Farewell to the

HEADLINE: HAWKS DESCEND ON LAFAYETTE. EXPECTING WIN

Pep Press to Squads

**Final Practice**

Sean G. Derwin, Louisa E. Bilich, and Nurse H. H. Smith

Twenty-four men comprising the first squad and the -two of backfield men for last night brought high hopes for their team. 

Coach Arthur H. Jones, assistant coach, and Charles Lawrence, trainer, were also on hand to aid in the practice and assist the players. 

Stacker was first to enter the field, followed by McGovney and Frohwelling. Georgi was next, while Cheatman and Keyser were held back a little longer. 

Keyser led the team in a game of the charades, during which his remarks were heard by the entire squad.

The men of the Quadrangle have been working on the charades for two weeks. 

A. L. Cooper and Frohwelling acted as vice-presidents of the organizer of the charades. 

The organizing committee is making every effort to ensure a victory for the team tonight.

Amistice Day to Be Observed

Turnout Sunday Will Start

Off Buy Year Across the River

The Quadrangle men will meet an army of students on a day in the near future, when they will engage in a war and battle each other

The organizing committee of the Quadrangle also requests that students refrain from doing any damage.

The chairman of the organizing committee, Professor Thomas of the Dramatic Society, said:

"The organizing committee is hereby giving the students an opportunity to show their spirit and enthusiasm by engaging in a war and battle." 

The organizing committee also requests that all students refrain from damaging the park.

**SOCIETY**

The University players were given a dinner at the Frolics on Friday evening by the faculty and students. The program was announced by Prof. Ed. A. B. Perry, who was accompanied by Prof. W. W. Stewart, Prof. George A. Loan, Prof. Frank Siiford, Prof. and Mrs. D. C. Craig, and Prof. and Mrs. W. P. Hiltz. The program was introduced by the society's director, Prof. W. P. Hiltz.

The dinner was given in honor of the Purdue students who have been instrumental in the success of the society. It was attended by the faculty and students of the society, who were received with great enthusiasm. The dinner was held in the faculty dining room at the Purdue Hotel, and was attended by the faculty and students of the society.

**Call the Doctor**

When you are sick and you call the Doctor his visit and good advice brings back your smile and health, and makes you strong and happy.

When your typhus is sick or your Fountain Pen is not right, the ambulance from the Rhamont Hospital is at your service.

Luncheons will be served at three prices—$1.50, $2.00, and $3.50. Separate menus are offered for each price.

**ENGINEER SECTION SEE HYDRO-ELECTRIC WORK IN MOVIES**

"Recent hydro-electric developments and their application" was the subject of the meeting pictured at the recent meeting of the engineer societies in the physics building. The pictures were sent out by the Westinghouse Electric and Manufacturing company of Chicago, being taken from the southern California Edison Company, and were shown by Prof. W. H. Willard, head of the electrical engineering department.

Each section of the college of applied science was represented by the electrical, civil, and mechanical departments, and the meeting was well attended. The departments were well represented by the students, who attended the meetings for two years before they could attend.

**SEVENTEEN SUSPENDED STUDENTS ALLOWED TO ATTEND CLASSES**

All of the 18 suspensions suspended. According to the administrative council, the suspensions were alleged participation in the recent disturbances. The students were allowed to attend classes at the University and were required to submit their names to the administrative council. The students were allowed to return to classes in two weeks after they had been suspended.

For this season Indiana has ap-

peared to be a mediocre eleven,

in the eyes of most of the press

and many of the Big Ten coaches.

But in the opinion of Coach

Notes, after losing to Iowa in

the first game of the conference,

the team has been playing with

top form, and has displayed a

great deal of spirit in recent games.

For this reason the Big Ten

coaches will be on the lookout for

Indiana's next game, which will

be against Nebraska.

Notes State Deped to Win

Indiana meets Notre Dame this

weekend, and the game is expec-

ted to be a hard-fought battle.

Both teams have played well in

recent games, and the outcome

of the contest will be a close one.

In order to give the student a

more complete understanding of

his college, a list of activities

and organizations has been

prepared.

UNIVERSITY GROWTH MAKES NEED OF CIVIC SERVICE CENTER OR UNION

During the last few yea-

rs the University of Iowa has

expanded its facilities and

activities at a rapid rate. Not

many years ago the University

was a small institution with a

student body of only a few

hundred. Today it has grown to

include students from all parts

of the United States and can-

not be considered a small

institution any longer.

