dances for next year and will also have charge of securing hostesses and chaperons. The dances will be held in Company A hall.

All women's organizations, clubs, literary societies, etc., are expected to send lists of their newly-elected officers to Julia Hysham, chairman of women will then be catalogued.

uate students and \$18 for undergraduates.

The annual conference of library workers is held at this time under the auspices of the library school and the extension division of the University and is auxiliary to the work of the school. It provides on its program technical addresses by prominent librarians and valuable general lectures by members of the University faculty.

Library school students will find it very convenient to attend the libr-

ary section of the national educational association in Des Moines in July.

A limited number of students can be accommodated at this session and preference is given to those already employed in libraries. A list of essential books with which the candidate should acquaint himself will be furnished by the resident director, Miss Jane E. Roberts, University librarian. She will also give further information about the library training summer school.

WOMEN'S ASSOCIATION MAKES PLANS FOR NEXT YEAR'S ACTIVITY

Plans to continue the Saturday afternoon dances, the point system and the sponsor system were completed by the women's council, the executive board of the Women's Association, at their last meeting of the year.

The association will have a desk in the liberal arts drawing room next year and the president, Lue Prentiss A2 of Iowa City, will have regular office hours when committees may report and information and instruction be given.

If the plans submitted by the association for women's self-government

TWENTIETH SESSION OF LIBRARY TRAINING SCHOOL THIS SUMMER

The summer school for library training will begin its twentieth session June 13 and continue it throughout the first six weeks of the summer session. The course is given in cooperation with the Iowa library commission and students are reckoned as regular University students, entitled to all the privileges accorded them.

Admission to the summer school for library training is the same as for other work in the liberal arts college.

Fundamental subjects relating to library organization and methods are taken up as follows: book selection, problems of the relation of the librarian and trustees, cataloguing, classification, reference work, children's literature and accessioning and minor subjects.

The expenses of attending this branch of the summer session are moderate, tuition being free to grad-

LETTERS GIVEN TO SWIMMERS

Shepherd Only One Receiving an Unqualified Letter From Board

The only unqualified "I" awarded to a member of the swimming team this year was given to Iliif Shepherd S3 of Mount Pleasant by the athletic board at their meeting this week. Shepherd won first place in the fancy diving event in the meets with Ames, Northwestern, and Chicago, won the 220 yard swim against Ames, and swam on the winning relay team against the Aggies.

Men receiving "Is" for their work on the aquatic team are: Roy A. Forney A3 of Tabor, Douglas F. Bolynton A3 of Cedar Rapids, Ross Clarke A2 of Des Moines, and C. Luverne Smith M2 of Iowa City.

The board adopted a set of rules regulating the future awarding of letters to the swimmers. The straight "I" will be given to men placing first or second in the conference meet, or being a member of a winning relay or water polo team at the big meet. In dual affairs, a man must win first in two separate meets, and enough points in a third to bring his total to at least 14 points.

The "Is" will be given to men securing five points in a single dual conference meet or eight points in two dual meets, or eleven in three. A third or fourth place in the conference meet or a membership on a relay team winning first place in a dual conference meet also bring the "Is".

COMMERCE WOMEN TO PUBLISH JOURNAL OF COMMERCE JUNE 1

The Journal of Commerce, formerly The Organizer, will publish its first number about the first of June. This the coed number will be placed on sale on the campus for fifteen cents.

The journal is being put out by the women of the school of commerce, editor-in-chief Gladys Hayden A4 of Eldon, associate editor Ruth M. Powell A2 of Traer, circulation manager Helen Kriebs A4 of Elkport, advertising manager Eloise Nelson A4 of Boone and business manager Elsie M. Katz A4 of Dubuque.

The introductory article in the journal will be "A Function of Journals of Commerce" by Prof. Clyde O. Ruggles director of the school of commerce. Other articles to be included in this number will be; "Why People Work," by Prof. R. W. Stone, also of the school of commerce. Dr. Charles H. Weller has an article entitled, "The University Twelve Months in the Year".

Prof. Lee Galloway of New York University has written an article on "Why a Business Education" and Mrs. Genevieve P. Reid, educational director of Marshall Field and Company, "Commercial Training in a Retail House".

Mr. E. E. Johnson of the Press Citizen will tell about the business end of a newspaper.

"Commerce Athletic Stars" by Henry J. Prentiss A3 of Iowa City and "Building up an Interior Decorating Department", by Mr. A. C. Goode of Dubuque are also in this number of the journal.

