NAVAL HOUSAL PLANS PRAISED BY VANDERZEE

Says Disenchantment Joueur Has Started in Good Faith

It is important meeting He expects that the World Conference Will be Successful

The journey toward disarmament marks a moral better fashion that we could have expected it to be, according to Professor John Van Der Zeer of the department of political science, who has made a study of world problems for several years. The U.S. administration has adjusted the American view to that of the other powers, so far as the war with Russia, he said yesterday, was concerned.

Three main points were made at the conference, Van Der Zeer said yesterday that he had personally advised the strategy in which the American delegation had been so well received at the world conference. The main emphasis, in his opinion, was on the military aspects of the question, he said.

The three main points were:

1. The importance of the stronger sex declare they will attend Tingley.
2. The directness of the credit distribution he has been a swimming sentinel Cross was weal ease. This we will be the other members.

A WORTHY CAUSE

The time of year has come again when the American Red Cross needs your annual support. But this year we are able to tell you that it is even more necessary than ever before. With the advent of the war, the activities and needs of the Red Cross have increased. This increase means more work and more expense for the organization. It means more blood and more sacrifice. It means more suffering and more pain.

But it means also that the Red Cross can help. It means that your support can make a difference. It means that your efforts can make a difference.

So please give generously. Let us all do our part to help the Red Cross in its noble work.

DEVEVEUS PLAYIERS TO BE IN IOWA CITY ON THANKSGIVING DAY

The Denver Players, a company of fourteen which is headed by Cliff

Eadie and Ellen Ostrin, are scheduled to be in Iowa City November 28, Thanksgiving day. The company will appear in performances at the University Theatre. "Bonnie" by Gillis will be given at the first performance and "Carnival" by Edmond Ro-

nand will be presented at the evening of the 29th.

The Denver Players have been appearing in Iowa City recently for the last few years. Last season at the request of the University Of-

Denver Players, Clifford Dennison, and his company presented three dramatic plays, "Hitler", "Havoc Vazda" and "Dance Dare". The plays were very well received by both students and faculty, according to Prof. Edward C. Malke.

Miss Ostrin is a former Iowa, and is a longtime favorite with Iowa City audiences. Tickets for the five performances on Thanksgiving Day are on sale for $1.50 for both plays or $1.00 for a single play.

Life, because this country bears the largest part of the nation's financial losses.

Not only in the United States taking the lead financially, but the world war developed this nation in one of the greatest manufacturing

countries of the world because of its unlimited access of raw materials and aggressiveness for doing things in a hurry.

Victory for League

Prof. Van der Zee stated in evidently, that if the committee succeeds it will be one of the most basic boasts of any League for the Negro Nation, because another of the great problems, before the league has been almost entirely solved. With such a plan worked out by the Negroes in the nation of the world, it will be a joy to all.

Tickets to be used for the many outstanding performances at the University. The Negroes have been a great source of pride, and will be so to the committee from the conference.
