NUMBER 196

UNION NOW HAS OVER \$250,000

Students and Faculty Have Pledged About \$125,000 of This Amount

More than \$250,000, or one-fourth of the amount necessary to build the Iowa Memorial Union, has been pledged. This is the fact brought out after a brief analysis of the financial reports of the surveyor although the exact figures on the survey are not yet available.

The student body and faculty has pledged approximately \$125,000 of the total amount. The exact pledge of the students and faculty will be made public just as soon as the final figures of the survey can be compiled.

The survey closed Thursday. All day the last day, the committeemen turned in their report cards whether or not they had been able to see all their list. A large number of pledges came in which will raise the present total considerably.

"Not all of the committeemen reported on the last day and we have decided to leave the 'desk' in the liberal arts hall one more day, for the convenience of the committeemen," said Director Grassfield. A number of committeemen reported that they would complete their work Thursday evening and make a final report Friday. It is the belief that every committeeman will either complete his work or turn in his card by Saturday noon.

The meeting of the executive committee of the Union which was planned for yesterday afternoon was postponed, but will be held sometime this week.

ELEVEN STUDENTS TO BE GIVEN COMMISSIONS FROM R.O.T.C. SATURDAY

Eleven graduates of the Reserve Officers Training corps will receive commissions in the reserve corps of the regular army Saturday, June 4, Governor's day. Five men will be commissioned in the infantry, three in the Quarter-Master corps, and one in the Engineer corps. Two men will receive certificates of eligibility.

Those who will be commissioned second lieutenants in the infantry are Julius L. Goepfinger A4 of Boone, Ralph E. Kennon A4 of Corning, Verne M. Myers L3 of Fort Dodge, Lowell S. Newcombe A4 of Iowa City, and Edwin V. Zahorik L2 of Iowa City.

Those who will be commissioned second lieutenants in the quarter master corps, motor transport section, are, Arthur L. Schump S4 of Iowa City, Leland C. White L1 of Harlan, and Lester S. Wright.

Oral Dold S4 of Rome will be commissioned second lieutenant in the Engineer corps.

Certificates of eligibility will be issued to Alan C. Rockwood S4 of Iowa City in the coast artillery and Robert H. Luscombe S4 of Iowa City, quartermaster corps, motor transport section. Certificates of eligibility are issued when the required work has been completed, but the men are less than twenty-one years old and not eligible for commission. The certificates may be traded for commissions when the applicants have reached their majorities.

The commissions will be presented by Governor Kendall, and Major Frederick R. Palmer will administer the oath of office.

DR. BUNCH IN ATLANTIC CITY
Dr. Cordia C. Bunch, resident assistant of Otology in the college of medicine is attending a meeting of the American Triological association in Atlantic City, New Jersey this week.

He will present a paper before the association reporting his investigations on the pitch range audiotometer.

NEW BLEACHERS TO BE BUILT

Work on Four Concrete Sections to Start This Summer

Four sections of concrete bleachers will be built at Iowa field this summer, under the direction of Prof. Byron J. Lambert of the college of engineering. The work will start immediately after commencement. The plans call for two new sections at each end of the present stands in the east side of the gridiron.

The work will be done mostly by students, a number of whom have already applied for jobs.

Professor Lambert went to Cedar Rapids yesterday to consult with the Interurban people about the installation of the projected gate at the east entrance of Iowa field. If this new gate is built by the Interurban company a concrete wall along the east side of the field will be constructed at the expense of the athletic board.

NEW YORK MAN TO SPEAK HERE

Charles Edward Jefferson to Give Baccalaureate Sermon, June 12

Rev. Dr. Charles Edward Jefferson of the Broadway Tabernacle, New York City, will be the speaker at the baccalaureate services, at 4 o'clock Sunday afternoon, June 12. He has not announced his subject.

The services will be held in the natural science auditorium this year instead of outside as has been the custom in previous years.

One year ago Rev. Dr. Jefferson was engaged to give the baccalaureate address this year. According to Prof. George T. W. Patrick chairman of the vesper committee which has charge of the selection of the baccalaureate speaker.

Rev. Dr. Jefferson was born at Cambridge, Ohio, in 1860. He received his B. S. degree at Ohio Wesleyan in 1882 and his B. A. there in 1886. He received his degree of Doctor of Divinity at Oberlin college in 1898, at Union college, 1898, and at Yale in 1903. He received the L. L. D. degree at Ohio Wesleyan University in 1905.

