FANS LOOKING FOR GOOD TEAM

Men to Form Nucleus of 1922 Nine

By Vance McIver

With the baseball season at an end, Iowa fans of the diamond sport are keeping a close eye on the promising abilities of two teams next year, and it cannot be said that the outlook is not bright. Seven men turned in splendid performances for the teams last year, the Coach, William, Shidell, Hartkort, Offendor, three Iowans, Frederic, Wilhelm, and Dyke; and these men are by graduation and the three new men—Craze, Anderson, and Irish. The above team was able to push ahead for next year, all have the advantage of at least one year's actual competition and beating sore spots, such as kept Frederic and Dyke from being in tip-top condition. Now, however, they will primarily be a team of observance, play the freshmen and confidently expect to make the swimming freshmen work hard to lead. The three positions left—right field, Irish, Anderson, and Craze, are striking. Craze, a youngster that knows the game and is full of all the time. At first, Paul Gilbert will be Craze's chief, but it is a fine field and another of the range type will qualify for the initial season. In actuality in this opportunity to equip a team to be sowed unless you are free to fight.

NEW YORK MAN SPEAKS JUNE 12

Reverend Doctor Jefferson Will Give Baccalaureate Sermon Next Sunday

The baccalaureate address this year will be given by the Rev. Dr. Charles Edward Jefferson of the Broadway Tabernacle, New York City. In the natural science auditorium, next Sunday afternoon, June 12, at 4 o'clock. The Broadway Tabernacle is one of the largest Congregational churches in the United States. The main part of the auditorium will be reserved for the graduates, but other persons may attend.

Doctor Jefferson is one of the leading speakers in the country today, and the University is very fortunate in securing as a noted a person to speak at the baccalaureate services, according to Prof. George T. W. Patrick, chairman of the vespers committee, which has charge of the selection of the baccalaureate speakers. It was necessary to make arrangements for Reverend Doctor Jefferson a year ago of the suggestion given by Professor Benjamin of the Ohio State University. "He is considered one of the best speakers in the United States, being a very impressive lecturer, both intellectually and spiritually," said Professor Benjamin.

Doctor Jefferson was the first speaker, not a graduate of Yale, to have been invited to be a member of the faculty. Provision has been made for free instruction of unusually talented children, who have been in need of obtaining a musical education. It is the purpose of Miss Stanton to discover such talent in the city of Rochester, through an organ and band search in schools and homes. She will also aid in selecting and encouraging material for several bands, orchestras, and religious organizations of the city.

For the past year Miss Stanton has been an instructor in the department of psychology. She received her B. A. degree from the University of Nebraska in 1913 and her M. A. from the University in 1915. Miss Stanton has studied violin for seven years. She is a member of the honorary societies of Phi Beta Kappa and Sigma Xi.

GRADUATE STUDENT RECEIVES POSITION IN MUSICAL SCHOOL

Hand M. Stanton, who will receive her Ph. D. degree at the June convocation, has been appointed as psychologist of musical talent at the new Eastman School of Music at the University of Rochester, N. Y. The method of testing musical talent in an entirely new field, has never before been used in connection with a University.

This analytic and rating of musical talent at Rochester comes as a result of efforts on the part of Professor Benjamin of the Ohio State University, Professor Sisson and Professor Allen of the University of Kansas, and Professor William J. Block, University of Pennsylvania, who have been working for several years in the field of psychological selection of musical talent. The Eastman School of Music was established last year with $4,500,000 by Mr. Eastman of the Eastman Kodak company. The school will open next fall. Several famous musicians will be members of the faculty. Provision has been made for free instruction of unusually talented children, who have been in need of obtaining a musical education.

McKay and Jahnke are winners of third canoe race

Paul J. McKay Jr. of Iowa City and Lewis Jahnke Jr. of Muscatine won the third annual canoe race yesterday afternoon. McKay and Jahnke paddled their canoe from Iowa avenues bridge to the park bridge and back, a distance of nearly two miles in 17 minutes, winning the race by about fifteen yards. McKay won the race last year from Corcoran to Iowa avenue bridge.

First Shary All of Alpena and H. M. Harris Jr. of Iowa City placed second in the race, followed by D. Peterson II of Des Moines and A. B. Schupp Jr. of Iowa City who took third honors. William Goddall III of Des Moines and Carl Lehnabert III of Burlington would have been among the winners, probably, if their canoe had not tipped over. After righting their boat, they finished fourth in the race.

The eight canoes in the race were widely separated at the finish. A number of people witnessed the race from the two bridges and from the river bank.

The winners of first place were awarded gold medals by the Elks club. The men who placed second and third were given silver and bronze medals, respectively. David A. Arnold Jr. acted as judge of the race and Dr. Wheeler as timekeeper.

Next year it is planned to make the race a part of a water carnival. Canoe races for women and men as well as swimming events will make up the program. In connection with the swimming events there will be a distance swim down the river from the Park bridge to Iowa avenue bridge.
