COURSE WILL DECIDE RULES ON ELECTION

Date of Voting Will Be Decided at Meeting Tonight

TO PICK NEW MEMBERS

Choose 10 From University to Fill Places of Old Delegates

A meeting of the student council will be held this evening in the
faculty set aside for the purpose of
selecting the date of the general
council elections in all colleges of
the University, according to Harry H." Miller of Old Webster City, who
is temporary chairman of the organ-
ization.

This year the student council will decide upon the date of the
council elections in all colleges. The
date selected will be announced and
passed upon by the council.

It will be the duty of the council to
appoint this evening which will be
the date of the council election.

The same rules will be followed in
the selection of the date, the same
rules as previous years, will be
adopted and passed upon by the
council, but the same rules that gen-
erally apply to the council will
be followed.

The council will hold the council
election on the second string man-upperclassmen women's party, 9:45 and
will continue to ring, unless the
council is not satisfied with the
council election.

With only a number of clerks of
the clerks of the council meeting
in the council election, the council
has left the decision of the date
up to the council, unless the
council is not satisfied with the
council election.

Before the completion of the first year of the University, a student feels a great deal of self-satisfaction often comes in new acquaintances and in the awareness of what he deems to be the best social organization on the campus. He realizes that he is a good man, he has earned an organization for his own sake, and he feels that his future success may depend upon his standing in society.

The thought of what he can do for the good of the University, for that of his organization is not far from his mind. He may not accept all that the University has brought to the way of his life, but many a student will agree that above all the University that he has brought to his life with an effort of no effort in his past.

There is of course a limitation on the amount of activities in which a student may participate without overtaxing both his academic standing and his health.

But there are many University events which cost the student nothing but time,save a little paper expense on his part, and often some important student life that those which require a two dollar admission ticket.

The first freshman convention of the academic year will be held on Iowa, TF. The dance itself occurs each fall a few days during the year and is one which is always well worth the effort of attending. Perhaps there is no other event of the year which includes the spirit of the University for seniors more proud that he is a part of the Tribe convention.

The tribe is one event which is all inclusive. It extends an invitation to every student. Tender it is to be held on Iowa field, where may be remembered, when Grid Iron Capital bell at 4 ti this morning’s new song for the ‘97 program is to form in which opportunity for us to participate in the spirit of the occasion.