Rev. Doctor Jefferson is the author of many books among which are "Quiet Hints to Growing Preachers in My Study", "Doctrine and Deed", "Things Fundamental", "The Minister as a Prophet", "Faith and Life", "The Old Year and the New", "The Character of Jesus", "Why We Believe in Life After Death", and "What the War Has Taught Us."

ENTRIES FOR THIRD ANNUAL CANOE RACE MUST BE IN TODAY

All entries for the third annual canoe race to be held tomorrow must be given to David A. Armbruster before 6 o'clock today. In order that cadets in the Governor's day military program may compete, the time for the start of the race has been changed to 4 o'clock. The medals which will be awarded the winners are now on display in Whetstone's window.

The race will start from Iowa avenue bridge. The course goes to the park bridge and return. The rules governing the race will be explained to the competitors and the drawing for places will be at 3:30 p. m.

Last year twelve canoes were in the race from Coralville to Iowa avenue bridge. The course was shortened this year to make it faster and to allow a greater number of people to witness the entire race. There is no admission fee. Members of the Eels club will act as judges.

WEATHER FORECAST

Fair and cooler.

ELEVEN GO TO CHICAGO MEET

Men Are All in Excellent Condition — Illinois Expected to Win

Eleven members of the track team accompanied by Coaches Bresnahan and Jones, and Dr. Walter Feisler, left Iowa City at 9:45 last evening in a special Pullman for Chicago where the men will participate in the preliminary events of the Big Ten conference annual outdoor track and field meet, to be held on Stagg field this afternoon.

Preliminaries will be held this afternoon in all of the field events, and in the 880 and 440 yard runs. Hoffman, Devine, Bailey, and Slater will represent Iowa in the field events, and Marty, Parker, Noll, McIntire, will compete in the quarter and half mile.

The six other members of the team, Wilson, Hill, Crawford, Seiling, Belding, Friedlander, Peterman, and Lambert will compete in the dashes tomorrow. Crawford and Captain Belding will run the hurdles.

The Iowa men are all in good condition and if weather conditions are favorable the day of the meet Iowa should place much higher than it did last year in the conference. Eric Wilson, the Iowa sprint star seems to have the edge on his rivals in the 100 yard and 220 yard dashes if his time records of this season give any indications. He ran the 100 in :09 4-5 and the 220 in :21 2-5 in the Iowa-Minnesota dual meet last Saturday. Both of these marks exceed the conference records. If Wilson runs the 100 in :09 4-5 and the 220 in :21 2-5 he would without doubt win both events and break the records at the same time. Whether he will do this or not is a question. Much depends upon the weather conditions and upon his physical condition and frame of mind at the time of the race.

Duke Slater will participate in his last conference meet. He has thrown the discus in practice further than has the conference record holder. Last year Duke's farthest throws in the conference meet were not counted because he stepped out of the ring. He has shown better form this year and fans expect him to place high in this event.

Illinois has been doped to win the meet with Notre Dame and Michigan strong competitors, Iowa Wisconsin, and Ohio State are expected to be among the first six highest point winners.

Coach Bresnahan has left, fully prepared to keep his men in the best sort of physical condition for the meet. The men rode to Chicago in a special Pullman in order to avoid needless confusion and congestion. Each member of the squad will be supplied with drinking water from Iowa City. A sudden change in drinking water is liable to be harmful to a runner especially in time of hot weather.

Preliminaries in the dashes will be held Saturday morning.

COMMERCE CLUB ELECTS

Jacobs Chosen as New President at Final Meeting

Granville B. Jacobs A3 of Fort Madison was elected president of the Commerce club for next year at the final business meeting of the year Wednesday night at 7:30 o'clock.

The other officers elected are: Roy A. Sands A3 of Sheldon, vice-president; Lucille Everett A3 of Iowa Falls, secretary, and Paul W. Penningroth A3 of Tipton, treasurer.

The retiring officers are: Charles F. Glasgow A4 of Shenandoah, president; Mart H. Saunderson A3 of Keosauqua, vice-president; Robert G. Paramore A4 of Hawarden, secretary; and Erling Larson A4 of Kanawha, treasurer.