THETA XI DEFEATS PHI GAMMA DELTA 15-13

Theta Xi defeated Phi Gamma Delta 15-13 yesterday afternoon in an interfraternity game featured by Lov-

rien's homerun which broke up the game and insured victory for Theta Xi. Knolk and Finlayson were effective for Theta Xi, while Ehresman and Butler did good work for the Phi Gamma Delta. Batteries: Theta Xi—Knolk, Finlayson and Dalton; Phi Gamma Delta—Ehresman, Bordewick and Butler.

IOWA TO FACE OLD RIVAL IN GOPHER MEET (Continued from page 1)

than a fortnight away. Iowa has never

The Conference meet is now less than a strong point winner in this meet. Back in the early days, when the meet was first started, a man named Swift used to win the discus throw and held the record for a little while. Iowa high jumpers and broad jumpers have been winners on occasion, usually in third places or in ties for second. Once an Iowa miler took a second place, and at another time a point was scored in the quarter mile. Two years ago, Iowa qualified two men in the javelin throw and had one of them take second place. In general, however, no one has had much reason in the past to know that Iowa teams were at the big meet at all.

It should be a different story this spring. Iowa has five possible point winners in the "Big Ten" meet. Wilson has better records than any other sprinter in the "Big Ten" itself. There are men in the Missouri Valley Conference and at colleges outside of either Conference who may beat him in one or both sprints. Deering and Smith of Nebraska will both be among point winners in any ordinary meet. But no entry in the Conference that has yet been announced has a better record in the hundred than Wilson or as good a record in the two-twenty.

A man who has jumped six feet two inches would ordinarily be looked upon as a Conference winner. Hoffman has, however, the hardest competition of any man on the team. Notre Dame has one phenomenal jumper and Illinois has two. Purdue and Ohio have men that have done six feet. Hoffman is, however, one of those who should be able to place. Stranger things have happened than his winning the event, though such a victory would be an upset.

Slater has the best record of any man in the entire Middle West in the discus. The Conference meet has been a Jonah for him in times past. There is, however, always a first time that a man scores, and this year must be the first time for Slater if he is ever to score.

In the hurdles Belding and Crawford do not look as much like point winners as the other three men. They are, however, above the average of the men entered and either of them may place if he has a good day.

It is true that last year—but that is too sad a story to tell over again. If the men have the stuff in them that they have had all season, we shall not have to explain why and how it happened again this year.

SOCIETY

Records show that the Delta Chi fraternity leads all others on the campus in the number of dances they have given the last term, having staged seven dances. Five frats have danced five times; Acacia, Psi Omega, Theta Xi, Alpha Tau Omega, and Xi Psi Phi.

Opposite to this gaiety is the one fraternity who has not gone down into its pocket to put on a dance—the Beta brothers. The reason can only be guessed; perhaps the said pocket had a hole in it; perhaps their popularity is already so great that they fear the effect of a dance; or perhaps they glory in being "different."

Further records show that Mr. and Mrs. Chapman Reynolds have been the most popular chaperones, having chaperoned eight dances the last term. Mr. and Mrs. Robert Carson, Mr. and Mrs. R. V. Smith, Mr. and Mrs. W. H. Wilson have each chaperoned seven dances.

Sigma Delta Chi Dinner

Sigma Delta Chi held initiation at the Sigma Phi Epsilon house Wednesday afternoon, after which they had a dinner at the Jefferson hotel. The initiates are: Ray W. Flaherty A3 of Moorland; James J. Wengert A3 of Pierre, South Dakota; and George H. Gallup A2 of Jefferson.

Pledges Announced

Delta Zeta sorority announces the pledging of Madeline M. Donnelly A1 of Mason City and Melba Carpenter A1 of Iowa City.

Kappa Sigma fraternity announces the pledging of Howard T. Gordon Au of Estherville.

Dances for the Weekend

Dances for the weekend approved at the office of the dean of women are: Phi Alpha Delta at the country club; Sigma Chi at the Burkley hotel; Sigma Nu at the Pagoda tea shop; Kalo club at their house; Varsity at Co. A. hall. Tomorrow night: Phi Rho Sigma at the park; Omega Beta Pi at Critterion hall; Alpha Chi Omega at the chapter house; Sigma Pi at the country club; and Varsity at Co. A. hall.

Staman-Meinke

Thelma Staman of Delmar and Lewis Meinke of Maquoketa were married at 6 o'clock Wednesday evening at the Iota Xi Epsilon house. Miss Staman attended the University last year and was a member of the Iota Xi Epsilon sorority.

The sorority members formed two lines with pink candles, through which the couple walked to the altar of ferns. Following the wedding a three course dinner was served at the house the table being decorated in pink sweet peas.