The need for a civic service

center or union has become

obvious as the University has

grown. Such a center would

provide a place for students to

meet and socialize, as well as

a place for organizations to

hold meetings and activities.

MEDALS GO TO 12 RECORD MEN

Award To Track Athletes Is Permanent; Three Men Not Here

November 11 has been designated as the day for the awarding of record holder's medals to the University track men who now hold the University records in the standard track and field events. The medals will be presented at a mass meeting to be held on the field preceding the Iowa-Illinois football game.

The medals themselves, which are to be displayed at Baker's no. 12, are handsome gold emblems awash from a beautiful silk pocket in the old gold and black colors. On the front side of each medal is a picture of Old Gold, with the words "University of Iowa Record Holder" inscribed around it. Engraved on the back of the medal is the name of the holder. The year in which he made the record, in the event in which he holds the record and the time or distance which he made.

Medals Are Permanent Award

The request of the president was made by Chancellor M. F. Tidswell and R. J. Hill, who were members of last year's half-mile relay team that traversed the distance in 1:04.7.

Each of these men have graduated. Another man who is not now in school but who will be awarded a medal is G. B. Metken; holder of the record in the mile run. His time was 4:28.0 and 40.6 seconds. He is now a student of Aces.

Wisconsin Takes New World Marks

Other men who made their records during the 1950 track season are: E. C. Wilson, holder of the University record in the half-mile relay, with a time of 4:39.0; 390-yard dash with a time of 28.2; and the half-mile relay with a time of 1:39.8. E. P. Belting, member of the half-mile relay team, E. W. Peterson, holder of the 300-yard dash record, which is 3:13.00; and 440-yard dash, which is 5:14.00.

rudm rap: ene

Peterson's
to the University high jump record of 4 feet 8 1/2 inches.

Those who made their record in 1951 and will be given medals are: Arthur Dextelle, holder of the record of 6 ft. 2 and 1/4 inches in the high jump; W. F. Stoller, holder of the record of 11 ft. 4 inches in the broad jump; and B. C. Brokaw, holder of the long jump.

RUTHERFORD CLUB HOLDS ELECRION OF OFFICERS

The Lithuanian club held its first meeting of the year Wednesday, November 9. Officers of the club were elected and the minutes of the previous meeting were read by the president, J. A. Mecklenburg, of Iowa City, president-elect, Garret Bozicek, of Detroit, vice-president, Leon Sather, of Chicago, secretary, and Arnold Stasiuk, of Detroit, treasurer.

Eighteen new members (of whom 15 are students) were admitted to membership in the club at the same time. Plans for a sister to be held in February will be given to the new members by the current president, who will explain the club's activities. A new organization was formed and the plans were carried over to the spring of the year.

About fifty old members have returned this year, and the following were elected to membership: W. K. Mecklenburg of Coon Rapids, Minn.; E. O. O'Connor of Bismarck, N. D.; R. F. Reis of Fullerton, Calif.; W. T. Shoemaker of Laramie, Wyo.; W. A. Wiegand of Boulder, Colo.; H. W. Wiegand of Fort Dodge, Ia.; J. W. Wiegand of Fort Dodge, Ia.; and W. F. Wiegand of Fort Dodge, Ia.

Meetings will be held regularly on the third Thursday of each month.

IlliNI QUARTET
MEETS GRIEF

While Surrounding Serenity,
Angry Neighbor Calls
Urban Police

Urbana, Ill.—After awakening
the women of the Alpha Gamma
Delta house with a bang four hours
ago, the Ag Club quartet was
roused at 6:23 yesterday morning
by the Urbana police. Three group
members, Misses Mildred J. Hager,
Frank H. Sherry, Miss Frank G.
Bengston and Miss Richard W. Jett
22, and Adm. W. Grover 22,

The Ag quartet is one of the
best known combinations of vocal
artists on the campus. The Alpha
Gamma Delta house are said to have
been duly startled and appreciative;
they exploded loudly though not
exactly, just enough so as not to over-
reach the bounds of loudness.

The quartet were very much
worried as they warmed into their
work—they had previously read
three times.

It is said, by those who know,
that a resident living in the near
distance, felt the need of sentinel
out. So she called the police.

