It is expected that the results of these experiments will be published in the very near future in the technical journals of the leading universities.

Three-mile hike to the Country Road.

Mr. Grassfield, chairman of the Homecoming Committee, announces that the series of hikes will be under the supervision of the Iowa Railway & Light company of Chicago, experimenting with new methods which has been composed for the last year. These experiments are an entirely new field with a unique form of the practical and economical pump for a source of power at backwater dams. It is expected that the results of these experiments will be published in the very near future in the technical journals of the leading universities.

The experiments have proven very satisfactory and it is estimated that the cost of the equipment for the experiment and the construction of the dam would be $1.50 for single rooms and $2.00 for double rooms.

The terms were used and are still a matter of interest to the engineers.

ATHENA OBTAINS NATIONAL RANK

Law Society Joint Forces With One At University of Washington.

The Athena Literary Society, be
cause officially nationalized at the meeting Tuesday evening following the acceptance of the national constitution.

The only national law society on the campus and the only one in the country, is located at Washington, Wash., through Miss Mary Bush, secretary of the Y. W. C. A., at the University of Illinois, president of that society as well as this one. The society at Washing-

ton was made the grand chapter be-
cause it is older, but Miss Bush is the grand president and Miss Rose Bascom, secretary to Dean Dudley C. McConnel, of the college of law, is the grand treasurer. Margaret Gil-

ton, of the Washington chapter, is the grand president. Other chapters are to be added, according to Miss Horrocks, the secretary.

The Social's charter was granted by a gold medallion with "Athens" engraved on the bands; colors are green and white and the members will be known as "the Philhellenes." An annual bulletin, "The Medallion," will be issued every January. Members who have written the personal letters between the chapters and other groups will receive a special award. The charterぼ the Social, how-

ever, will be limited to 50 members initially and will support cultural activities, particularly the drama.

The chapter officers for this year are: President, Frances Haga; vice-president, Eldred Roberts, A3, of Prairie City; treasurer, Mild

red Waddell, A3, of Eagle Grove; secretary, Columbia Young, A3, of Iowa City; corresponding secretary, Marguerite Barfoot, A3, of Decorah; Historian, Dorothy Barfoot, A3, of Decorah; critic, Marie H. Smith, G, of Independence; and journalist of Wadsworth, A3, of Rock City.

MACKAYE WILL COME OCT 26

Distinguished Playwright to be Here for Rehearsal of New Play

Perry Mackaye, author of the play "Plunder" which will be presented at the University next Thursday, Oct. 25, will give the first University rehearsal of his newest play, "The Adventures of Christmas," this Thursday, Oct. 26.

Mr. Mackaye will read from his play, "Dogtown Games," which gives an intimate picture of New England life, interpreted by one who knows the

area. During his three or four days' stay in Iowa City previous to the presentation of "Plunder," Mr. Mackaye will inspect the campus and will use an informal way as many dramatic

students as possible.

Two years ago Mackaye, who

accustomed to the fore, knew

among the first transplants of today, was endorsed by the University as a

beautiful country home at Miami and a hearty welcome to the University. He was recommended by the President of the University, but receives his teach-

ing from the University to make one of the best literary groups which he has been, as his wife, Constantine Mackaye, is also a dramatic writer of note.

During the past summer, Mackaye was in New York and the mountains of Kentucky, at the Pine Mountain school, where he is a member of the staff. In the latter place he

was presented with a traveling fellowship to Europe and with an interview of the head of the school by a leading dramatic critic. This winter he taught at the New York University, and

had his play, "Dogtown Games," published in "The Confederacy," and is now preparing a play for the University. Mr. Mackaye will be in Iowa City to

play the play. Mr. Mackaye will

be given the chance to get acquainted with the University campus and to

make the grand chapter of the Athena Literary Society, which is one of the oldest on the

university.

When we have the opportunity to buy sample suits, we do so in just a bit of a hurry as many of our customers do when they tell us what they are.

For sample suits, you know, are always made up a little better all the way through and then too, one can buy them consider-

ably cheaper.

These are of mousaay, du-

vet de lain, velour and brio-
celine. Tailored and semi-

padded with nutria and silk

embroideries.

These are salubrious samples from a very reliable house and the prices are a few of them—early Saturday would be best.

PARCUTA MAY COACH AGAIN

RHAP Parcuta, challenger for the lightweight championship of the world, and University wrestling coach last year, announced his appli-
cation for the position of wrestling coach again this year yesterday af-
mernoon. According to Prof. J. A. Kuever, secretary of the board in
control of athletics, this will make the third time the board has consid-
ered a position for Parcuta. Professor Kuever said a coach will be
appointed at its next meeting on October 8.

According to Professor Kuever, the board did not make up its
mind in this time the position was consid-
ered.

"Last spring, when approached by the board concerning the position
for this year, Parcuta felt that his personal business would keep
him away from the winter, and he said he would not return. Conse-
quently his application came as a surprise," said Professor Kuever.
"His contract has been signed with copies, yet, and no action will be
taken until the board is ready to make a final decision."

According to the statement made by Parcuta yesterday, his original
idea was to go south during the winter with a flying circus, but the
sudden news of an accident to one of his pilots and an
accident to another has caused the postponement of the plans inter-
mediately. As he intends to remain in Iowa this winter, he has made
application for his old position.

In regard to professional matches for this winter, Parcuta said that he
was negotiating at present for a match with Johnny Meyers, another
candidate for the title, and Parcuta felt a dangerous opponent. It is ex-
ested that a match to decide the real championship will be held soon.

Parcuta disposed of one of hi s most dangerous opponents last sum-
mer when he defeated Fable Perkins by a technical knock-out. That
was defended in a match at Cedar Rapids with Chris Jordan, he was wrestling with blind pres-
sing to his right eye, and expressed his confidence in his ability to
defeat Jordan if the match were held again.

The Formal Opening of
Our Modernized Store
Was a Grand Success

We wish to express our appreciation to the Students for the splendid audience on the evening of our For-
mal Opening. It gave us great pleasure to welcome such a large and enthusiastic audience.

To say the least, we did not expect to see so many of you. It was very gratifying to hear so many express themselves, saying, "We never thought Iowa City would ever have such a fine up-to-date Clothing Store."

We want to give the Public, the S. U. I. Faculty and Students the best in our line, and therefore have taken time and money to Modernize our store so that you will receive the best service possible.

We wish to thank you, one and all, for the courte-
ous co-operation that has made possible for us to build a Clothing Institution which is considered one of the finest
in the state.
**Students Will Oppose Wagers**

Sentiment of University Students is in Favor of Movement

That the recent action of the football players and board in centralizing all activities in selling for a half of the proceeds of betting on the outside of athletic contests will be backed by the students is evidenced in interviews with prominent upper man and women of the campus. The students are thoroughly back of it. The measure will be brought up before various student organizations next week and it is expected that by the time the Board Dance goes is played the anti-betting movement will be well under way.

E. J. Harrington, Sr. of Sioux City, president of the interestingly owned said: "I am very hearty in favor of the movement to stop betting; and that the proposition would be brought up for action at the next meeting. A. F. I. It will be remembered was one of the prime movers in the campaign and started agitation for it last spring.
