Suppose we should come out and say we are selling Suits and Overcoats at twenty-seven fifty. We’d have so many customers trying to get that we’d have to lock our doors. Even a thirty-five dollar price would flood our store.

We could make a lot of easy money because there is plenty of cheap stuff on the market that we could buy.

Don’t think for a moment we’re going to, because the kind of clothes that we could sell you, or anybody else at that price wouldn’t give you any satisfaction. Our customers realize this.

If you think $25. or $30. is the limit you should spend now for a Suit or Overcoat—before you spend it talk it over with us. We are quite sure you will be able to suggest a way whereby you’ll benefit.

At any rate

TO THE PUBLIC—
In Presenting Our Show "Sittin' Pretty," we believe we are justified in asking the unanimous support of the theatre-going public, first because we have a good clean cut comedy of the American Expeditionary Forces that will equal any comedy presented by a traveling road show in Technique, Production and Cast. Second, because we are offering this show at the popular prices of $1.00 and $1.50 and all of money will be spent at home to improve our meeting place.

Sincerely,
ROY L. CHOPEK POST,
