IOWA WILL BE AN IDEAL PLACE FOR WE BELIEVE PROSPECTIVES

By KENNETH STERN

No matter how the election goes, the University of Iowa will have an advantage in at least one important respect. In contrast to the New York daily press, which is notorious for its unbalanced and partisan reporting, the University of Iowa will have a more balanced and fair-minded press. SUCCESSION

But there is a chance of the class politicians, who have displayed the stability and ability of the student body.

And thus the day of the battle, every student from the Freshmen to the Seniors, the host from the Humber to the Rock, and every tribe does a great work. And when the class politicians, who have displayed the greatest ability and have conquered them with the Union and the Rock, and the books and the band, and with the drum, and with the anywhere the band has represented and anywhere the beat of the drum will be heard, and they will not be the band, or in the beat of the drums, or in the beat of the band, but in the beat of the student body, as it beats and moves and rolls along like a wave. The unnatural result. The unnatural result. The unnatural result.

But this is not the fault of the Student Senate, but the fault of the candidates. And there is a chance of the class politicians, who have displayed the stability and ability of the student body.

POLITICAL PARTIES MORE CLEARLY EVENLY DIVIDED

Athletes to Run Strong
Three men will run for Sophomore president, Berle of Springville, "Pete" Halford of Cherokee, and Max Duckworth of Beaver. Berle and Halford will head ticket xlyx, whereas Duckworth will run independently. The ticket xlyx Berle will head will include all of the following candidates: for vice president, Charles Hawsen of Davenport, for secretary, Frances Gray of Council Bluffs, for treasurer, (no candidate), "Pete" Halford's ticket will include the names of the following candidates: for president, Howard W. Gordon, of Oakland, for secretary, Warren Williams of Burlington, for treasurer, Gladys Duffell of Atlantic. According to information received from schoolsmanship politicians it seems that Halford and Berle should receive the greater share of the votes and for sophomores president due to the fact that they both have a stronger backing. However, Duckworth may come through and surprise the expectation.

MAY HAVE DARK HORSE
Duckworth seems in toed to be the dark horse in the race and probably the backing of no one. Strength. Halford and Berle both head strong tickets. Gordon, who is running for vice president on Halford's ticket was a member of last year's freshman basketball team and should offset Berle's athletic vote drawing power enough to make the vote close for the sophomore tickets about even.

Bill York of Cedar Rapids, Bonnie Roley of Alton, and Max Livingston of Waterloo are the candidates for the presidency of the freshman class. York will head a strong ticket composed of the following candidates: for vice president, Elmer Wade of Iowa City, for secretary Dorothy Gray of Cedar Rapids, for treasurer Eugene Lyons of Centerville. Roley's ticket contains the names of the following candidates: for president, Ray Merten of Waterloo, for secretary, Al Clark of Albia, and for treasurer, Charles Riden of Iowa City. Livingston will head the independent ticket of any ticket. A number of freshmen were surprised at the opinion that his ticket would receive the best share of the votes this year. One fact that roles, Banks and Lyons are members of the freshman football team and have had a good chance to get known in the incident business. Another fact may be the opinion that York will make a strong ticket because of his athletic ability and hard working qualities, and because of the popularity of the other men.

You may decide yet whether the clothes will be held in hand, or what price will be charged for the rental as we haven't completed the final arrangements, but the price will be fair.

Talons obtained the concession from the athletic board with the intention of renting the bastling clothes on hand for all the home games this fall, but evidently difficulty has been experienced in getting satisfactory clothing at a reasonable price.
