EYES FIXED NOW ON BASKETBALL

Four "I" Men Have Been Out Past Weeks—Devine's Reported

Four Iowa "I" men are out of past weeks—Devine's reported. Although Devine had planned to keep all his men in for practice during the last few weeks, he was unable to do so. "I" men who are out are: Bob Young, a 2nd-year forward; Bob Green, a 3rd-year forward; Bob Hardt, and Bob Shiff. The Iowa men are being represented in the running position through the efforts of Bob Young and Bob Shiff. Bob Green is in the best possible condition as far as his recent game is concerned. Although he is not in the best of shape, he will be ready for the big game that is up against the University of Notre Dame.

Hunt For Forward

In an effort to find a forward that will be suitable for the Iowa men, a number of the "I" men are out this week. It is expected that the Iowa men will make a good showing in the upcoming game.

MENTION FOR "I" MAN

In addition to Dora Ambrose, who was mentioned for the "I" man of the year award, there are also several other candidates who have been mentioned for the same award. These candidates include:...

THE DEAN'S OFFICE PLAY

A new chapter of the "I" men's association will meet in the "I" man's office next week. This play is expected to be a big success and will be attended by a large number of people.

TURKEYS AND HENS MIGHT BE GIVEN TO WINNERS OF HALE AND DANE RELAY

The last chance for any cross country runner to win a prize will be tonight when the Iowa men will run their final race of the season. The race will be held in the school grounds and will consist of a one and eight-kilometer course. The winners will receive prize cards in the different distances. In addition, there will be a number of winners in al-

IOWA FIELD TO SEAT 30,000

Concrete Wall Will Be Built Back of West Bleachers

The University will have a task when it will seat 30,000 fans. It will be a costly project, but the return on the investment will be great, according to an estimate made by Professor Roy McCarhy, of the Civil

In this case, the relationship is that of a woman whose mental health was divided between the love of a man and her father, resulting in a conflict of emotions. The woman's mind was a complex tapestry of desires and emotions, and it was the task of the professor to guide her towards a resolution of this conflict.

The love of the young man was passionate and intense, but it was also a source of anxiety and fear. He was strong and dominating, and the woman was afraid of losing him. Her father, on the other hand, was a gentle and supportive figure who provided her with a sense of security and stability.

The professor suggested that the woman should try to understand her own feelings and to communicate them to both her lover and her father. He encouraged her to take time for herself and to engage in activities she enjoyed, such as reading and walking. He also recommended that she seek the advice of a trusted friend or family member.

In the end, the woman was able to find a balance between her love for her lover and her respect for her father. She learned to value her own feelings and to express them in a healthy and constructive way.

The professor's advice was crucial in helping the woman to navigate the complex emotions she was experiencing. He provided her with the tools she needed to make sense of her feelings and to find a path forward. Through his guidance, she was able to emerge from this difficult period with a greater sense of self-awareness and self-confidence.

The story of the woman's journey is a powerful reminder of the importance of seeking support and guidance when facing difficult emotional challenges. It highlights the value of open communication and the need to prioritize one's own well-being.

However, it is important to note that the professor's approach was not a panacea. The woman's journey was not without its trials and setbacks, and it required a great deal of effort and self-reflection. Nevertheless, the story serves as a testament to the power of resilience and the importance of seeking help when needed.