The Ag quartet appeared before
Police Magistrate G. L. Martin yester-
day afternoon, faced the judge.

"Unrest I was young once myself.
Come damned.";

CLASS PRESIDENTS HAVE
MADE NO APPOINTMENTS

The class council of men and
women have just been made by the
class president, Frank Dondore.

 menstruate, class president, stated
that the appointments would be made
within the next two weeks, and also
anounced the final second Session.

The junior president, Barney
Denten, also stated that no class
committees have been appointed but
that they would be in the next week
or so.

"Fare" Hallof, who guides the
experiment ship of state, said, "I
have been giving the matter due
consideration, and the appointments
will be made soon."

Likewise the freshman class com-
mittees have not been appointed by
the council, Barney Sidell, al-
though the freshman party will be
given sometime before New Year

THE IOWA MEMORIAL
UNION WILL PROVIDE
A MEETING PLACE

The Iowa Memorial Union is
expected to have a great deal upon
the enrollment of the University
when it becomes a reality upon the
campus. It will provide a place for
students to meet their friends and
hold their meetings, to step between
classes for a few words, for a
smile or to look at lessons for the
next class. All those things will be
bring to the students closer to
gather for a more intimate and
friendlier contact. The senior class
students chose together by having a
committee for the association.

For every one who is connected
with the University. The enrol-
ment of the University has doubled
since 1892, while the University
Memorial Union the effect upon the
enrollment in the faculty has been
ever greater than it has been in the
past.

CAPITOL LIGHT TO FLASH AT 9
Arlington Wireless Will Give Correct and Timely Nightly

Beginning tonight, the correct time will be flashed from the light on top of the Old Capitol building at 9 o'clock, as a service to the public and as a means of keeping track of the local wireless stations which will broadcast it from the station in Arlington, Virginia.

"The station at Arlington will receive the time from the naval observatory and it will not vary more than one-hundredth of a second when received here," said Carl Menz, one of the older observers of the station.

"The organization here will be kept up as part of their way through by operators of the wires," said Mr. Menz.

"If you argue with him in anything you will find his argument quite startling," said Mr. Menz.

"If you believe all he tells you, he vows that he will soon seek consolation in some other social position interest," said Mr. Menz.

"It is probable that most of the people here have been so long as it is to begin the University life. It is very difficult for them to finish out their way during court sessions.

"If you are affectionate, he soon becomes your lover; if you are cold, he vows that he will soon seek consolation in some other social position interest," said Mr. Menz.

"If you are a mental mate, he longs for a mental mate, and if you are not very sentimental and poetic he longs for a happy case. But he fails just the same," said Mr. Menz.

MAGAZINE EDITOR WILL
LECTURE HERE IN DECEMBER
Edward T. Dawe, associate editor of "The Spy," plans to have here for a series of lectures and conferences under the auspices of the college of commerce during the first week in December. Mr. Dawe gives addresses and short courses of lectures before city clubs, chambers of commerce, rotary clubs, women's clubs, social worker's organizations, colleges and universities, and other educational institutions interested in current social problems.

Beginning Monday, October 31, all members in both the B. O. C. T. will wear the prescribed uniform after the second lecture during the year. This year each section is to be impressed as to condition, fit, and completeness of uniform at the third week of the period beginning October 31. This inspection will be made by the professor of military science and tactics, Lieut. Col. Morton C. Grayson.

A great deal of interest is being shown by the students and townspeople in the new arrangements.

ORGANIZATION OF STUDENTS OF APPLIED SCIENCE FORMED
A new organization, which is to be called the Engineering Society, has been formed. It is composed of member of the junior and senior classes of the college of applied sciences, chemical, civil, mechanical, electrical and architectural.

The society is by no means a local organization and is directly affiliated with the National Student Association. The purpose of the organization here being to maintain with all and directly related with the particular corresponding branch of scientific work.

The organization here has chosen Walter W. C. Flint, the registrar, as president, and Mr. C. E. L. Monongahela as secretary. The society consists of ten members, no member of whom can be Junior and Senior member.

The regular meetings of the body are set for every month. Two meetings of these social gatherings will also be held at night.

The society is a member of the National Engineering society that has been established at Iowa for many years. This society is organized by any engineer who cared to join and is composed of all engineers, however, has grown quite rapidly and promises a general recognition of the society.