Currier Hall Dance

The members of Currier Hall will entertain at their annual dancing party tomorrow evening. Decorations will be May baskets of a variety of pastel shades hung from the beams and the programs will be pink pearl with gold monograms on the cover. Chaperons will be: Miss Mame Prosser, chaperon of Currier hall; Miss Margaret Switzer, and Miss Laura Chennel.

Adolph-Hagman

Announcement was made yesterday of the marriage of Marion E. Adolph A2 of Dixon, Ill., to Ralph S. Hagman D4 of Pulare, South Dakota. The wedding took place Tuesday, May 24, at Marion. Miss Adolph is a member of Alpha Delta Pi sorority and Mr. Hagman of Xi Psi Phi fraternity.

FORTY WOMEN HAVE TAKEN DEGREES IN DENTAL COLLEGE

Since 1887 about forty women have taken their D. D. S. degrees from the college of dentistry at this University. From that time to 1900 just half this number completed their course in dental surgery. The class of 1898 was the largest, numbering 63 out of which six were women. Even before 1890 four women finished here, seventeen from 1890 to 1900 and the rest since 1900.

Perhaps the two most interesting women dentists are Dr. Helen M. Addenbrooke '95, who is the dental inspector of the public schools of Milwaukee, Wisconsin and Dr. Mary Teresa Hasley '18 of Amana who practiced in Sioux City and Iowa City and is now at home on account of ill health at Oak Ridge Farm, Amana, Iowa. Doctor Addenbrooke was the only woman in her class and Doctor Hasley one of two.

Esther Hefner D4 of Dubuque is the only woman in the college of dentistry this year. She expects to practice in Springfield, Massachusetts and will go east to take the Massachusetts state board examinations immediately after she has completed the Iowa state board examination. This will prevent her from being present at commencement at the University. She expects to open an office in Springfield.

The following is a list of the women graduate from the college of dentistry: Mrs. Jessie Ritchey DeFord '87, Mrs. Emma E. Chase, Mrs. Emma Anger Dalzell and Mrs. L. L. Richards '89, Harriet M. Jones '90, Cora G. Little '91, Olinda A. Otte and Ann E. Owens '92, Anna H. Joy and Julia A. Otte '93, Mrs. Mallie Bowman Hickey, Adele Homer and Mrs. Maude Baldwin Rummell '94, Helen M. Adderbrooke '95, Mrs. Hanna Dillinger Gates, Mrs. Cora Eicher Hewitt, Jennie Rirons, Mrs. Ida Weyomuth Hoge, Nellie M. Lambert and May Reynard '98, Mrs. Lillian Young McKinney '99, Esther Brown '00, Mrs. Woolworth Calkins '01, Mrs. Anna Hopkins Angle, Mrs. Henrietta Allen Gordon, Mrs. Cora Miner Mershon, and Mrs. Caroline Detwiler Underhill '02, Mrs. Eunice Daly Andrews '03, Mrs. Catherine Miller Allen '04, Amy T. Black and C. Lillian Kennedy '05, Mrs. Elsie Jorgensen Larsen '07, Ida M. Check and Mrs. Sylvia Connor '13, Mrs. Jessie Parish '15, Mary T. Hasley and Eva R. Hastings '18.

EGGS TRAVEL LONG DISTANCE BY MAIL

University of Nebraska—The poultry husbandry department of the Agricultural college, has recently sent a shipment of seven White Rock and eight S. C. Rhode Island Red eggs more than 6,000 miles by first class mail, which it will take approximately three weeks to arrive at their destination.

Prof. Orin Stepanek of the English department received a communication from the department of agricultural education in Czecho-Slovakia asking him to obtain some eggs of representative pedigreed poultry in this country. He turned over the order to the Agricultural college.

This is the first known shipment of hatching eggs of this kind out of the United States, and poultry men over the state will watch with great interest the result of these eggs. If they give anything like a normal hatch, a new field will be open to breeders.

LAST EDITION OF ALUMNUS

The last edition of the Alumnus, the commencement number, will be published some time after commencement. A subscription campaign will be put on soon among this year's graduates, according to Joe B. Tye, business manager.

ANNOUNCEMENTS

All men who will be candidates for the football team next fall are requested to report at the armory, a short but important meeting, Tuesday, May 31 at 5:00 p. m. for Coach Jones will outline his plans for next fall at this time.

L. H. Brigham, asst. athletic director.

Zetagathian literary society will elect officers at its final meeting of the year tonight at 8 o'clock.

Chester H. Kirby, president.

Philomatheans: election of officer following regular program tonight.

Thomas Thomsen, president.

Freshmen women! There is only one more day in which to sign up for the picnic next Wednesday.