TODAY IS SENIOR CUT DAY

Senior Picnic Will Start From Close Hall at 9:15

Today is senior cut day. This is the last chance for seniors to cut any classes.

At a meeting of the senior women yesterday afternoon the sentiment was decidedly in favor of continuing the custom. A few people hesitated because they feared that credit might be deducted or grades lowered. However, when the head of one department gave his assurance that there would be no trouble made in his department, the women decided to cut classes.

A picnic will be held at the city park pavilion at 9:30 o'clock. Senior women should meet at Close hall at 9:15 to proceed together to the park. A committee has prepared for a picnic breakfast and a good time is expected. The tickets are 40 cents. In case of rain, the picnic will be held at Close hall at 9:00 o'clock.

KENDALL TO BE HERE TOMORROW

R. O. T. C. Will Fall in For Parade and Review at 9 O'clock

The program which will be followed on Saturday, Governor's day, was made public yesterday afternoon by Lieut. Colonel Morton C. Mumma, commandant. The exact time the governor will arrive is uncertain, as he will come here from Iowa Falls, and it is not known at the present time, when he will leave there. This may mean that the plan of sending a military escort to the train will be abandoned.

The entire regiment will fall in Saturday morning at nine o'clock on Iowa field. The escort to the colors and the parade and review will be conducted first, and will be followed by the track and field events. The competitive drill will be the last event of the morning, so that the governor and his party may have an opportunity of seeing it.

At twelve o'clock a luncheon will be given in honor of the governor and his party, at the Pagoda. The officers, non-commissioned officers and cadet officers in the military department and other invited guests will attend.

The entire regiment will fall in again at 1:20 p. m., and conduct the escort to the color. This will be followed by the parade and review. President Jessup will then present the prizes to the winners of the track and field events, and competitive drill. Ribbons will be given to those who take the first three places of each event.

The last event of the day will be the presentation of commissions in the reserve corps of the regular army to the eleven graduates of the Reserve Officers Training corps, by Governor Kendall.

"I want to extend a cordial invitation to the members of the faculty, to the student body, and to the people of Iowa City, to see both the morning and afternoon events, especially those in the afternoon," said Lieut. Colonel Mumma. "This will be the last chance to see the entire regiment in formation this year."

STATE BOARD OF DENTAL EXAMINERS HERE JUNE 6

The state board of dental examiners will give examinations at the college of dentistry from Monday, June 6, to Thursday of that week.

The following men are members of the board; Dr. C. W. Work of Ottumwa, Dr. C. B. Miller of Des Moines, Dr. Harry P. White of Sioux City, Dr. Fred W. Conover of Decorah and Dr. George Brooks of Greenfield.

ADELAIDE BURGE WILL BE ACTING DEAN OF WOMEN

No Change in the General Policy of Department Says Mrs. Burge

HAS BEEN ASSISTANT DEAN

Will Start Duties With the Summer Session — Miss Blakely to Continue as Social Assistant to the New Dean — No Social Assistant for Summer Has Been Appointed

Mrs. Adelaide L. Burge has been appointed as acting dean of women according to President Walter A. Jessup. Her services will begin with the summer session. Miss Violet Blakely will continue to be the dean's social secretary.

"The general policy of the office of the dean of women will be carried out the same as by Mrs. Aurner, the retiring dean of women", said Mrs. Burge. "Our ideas are similar and little change will be made."

Mrs. Burge has been assistant dean of women for the past two years and understands the work and responsibility of such a position. She was in charge of the University rooming system and women's absences, while acting as assistant to the dean.

Miss Violet Blakely has been social secretary to the dean of women for the past two years and will continue as social secretary to Dean Burge. Miss Blakely has charge of all University social functions. Chaperons for all functions are turned in to her. Miss Blakely will not be at the University during the summer session but will return in the fall. No social secretary for the summer session has as yet been appointed.

BASEBALL GAME WITH MAROONS TODAY WILL PROBABLY GO TO IOWA

Eleven Iowa baseball players and Coach Ashmore left last night with the track team for Chicago where they will battle the Maroons this afternoon in what promises to be a hard fought game. Chicago is at the bottom of the Big Ten baseball ladder while Iowa is but two rungs above. A win for Iowa will not make any difference in the race for there is small possibility that Northwestern or Chicago will win any more games. Should Chicago win it will place her in a tie with Northwestern for the cellar while Iowa should remain in seventh position.

