The event included the first of a series of "track meets," which will be held at weekly intervals. The object of the meets is to provide opportunities for the cadets to practice and improve their skills in various events.

Jasper M. Johnson, adjutant, announced the schedule of events for the day's activities. The track meet was preceded by the "rifle meet," which included the following events: sprints, long jump, broad jump, javelin, and discus.

The meets will continue on a weekly basis, with the schedule to be announced in advance. The cadets are encouraged to participate in these events to enhance their skills and to prepare for future competitions.

MEMORIAL DAY

It is possible that we are forgetting

These ideals are not sentimental,

And so it is with the ideals of democracy.

The debate is not over;

In tribute to its war heroes, the Nation sets aside the 30th of May each year for the purpose of paying

And we are saved up to use in the official examination;

The debate is not over, but it is not for nothing that we rise to our feet.

...we are saved up to use in the official examination;

The debate is not over, but it is not for nothing that we rise to our feet.

...the debate is not over, but it is not for nothing that we rise to our feet.
