The dean of women's office accounts, the following agreed program for tonight—Delta Tau Delta, Delta Sigma Theta, Alpha Xi Delta, and Kappa Sigma.

IOWA ENTERED IN TRACK MEET

Middle West Colleges to At­
tend Track and Field
Meet June 18

The final and feature track event of the season, in which the members of the Iowa team will compete will be the National Interscholastic track and field meet, to be held in Chicago June 18-19. It is said by the promoters that this meet will decide the National Interscholastic track and field champi­
nship.

Prettily every college and uni­

versity of importance in the Middle West will enter their star athletes in this meet. This will be the first meet that has ever been held that will be really national in its scope. Every school or university of importance in the United States has been invited to enter their best performers.

Coaches Tom Jones of the Univer­
sity of Wisconsin, A. A. Rheig of Chi­

cago, and John Griffith of Illinois, who are members of the committee that has charge of the meet have an­

nounced that colleges in general throughout the country are showing

much interest in the meet, and that the entry list is growing larger every day. The University of Pennsylvania is the first large eastern school to enter a team in the meet. Other schools of importance have signified their intention of entering.

Salue granting the meet will be the

same as the ones adopted by the Na­

tional Interscholastic Athletic Asso­
ciation. Every man entered in the meet must be of good scholastic stand­

ing, and no man having competed for three years in college athletics will be allowed to participate. Freshmen will not be eligible for competition.

Chuck Beveridge intenders to exten

from eight to fifteen of the members of the Iowa team who have proven their ability throughout the past sea­

son. Judging from the records made by members of the Iowa team this year it seems that Iowa has a chance of placing in several of the events.

MEN

A Traffic Association desire to get in touch with a few dependable men who are anxious to make good; shortage of Traffic and Export Managers is a territorial problem; men competent to direct shipping under the new Gov­ernment rules are paid from $2500 up. Ambitious men with clear re­

cords, good education and willingness to qualify as required by the Advisory Council, are acceptable; experience unnecessary. This is an opportunity to enter the second largest business in the world; For personal interview write E. C. W. Iowa office giving name, address and phone number.

I will pay the highest prices for your discarded clothing, suits, overcoats, sweaters, and shoes.

Bring them to me now.