Iowa should have little trouble in winning her last game of the season, and the last for Anderson, and Irish, for the Maroons have won but one game and that with the Purple.

The following men made the trip: Hurlburt, Becker, Michaelson, Anderson, Irish, Wilhelm, Draper, Shimek, Locke, Voltmer, and Dyke. Becker will be the coach's pitching selection.

APPARATUS BEING SHIPPED TO LAKESIDE LABORATORY

Apparatus is now being shipped to the Iowa Lakeside laboratory which will open June 20 and continue in session for ten weeks. The advance enrollment includes college and University instructors, graduate students and one undergraduate who is prepared for this type of work.

The work, following the plan adopted two years ago, will consist wholly of individual investigation. No class work will be offered and all facilities will be focused upon individual work.

Funds have been raised to carry on an extensive building and repair program this summer. Two dormitory cottages will be erected to take the place of the tents that have heretofore been provided.

THE PROF-PICKING ANGLE

"Pick Your Prof or Getting By in College," a new book by David E. Berg is offered for sale by the Institute for Public Service, New York City. The book promises to be very attractive. An advertising circular says—"Don't these page titles sound interesting?" Then it quotes the pages—"Pick Your Prof Craftily, Vaudeville Possibilities, Bluffing in Self Defense, Like the Prof's Jokes, Kidding the Prof, and Cramming for Exams."

Very interesting! Very interesting, too, to reflect that it is this sort of insipid comment on undergraduate life that is responsible for a lot of the unfair criticism levelled at our universities. Some of it, like this book by Mr. Berg, creeps into print.

Its aim seems entirely innocent. It is for fun, and some of it, among a certain cult of former students and graduates, is for the peculiar pleasure that one has in unlimbering his imagination on the theme—"When I was a boy." Mr. Berg, the Institute says, is a university graduate and "gives every evidence of having known the many devices employed by students to get the greatest amount of credit for the least work."

There are those who fall into this class of course. All universities have them; so do churches and business concerns, and municipal boards of aldermen. But why does not someone write of the big majority, the students who are not in it for a maximum of credit on a minimum of work, who are out to learn, to improve their mental capacity, add to their store of knowledge, and equip themselves to fill a better place in the world outside?

The writer of "Pick Your Prof" doubtless has written a side-splitting book, has had a lot of fun with it, and its readers will doubtless have more, but it is to be hoped that it, and the hand-me-down tradition of flag-flapping, rollicking college days will be regarded as only trifling little side-lights and not the big story of modern university life.

THE JOURNAL

In the circulation of the Co-ed number of the Journal of Business yesterday morning, another commendable piece of work is added to the year's collection of campus publications.

Its supervision by the women of the school of commerce is further evidence, evidence much stronger since the war and the reports of industrial and professional experiments, that woman, in most phases of modern life, is not struggling to attain to man's plane but is actively on the same level.

Beyond that, the Journal of Business has a legitimate place, though a small one perhaps, in the field of trade publications. It is not an essentially undergraduate magazine published for undergraduate readers, with the usual collection of campus miscellany that typify those periodicals. It has, of course, a certain University of Iowa intimacy, but has in addition articles which must be of interest and profit to general readers, especially those now active in the commercial world.

The journal is in its first issue under that title, following the general style of the Organizer of last year. It has an excellent beginning, and with the merit that it seems to deserve, should soon be on the campus a stable and growing establishment.

CORRECTION

In Tuesday's Iowan appeared an article in which were several misstatements regarding Miss Matilda T. Paul G1 of Iowa City and her appointment to a position outside of U. S. Miss Paul will teach in the Philippine Islands, not Hawaii as the paper stated. She received the appointment immediately after applying to the Civil Service Commission. She had been encouraged to apply by the Philippine Educational Agent who spent a day in Iowa City in April (19th) interviewing prospective teachers, because she met the requirements for Philippine service which are higher than for Hawaii. Miss Paul will sail from Vancouver, June 23.

150 BOOKS ADDED TO NEW BOOK SHELF IN LIBRARY THIS WEEK

Many antique books of English history may be found among the 150 volumes on the "new book" shelf in the University library this week. The oldest book was published in 1631, and most of the English histories were printed between 1730 and 1850. Besides these there are many more modern books on the shelf which deal with the political and social sciences, and several volumes of fiction.