Helen Starbuck, president.

The freshman sponsor committee will meet in the liberal arts drawing room at 3 p. m. today.

Helen Starbuck, president

The University library will be open from 8 to 12 Decoration day, Monday May 30.

Jane E. Roberts, University librarian.

The dean of women's office announces the following approved dances for tonight—Phi Alpha Delta, Sigma Chi, Sigma Nu, Kalo Club, and Varsity.

HOWLING 300 ELECTS DONDORE PRESIDENT FOR NEXT YEAR

John J. Dondore A2 of Iowa City was elected president of the Howling 300 at the last meeting of this school year held at the N. S. auditorium last night. Charles Marshall A1 of Knoxville was elected vice-president, Lloyd W. Burns A2 of Osceola, secretary, Joe Herbst A2 of Algona, treasurer, and R. T. Kenworthy A3 of Earlham, publicity manager.

The constitution was amended to read, "The executive committee shall be composed of the officers of the Howling 300 and one member from each college on the campus to be chosen by the members of the Howling 300 from that college." Besides this, plans for receiving the freshmen and assisting them to register were suggested and the motion was made and carried to enforce the green cap tradition from the very beginning of the school year.

NEXT YEAR'S IOWAN STAFF TO BE PICKED BY TRYOUT SYSTEM

A reorganization of the editorial and reporting staff of the Daily Iowan for next year will be made this spring and anyone wishing to write on the paper should apply for positions immediately, according to an announcement made yesterday by Cloyce K. Huston A3 of Crawfordsville, editor-in-chief.

Huston said that all applicants should report to him before 6 o'clock Tuesday evening, May 31, in room 14 of the liberal arts building between 10 and 11 o'clock in the morning or 1 and 2 o'clock in the afternoon, any day except Sunday, for consultation and to make arrangements for competitive tryouts. Students may apply for these positions regardless of their academic standing.

An associate editor, managing editor, forensic editor, six night editors, and twenty reporters will be required for next year's staff. These appointments will be made by the editor-in-chief subject to the approval of the Iowan board of trustees. Such of these appointments will be made within the next few days as are warranted by the number and ability of the applicants, according to Huston. He said that the number of salaried positions and the salaries for next year will probably be increased over this year's terms.

The purpose of having a regular reporting staff is to secure reporters who are interested in writing and newspaper work so that they will be dependable and responsible news gatherers who will reach all parts of the campus.

A complete schedule of journalism courses which will be offered next year make possible additions to the staff and will prepare students, especially sophomores, so that they can work on the paper and be prepared for more advanced work and higher positions during their junior and senior years.

FORMER IOWA PROFESSOR NOW WORKS FOR MOVIES

The following article appeared in Moving Picture World. George M. Sherrard was a professor of Latin in the University from 1908 to 1912.

"Prepared for his new duties by a thorough training in practical salesmanship, George M. Sherrard, who has been in charge of the department of mail sales of Realart, has become assistant general manager of the Robertson-Cole Distributing Corporation, working under Charles R. Rogers, newly appointed head of this organization.

Mr. Sherrard has enjoyed the greatest success as a practical film salesman through working out his own ideas while in the service of a number of companies. He is a native of Kansas, and one of the most highly educated men in the motion picture industry, holding three degrees from two universities and having served for four years on the faculty in the State University of Iowa. He took two degrees at the University of Kansas, and one additional one at Cornell University, after he went into teaching.

"His break into the commercial world took place at Fort Dodge, Iowa, where he went into the automobile business. Thence, in June, 1918, he went to New York where he became associated with the Select Pictures Corporation. He started in the sales department. Later he was placed in charge of the contract department, and later he created the position of efficiency manager. Leaving this position he was for a time with Arthur S. Kane. Next he went to Realart where he organized the department of mail sales, a department which he headed when he left to go to Robertson-Cole.

"In his new capacity he succeeds J. L. Merrick, resigned, and will aid Charles R. Rogers in placing the product of the Robertson-Cole Distributing Corporation."

- Sport Corsets from \$2.00 to \$6.00

STORE CLOSED ALL DAY Monday, Memorial Day

Selling More Clothes to Bring Prices Down

That's what we are doing in this store—working for volume. The more we sell, the less we add to the price of each suit to cover the cost of doing business. Some stores wait for the increased volume before reducing prices; they seldom get it. Our way is to reduce the prices first—not only on suits, but on everything we sell. That's why our volume for 1921 is the largest in the 31 years we have been in business.

New Shipment Dixie Weaves, Palm Beach and Mohairs Tropic Weather Clothes arrived today. Be sure and let us show them to you