The "best circulators" within the last few weeks are, according to one of the librarians: "Outlines of History," "Moon Calf," "White Lights in the South Seas," "The Brass Check," "Main Street," by Sinclair Lewis, one of the most widely read books has been stolen from the library and is no longer available.

"Ancient Funeral Monuments Within the Monarchy of Great Britain," is the oldest volume on the shelf. Some of the other antique English books are: "The Work of Andrew Marvell," in three volumes, published in 1776; "Rise and Progress of the English Commonwealth," two volumes, published in 1732; "Historical Charters and Documents of the City of London," by Walter De Gray Birch; "Recollections of the Life of Lord Byron" published in 1814; "Life and Writings of William Cowper," four volumes, published in 1806; "Views of the Russian Empire during the Reign of Catherine II" published in 1800. Samuel Johnson's "Dictionary of

the English Language," published in London in 1773, is one of the most valuable of the new books, and it is the largest of them all.

"Old England," a two volume history profusely illustrated, is one of the oddest of the books. It was published in 1845 and contains many queer pictures of Old England.

Of the books printed in a foreign language, "Auntores Mythographi Latini," a Latin book published in 1747, is the oldest.

MAIL INQUIRIES POINT TO LARGE ENROLLMENT FOR SUMMER SCHOOL

Advance mail inquiries indicate a large summer session enrollment. To date the registrar's office has received 1200 requests for information concerning the summer session of the University to begin June 13, and Prof. Charles H. Weller, summer session director, said yesterday that a large number of students enter who make no inquiry by mail. The 1200 does not include any students now in the University or any that may have written to special colleges or department heads.

Inquiries to date have come from all of the states of the union except Vermont, New Hampshire, and Delaware, and those outside of the United States have been from Canada, China, Germany, and Porto Rico. Iowa applicants number 582 and Illinois is second with ninety-six.

A further intimation of record summer enrollment is drawn from estimates of faculty members who have visited cities and towns in the state, and report that an unusually large number of school superintendents expect to enroll in summer courses.

Latchem-Hicks

The wedding of Romola Latchem '19 of Iowa City and Frank Hicks '20 of Waterloo occurred at 2:30 yesterday afternoon at the home of the bride's parents, Mr. and Mrs. J. F. Latchem. Miss Dorothy Latchem, sister of the bride played a prelude consisting of Mendelsohn's "Spring Song" and Dvorak's "Humoresque", followed by Lohengrin's wedding march. The ceremony was performed by Rev. Mr. Robert R. Reed of the First Presbyterian church. The living room, where the ceremony took place was decorated by a lattice work of oak leaves, palms, and ferns.

The bride wore a suit of navy blue poire twillee and a black lace hat beaded with jet and carried a shower bouquet of white roses and lilies of the valley.

Following the ceremony the couple left for an auto trip through Wisconsin and Illinois. They will be at home in Waterloo after July 1, where Mr.

Hicks is sports editor on the Waterloo Evening Courier.

Corso-Mockmore

Adriana Corso and Charles A. Mockmore were married Wednesday morning at St. Mary's rectory, Iowa City by Very Rev. A. J. Schulte. The bride was graduated from this University in 1919 and has been serving as registrar at the University hospital. Mr. Mockmore was graduated from the college of engineering at the University in 1920 and has been assistant to Mr. John M. Fisk, superintendent of grounds and buildings, for the past year. The couple will leave Iowa City August 15 for Corvallis, Oregon, where Mr. Mockmore will be an instructor in engineering in the state agricultural college. Mr. Mockmore was the winner of the "Big Ten" conference medal last year for excellence in scholarship and athletics. He is a member of Sigma Xi and of Tau Beta Phi, honorary engineering fraternity.

Y. W. C. A. COLLECTS CLOTHING FOR EUROPEAN STUDENTS

Women! freshmen, sophomores, juniors, seniors, seniors, what are you doing with that discarded clothing that won't go in the crowded trunk? Why not bring it to the Y. W. C. A. room from where it will be sent to needy students in central Europe?

Other universities have contributed money this year; Yale \$1508, Smith \$500 and Iowa State College \$670. The University has not been asked to contribute but now the Y. W. C. A. is asking for that discarded clothing. It is not for the citizens, merely for the students who are starving and freezing.

All clothing must be turned in by Saturday as it is to be sent the first of next week.
